Baseline Document Change Announcement

ANOUNCEMENT:	**BDC13MR-06**
DATE:	**November 20, 2013**
SUBJECT:	**Rumble Strips** **Revised Design Manual - Roadway Section 5, Major Cross Section Elements, added new Subsection 5.12, Rumble Strips**
REFERENCE:	**Revised Subpart 610.03.07 and addition of Section 407 to the 2007 Standard Specifications for Road and Bridge Construction BDC13S-11 dated November 21, 2013** **Revised CD-610-5 of the 2007 Standard Roadway Construction Details BDC13D-02 dated November 22, 2013**

Subsection 5.4.5, Rumble Strips is deleted and the new Subsection 5.12, Rumble Strips is added. Subsection 5.12 includes all text from Subsection 5.4.5 and in addition provides for the design criteria for centerline rumble strips.

In lieu of renumbering the pages of Section 5, the new subsection is added at the end of Section 5 as new page 5-39.

These changes must be read in conjunction with the referenced BDC announcements regarding the corresponding changes to the Specifications and Construction Details.

Implementation Code R (ROUTINE)

Instructions to Designers

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
