RE: Petition #1771201

Dear Mr. Agnellini:

The staff of the Division of Gaming Enforcement's (Division) Regulatory Enforcement Bureau has reviewed Petition #1771201 filed by Golden Nugget Atlantic City (GNAC), dated June 25, 2012. GNAC is seeking approval to amend its Certificate of Operation and Casino Hotel Alcoholic Beverage (CHAB) License to reflect an expansion of the casino floor by converting a portion of the outdoor area on the deck at the Marina Building.

By Petition #1771201, GNAC seeks approval to complete modifications to its casino floor as depicted on the architectural drawing labeled POP-7 dated June 15, 2012, which was prepared and certified by MPM Studio Architects, LLC, Joseph J. Matis, AIA License #09195.

The petitioner proposes the following:

1. Pit #16 — Add three (3) tables to the outdoor area on the deck at the Marina Building.

The summary of the statistical calculations is as follows:

1. No change to slot machines or slot stools. The total number of slot machines remain at **1,554** and the total number of slot stools remain at **1,554**;

2. An increase of three **(3)** table games for a new total of **116** table games;

3. The casino floor area will be increased by four hundred twenty- five (425) square feet to seventy thousand ninety-five (**70,095**) square feet;

4. The allowable slot coverage (90% of **70,095** sq. ft.) is sixty-three thousand eighty-five three (**63,085**) square feet; and,

5. The actual slot coverage is forty-four thousand seven hundred sixty (**44,760**) square feet which is **63.86**% of the total gaming area and within the allowable 90% for slot density.

Based on the Division's authority, the requested amendments to GNAC's Certificate of Operation, as set forth above, are hereby granted pursuant to N.J.A.C. 13:69C-7.1, et seq. This approval authorizes a casino room containing and consisting of **70,095** square feet of total gaming space, **116** table games, **1,554** slot machines and **1,554** slot stools.

Since the casino floor area has been altered, smoking areas may be changed. Please note that the designation of smoking areas in casinos is subject to the jurisdiction of the N.J. Department of Health and Senior Services and the Atlantic City Department of Health and Human Services, not the Division. Accordingly, this letter should in no way be construed as approving areas of the gaming floor for smoking.

This approval is subject to the following conditions:

A. That a revised Table Game and Roulette Wheel inventory list be submitted to the in-house Division office;

B. That GNAC notify the Division immediately in the event of any modification to the approvals granted herein;

C. That GNAC comply with CCTV requirements identified in N.J.A.C. 13:69D-1.10 regarding the requirements to record all gaming tables whether active or inactive;

D. That all events capable of being monitored must be accessible from the Division's CCTV monitoring system as required by N.J.A.C. 13:69D-1.10(a)3;

E. That the request for CHAB changes will be subject to review by the Division's Regulatory Prosecution Bureau, and will require an order from the Division of Gaming Enforcement should the request be approved;

F. That an updated security submission be approved by the Division reflecting new table game drop routes, chip fill credit routes, card distributions routes and staffing of security in **pit # 16 prior to its opening;**

G. That GNAC comply with all requirements and conditions appended to approvals received from all involved agencies of government, whose approvals are required in order for a Certificate of Occupancy for the general public to be issued, including, but not limited to, the Department of Community Affairs and the local construction official; and,

H. Once modifications have been completed, a satisfactory inspection and approval by the Division is required to ensure the changes made conform to the petition. The review also includes, but is not limited to, an assessment of the adequacy of CCTV and security coverage. Such inspection must be done **prior to the proposed areas being used for gaming activity**.

To schedule an inspection, please contact the Division at inspections@njdge.org.

If you have any questions, please do not hesitate to contact Bill Kendzierski of my staff at 441-7557.
