

# State Report on Plans for Prioritizing and Distributing Renewals Following the End of the Medicaid Continuous Enrollment Provisions

## Instructions

All states must complete and submit to Centers for Medicare & Medicaid Services (CMS) this reporting form summarizing state's plans for initiating renewals for its total caseload within the state's 12-month unwinding period. States must submit this form to CMS by the 45th day before the end of the month in which the COVID-19 public health emergency (PHE) ends. States submit completed forms to CMS via the COVID unwinding email box at [CMSUnwindingSupport@cms.hhs.gov](mailto:CMSUnwindingSupport@cms.hhs.gov).

## Background

The end of the continuous enrollment requirement for states<sup>1</sup> receiving the temporary increase in their Federal Medical Assistance Percentage (FMAP) ("temporary FMAP increase") under section 6008 of the Families First Coronavirus Response Act (FFCRA) (P.L. 116-127) presents the single largest health coverage transition event since the first Marketplace Open Enrollment following enactment of the Affordable Care Act ("continuous enrollment condition"). To ensure states maintain coverage for eligible individuals, all states must provide the CMS with a summary of their plans to prioritize, distribute and process renewals during the 12-month unwinding period described in State Health Official Letter #21-002, "Updated Guidance Related to Planning for the Resumption of Normal State Medicaid, Children's Health Insurance Program (CHIP), and Basic Health Program (BHP) Operations Upon Conclusion of the COVID-19 Public Health Emergency,"<sup>2</sup> and #22-001 "Promoting Continuity of Coverage and Distributing Eligibility and Enrollment Workload in Medicaid, the Children's Health Insurance Program (CHIP), and Basic Health Program (BHP) Upon Conclusion of the COVID-19 Public Health Emergency."<sup>3</sup>

Over the course of their 12-month unwinding period, states will need to conduct a renewal of every beneficiary enrolled in their Medicaid and CHIP programs as of the end of the month prior to their unwinding period ("referred to herein as the state's "total caseload"). States that have a more even distribution of renewals over the course of a year are better able to maintain a workload that is sustainable in future years, thereby enabling the state to avoid renewal backlogs and reduce the risk of inappropriate terminations. The volume of renewals and other eligibility actions that states will need to initiate during the 12-month unwinding period creates risk that eligible beneficiaries will be inappropriately terminated. This risk is heightened in states that intend to initiate a large volume of their total caseload in a given month during the unwinding period, particularly if a state initiates more than 1/9 of its total caseload in a given month.

Therefore, in order to better understand states' plans to process renewals during the unwinding period, CMS is requiring states to describe how they intend to distribute renewals as well as the processes and strategies the state is considering or has adopted to mitigate against inappropriate coverage loss during the unwinding period. CMS will use this information to identify states at greatest risk of inappropriate coverage losses and will follow up with states as needed to ensure that proper mitigations are in place to reduce risk of inappropriate terminations and that states' plans will establish a sustainable workload in future years.

---

<sup>1</sup> Throughout this document, the term "states" means states, the District of Columbia, and the U.S. territories.

<sup>3</sup> CMS State Health Official Letter #22-001, "Promoting Continuity of Coverage and Distributing Eligibility and Enrollment Workload in Medicaid, the Children's Health Insurance Program (CHIP), and Basic Health Program (BHP) Upon Conclusion of the COVID-19 Public Health Emergency" (March 3, 2022). Available at <https://www.medicaid.gov/federal-policy-guidance/downloads/sho22001.pdf>.

**Section A. Renewal distribution plan**

**1. Please complete questions 1a. and 1b. to describe how the state intends to initiate Medicaid and CHIP renewals during the state’s 12-month unwinding period.**

**a. Please indicate the approximate number of Medicaid and CHIP renewals that the state intends to initiate each month during the state's 12 months unwinding period using the following chart:**

*Note that the percentage of renewals scheduled to be initiated in a given month is based on the state’s total caseload as of the end of the month before the state begins to initiate renewals that may result in termination of beneficiaries who do not meet eligibility requirements or who fail to timely return information needed to complete a renewal. States may not initiate renewals that may result in terminations more than two months before the continuous enrollment condition ends in the state. A state’s total caseload may be the state’s total enrollment of individuals or the total number of households with one or more household members enrolled in Medicaid.*

Unwinding Period Month	1	2	3	4	5	6	7	8	9	10	11	12	Total
Number of renewals scheduled to be initiated	186,000	186,000	186,000	186,000	186,000	186,000	186,000	186,000	186,000	186,000	186,000	186,000	2,232,000
Percent of renewals scheduled to be initiated	8%	8%	8%	8%	8%	8%	8%	8%	8%	8%	8%	8%	100%

**b. Is the state measuring the volume of renewals that it intends to initiate each month by households (which may include more than 1 beneficiary) or individuals?**

- Households
- Individuals

**2. Please briefly summarize the state’s plan to prioritize and distribute work during the 12-month unwinding period. This summary should identify any populations the state is prioritizing for completion sooner or the order in which the state intends to initiate renewals; any unwinding-specific strategies the state intends to adopt in order to align work for all beneficiaries in a household, to align renewals with SNAP recertifications, or to align work on changes in circumstances with a full renewal; and any other information related to how the state plans to prioritize and distribute work associated with processing renewals and redeterminations during the unwinding period.**

NJ will evenly distribute household renewals across the 12-month unwinding period. All households who have been determined to be eligible either through a new application or a successfully completed renewal during the twelve months before the initiation of unwinding (i.e. April 2022 to March 2023) will maintain their existing renewal schedule. All other households will be evenly spread over the 12 –month unwinding period. Households will be evenly distributed not just in aggregate, but also within each Eligibility Determining Agency (EDA), and within key eligibility groups (e.g., Aged, Blind, and Disabled members, members who have become eligible for Medicare). In general, households whose last previous eligibility action date is less recent will have their renewal initiated earlier in the twelve-month period.

## Section B. Strategies to promote coverage retention and prevent inappropriate terminations of coverage

1. **Briefly describe any circumstances that may result in the state initiating more than 1/9 of its total caseload of renewals in a particular month (e.g., routine schedule of renewals results in month(s) with more than 1/9 of renewals due; annual workforce and staffing trends affects work volume in particular months; pending work due during the PHE is scheduled to be completed in less than 12 months).**

We do not anticipate any such circumstances.

2. **Describe how the state will ensure that eligible individuals retain coverage and limit coverage losses for procedural reasons (i.e., for a reason other than a determination that the individual no longer meets eligibility requirements for coverage) as the state initiates and processes renewals and other eligibility actions during the 12-month unwinding period.**

New Jersey has taken numerous steps to ensure that eligible individuals retain coverage and to limit coverage losses for procedural reasons. These include:

- Multiple technical and procedural actions to increase ex parte renewal rates, including incorporating use of SNAP data
- Working with MCOs to update address information for beneficiaries, and conduct additional outreach to members who did not respond to redetermination requests during the PHE
- Continuing monthly reinstatement processes to ensure that those that would have terminated through system logic will not lose coverage prior to their renewal date
- Worker Portal enhancements to improve workflow efficiencies to handle the 90-day reconsideration periods for individuals terminated for procedural reasons.
- Launching a member and community public education campaign through Stay Covered NJ website. The site is designed to inform members about the upcoming return to renewals and encourage members to update their contact information and respond promptly to mail they receive from NJ FamilyCare.
- Creating an unwinding peer-to-peer Ambassador program for community leaders and trusted sources to assist NJ FamilyCare in sharing its unwinding messaging to the communities they serve.
- Developing an interactive social media campaign to enhance community participation in unwinding activities and increase value to unwinding communications.
- Augmenting staffing and capability at our Health Benefits Coordinator to receive and address calls specifically about unwinding, including ensuring correct contact information for members.

3. **Select which strategies the state currently utilizes or is planning to adopt to ensure eligible individuals remain enrolled or are transferred to the appropriate program during the unwinding period.**

*For a comprehensive list of strategies that promote continuity of coverage, states may refer to the “Strategies States and the U.S. Territories Can Adopt to Maintain Coverage of Eligible Individuals as They Return to Normal Operations” available on Medicaid.gov at <https://www.medicaid.gov/sites/default/files/2021-11/strategies-for-covrg-of-indiv.pdf>.*

- a. **Strengthen Renewal Processes**

- Expand the number and types of data sources used for renewal (e.g., use both Internal Revenue Service (IRS) and quarterly wage data; leverage unemployment income data sources)
  - Already adopted
  - Planning or considering to adopt
  
- Create a data source hierarchy to guide verification, prioritizing the most recent and reliable data sources (e.g., leverage SNAP data that is updated every six months; first ping IRS data and if not reasonably compatible, then ping quarterly wage data) and verify income when data source in the hierarchy confirms reasonable compatibility.
  - Already adopted
  - Planning or considering to adopt
  
- Use a reasonable compatibility threshold (e.g., 10%) for income for MAGI and non-MAGI populations and a reasonable compatibility threshold for assets for non-MAGI populations, if not already used
  - Already adopted
  - Planning or considering to adopt
  
- Ensure that individuals can submit requested information to the agency over the phone, via mail, online, and in-person, consistent with federal regulations
  - Already adopted
  - Planning or considering to adopt
  
- Ensure renewal forms are pre-populated for individuals enrolled in Medicaid, CHIP, and BHP on a MAGI basis, consistent with federal requirements
  - Already adopted
  - Planning or considering to adopt
  
- Other adopted strategies
- Other strategies under consideration or planned

**b. Update Mailing Addresses to Minimize Returned Mail and Maintain Continuous Coverage**

- Engage community-based organizations, application assisters (including Navigators and certified application counselors), and providers to conduct outreach to remind individuals enrolled in Medicaid, CHIP, and BHP to provide updated contact information
  - Already adopted
  - Planning or considering to adopt
  
- Require managed care plans to seek updated mailing addresses and either share updated information with the state Medicaid or CHIP agency and/or remind individuals to update their contact information with the state
  - Already adopted
  - Planning or considering to adopt

- Send periodic mailed notices, texts, and email/online account alerts reminding individuals to update their contact information (e.g., on a quarterly basis)
  - Already adopted
  - Planning or considering to adopt

- Other adopted strategies

*Please specify:*

New Jersey has a member address update hotline and a StayCovered NJ website available to the public at-large. A member-centered toolkit, consisting of FAQs, posters, and other related information, is available for stakeholders, including New Jersey's community ambassadors. All member-facing material is available in the top-ranked languages spoken in New Jersey.

- Other strategies under consideration or planned

*Please specify:*

The state will utilize multiple modalities to verify and update member mailing addresses and minimize returned mail. New Jersey plans to engage a special outreach campaign to enhance post-mailing contact opportunities. In addition, our ongoing social media campaign will raise awareness and emphasize that members should update their information via the member address hotline.

**c. Improve Consumer Outreach, Communication, and Assistance**

- Revise consumer notice language to ensure that information is communicated in plain language, including that it clearly explains the appeals process (also known as the Medicaid fair hearing and CHIP review process, as applicable)
  - Already adopted
  - Planning or considering to adopt

- Conduct more intensive outreach via multiple modalities to remind individuals enrolled in Medicaid, CHIP, or BHP of anticipated changes to their coverage and obtain needed information (e.g., require eligibility workers to make follow-up telephone calls and to send an email if an individual has not responded to a request for information)
  - Already adopted
  - Planning or considering to adopt

- Implement a text messaging program to quickly communicate eligibility reminders and requests for additional information, as permitted
  - Already adopted
  - Planning or considering to adopt

- Review language access plan to provide written translation of key documents (e.g., notices, applications, and renewal forms) into multiple languages, oral interpretation, and information about how individuals with limited English proficiency (LEP) can access language services free of charge, provided in a culturally competent manner
  - Already adopted
  - Planning or considering to adopt

- Ensure that information is communicated to individuals living with disabilities accessibly by providing auxiliary services at no cost to the individual, including but not limited to written materials in large print or Braille, and access to sign language interpretation and/or a teletypewriter (TTY) system, consistent with the Americans with Disabilities Act (ADA) and section 1557 of the Affordable Care Act

- Already adopted  
 Planning or considering to adopt

- Other adopted strategies  
 Other strategies under consideration or planned

*Please specify:*

The state will share brief, member-friendly content to the deaf and hard of hearing and the blind/visually impaired communities.

**d. Improve Coverage Retention**

- Adopt 12 months continuous eligibility for children (via SPA)  
 Already adopted  
 Planning or considering to adopt
- Adopt 12 months continuous eligibility for adults (via 1115 Authority)  
 Already adopted  
 Planning or considering to adopt
- Provide 12 months of postpartum coverage (via SPA, beginning April 2022)  
 Already adopted  
 Planning or considering to adopt

- Consider reducing or eliminating periodic data matching to support efficient operations (e.g., reduce or eliminate periodic data checks for income changes mid-coverage year to mitigate additional requests for information and manual work by state agencies)  
 Already adopted  
 Planning or considering to adopt

- Direct managed care plans via contract requirements to conduct outreach and provide support to individuals enrolled in Medicaid and CHIP to complete the renewal process  
 Already adopted  
 Planning or considering to adopt

- Other adopted strategies  
 Other strategies under consideration or planned

**e. Promote Seamless Coverage Transitions**

- Ensure accounts are seamlessly transferred to the Marketplace when individuals are found ineligible for Medicaid, CHIP, or BHP
  - Already adopted
  - Planning or considering to adopt
- Obtain and include robust contact information (e.g., mailing address, email address, and telephone numbers) in the Account Transfer to the Marketplace so that individuals may be easily reached post-transition
  - Already adopted
  - Planning or considering to adopt
- Revise notices to ensure they clearly explain the Account Transfer process and next steps and applicable deadline(s) for applying for and enrolling in a QHP with financial assistance, and where to seek answers to questions at the Marketplace
  - Already adopted
  - Planning or considering to adopt
- Other adopted strategies
- Other strategies under consideration or planned

**f. Enhance Oversight of Eligibility and Enrollment Operations**

- Identify a centralized team responsible for tracking emerging issues and needed solutions
  - Already adopted
  - Planning or considering to adopt
- Create tracking and management tools, data reports, and/or dashboards to monitor case volume, renewal rates, and workforce needs
  - Already adopted
  - Planning or considering to adopt
- Implement “early warning/trigger” mechanisms that flag when a large number of individuals lose, or are slated to lose, coverage due to no response or missing paperwork
  - Already adopted
  - Planning or considering to adopt
- Automate a “circuit breaker” flag based on a data review for the agency to pause and consider a change in its practices to mitigate inappropriate coverage loss
- Other adopted strategies

*Please specify:*

Monitor management reports reflecting processing timelines and outcomes. Ensuring proper procedures are followed through regular EDA eligibility data reviews. Increased EDA staff training and oversight. Increased communication and troubleshooting meetings with EDA leaders.

- Other strategies under consideration or planned

*Please specify:*

New Jersey intends to develop new internal dashboards / metrics to monitor the progress of renewals during unwinding. To the extent such metrics show unexpected trends or issues, we will rapidly adjust in real time to address.

4. **Please describe any other type of strategy the state intends to implement to ensure that the state will not inappropriately terminate coverage for beneficiaries who continue to be eligible for Medicaid and/or CHIP and will appropriately transition the appropriate ineligible individuals to other health insurance affordability programs.**

In addition to the above, NJ provides fair hearing rights, partnering closely with legal advocacy organizations, and has an extensive customer service response team to handle eligibility and health plan issues.

When an individual loses Medicaid eligibility, they are provided information about our State Based Exchange and, where applicable, their account information is electronically transferred to the Exchange. Our State Based Exchange will help them to shop for an affordable health plan including consideration to qualify for premium assistance or tax credits. We also determine eligibility for Medicare Savings Programs for those individuals who are no longer eligible for Medicaid and do not qualify for an Exchange health plan.

NJ refers members who may lose Medicaid and SSI eligibility to our county Aging and Disability Resource Centers/Area Offices on Aging. These county resources screen NJ residents for the many additional state and county programs available to help older adults and people with disabilities. These offices also assist in helping individuals apply for Medicaid in the first place, if appropriate.

5. **Select which strategies the state currently utilizes or is planning to adopt to ensure the fair hearing process is timely and accessible for any beneficiaries who lose coverage due to redeterminations triggered by the end of the continuous enrollment period.**

- Expand informal resolution processes (e.g., informal troubleshooting, administrative review, or alternative resolution processes prior to a fair hearing)
- Already adopted
- Planning or considering to adopt
- Redeploy state resources (e.g., adjusting state or local agency staffing and use of contractors to support the fair hearing process, as permissible)
- Already adopted
- Planning or considering to adopt
- Streamline current fair hearing processes and operations (e.g., intake of fair hearing requests, scheduling)
- Already adopted
- Planning or considering to adopt
- Engage internal and external stakeholders to increase beneficiary understanding, resolve cases before they need an appeal, and reduce inappropriate denials that generate appeals
- Already adopted
- Planning or considering to adopt
- Other adopted strategies

*Please specify:*

Asked for and received an e(14) waiver to extend fair hearing timeframes

- Other strategies under consideration or planned

**PRA Disclosure Statement** The Centers for Medicare & Medicaid Services (CMS) is collecting this mandatory report under the authority in sections 1902(a)(4)(A), 1902(a)(6) and 1902(a)(75) of the Social Security Act and at 42 C.F.R. § 431.16 to ensure proper and efficient administration of the Medicaid program and section 2101(a) of the Act to promote the administration of the Children’s Health Insurance Program (CHIP) in an effective and efficient manner. This reported information will be used to assess the state’s plans for processing renewals and mitigating against inappropriate beneficiary coverage losses when states begin restoring routine Medicaid and CHIP operations after the COVID-19 public health emergency ends. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #66). The time required to complete this information collection is estimated to average 8 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.
