Celebrate by serving Jersey fresh APPLES in your FFVP program!

## FRUIT \& VEGETABLE IDEAS Classroom Link...

Quick Steps to increasing your students' knowledge of Apples... Items in bold are enclosed.
$\checkmark$ Review "Fact Sheet" and "Fun Facts" (Students make announcements on FFVP snack days)
$\checkmark$ Have students color "Anthony Apple"
$\checkmark$ Have students complete "Apple Trivia"
$\checkmark$ Have students search for the words in "Applerrific"
$\checkmark$ Taste different varieties of Jersey apples
$\checkmark$ Conduct a contest --- Let students vote for their favorite variety of apples (Incorporate into a math lesson \& let students tally, do graphs...)
$\checkmark$ Feature a "Wear your Favorite Apple Color Day" --- red, green, yellow/golden (Students wear their favorite apple color on that day)
$\checkmark$ Have students research different kinds of apples --- Fuji, Gala, Winesap...
(Select students to make announcements, classroom presentations...)
$\checkmark$ Incorporate apple info. into a health project (nutritional benefits of eating apples), language arts class (Write about the appearance \& taste of apples) ...
$\checkmark$ Invite a farmer to your school to discuss how apples are grown
$\checkmark$ Take students on a trip to a farm to see how apples are harvested

## Home Link...

Quick Steps to more fruits and vegetables at home ... Items in bold are enclosed.
$\checkmark$ Kids' Kitchen Recipes --- Remind parents/guardians to try recipes with their children! Encourage making Apple Rings as a family activity!
$\checkmark$ Recipes for Home --- Try new Apple Sandoodle recipe at home!

Apples

Fact Sheet

## Where did they come from?

Apples have been grown for over 5,000 years. Apples can be traced back to the Romans and Egyptians who introduced this fruit to the British. Early Americans brought seeds from Europe and planted the first apple trees in Massachusetts and Virginia. Johnny Chapman, more commonly known as "Johnny Appleseed", planted apple seeds wherever he traveled in the United States. Currently, at least $50 \%$ of apples grown in the United States are fresh, while the other $50 \%$ are used for juices, applesauce, jellies or dehydrated apple products. Today, Americans eat over 120 fresh apples each, per year!

## Where do they grow?

Apples are grown throughout the United States, but Washington State produces the most apples each year. This state produces more than half of the fresh apples grown in the country. They sell their apples to all 50 states and over 40 countries. Other states, which are top producers of apples, include New York, New Jersey, California, Michigan, Pennsylvania and Virginia. New Jersey's leading counties that produce apples are Gloucester, Camden, Cumberland and Warren. Imported apples are grown in Canada and New Zealand. Most apple varieties are available all year round, but some varieties are only available a few months of the year.

## How do they grow?

Commercial apples are not grown from seeds but through grafting or budding to produce trees that will bear fruit. Apple trees require fertile soil, adequate amounts of water, and grow best where the climate is hot during the day and cool at night. Once the apple tree is planted, it takes about 2-3 years for the tree to produce fruit. The apple tree will grow buds or short shoots which bloom into apple blossoms and form the fruit. When the fruit is mature and ripe, the apples are hand-picked.

## Are they healthy?

Good source of fiber, potassium and vitamin C
NIVy Contains no fat, cholesterol or sodium

## How do you pick a good one?

Nm Choose apples that are firm
Ny Select ones with a shiny skin, not dull
$\sqrt[3 n]{ }$ Avoid those with soft spots, bruises, punctures or discoloration

# © FUN FACTS! © Apples 

## Did you know...

() Did you know one apple has 5 grams of fiber, which provides $\mathbf{2 0 \%}$ of the daily fiber recommendation?
() Did you know that apples are in the rose family?
() Did you know that in one year, an apple tree produces enough apples to fill 20 each, 42 pound cases, of apples?
(One tree produces 840 lbs . of apples per year!)
() Did you know there are many different varieties of apples? (Braeburn, Golden \& Red Delicious, Fuji, Gala, Jonagold, Rome Beauty, Granny Smith, Winesap, McIntosh, Pink Lady, Cameo, York, Ginger Gold, Jonathan...)
() Did you know apples float because $\mathbf{2 5 \%}$ of their volume is air?
() Did you know there are over 7,000 varieties of apples grown throughout the world?Did you know New Jersey's first apple seed was planted in 1639?Did you know apples can be red, green or even yellow in color?
() Did you know Granny Smith apples are bright green and are delicious, either cooked or eaten raw?
(If you like tart, crispy foods --- than this apple is for you!)
(). Did you know that you could reduce the fat and calories in baked goods by substituting applesauce for shortening or oil? (Substitute the same amount of applesauce for the shortening or oil; for example, use a $1 / 2$ cup applesauce instead of a $1 / 2$ cup of oil. Try replacing only half the amount of shortening or oil in the recipe first, to see how it turns out!)
() Did you know you could prevent cut, fresh apples from turning brown by dipping them in a solution of lemon, orange or pineapple juice and water? (Use 1 part juice to 3 parts water as a dipping mixture.)

## Remember ...

Eat more fruits and vegetables everyday!

## Types of New Jersey Apples

Of the over 30 different apple varieties grown in New Jersey, the Winesap is the oldest, dating back to the late 1700s. Other popular varieties grown in New Jersey include Red and Golden Delicious, McIntosh, and Granny Smith. But to give consumers a larger assortment of this popular fruit, researchers are always testing for new varieties.

1- How many different apple varieties are there?
__ 15 $\qquad$ 400 $\qquad$
2- Apples are harvested by?
$\qquad$ Horse $\qquad$ Tractors $\qquad$ People
Helicopters

3- When are apples harvested?
$\qquad$ Winter $\qquad$ Spring
Summer

4- How many seeds are in an average apple?
$\qquad$ 5 _ 1 $\square$ 3 $\square$ 16

5- How many grams of fiber are in an apple?
$\square$ 1 $\qquad$ 3 $\qquad$ 5

6- Which state grows the most apples in the U.S.?
$\qquad$ Michigan $\qquad$ Washington $\qquad$ Alaska

7- How many fresh apples, on an average, does an American eat in one year?
$\qquad$ 5 50 35 $\qquad$
8- What is the most popular apple variety in the United States?
Golden Delicious
$\qquad$ Granny Smith $\qquad$ FujiRed

## APPLE TRIVIA ANSWERS $\$$

1-How many different apple varieties are there? _X 7,500
Only a handful are available in your supermarket!
2-Apples are harvested by? _X_ People
In Washington State, workers harvest over 3 billion apples by hand each fall.
3-When are apples harvested? $\qquad$ Fall

Apples are picked between August and early November. Advanced storage technology keeps them fresh year-round!

4-How many seeds are in an average apple? X 5
Apples contain 5 seed pockets. Usually, each pocket contains a seed.
5-How many grams of fiber are in an apple? X 5
A medium apple contains 5 grams, 20\% of the recommended daily allowance.
6-Which state grows the most apples in the U.S.?

## X Washington

This state produces 6 of every 10 apples consumed in the U.S.
7-How many fresh apples, on an average, does an American eat in one year? $X 120$

8-What is the most popular apple variety in the United States?
X_ Red Delicious

APPLERRIFIC

Can you find the words hidden in the apple?

1. BEE
2. CIDER
3. CRISP
4. CRUNCHY
5. FARMER
6. HARVEST
7. HEALTHY
8. JUICY
9. ORCHARD
10. POLLINATION
11. SWEET
12. TART
13. TRACTOR
-Use these words to write a story about apples.

## How to Cut and Slice Apples:

1-Rinse under cold running water, but do not peel
2-Secure the apple on a cutting board
3-Cut in half
4-Slice away core and seeds
5-Place apple flat side (flesh or white part) down on cutting board
6-Cut fruit into desired thickness
7-Protect cut apples from turning brown by dipping them in a mixture of one part citrus (orange or lemon juice) and three parts water

## Fun Ways to Eat:

$\sqrt[3]{5} /$ Munch on raw wedges with dip
sm Chop and add to cereal
NIn Bake in cobblers, crisps, pies, cakes and breads
$\sqrt{n} y$ Add to tossed salad for crunch
Nry Add to fruit salads
$\sqrt{s n y}$ Bite into a crunchy fresh whole apple; Try a new variety each week

## Fun Kids' Recipes:

(Note to Parents/Guardians: All recipe preparation should be supervised by an adult. Safety in the kitchen is very important!)

The following recipes are attached and include apples as an ingredient:
sing Sandoodles
(If allergic to peanut butter --- substitute low fat cream cheese, sunflower butter or almond butter for peanut butter)
sm Apple Crumb
$\sqrt{n} / 3$ Apple Rings
