NOTICE OF STAKEHOLDER WORKING GROUP MEETING

IN THE MATTER OF EXECUTIVE ORDER 1 MODERNIZATION OF THE TRADITIONAL ELECTRIC DISTRIBUTION UTILITY BUSINESS MODEL STUDY

Docket No. EO26040117

PLEASE TAKE NOTICE that Staff of the New Jersey Board of Public Utilities ("NJBPU" or "Board") ("Staff") hereby invites all interested parties and members of the public to participate in a public Stakeholder Working Group Meeting on Wednesday, December 2, 2026 related to Governor Mikie Sherrill's Executive Order 1 ("EO1") directive related to the "modernization of the traditional electric distribution utility business model."

Following robust stakeholder engagement through the established working group sessions, Staff would like to offer further opportunity for comment pertaining to the future of the Electric Utility Business Model. This will be a fully virtual meeting, where stakeholders are invited to provide perspective on the topic of regulatory models that specifically encourage "shared savings." Stakeholders are also invited to provide comments on topics that have not already been covered in prior Requests for Information or stakeholder sessions, with the caveat that previously submitted comments are already part of the record herein and should not be repeated in this submission.

You must register for the meeting before attending by completing and submitting the Registration Form below. After registering, you will receive a confirmation email. In order to encourage full participation, please submit any requests for needed accommodations, such as interpreters and/or listening assistance, at least forty-eight (48) hours prior to the conference to Patrick Holzbaur at patrick.holzbaur@bpu.nj.gov.
