IN RE: May 17, 2010 Determination Concerning Milk Pricing by Director, Division of Marketing and Development, New Jersey Department of Agriculture

An extension of time was requested by staff in which to provide a proposal directed to be drafted in reliance upon the facts obtained through the hearing, to address the financial position of dairy producers within the milk marketing chain, which includes procurement, processing, dealers and retailers. This proposal was to be crafted for review by all interested parties by late June 2010 with the intention for it to be the subject of a hearing the week of July 19, 2010.

This matter having been duly presented on June 28, 2010 and no opposition having been received, and for good cause shown, the staff request for an extension of time to July 21, 2010 in which to submit a staff drafted proposal is granted.

The proposal will be made available for review by all interested parties on July 22, 2010. In view of this extension, at this time no date has been identified for a possible hearing. Public notice will be provided of any further action.
