SIMULTANEOUS RING VIRTUAL DIRECTORY NUMBER)	DOCKET NO. TT06060462

(SERVICE LIST ATTACHED)

BY THE BOARD:

On June 14, 2006 Warwick Valley Telephone Company ("Petitioner") filed a petition with the Board of Public Utilities ("Board") to introduce Call Waiting Conferencing, Dual Line Call Management, Simultaneous Ring and Simultaneous Ring Virtual Directory Number.

Call Waiting Conferencing provides a Call Waiting customer conference functionality so a Call Waiting customer can easily add a new calling party to an existing two-party call by flashing the switchhook and pressing a predefined digit within a specified time frame.

Dual Line Call Management provides a subscriber with two telephone lines the ability to answer calls to the second line from any phone line without two-line phones or special wiring. Incoming calls can be placed on hold and retrieved from any phone within the premises. Distinctive ringing differentiates the two lines.

Simultaneous Ring enables up to five directory numbers to ring simultaneously when there is a call to the primary phone line. Whichever directory number goes off-hook first receives the call which was placed to the primary phone number. The subscriber activates and deactivates the service by dialing a special access code and has ability to manage the ring-list procedures for the five directory numbers. Subscribers must also subscribe to Simultaneous Ring Virtual Directory Number.

Simultaneous Ring Virtual Directory Number enables the subscriber to be assigned a Virtual Directory Number. This provides the information as to which number or numbers are to ring simultaneously and eliminates the expense of provisioning and maintaining a hard-wired phone line solely for the purpose of providing Simultaneous Ring. Subscribers must also subscribe to the above mentioned Simultaneous Ring service.

The prices shown below, as set by Petitioner, are in excess of resource costs and cover common costs.

	Monthly Rate	
	Business	Residence
Call Waiting Conferencing	\$1.00	\$.50
Dual Line Call Management	\$2.50	\$2.00
Simultaneous Ring	\$2.50	\$2.00
Simultaneous Ring Virtual Directory Number(per number)	\$1.00	\$.50

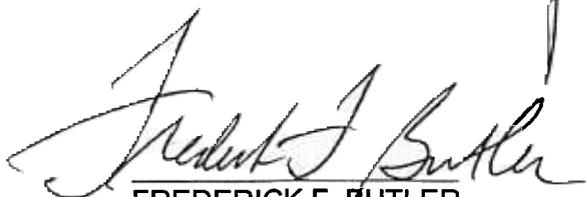

The Board, having reviewed the terms and conditions of service, FINDS that the petition would increase the diversity of services available to Warwick's customers and is in keeping with Warwick's responsibility to continue to provide safe, adequate and proper service at just and reasonable rates. For this reason, the Board APPROVES this petition.
