

DMHAS Mission

DMHAS, in partnership with consumers, family members, providers and other stakeholders, promotes wellness and recovery for individuals managing a mental illness, substance use disorder or co-occurring disorder through a continuum of prevention, early intervention, treatment and recovery services delivered by a culturally competent and well trained workforce.

DMHAS Vision

- DMHAS envisions an integrated mental health and substance use service system that provides a continuum of prevention, treatment and recovery supports to residents of New Jersey who have, or are at risk of, mental health, addictions or co-occurring disorders.
- At any point of entry the service system will access to appropriate and effective person-centered, culturally-competent services delivered by a welcoming and well trained work force.
- Consumers will be given the tools to achieve wellness and recovery, a sense of personal responsibility and a meaningful role in the community.
