SECTION 1

Introduction

INTRODUCTION

The following is an annual report on the debt of the State of New Jersey and the obligations of its various bond-issuing authorities (“Authorities”) for which the State, by contract or other means, provides payments that secure the debt service on such obligations. The Office of Public Finance (“OPF”) in the Department of the Treasury, at the direction of the State Treasurer, manages the issuance of such State-backed bonds for the State.

This report has been prepared annually by OPF since 1996 following enactment of legislation requiring the Commission on Capital Budgeting and Planning to include a report of the State’s debt in its annual State Capital Improvement Plan. A legislative change in 2010 expanded the content of the debt report to include certain non-bonded obligations and other items not typically included in discussions of debt.

It is important to distinguish the State-supported debt from the obligations of the Authorities that are not State-supported. Many of the State’s Authorities provide financing via bonds, notes or other obligations on behalf of their respective client bases. The State plays no role in the security of the bonds or the payment of debt service. Some of those same Authorities and various others issue bonds to fund certain State projects, for which the State does provide security for the bonds and a payment stream to cover the debt service. The following paragraphs define what is, and is not, included in this report:

WHAT IS COVERED

This report primarily concerns the bonded obligations of the State and certain State-created Authorities that issue bonds supported, in whole or in part, by State revenues.

For the “General Obligations” of the State, the full faith and credit of the State is pledged. Debt service is paid from the General Fund of the State.

For “Obligations Subject to Appropriation” that are issued by State Authorities, the State, via lease or other contract, agrees to make payments to the Authority in amounts sufficient to cover the debt service on the Authority’s bonds. All such contractual payments are subject to appropriation by the State Legislature.

In addition to the bonded obligations described above, the State, in its Comprehensive Annual Financial Report (“CAFR”), reports on certain long-term non-bonded obligations which have not been financed with bonds or other publicly traded financial securities. To establish consistency with the “Long-Term Obligations” Footnote to the State’s financial statements as reported in the CAFR, such non-bonded obligations are included in this report.

This report also includes certain data related to the State’s obligation to fund pension benefits and other post-employment benefits (“OPEB”). For financial reporting and disclosure purposes, the pension and OPEB liabilities are determined based on Governmental Accounting Standards Board (“GASB”) requirements. The results of the GASB actuarial valuation reports prepared as of July 1, 2017 are presented in this report. The pension and OPEB liabilities determined by the actuaries based on the July 1, 2017 valuations are recognized by the State in Fiscal Year 2018. Also included in the report are the results of the recently completed GASB valuations for the pension plans as of July 1, 2018. The liabilities based on the 2018 actuarial valuations will be reflected in the State’s audited financial reports in Fiscal Year 2019.

This report also includes certain data related to the State’s Unfunded Actuarial Accrued Liability (“UAAL”) related to the State’s pension plans. Such data is based on actuarial valuation reports prepared as of July 1, 2018 based on

the statutory requirements. These actuarial valuations are prepared to determine the annual employer contribution requirements and financial status of the pension plans based on the statutory funding provisions. The actuarial methods and assumptions used to develop the UAALs are different from those used to develop the GASB pension liabilities. The inclusion of this data complies with the requirement resulting from a legislative amendment enacted in 2010.

Government Accounting Standards Board (“GASB”) Statement No. 67, *Financial Reporting for Pension Plans*, which supersedes financial reporting requirements for pension plans under GASB Statement No. 25, became effective for financial statements for periods beginning after June 15, 2013. The Division of Pensions and Benefits financial statements have been in compliance with this new accounting method since Fiscal Year 2014. GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, replaces GASB Statements No. 27 and No. 50, and revises and establishes new financial reporting requirements for governmental employers that provide their employers with pension benefits. The provisions in the new GASB Statement No. 68 are effective for fiscal years beginning after June 25, 2014. The State notes that GASB statements solely govern financial reporting. These new methods do not cause a change with respect to the calculation of the State’s statutory liabilities or its funding or budgetary requirements.

Beginning in Fiscal Year 2018, the State is required to calculate and disclose its obligation to pay post-retirement medical benefits based on new GASB requirements. GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, and GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, reflect a fundamental overhaul in the standards for accounting and financial reporting for postemployment benefits other than pensions (“OPEB”) and replace the current statements, GASB 43 and 45. GASB 74 is for OPEB plans and is effective for plan fiscal years beginning after June 15, 2016. GASB 75 applies to employers that sponsor OPEB plans and is effective for employer fiscal years beginning after June 15, 2017. For the State and local participating employers who report on a fiscal year basis, the new GASB 75 reporting and disclosure requirements are effective beginning with the issuance of their financial reports for the fiscal year ending June 30, 2018. The new standards do not enforce OPEB funding or impact the State’s current practice of funding retiree health benefits on a pay-as-you-go basis as benefits become due.

WHAT IS NOT COVERED

Only the obligations of the State and certain State-created Authorities are covered by this report. The obligations of New Jersey’s counties, municipalities, school districts, and other locally created authorities and districts are not included in this report.

The New Jersey Economic Development Authority frequently issues bonds on behalf of private companies to promote and foster economic development within the State. Such bonds are payable solely from the private company that benefits from the financing; there is no recourse, legal, moral or otherwise, to the EDA or to the State. Similarly, the New Jersey Educational Facilities Authority issues bonds on behalf of and secured by the public and private colleges and universities in the State, the New Jersey Health Care Facilities Financing Authority issues bonds on behalf of and secured by the State’s hospitals and other medical facilities, etc. In all such cases, the Authority acts as a conduit to provide low-cost financing for its authorized purposes. Since there is no recourse to the State or support from State revenues, such conduit bonds are not included in this report.

Several other State Authorities finance capital projects with bonds that are secured by their operating revenue. The New Jersey Turnpike Authority and South Jersey Transportation Authority are two examples that fall into this category as their bonds are secured solely by their toll revenues from the roadways they operate and other operating income. Since there is no recourse to the State or support of such debt by State revenues, these bonds are not included in this report.

The State participates by compact in several bi-state authorities that generate revenues from the operation of facilities and issue bonds supported by such revenues for capital needs. The Port Authority of New York and New Jersey, Delaware River Port Authority and Delaware River Joint Toll Bridge Commission are examples of such bi-state agencies. Since there is no recourse to the State or support of such debt by State revenues, these bonds are not included in this report.

The State since 1991 has annually issued its Tax and Revenue Anticipation Notes to fund the timing imbalances in the State’s annual cash flow. All such Notes mature before the end of the fiscal year in which they are issued; therefore the State has never had a balance of Notes payable on its balance sheet at fiscal year end. Such intra-year, short-term obligations are not included in this report.

Ancillary expenses payable in connection with certain series of Authority bonds covered by this report, such as trustee and escrow fees, letter of credit fees, bond remarketing fees and net payments under interest rate exchange agreements, are not included within the debt service tables in this report.

MORAL OBLIGATIONS

Certain Authorities have issued what are referred to as “Moral Obligation” bonds. A moral obligation bond is authorized in limited circumstances by the statutes that govern the New Jersey Housing and Mortgage Finance Agency (“HMFA”), the New Jersey Higher Education Student Assistance Authority (“HESAA”) and the South Jersey Port Corporation (“SJPC”). These statutes provide that if the Authority’s revenues are insufficient to pay debt service and the debt service reserve fund created in connection with the Authority’s revenue bond is drawn upon to pay debt service, the State has a moral obligation to replenish such debt service reserve fund, subject to appropriation by the State Legislature.

The moral obligation bonds of the HMFA are secured by mortgages. Currently, no moral obligation bonds of the HMFA are outstanding. The moral obligation bonds of the HESAA are secured by student loans, the revenues for which have always been sufficient to pay debt service. Thus, the debt service reserve fund has not been drawn upon, and the moral obligation has not been exercised. Since there has been no State assistance provided to date with respect to these bonds, and there is no expectation that such assistance will be needed in the future, they are not included in this report.

The moral obligation bonds of the SJPC are secured by revenues from the operation of its port facilities. Consistently, a portion of the annual debt service has been paid from the debt service reserve fund due to insufficient operating revenues. The State, in turn, has regularly honored its moral obligation to replenish the SJPC’s debt service reserve fund as needed via appropriation. Therefore, these bonds are included in this report.

SECTION 2

Legislative Requirement

TITLE 52. STATE GOVERNMENT, DEPARTMENTS AND OFFICERS
SUBTITLE 1. GENERAL PROVISIONS
CHAPTER 9S. COMMISSION ON CAPITAL BUDGETING AND PLANNING

§ 52:9S-1. Definitions

As used in this act, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

- a. "Capital project" means any undertaking which is to be financed or funded or is proposed to be financed or funded by the issuance of bonds, notes or other evidences of indebtedness of the State or any public authority thereof; or any undertaking which is to be financed or funded or is requested to be financed or funded by an appropriation in the annual budget, where the expenditure therefor is, by statute, or under standards as they may be prescribed from time to time by the Department of the Treasury, a capital expenditure.
- b. "Commission" means the New Jersey Commission on Capital Budgeting and Planning created by section 2 of this act;
- c. "Plan" means the State Capital Improvement Plan provided for by subsection a. of section 3. of this act.
- d. "State agency" means an executive or administrative department, office, public authority or other instrumentality of State Government.

L.1975, c. 208, s. 1, eff. Sept. 23, 1975.

TITLE 52. STATE GOVERNMENT, DEPARTMENTS AND OFFICERS
SUBTITLE 1. GENERAL PROVISIONS
CHAPTER 9S. COMMISSION ON CAPITAL BUDGETING AND PLANNING

§ 52:9S-2. New Jersey Commission on Capital Budgeting and Planning

2. There is hereby created a New Jersey Commission on Capital Budgeting and Planning. The commission shall consist of 12 members selected as follows: the State Treasurer and any three other members of the Executive Branch designated by the Governor to so serve at his pleasure, two members of the General Assembly, two members of the Senate and four public members from the State at large.

The members from the General Assembly shall be appointed by the Speaker of the General Assembly. The members of the Senate shall be appointed by the President of the Senate. No more than one of the members appointed by the Speaker or President shall be from the same political party. Legislative members shall serve while members of their respective houses for the term for which they have been elected.

Of the four public members two shall be appointed by the Governor with advice and consent of the Senate, no more than one of whom shall be of the same political party, and two by the Legislature, one each by the President of the Senate and the Speaker of the General Assembly, for a term of six years and until their successors are qualified, provided that the members serving on the effective date of this 1995 amendatory act shall continue to serve until the expiration of their appointments. The President of the Senate shall make the first appointment of a public member upon the expiration of the term of the public member first occurring after the effective date of this 1995 amendatory act, and the Speaker of the General Assembly shall make the second appointment of a public member upon the expiration of the term of the public member next occurring after the effective date of this act. The public members shall be chosen based upon their experience and expertise in public finance and the capital improvement process. Any vacancy among the public members shall be filled in the same manner as the original appointment, but for the unexpired term only. A member shall be eligible for reappointment.

A chairman of the commission shall be selected annually by the membership of the commission from among the public members.

Members of the commission shall serve without compensation, but public members shall be entitled to reimbursement for expenses incurred in the performance of their duties.

L.1975,c.208,s.2; amended 1995,c.398,s.1.

TITLE 52. STATE GOVERNMENT, DEPARTMENTS AND OFFICERS
SUBTITLE 1. GENERAL PROVISIONS
CHAPTER 9S. COMMISSION ON CAPITAL BUDGETING AND PLANNING

§ 52:9S-3 Preparation of State Capital Improvement Plan.

3. a. The commission shall each year prepare a State Capital Improvement Plan containing its proposals for State spending for capital projects, which shall be consistent with the goals and provisions of the State Development and Redevelopment Plan adopted by the State Planning Commission and shall be prepared after consultation with the New Jersey Council of Economic Advisors, created pursuant to P.L.1993, c.149 (C.52:9H-34 et seq.). Copies of the plan shall be submitted to the Governor and the Legislature no later than December 1 of each year. The plan shall provide:

(1) A detailed list of all capital projects of the State which the commission recommends be undertaken or continued by any State agency in the next three fiscal years, together with information as to the effect of such capital projects on future operating expenses of the State, and with recommendations as to the priority of such capital projects and the means of funding them;

(2) The forecasts of the commission as to the requirements for capital projects of State agencies for the four fiscal years next following such three fiscal years and for such additional periods, if any, as may be necessary or desirable for adequate presentation of particular capital projects, and a schedule for the planning and implementation or construction of such capital projects;

(3) A schedule for the next fiscal year of recommended appropriations of bond funds from issues of bonds previously authorized;

(4) A review of capital projects which have recently been implemented or completed or are in process of implementation or completion;

(5) Recommendations as to the maintenance of physical properties and equipment of State agencies;

(6) Recommendations which the commission deems appropriate as to the use of properties reported in subsection c. of this section;

(7) A report on the State's overall debt. This report shall include information on the outstanding general obligation debt and debt service costs for the prior fiscal year, the current fiscal year, and the estimated amount for the subsequent five fiscal years. In addition, the report shall provide similar information on capital leases and installment obligations. In addition, the report shall provide similar information on the following long-term obligations: all items comprising long-term liabilities as recorded in a schedule of long-term debt changes (bonded and non-bonded) in the State's annual comprehensive financial report prepared pursuant to section 37 of article 3 of P.L.1944, c.112 (C.52:27B-46), the unfunded actuarial accrued liability for State administered retirement systems, and the unfunded actuarial accrued liabilities for post-retirement medical and other benefits;

(8) An assessment of the State's ability to increase its overall debt and a recommendation on the amount

of any such increase. In developing this assessment and recommendation, the commission shall consider those criteria used by municipal securities rating services in rating governmental obligations; and

(9) Such other information as the commission deems relevant to the foregoing matters.

b. Each State agency shall no later than August 15 of each year provide the commission with:

(1) A detailed list of capital projects which each State agency seeks to undertake or continue for its purposes in the next three fiscal years, together with information as to the effect of such capital projects on future operating expenses of the State, and with such relevant supporting data as the commission requests;

(2) Forecasts as to the requirements for capital projects of such agency for the four fiscal years next following such three fiscal years and for such additional periods, if any, as may be necessary or desirable for adequate presentation of particular capital projects, and a schedule for the planning and implementation or construction of such capital projects;

(3) A schedule for the next fiscal year of requested appropriations of bond funds from issues of bonds previously authorized;

(4) A report on capital projects which have recently been implemented or completed or are in process of implementation or completion;

(5) A report as to the maintenance of its physical properties and capital equipment;

(6) Such other information as the commission may request.

c. Each State agency shall, when requested, provide the commission with supplemental information in addition to that to be available to the commission under the computerized record keeping of the Department of the Treasury, Bureau of Real Property Management, concerning any real property owned or leased by the agency including its current or future availability for other State uses.

d. A copy of the plan shall also be forwarded to the Division of Budget and Accounting each year upon its completion, and the portion of the plan relating to the first fiscal year thereof shall, to the extent it treats of capital appropriations in the annual budget, constitute the recommendations of the commission with respect to such capital appropriations in the budget for the next fiscal year.

L.1975, c.208, s.3; amended 1979, c.320, s.1; 1985, c.398, s.13; 1995, c.398, s.2; 2009, c.304.

- (1) For variable rate bonds, interest amounts were calculated with rates in effect on June 30, 2018.
- (2) Except for fiscal year 2018, debt service does not reflect the anticipated receipt of Build America Bond interest subsidy.
- (3) Debt service includes \$42,755,000 State Lease Revenue Bonds (State House Project), 2017 Series A and \$300,000,000 State Lease Revenue Bonds (State House Project), 2017 Series B that mature December 17, 2018. These Bonds were remarketed prior to their maturity. Estimated interest on the Bonds is included in this chart.

SECTION 5

Obligation Profiles

State of New Jersey - General Obligations

Authorizing Legislation	CAFR Category	Underlying Ratings (as of June 30, 2018)			
Various Bond Acts	General Obligations	Moody's "A3"	S&P "A-	Fitch "A"	KBRA "A"

Overview

General Obligations of the State are authorized from time to time by acts of the State Legislature, subject to approval by voter referendum. Each such "Bond Act" sets forth the authorized amounts and purposes of the bonds, as well as certain parameters for issuing the bonds, such as maximum term. Purposes for bond issues have included open space and farmland preservation, water supply protection, transportation, higher education, port development, economic development, hazardous waste remediation, and many other public purposes.

Certain decisions relating to the bond sale, including the setting of interest rates and amortization of the bonds, are delegated to the "Issuing Officials" of the State, comprising the Governor, Treasurer and Director of the Division of Budget and Accounting. The State Treasurer is directed to hold and invest the proceeds of the bond sale pending their expenditure in separate funds as established in the Bond Act. The Refunding Bond Act of 1985 sets forth the procedures and parameters for issuing refunding bonds issued under any other Bond Act.

The Bond Acts provide that the bonds authorized represent a debt of the State, and the faith and credit of the State are pledged to their repayment.

(P.L. 1981, c. 120)	Revenue Bonds	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The New Jersey Building Authority was created in 1981 and established in the Department of the Treasury for the purpose of financing, acquiring, constructing, reconstructing, rehabilitating, and improving office buildings and related facilities for use by State agencies. The NJBA's role has since been expanded to include the design and construction of correctional facilities as well as the restoration and renovation of historic public buildings. Debt service on the bonds is payable pursuant to a lease between the State Treasurer and the Authority, subject to appropriation by the State Legislature.

EDA – Biomedical Research Facilities

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 2006, c. 102)	Installment Obligations	Moody’s “Baa1”	S&P “BBB+”	Fitch “A-”	KBRA N/R

Overview

The EDA has issued bonds for land acquisition, construction, development and equipping of a 65,000 square foot Health Sciences Center located on .86 acres of land in the City of Camden, Camden County, New Jersey. The Health Sciences Center will house a biomedical research facility, including instructional and clinical space, research offices and laboratories. Debt service on the bonds is payable pursuant to a lease between the EDA and the State Treasurer, subject to appropriation by the State Legislature.

<u>Bonds Outstanding</u>

EDA – Cigarette Tax Revenue Program

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 2004, c.68)	Installment Obligations	Moody’s “Baa1”	S&P “BBB+”	Fitch “BBB+”	KBRA N/R

Overview

The Cigarette Tax Securitization Act authorized the EDA to issue bonds payable from, and secured by, a dedicated portion of cigarette tax revenues received by the State each fiscal year. The dedicated portion is equivalent to the revenue collected by the State from \$0.0325 per cigarette. The Act also authorized the State Treasurer to use the proceeds of the bond issue for any legal purpose for which moneys on deposit in the General Fund may be used. Debt service on the bonds is payable pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature.

(P.L. 1974, c. 80)	Installment Obligations	Moody's N/R	S&P “BBB”	Fitch N/R	KBRA N/R

Overview

The EDA has issued bonds to finance loans to various nonprofit corporations which provide certain social services, including mental health services, youth services and services for the developmentally disabled. The payment of debt service on these bonds as well as the payment of certain other expenses incurred by the social service providers is made by the State pursuant to service contracts between the State Department of Human Services and these providers, subject to appropriation by the State Legislature. The contracts have one-year terms and are subject to annual renewal.

EDA – Economic Recovery Fund

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1992, c. 16)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Economic Recovery Fund Act of 1992 established the Economic Recovery Fund to provide a source of funds for economic development projects, to establish new programs to assist small businesses, and to leverage funds for economic recovery through such mechanisms as public-private partnerships, grants, guarantees and direct loans. The Act also authorized the EDA to issue bonds for the purposes of the Economic Recovery Fund. Pursuant to the Act, the EDA and the State Treasurer entered into an agreement through which the EDA has agreed to undertake the financing of certain projects and the State Treasurer has agreed to credit the Fund from the General Fund amounts equivalent to payments due to the State under an agreement with the Port Authority of New York and New Jersey. Debt service on the bonds is payable from such amounts provided under the State contract, subject to appropriation by the State Legislature.

EDA – Economic Development (Lafayette Yard Hotel)

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1974, c. 80)	Not Included in CAFR	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The EDA has issued bonds to refund and defease a portion of the City of Trenton’s outstanding Hotel/Conference Center Project Revenue Bonds, Refunding Series 2001 (City of Trenton Guaranteed). The original bonds funded a portion of the cost of constructing a hotel and conference center in the City of Trenton. The bonds are secured by Payments in Lieu of Taxes (PILOT) made by the EDA in connection with certain real estate it owns to the City of Trenton, which has pledged and assigned its right to receive such payments to a trustee bank on behalf of the bondholders. Pursuant to a lease of the property between the State Treasurer and the EDA, the State makes additional rent payments to the EDA equivalent to the PILOT payment, subject to annual appropriation by the State Legislature.

EDA – Motor Vehicle Surcharges (Special Needs Housing)

Authorizing Legislation	CAFR Category	Underlying Ratings (as of June 30, 2018)			
(P.L. 2005, c. 163) (P.L. 2004, c. 70)	Installment Obligations	Moody's "Baa2"	S&P "BBB+"	Fitch N/R	KBRA N/R

Overview

The Special Needs Housing Trust Fund Act of 2005 amended the Motor Vehicle Surcharges Act of 2004 and authorized the EDA to issue bonds in an amount not to exceed \$200 million to fund grants and loans for the costs of special needs housing projects in the State. Upon issuance, proceeds of the bonds are delivered to the New Jersey Housing and Mortgage Finance Agency for expenditure pursuant to the Act. The bonds are payable from, and secured by, certain dedicated motor vehicle surcharge revenues. The pledge of certain of the surcharges is subject and subordinate to the Motor Vehicle Commission bonds, which have since matured. Debt service on the bonds is payable solely from the pledged revenues pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature.

Debt Service

EDA – Motor Vehicle Surcharges

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 2004, C. 70)	Installment Obligations	Moody's "Baa2"	S&P "BBB+"	Fitch N/R	KBRA N/R

Overview

The Motor Vehicle Surcharges Act of 2004 authorized the EDA to issue bonds payable from, and secured by, certain defined motor vehicle surcharge revenues. The Act also authorized the State Treasurer to use the proceeds of the bond issue for any legal purpose for which monies on deposit in the General Fund may be used. The pledge of certain of the surcharges is subject and subordinate to the Motor Vehicle Commission Bonds, which have since matured. Debt service on the bonds is payable solely from the pledged revenues pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature. The Act was amended in 2005 to authorize the EDA to issue up to \$200 million of motor vehicle surcharge revenue bonds to fund grants and loans for special needs housing projects in the State. Those bonds are described separately in this report.

EDA – New Jersey Transit Corporation Projects

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1974, c. 80)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

In 2003, the EDA issued bonds to finance portions of the costs of certain light rail projects of the New Jersey Transit Corporation (NJ Transit). The projects included the design, acquisition, construction and equipping of the Hudson-Bergen Light Rail and the Southern New Jersey Light Rail Transit Systems. The EDA refunded those bonds in 2008. In 2017, the EDA issued bonds to finance certain NJ Transit projects and to refund certificates of participation in basic lease payments by the State as lessee pursuant to several equipment lease purchase agreements (Series 2004A, 2008A & 2009A). Pursuant to sublease agreements between the NJ Transit and the EDA, NJ Transit is required to make rental payments to the EDA in amounts sufficient to pay debt service on the bonds. These rental payments are in turn secured by amounts the Corporation receives from the State under Funding Agreements approved by the State Commissioner of Transportation. Pursuant to the Funding Agreements, the State makes payments to NJ Transit from amounts appropriated by the State Legislature to the Transportation Trust Fund Authority for such purposes.

EDA – School Facilities Construction

Authorizing Legislation	CAFR Category	Underlying Ratings (as of June 30, 2018)			
(P.L. 2000 c. 72, §§ 1-30, 57-71) (P.L. 2008, c. 39)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Education Facilities Construction and Financing Act authorized the EDA to issue bonds and other obligations to finance the State's share of costs for various school facilities projects being undertaken by, or for the benefit of, school districts throughout the State. Upon the issuance of bonds, the EDA delivers the proceeds of the bonds to the Schools Development Authority (the successor agency to the former Schools Construction Corporation), for expenditure in accordance with the Act. The Act originally provided that the aggregate principal amount of the bonds, notes or other obligations which may be issued by the Authority for the State's share of costs of school facilities projects shall not exceed: \$100 million for county vocational school districts, \$6.0 billion for "Abbott" districts, and \$2.5 billion for all other districts. The Act was amended in 2008 to authorize additional bonds for the State's share of costs of school facilities projects in an aggregate principal amount not to exceed \$50 million for county vocational school districts, \$2.9 billion for SDA (formerly "Abbott") districts, and \$1.0 billion for all other districts. Debt service on the EDA's School Facilities Construction Bonds is payable pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature.

EDA – State House Project

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1974, c. 80)	Installment Obligations	Moody's N/R	S&P N/R	Fitch N/R	KBRA N/R

Overview

The EDA issued bonds to (i) finance the costs of the historic rehabilitation, renovation and improvement of the Executive State House, including, but not limited to the design, planning, construction, reconstruction, relocation, installation, removal, establishment, repair or rehabilitation thereof; (ii) finance the costs of the renovation and improvement to the Legislative State House; (iii) refund all or a portion of bonds of the New Jersey Building Authority that financed or refinanced projects at the State House Complex (as defined in N.J.S.A. 52:31-36). The State Capitol Joint Management Commission (“JMC”) leased the Executive and Legislative State House (the “State House”) to the EDA pursuant to a lease between the JMC, as lessor, and the EDA, as lessee. The EDA subleased the State House to the JMC pursuant to an agreement and sublease between the EDA, as sublessor, and the JMC, as sublessee (the “Sublease”). The 2017 Bonds will be payable from rent to be paid, subject to appropriation, by the JMC pursuant to the sublease.

EDA – State Pension Funding

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1997, c. 114)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Pension Bond Funding Act of 1997 authorized the EDA to issue bonds to fund a portion of the unfunded accrued pension liability for the State's retirement systems. The proceeds of the bonds, together with amounts derived from the revaluation of pension assets pursuant to companion legislation enacted at the same time, were sufficient to fully fund the then unfunded accrued pension liability. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EDA, subject to appropriation by the State Legislature.

Educational Facilities Authority

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1967, c. 271)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The New Jersey Educational Facilities Authority (the "EFA") was created in the 1960's for the purpose of financing certain capital needs of the state's public and private colleges and universities. The EFA primarily serves as a financing conduit, and any such bonds issued by the EFA are secured solely by revenues pledged by the institution; these bonds have no state backing, there is no pledge of resources by the State, and there is no recourse to the State, legal, moral or otherwise. As such, these bonds are not included or discussed in this report. For more information on the EFA's client-supported financings and other activities, please visit their website: www.njefa.com.

The EFA is also authorized to issue bonds on behalf of county colleges under P.L. 1971, c. 12. Under this "Chapter 12" program, for bonds issued by county colleges (or by the EFA on behalf of county colleges) for certain capital expenses as defined in the statute, the State will cover 50% of the debt service, subject to annual appropriation. To date the EFA has one such bond issue on behalf of several county colleges. Those bonds have since matured.

Beginning in 1993, the State from time to time enacted legislation authorizing the EFA to issue bonds supported by State revenues for certain capital programs as authorized in such legislation. Each such program and financing history is discussed on the following pages.

Debt Service

EFA - Dormitory Safety Trust Fund

Authorizing Legislation	CAFR Category	Underlying Ratings (as of June 30, 2018)			
(P.L. 2000, c. 56)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Dormitory Safety Trust Fund Act authorized the EFA to issue up to \$90 million in bonds to provide loans to educational institutions in the State for the installation of fire suppression systems at student residence buildings. The fund was created in response to a tragic dormitory fire at Seton Hall University. Loans provided to public and private institutions of higher education are at a zero percent interest rate. All loans provided to the schools and bonds issued by the EFA to finance the loans are required to have a term limit of no more than 15 years. In August 2001, the EFA issued \$73.8 million bonds, which provided loans to 27 institutions. In October 2003, the EFA issued a second series of bonds totaling \$5.44 million which provided loans to 12 institutions. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EFA, subject to appropriation by the State Legislature. Although the State contract requires payments from the State equal to the entire debt service on the bonds, payments received from the institutions are used to offset the expense.

EFA - Higher Education Capital Improvement Fund

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1999, c. 217)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Higher Education Capital Improvement Fund Act authorized the EFA to issue up to \$550 million in bonds to fund grants to public and private four-year colleges and universities for certain capital improvements to their facilities and to improve and expand technological infrastructures. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EFA, subject to appropriation by the State Legislature. Each participating public college or university agrees to pay an amount equal to one-third of the debt service on its representative share of the bonds, whereas each participating private institution agrees to pay one-half of the debt service on its representative share of the bonds. Although the State contract requires payments from the State equal to the entire debt service on the bonds, payments received from the colleges are used to offset the expense.

EFA - Equipment Leasing Fund

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1993, c. 136)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Equipment Leasing Fund Act of 1993 authorized the EFA to issue bonds to finance the purchase and installation of certain defined equipment consisting of or related to scientific, engineering, technical, computer, communications and instructional equipment to be leased to public and private higher education institutions. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EFA, subject to appropriation by the State Legislature. Each participating institution agrees to pay 25% of the debt service on the bonds under its lease with the EFA. Although the State contract requires payments from the State equal to the entire debt service on the bonds, payments received from the institutions are used to offset the expense.

Overview

The Higher Education Technology Infrastructure Act of 1997 authorized the EFA to issue bonds to finance grants to public and private institutions of higher education to develop the technology infrastructure of the institutions in order to provide access effectively and efficiently to information, educational opportunities and workforce training, and to enhance the connectivity of higher education institutions to libraries and elementary and secondary schools. Technology infrastructure is intended to include, video, voice, and data telecommunications equipment and linkages, including transport services and network connections. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EFA, subject to appropriation by the State Legislature.

Garden State Preservation Trust

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1999, c. 152)	Revenue Bonds	Moody's "A3"	S&P "BBB+"	Fitch "A"	KBRA N/R

Overview

The Garden State Preservation Trust was created in 1999 in furtherance of the 1998 constitutional amendment that dedicates up to \$98 million annually from the Sales and Use Tax for the preservation of open space, farmland and historic properties. The dedication from Fiscal Year 2000 through Fiscal Year 2009 was \$6 million annually for historic preservation purposes, and \$92 million annually for open space and farmland preservation projects and for debt service on any bonds issued for such projects. From Fiscal Year 2010 through Fiscal Year 2029 the amount dedicated annually is the lesser of \$98 million or debt service on such bonds. The GSPT Act, as amended, authorized the GSPT to issue up to \$1.15 billion of bonds through Fiscal Year 2009 for open space and farmland preservation purposes. Thereafter, only refunding bonds may be issued. Proceeds of the bonds are held and disbursed by the State Treasurer. The Department of Environmental Protection and Department of Agriculture administer the open space and farmland preservation programs, respectively. Debt service on the bonds is payable from the dedicated amounts described above, subject to annual appropriation by the State Legislature.

(P.L. 1972, c. 29)	Various	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The New Jersey Health Care Facilities Financing Authority (the "HCFFA") was created in 1972 for the purpose of financing certain capital needs of the State's health care organizations. The HCFFA primarily serves as a financing conduit, and any such bonds issued by the HCFFA are secured solely by revenues pledged by the institution; these bonds have no state backing, there is no pledge of resources by the State, and there is no recourse to the State, legal, moral or otherwise. As such, these bonds are not included or discussed in this report. For more information on the HCFFA's client-supported financings and other activities, please visit their website: www.njhcffa.com.

Beginning in 2003, the State enacted legislation authorizing the HCFFA to issue bonds for certain capital projects and programs as authorized in such legislation: Department of Human Services projects, including the Greystone Park Psychiatric Hospital Project, the Marlboro Psychiatric Hospital Project, and the Hospital Asset Transformation Program. Provided below is a chart illustrating the aggregate debt service of these programs. Each program and its financing history are discussed on the following pages.

Debt Service⁽¹⁾

⁽¹⁾ Debt Service in fiscal year 2018 includes the defeasance of \$130,015,000 State Contract Bonds (Hospital Asset Transformation Program), Series 2009A, which occurred on April 25, 2018.

HCFFA - Department of Human Services (Greystone and Marlboro Hospital Projects)

Authorizing Legislation	CAFR Category	Underlying Ratings (as of June 30, 2018)			
(P.L. 1972, c. 29)	Capital Leases	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The HCFFA has issued bonds to fund the costs of renovation and construction of new and additional facilities, and the closure of existing facilities at or related to Greystone Park Psychiatric Hospital located in Morris County, New Jersey. The HCFFA has also issued bonds to finance the demolition and remediation of existing facilities at or related to Marlboro Psychiatric Hospital located in Monmouth County, New Jersey. Debt service on the bonds is payable pursuant to a lease agreement between the NJHCFFA, the Department of Human Services and the State Treasurer.

HCFFA - Hospital Asset Transformation Program

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 2000, c. 98) (P.L. 2007, c. 110) (P.L. 2009, c. 2)	Installment Obligations	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Hospital Transformation Act of 2000 established within the HCFFA a program to provide financial assistance to nonprofit hospitals within the State, in connection with the termination of hospital acute care services. The Act authorizes HCFFA to issue bonds to retire or refinance bonds associated with the facility being closed. Subsequent amendments to the Act authorize bonds to pay the costs of construction, renovation, equipment, information technology, working capital and other costs associated with the closure or acquisition and improvement of a hospital facility. Debt service is payable from amounts paid under a contract between the Authority and the State Treasurer, subject to appropriation by the State Legislature.

(P.L. 1971, c. 137) (P.L. 1991, c. 375) (P.L. 1997, c. 273) (P.L. 2006, c. 302)	Installment Obligations	Moody's "Baa2"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The New Jersey Sports and Exposition Act, as amended, created in the Sports and Exhibition Authority in 1971 and empowered it to acquire, own and operate racetracks, stadiums, arenas, other entertainment facilities and conventions centers. Under the Act and subsequent amendments, the Authority has financed facilities including the Meadowlands Sports Complex (racetrack, football stadium, arena), Monmouth Park Racetrack, the Atlantic City Convention Center, the Historic Boardwalk Hall in Atlantic City, Rutgers University Stadium and the Wildwoods Convention Center. The bonds originally issued by the Authority were secured by the Authority's revenues from operating the facilities. Over the subsequent years, the Authority's revenue bonds have been refinanced with bonds supported by payments from the State. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the NJSEA, subject to appropriation by the State Legislature.

Transportation Trust Fund Authority

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(N.J.S.A. 27:1B-1 et seq.)	Revenue Bonds	Moody's "Baa1"	S&P "BBB+"	Fitch "A-"	KBRA N/R

Overview

The Transportation Trust Fund Authority was created in 1984 to provide a funding mechanism, including the issuance of bonds, for transportation system improvements undertaken by the New Jersey Department of Transportation. Transportation system improvements financed by the TTFA include expenditures for the planning, acquisition, engineering, construction, repair, maintenance and rehabilitation of public facilities for ground, water or air transportation of people or goods. The TTFA also finances State aid to counties and municipalities for transportation system improvements and certain mass transit capital projects of the New Jersey Transit Corporation.

Pursuant to the TTFA Act, as amended, the principal amount of the TTFA’s bonds, notes or other obligations which could be issued in any fiscal year commencing with the fiscal year beginning July 1, 2006 and ending with the fiscal year beginning on July 1, 2010, generally could not exceed \$1,600,000,000 in any fiscal year. No bond cap remains under this authorization.

On June 29, 2012, the TTFA Act was amended by *P.L. 2012, c. 13*. Pursuant to this amendment (the “Reauthorization Act”), the principal amount of the TTFA’s bonds, notes or other obligations which could be issued in any fiscal year generally could not exceed: \$1,247,000,000 for the fiscal year beginning July 1, 2012, \$849,200,000 for the fiscal year beginning July 1, 2013, \$735,300,000 for the fiscal year beginning July 1, 2014, and \$626,800,000 for the fiscal year beginning July 1, 2015; except that if the permitted amount of debt, or any portion thereof, was not incurred in a fiscal year, it was permitted to be issued in a subsequent fiscal year. The payment of debt service on Reauthorization Act bonds, notes or other obligations must be paid solely from revenues dedicated pursuant to Article VIII, Section II, paragraph 4 of the State Constitution and other monies appropriated by the State. Bonds issued under the Reauthorization Act are known as Transportation Program Bonds. Bonds issued under the TTFA Act and all prior amendments are known as Transportation System Bonds.

On October 14, 2016, the Governor signed a package of legislation (*P.L. 2016, c. 56* and *P.L. 2016, c. 57*), which reauthorized the TTFA over an eight-year period and impacted several State taxes including gasoline, income, sales, and estate taxes. A constitutional amendment, approved by the voters on November 8, 2016, now dedicates all revenue from the Motor Fuels and Petroleum Products Gross Receipts taxes to the TTF. As a result, any constitutionally dedicated revenues in excess of the amount needed to support the TTFA’s debt service and project costs are appropriated to the Subaccount for Capital Reserves to meet future needs of the TTFA. The constitutional amendment also authorized \$12 billion in new bonding authority for the TTFA to support transportation project costs.

- (3) Interest on multi-modal notes is modeled with rates as of June 30, 2018.

South Jersey Port Corporation

Authorizing Legislation	CAFR Category	Underlying Ratings (as of June 30, 2018)			
(P.L. 1968, c. 60)	Not Included in CAFR	Moody's "Baa1"	S&P "BBB-"	Fitch N/R	KBRA N/R

Overview

The South Jersey Port Corporation has issued bonds for the construction and improvement of various marine terminal and port facilities in Camden, Gloucester and Salem Counties. The bonds are secured by marine terminal revenues and a debt service reserve fund equal to maximum annual debt service. The authorizing legislation also provides that the State has a moral obligation to replenish the debt service reserve fund if such fund is drawn upon to pay debt service due to insufficient Corporation revenues. The payment from the State to replenish the fund is subject to appropriation by the State Legislature.

The Corporation's annual operating revenues consistently have been insufficient to cover the debt service on its bonds, requiring the use of the debt service reserve fund to cover a portion of the annual debt service. In all such cases, the State Legislature has appropriated and the State has made payments to the Corporation to replenish the reserve fund in furtherance of the moral obligation.

Chapter 12 - County College Bonds

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2018)</i>			
(P.L. 1971, c. 12)	Not Included in CAFR	Moody's Various	S&P Various	Fitch Various	KBRA N/A

Overview

State support for county college capital projects is authorized, pursuant to statute, in a total principal amount not to exceed \$265,000,000. See N.J.S.A. 18A:64A-22 et seq. Codified as chapter 12 of the laws of 1971, the program is typically referred to as “Chapter 12.” Under Chapter 12, bonds entitled to State debt-service support are issued by the individual counties (or by the NJEFA on behalf of counties) to fund capital projects at the various county colleges. As bond principal amortizes, additional State-supported bonds can be authorized up to the maximum \$265,000,000 (i.e. the program “recycles”). Under the program, the State Treasurer is responsible for determining the annual amount of borrowing that is available to the counties and, in consultation with the New Jersey Council of County Colleges, which projects should receive funding.

Debt Service

Capital Leases (Non-Bonded)

Overview

Capital Leases (Non-Bonded) represent long-term lease obligations between the State and various lessors for the use of office space and other facilities for State operations and programs. No bonds have been issued in connection with these leases. The figures below (\$ thousands) represent the “net rent,” or the capital portion, of the annual rent payment, which is net of operating expense, maintenance, property taxes and other costs, if any.

SECTION 6

State Comparisons

State Comparisons

The tables below have been excerpted from “2018 State Debt Medians” report issued by Moody’s Investors Service on April 24 2018. The tables below depict how New Jersey ranks relative to other states based on criteria used by the municipal securities rating services in rating government obligations. Such comparisons can be useful in assessing the State’s ability to incur additional debt and the likely impact on ratings and other measures relative to other states.

Net Tax-Supported Debt Per Capita			
			Rating
1	Connecticut	\$6,544	A1
2	Massachusetts	6,085	Aa1
3	Hawaii	5,257	Aa1
4	New Jersey	4,281	A3
5	New York	3,082	Aa1
6	Illinois	2,919	Baa3
7	Washington	2,662	Aa1
8	Delaware	2,587	Aaa
9	California	2,188	Aa3
10	Rhode Island	2,188	Aa2

19	Virginia	2.60%
20	New Mexico	2.54%

SECTION 7

Glossary

Glossary

Bond Premium

The amount by which the price of a security exceeds its principal amount.

Bonded Obligations

Bonded Obligations are those long-term obligations that are evidenced by publicly tradable, financial securities issued by or on behalf of the State or any of its Authorities or other State-created entities.

Business-Type Activities

Large Lottery prizes are paid out to winners over a period of multiple years. Current Lottery proceeds are used to purchase deposit fund contracts which will provide sufficient amounts for future payment of installment prizes. The present value of future payments of installment prizes are recorded as non-current liabilities in both the fund financial statements and the government-wide statements.

Capital Leases (Bonded)

Bonded Capital Leases represent long-term lease obligations for State facilities, offices and other uses for which the rent payments have been pledged to secure the payment of debt service on bonds issued by an Authority.

Capital Leases (Non-Bonded)

Non-Bonded Capital Leases represent long-term lease obligations for State facilities, offices and other uses. No State or Authority bonds are connected with these leases.

Certificates of Participation

Certificates of Participation are publicly traded financial securities similar to bonds, but which represent proportionate shares in rent payments under a lease between the State and one or more lessors.

Compensated Absences

Pursuant to GASB Statement No. 16, *Accounting for Compensated Absences*, Compensated Absences represents the liability due to employees for unused sick and vacation time.

Deposit Fund Contracts

Large Lottery prizes are paid out to winners over a period of multiple years. Current Lottery proceeds are used to purchase deposit fund contracts which will provide sufficient amounts for future payment of installment prizes. Future payments of installment prizes in the present value of \$234.5 million are recorded as liabilities in both the fund financial statements and the government-wide statements.

General Obligations

General Obligation Bonds of the State are authorized from time to time by enacted legislation that must also be approved by public referenda. Such bonds are direct obligations of the State and are secured by the State's full faith and credit.

Installment Obligations

This category represents contractual agreements between the State and several authorities which have issued bonds for State or Authority projects or other purposes. Under such contracts, the State agrees to make payments equal to the corresponding debt service on the Authority's bonds.

Loans Payable

The New Jersey Automobile Insurance Guaranty Fund has received a \$1.3 billion loan from the New Jersey Property-Liability Insurance Guaranty Association. The loan was made in an effort to depopulate the New Jersey Automobile Insurance Guaranty Fund and to help satisfy its unfunded liability. The repayment of the loans depends upon a number of contingencies, including the legislature voting to appropriate funds to pay the loans.

Total OPEB Liability

In accordance with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to active, inactive, and retired employees. This new standard supersedes the previously issued guidance, GASB Statement No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. As such, the State's total OPEB liability has been re-measured to \$97.1 billion and \$90.5 billion for Fiscal Years 2017 and 2018, respectively.

Net Pension Liability

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires the reporting of net pension liability as a State general long-term obligation. GASB Statement No. 68 requires participating employers in cost sharing plans to recognize their proportionate share of the collective net pension liability, collective deferred inflows of resources, collective deferred outflows of resources and collective pension expense, excluding that attributable to employer-paid member contributions. The net pension liability represents the liability of employers and nonemployer contributing entities to employees for defined benefit pensions. The liability is measured as the portion of the present value of projected benefit payments to be provided through the pension plans to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plans' fiduciary net position. The Net Pension Liability as of June 30, 2018 is \$99.6 billion.

Non-Bonded Obligations

Non-Bonded Obligations define long-term obligations that result from loans, leases, or other contractual or statutory commitments, but for which no financial securities have been issued.

Nonexchange Financial Guarantees

The authorizing legislation for certain State entities provides for specific budgetary procedures with respect to certain obligations issued by these entities. Pursuant to such legislation, a designated official is required to certify any deficiency in debt service funds maintained to meet payments of principal and interest on the obligations and a State appropriation in the amount of the deficiency is to be made. However, the State Legislature is not legally bound to make an appropriation. Bonds issued pursuant to authorizing legislation of this type are sometimes referred to as “moral obligation” bonds. There is no statutory limitation on the amount of “moral obligation” bonds which may be issued by eligible State entities. Currently, bonds issued by the South Jersey Port Corporation, the New Jersey Housing and Mortgage Finance Agency, and the Higher Education Student Assistance Authority fall under this category. Furthermore, the New Jersey Housing and Mortgage Finance Agency and the Higher Education Student Assistance Authority have not had a deficiency in their respective debt service funds which required the State to appropriate funds.

Obligations not Supported by State Revenues

This category includes certain obligations issued by State-related entities for which there is no financial backing or pledge of support, legal, moral or otherwise, from the State. GASB requires the inclusion of certain such obligations in the State’s CAFR when the bonds are issued by State-related entities, despite there being no repayment obligation or other security interest provided by the State. These obligations are presented in this debt report to preserve consistency with the CAFR.

Obligations Subject to Appropriation

This category includes all bonded obligations for which the payment of debt service by the State is subject to, and dependent upon, annual legislative appropriations. The Legislature has no legal obligation to make any such appropriations.

Obligations Supported by Dedicated State Revenues

This category includes certain bonded obligations, the debt service on which is payable solely from certain State revenues that have been constitutionally and/or statutorily dedicated and appropriated for such purpose.

Obligations Supported by General State Revenues

This category includes obligations, the debt service on which is payable from amounts available and appropriated from the general fund of the State.

Other

This obligation represents unamortized long-term claims which are required to be reported under National Council on Governmental Accounting Statement No. 1 as a State general long-term obligation. This includes Business Employment Incentive Program (BEIP) grants of \$758.6 million which have been incurred but not reported. This also includes Medicaid benefit claims (\$251.0 million of which \$151.8 million is federally reimbursable) which have been incurred but not reported. South Jersey Port Corporation has an obligation of \$366.2 million, health benefit claims of \$154.6 million also have been incurred but not reported, and Unclaimed Property of \$45.2 million has been deemed to be payable to other states. Governmental Accounting Standards Board (GASB) Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, resulted in the inclusion of the

State’s estimated future obligation relating to the South Jersey Port Corporation bonds. The State, when necessary, provides the South Jersey Port Corporation with funds to cover all debt service and property tax requirements when the Corporation’s earned revenues are anticipated to be insufficient to cover these obligations. On December 1, 2017, the Corporation certified that it would be unable to provide sufficient funds from operations for debt service, and therefore, required a State appropriation for Fiscal Year 2018 in the amount of \$17.7 million. This obligation also includes \$121.6 million of capitalized software liability which is required to be reported in accordance with GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*.

Pollution Remediation Obligation

GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, requires the reporting of Pollution Remediation Obligations as a State general long-term obligation. The Pollution Remediation Obligation represents State contractual commitments with either vendors to clean up hazardous waste contaminated sites or the administrative authorization to proceed to clean up identified hazardous waste contaminated sites. Pollution remediation activities include the engagement of contractors to define the extent of the hazardous waste contamination through a remedial investigative contract, outline the method of cleanup/remediation through a feasibility study contract, implement the required/recommended remediation action through construction contractors, and maintain and monitor the operations of the cleanup remedy at the site.

The Pollution Remediation Obligation estimates that appear in this report are subject to change over time. Cost may vary due to price fluctuations, changes in technology, changes in potential responsible parties, results of environmental studies, changes to statutes or regulations and other factors that could result in revisions to these estimates. Prospective recoveries from responsible parties may reduce the State’s obligation.

The estimated liability as of June 30, 2018 is \$68.6 million. The reported amount represents the unexpended balances of those cleanup actions in which the State has obligated itself to commence remediation. The reported amounts represent the prospective outlays for existing remediation activities and not anticipated remediation work that may be addressed by the site’s responsible parties at some future time or date.

Revenue Bonds

This category includes certain bonded obligations for which the debt service is payable solely from certain restricted revenues of the Authority that issued the bonds.

Unamortized Bond Premium

GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, requires bond premiums to be deferred and amortized over the life of the bonds.

Unamortized Interest on Capital Appreciation Bonds

Unamortized Interest on Capital Appreciation Bonds represents the unaccreted interest value on zero coupon bonds that have been issued.

SECTION 8

*Includes all bonds issued through April 30, 2019.

GASB Statement No. 67 & 68

The following charts provide accounting, reporting and disclosure information required under the Government Accounting Standards Board (“GASB”) statements number 67 and 68. These standards have modified the methodology in which information regarding pension plans is developed.

The standards refer to the unfunded liability as the net pension liability (“NPL.”) GASB 67 requires development of the numbers at the plan level whereas GASB 68 requires that the plan level numbers be allocated across all employers within the plans.

The following charts reflect the GASB 67 plan level numbers at the top followed by the GASB 68 allocation of those amounts across employers within the plans determined on the basis of the July 1, 2017 actuarial valuations. Following GASB reporting requirements, the State’s portion of the total NPL as of July 1, 2017 has been recognized as a liability in the State’s audited financial statements for the fiscal year ending June 30, 2018.

⁽¹⁾ Audited. The TPAF and a portion of local government component of the PFRS represent special funding situations because the State is legally responsible for making contributions directly to these plans that is used to provide retirement benefits to non-State employees. Pursuant to GASB 68, these special funding situations require the State to recognize its proportionate share of the collective NPL for these plans.

The GASB 67 plan level amounts and GASB 68 employer allocations determined on the basis of the recently completed July 1, 2018 actuarial valuations are summarized in the following charts. The State will be required to recognize its proportionate share of the total NPL as of July 1, 2018 in its financial statements for the fiscal year ending June 30, 2019.

GASB Statement No. 67 Disclosure
Net Pension Liability Plan Fiduciary Net Position⁽¹⁾
Based on Actuarial Valuations as of July 1, 2018
(In Millions)

Pension Plan	Plan Fiduciary Net Position	Total Pension Liability	Plan Net Pension Liability	Plan Fiduciary Net Position as a % of TPL	Depletion Date (June 30)
PERS ⁽²⁾	\$29,472.4	\$72,866.2	\$ 43,393.8	40.45%	2047
TPAF	22,991.1	86,797.5	63,806.4	26.49	2041
PFRS ⁽³⁾	27,098.6	46,797.6	19,699.0	57.91	2063

POPF	-	-	-	-	-	-
Total	\$ 28,220.6	\$ 65,466.6	\$ 93,687.2	\$ 3,808.8	\$ 33,221.1	\$ 130,717.1

⁽¹⁾ Unaudited. The TPAF and a portion of local government component of the PFRS represent special funding situations because the State is legally responsible for making contributions directly to these plans that are used to provide pensions to non-State employees. Pursuant to GASB 68, these special funding situations require the State to recognize its proportionate share of the collective NPL for these plans. The audit of the June 30, 2018 GASB 68 valuation reports has not been completed.

Statutory Unfunded Actuarial Accrued Liability (UAAL)

UNFUNDED ACTUARIAL ACCRUED LIABILITY FOR STATE-ADMINISTERED RETIREMENT SYSTEMS ⁽¹⁾

(in millions)

<i>POPF</i>	(2.8)	(2.6)	0.2
TOTAL STATE PENSION PLANS	\$ 40,734.0	\$ 42,789.5	\$ 2,055.5

⁽¹⁾ Actuarial liabilities shown in this chart are based on the actuarial methods and assumptions used to determine the statutory contributions and are different from the actuarial liabilities based on GASB 67.

⁽²⁾ The unfunded actuarial accrued liabilities take into account the estimated present value of the Lottery Enterprise Contribution in the amount of \$12,623.0 million as of June 30, 2017 and \$12,623.4 million as of June 30, 2018.

**HISTORICAL UNFUNDED ACTUARIAL ACCRUED LIABILITIES
FOR STATE-ADMINISTERED RETIREMENT SYSTEMS
Actuarial Valuations as of July 1, 2010 through July 1, 2018
(In Millions)**

FY Ending June 30	Unfunded Actuarial Accrued Liability
2010 ⁽¹⁾	\$ 24,638.0
2011	28,885.3
2012	32,697.7
2013	35,556.5
2014	40,076.9
2015	43,814.6
2016 ⁽²⁾	49,068.7
2016 Rev ⁽³⁾	36,495.5
2017 ⁽⁴⁾	40,734.0
2018	42,789.5

⁽¹⁾ The June 30, 2010 data reflects the impact on the Pension Plans of pension reforms enacted pursuant to L. 2011, c. 78, which resulted in a decrease in the State’s aggregate unfunded actuarial accrued liability (UAAL) from \$37.1 billion to \$24.6 billion.

⁽²⁾ Information was derived from the original actuarial valuation reports as of July 1, 2016 and excludes the value of the Lottery Contribution.

⁽³⁾ Information was modified to include \$12.573 billion in the Actuarial Value of Assets and Market Value of Assets representing the estimated value of the Lottery Contribution as of July 1, 2016.

⁽⁴⁾ Information was derived from the revised actuarial valuation reports as of July 1, 2017 reflecting the change in the assumed rate of return from 7.0% to 7.5%.

The following chart shows the total other postemployment benefit (OPEB) obligation for post-retirement medical benefits as of June 30, 2017 under new GASB Statement No. 74 and 75 reporting requirements. Many of the provisions of GASB 74 and 75 are the same as the provisions of GASB 67 and 68 for pensions. The new statements require a liability for OPEB obligations, known as the net OPEB liability to be recognized on the balance sheet of the employers participating in the OPEB plan. The State and local participating employers must recognize their share of the total OPEB liabilities shown below in their June 30, 2018 financial statements.

EEGASB Statement No. 74/75 Disclosure
Total OPEB Liability ⁽¹⁾
Based on Actuarial Valuations as of June 30, 2017

	State Retired Fund	Education Retired Fund	Local Gov't Retired Fund	Total
OPEB Liability				
(a) Retirees Receiving Benefits	\$ 12,019.2	\$ 19,658.4	\$ 7,306.9	\$ 38,984.50
(b) Active Participants	16,085.6	33,981.4	13,322.1	63,389.10
(c) Total	28,104.8	53,639.8	20,629.0	102,373.6
Plan Fiduciary Net Position	-	-	213.2	213.2
Net OPEB Liability	\$ 28,104.8	\$ 53,639.8	\$ 20,415.8	\$ 102,160.4

⁽¹⁾ The OPEB liabilities were determined using the Entry Age Normal actuarial cost method. Previously under GASB 43, the valuation results were determined using the Projected Unit Credit actuarial cost method. The assumed rate of return used to discount the liabilities was lowered from 4.5% to 3.58%.

Allocation of GASB 75 Liability
Based on Actuarial Valuations as of June 30, 2017
(In Millions)

OPEB Fund	State	State Non-Emplr *	Total State	Locals	Net OPEB Liability
State	\$ 19,925.9	\$ 8,178.9	\$ 28,104.8	\$ -	\$ 28,104.8
Education	-	53,639.8	53,639.8	-	53,639.8
Local Gov't	-	8,695.4	8,695.4	11,720.4	20,415.8
Total	\$ 19,925.9	\$ 70,514.1	\$ 90,440.0	\$ 11,720.4	\$ 102,160.4

* The State is legally responsible for funding PRM benefit costs for State college and university retirees, education retirees, and PFRS local retirees under Chapter 330, P.L. 1997. Since the State is funding the retiree benefits for these groups, it represents a special funding situation under GASB 75 and the State is required to recognize its proportionate share of the collective NPL for these plans.
