(SERVICE LIST ATTACHED)

BY THE BOARD:

On November 1, 2006, Cablevision Systems Corp. (Cablevision) filed five (5) Federal Communications Commission (FCC) Forms 1240 and an aggregated Form 1205 with the Board of Public Utilities (Board) for the purpose of adjusting maximum permitted rates (MPRs) for basic cable service and regulated equipment and installation costs. The Board is the local franchising authority in New Jersey and is certified to regulate basic service rates and associated equipment and installation charges. Cable operators who choose the Form 1240 methodology may adjust their rates for basic cable service once per year to reflect quantified changes in external costs, for inflation and the number of regulated channels that are projected for the 12 months following the rate change. FCC Form 1205 is the form used by cable operators to update their regulated rates for equipment, such as converters and remotes, and customer installations.

On December 20, 2006, the above filings were transmitted to the Office of Administrative Law (OAL) for determination and initial disposition. On February 2, 2007, a telephone pre-hearing conference was held by Administrative Law Judge Richard McGill (ALJ McGill) with Cablevision, the Division of Rate Counsel (Rate Counsel) and the Board's Staff (collectively, the Parties). The preliminary hearings for these filings were initially set for June 26, 27 and July 11, 2007. Cablevision notified its customers of rate changes on May 4, 5, 17 and June 11, 2007 by way of newspaper announcements informing them of their opportunity to submit written comments to ALJ McGill, within thirty (30) days of the publication dates. No comments were received by the ALJ.

After extensive discovery, the parties began settlement negotiations and reached preliminary settlement on June 15, 2007. ALJ McGill subsequently adjourned the scheduled hearings. On September 24, 2007, after further settlement discussions, the Parties reached final agreement and executed a Stipulation of Settlement (Stipulation), memorializing the agreement. In conjunction with this agreement, Cablevision provided a sample "rate card" and "customer bill" that display the settlement's proposed rate and rate related changes. These are reflected in the attached examples.

On October 3, 2007, ALJ McGill filed his Initial Decision (ID) with the Board, which recommended that the Stipulation be approved. ALJ McGill found that the parties have voluntarily agreed to the settlement and that the settlement is consistent with the law and fully disposes of all issues in controversy. The ALJ therefore concluded that the Stipulation met the requirements of N.J.A.C. 1:1-19.1.

The Board has reviewed the Stipulation and ID and HEREBY FINDS them to be reasonable, in the public interest and in accordance with the law. Therefore, the Board HEREBY ADOPTS the Stipulation of Settlement and ID (attached hereto) in their entirety as its own, incorporating by reference the terms and conditions therein as if fully set forth at length herein.

The Board, also HEREBY ORDERS that Cablevision shall issue any refunds due its subscribers pursuant to the Stipulation within sixty (60) days of the date of this Order, or thirty (30) days after approval of the refund liability statement described below, whichever is later, and that Cablevision shall inform subscribers of the reason for the refunds. Said refunds shall be denominated as "BPU Refund" on subscribers' bills.

Specifically, the Board HEREBY ORDERS that Cablevision shall submit a certified refund liability statement to the Office of Cable Television, verified by an authorized officer of the corporation, within thirty (30) days of the date of this Order which shall at a minimum include, but not be limited to, the following items for all Cablevision systems: (a) the number of installations and equipment charges by type performed subsequent to the effective date of each system as noted in Schedule 2 of the Stipulation (Schedule 2); (b) the amount charged for such installations and equipment that exceeded the settlement rates specified in Schedule 2; (c) the number of subscribers of record as of the effective date of the implementation of the refund who had been charged an installation or equipment rate in excess of the settlement rates, as specified in Schedule 2, subsequent to the individual system's effective date; (d) a calculation of interest (compounded daily) using the applicable FCC published rate of interest from the date of the charge through the date of refund; (e) the total refund amount both with and without interest; and (f) the per-subscriber refund amount, if applicable.

The Board FURTHER ORDERS that within ten (10) days of effectuating the entire refund to its subscribers described above, Cablevision shall certify in writing to the Office of Cable Television that the refunds have been completed and provide a final accounting by system of all such refunds by docket.

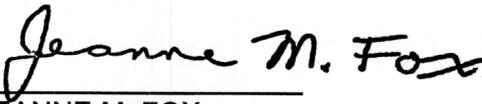

The Board FURTHER ORDERS that, subject to the ongoing review before the Federal Communications Commission, should these cable systems, or any parts thereof, merge and/or migrate to another system, be upgraded and/or rebuilt, their ownership or control be otherwise sold or transferred to another entity, the basic service tier rate that will be eliminated or superseded as a result of the merger, migration, upgrade, rebuild, sale or transfer must be "true-up" [47 C.F.R. § 76.922 (e) (3)]. The final true-up for the affected systems, or any parts thereof, should be calculated on FCC Form 1240 and begin where the last true-up period ended on its prior FCC Form 1240. This true-up calculation shall be filed with the Board when all the affected subscribers are being charged the rate resulting from the merger, migration, upgrade, rebuild, sale or transfer and may be filed in conjunction with the annual rate adjustment cycle (Form 1240) established as a result of the merger, migration, upgrade, rebuild, sale or transfer.

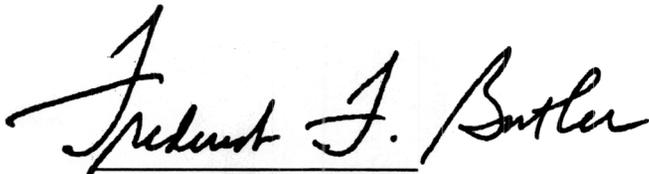

The cable systems, or any parts thereof, may be subsequently deregulated as a result of a finding by the Board, the FCC or other party of competent jurisdiction that these systems or any portions thereof, are subject to effective competition. Should that occur, the last basic service rate established as a result of a prior FCC Form 1240, or such subsequent rate calculation method as may be adopted by the Board, the FCC or any other party of competent jurisdiction prior to the deregulation of any rate that is now or may in the future be subject to the Board's

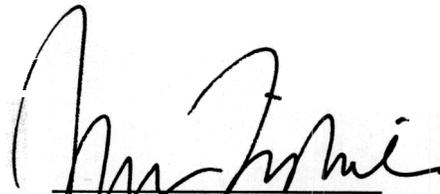

jurisdiction, must be trued-up for the period of time that the affected rates were subject to regulation by the Board. The Board notes that in Docket No. DA 07-2797, dated June 26, 2007, the FCC granted Cablevision's petition for effective competition in the Elizabeth, Montvale and West Milford franchise areas and they are no longer subject to basic service rate regulation by the Board as the certified Local Franchising Authority.

Record Closed: September 28, 2007

Decided: October 1, 2007

BEFORE RICHARD McGILL, ALJ:

This matter involves filings by Cablevision of FCC Form 1240 for rate revisions related to basic cable television service in five rate districts and an aggregate FCC Form 1205 requesting approval of changes in rates for regulated equipment and installation. After transmittal to the Office of Administrative Law, the six filings were consolidated without objection.

Prior to hearing, the parties agreed to the amicable resolution of the matter and submitted a written Stipulation of Settlement. Having reviewed the record and the settlement terms, I **FIND** as follows:

- 1 The parties have voluntarily agreed to the settlement as evidenced by their signatures or the signatures of their representatives.
2. The settlement fully disposes of all issues in controversy and is consistent with the law.

OAL DKT. NOS. CTV 1121-07, CTV 1122-07, CTV 1123-07,
CTV 1224-07, CTV 1225-07 and CTV 1226-07

Therefore, I **CONCLUDE** that the agreement meets the requirements of N.J.A.C. 1:1-19.1 and that the settlement should be approved. Accordingly, it is **ORDERED** that the parties comply with the terms of the settlement, and it is **FURTHER ORDERED** that the proceedings in this matter be concluded.

hereby **FILE** my initial decision with the **BOARD OF PUBLIC UTILITIES** for consideration.

This recommended decision may be adopted, modified or rejected by the **BOARD OF PUBLIC UTILITIES**, which by law is authorized to make a final decision in this matter. If the Board of Public Utilities does not adopt, modify or reject this decision within forty-five (45) days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

STIPULATION OF SETTLEMENT

Appearances:

Anne Milgram, Attorney General of New Jersey by Arlene E. Pasko, Deputy Attorney General, on behalf of the Staff of the Board of Public Utilities.

Kimberly Holmes, Acting Director, New Jersey Division of Rate Counsel, by Jose Rivera-Benitez, Esq., Assistant Deputy Public Advocate, NJ Division of Rate Counsel on behalf of the Division of Rate Counsel.

Schenck, Price, Smith & King, LLP by Sidney A. Sayovitz, Esq.; Mintz, Levin, Cohn, Ferris, Glovsky and Popeo by Christopher Harvie, Esq., attorneys for Cablevision Systems Corporation (hereinafter "Cablevision").

INTRODUCTION

WHEREAS, the Cable Television Consumer Protection and Competition Act of 1992 Pub. L. No. 102-385, 106 Stat. 1460 (1992) codified at 47 U.S.C. § 543 et seq., (the "Federal Act"), classified the delivery of cable television services into two separate rate regulable categories: (i) "basic service" (consisting primarily of "off-the-air" and public, educational and governmental channels) and associated equipment and installation and (ii) cable programming services ("CPS") (consisting of certain other packages of television channels) and associated equipment;

WHEREAS, under the Federal Act, basic service is regulated by the "local franchising authority," and, until March 31, 1999 CPS was regulated by the Federal Communications Commission ("FCC") upon the filing of a complaint from the local franchising authority to the FCC with regard to a CPS tier rate;

WHEREAS, under the provisions of the New Jersey Cable Television Act ("New Jersey Act"), N.J.S.A. 48:5A-1 et seq., the franchising authority is the Board of Public Utilities ("BPU" or "Board");

WHEREAS, the Federal Act required the FCC to issue regulations governing the standards to be used by franchising authorities in regulating basic service rates;

WHEREAS, under FCC rules, 47 C.F.R. § 76.900 et. seq., a cable operator may adjust its basic service tier rates under the annual rate adjustment system pursuant to the regulations adopted September 15, 1995 (47 C.F.R. § 76.922) by filing with the franchising authority an FCC Form 1240, which computes the maximum permitted rate ("MPR") for the regulated basic service tier;

WHEREAS, under FCC rules, 47 C.F.R. § 76.900 et. seq., a cable operator may adjust its equipment and installation charges annually by filing with the local franchising authority a FCC Form 1205;

WHEREAS, on November 1, 2006 Cablevision filed FCC Forms 1240 with the Board on behalf of its Mahwah, West Milford, Elizabeth, Montvale and Raritan Valley systems serving subscribers within the municipalities listed in Schedule 1 ("Rate Districts") requesting inflation, external cost and channel change adjustments by these cable systems in their respective MPRs for the rate cycle of February 1, 2007 to January 31, 2008 ("2007 Form 1240 Rate Filings"), exclusive of franchise fees, which were assigned BPU Docket Nos., CR06110778, CR06110780, CR06110781, CR06110779 and CR06110784;

WHEREAS, on November 1, 2006 Cablevision filed an aggregate FCC Form 1205 with the Board on behalf of its Newark, Bayonne, Bergen, Hudson, Monmouth, Oakland, Paterson, Warwick, Raritan Valley, Morris, Rockland, Ramapo, Elizabeth and

Hamilton systems requesting approval of changes in the regulated equipment and installation rates charged by these systems, BPU Docket No. CR06110785;

WHEREAS, on December 20, 2006 the above rate filings were transmitted to the Office of Administrative Law (“OAL”) for initial disposition;

WHEREAS, on February, 1, 2007 Cablevision implemented the revised basic service, equipment and installation rates proposed in the 2007 Forms 1240 and Form 1205 Rate Filings;

WHEREAS, on February 2, 2007 pursuant to N.J.A.C. 1:1-13.1, a pre-hearing conference was held in this matter before Richard McGill, Administrative Law Judge (“ALJ”) at which the ALJ set forth, among other things, the issues to be decided and dates for plenary hearings of June 26, 27 and July 11, 2007;

WHEREAS, on April 12, 2007 Judge McGill issues an order providing for the confidential treatment of certain discovery responses provided by Cablevision to the Staff of the Board (“Staff”), and the Rate Counsel (collectively the “Parties”);

WHEREAS, the Parties engaged in discovery with regard to these matters; and

WHEREAS, Board Staff, the Rate Counsel and Cablevision have engaged in settlement discussions and in advance of scheduled evidentiary hearings, have reached agreement on the disposition of this matter.

NOW THEREFORE, the Parties hereby STIPULATE and agree to the following for consideration by the Board:

1. Cablevision notified its customers on May 4, 5, 17 and June 11, 2007 of the proposed Rate adjustments via newspaper announcements and has informed them of their opportunity to submit written comments for a period of thirty (30) days.
2. The effective date for the changes in the Form 1240 MPRs for limited basic service due to inflation, external costs and channel change adjustments under BPU Docket Nos. CR06110778, CR06110780, CR06110781, CR06110779 and CR06110784 and in the Operator Selected Rates (“OSRs”) is February 1, 2007.
3. The rate cycle established in the Rate Districts under BPU Docket Nos. CR06110778, CR06110780, CR06110781, CR06110779 and CR06110784 and CR06110785 is February 1, 2007 to January 31, 2008.
4. The monthly limited basic service Form 1240 MPRs for the Rate Districts effective February 1, 2007 shall be the rates set forth in Schedule 1 (the “Stipulated MPRs”), exclusive of franchise, FCC

regulatory and State assessment fees. Subject to applicable law, said MPRs shall remain in effect at least through January 31, 2008. The Stipulated MPRs are hereby deemed not unreasonable under the Federal Act and the regulations adopted by the FCC pursuant thereto.

5. The next FCC Form 1240 rate filing required to be filed by Cablevision in any Rate District shall reflect that the MPR to be set forth on line A1 shall be the appropriate Stipulated MPR and the applicable segments from Module I of the November 1, 2006 filings in these matters shall be brought forward to Module D of next year's respective filings.
6. The OSRs effective February 1, 2007 for the same rate cycle of February 1, 2007 to January 31, 2008 will be as set forth in Schedule 1 hereto, and, subject to applicable law, will remain unchanged through January 31, 2008; provided, however, that during this period, if Cablevision chooses to decrease the OSRs further with proper notice to subscribers and the Board, this decrease will not affect the established rate cycle
7. Cablevision shall reduce the Form 1240 Basic Service MPR/OSR rates pursuant to Schedule 1 no later than sixty (60) days after the Board adopts the Stipulation.
8. The OSRs currently being charged by Cablevision with respect to the Rate Districts are as set forth in Schedule 1. Except for the OSRs that shall be reduced in accordance with paragraph 7 and Schedule 1, said OSRs shall remain unchanged at least through January 31, 2008 subject to Cablevision's ability to reduce said OSRs further.
9. For each New Jersey System, the listed OSRs for equipment and installations on Schedule 2 shall be in effect for the period February 1, 2007 through July 31, 2007. The equipment and installation OSRs shall continue to be applied, however, the OSRs will be subject to the "BPU Credits" described in Schedule 2 and below in Paragraph 10 and shall remain in effect for the period of August 1, 2007 through January 31, 2008.
10. Cablevision will, beginning not later than sixty (60) days after BPU adoption of this Stipulation, apply the BPU Credits shown on Schedule 2 to the applicable one-time installation rate items listed on Schedule 2. The BPU Credits shall apply to the applicable installation rate items charged by each Cablevision New Jersey system until January 31, 2008. Cablevision will issue refunds, plus interest, using the IRS rates for over- and underpayments utilized by the FCC, compounded daily through the date of distribution, dating back to August 1, 2007 to such

customers who did not receive the Net Settlement Rates for the applicable one-time installation rate items listed on Schedule 2 during the period from August 1, 2007 to the actual date in which Cablevision begins to apply the Net Settlement Rates. Said refund shall be denominated "BPU Refund" and shall be distributed among all such current subscribers as soon as reasonably practicable but not later than sixty (60) days after BPU adoption of this Stipulation.

11. During the period August 1, 2007 through January 31, 2008 Cablevision will not assess a downgrade charge on subscribers who downgrade their service and opt to return their converter to a customer walk-in center or Cablevision office or otherwise return their converter without a truck roll.
12. This Stipulation of Settlement is subject to the approval of the Board. If this Stipulation of Settlement is approved by the Board, but the Board later finds that the Stipulated MPRs, in whole or in part, have not been implemented in accordance with the terms set forth herein or in accordance with applicable law, then the Board may order implementation of the Stipulated MPRs in accordance with such terms. Any such revenues collected that are not implemented in accordance with the terms set forth herein or in accordance with applicable law shall be subject to refund, pursuant to rules and regulations of the FCC as well as those of the Board.
13. This stipulation of settlement resolves all issues raised by Cablevision's 2007 Form 1240 Rate Filings in BPU Docket Nos. CR06110778, CR06110780, CR06110781, CR06110779 and CR06110784 and with the FCC Form 1205 filing in Docket No. CR06110785.
14. The signatories agree that, except as otherwise expressly provided herein, this Stipulation has been made exclusively for the purpose of this proceeding and that the stipulations contained herein, in total or by specific items, are in no way binding upon the parties in this proceeding if this Stipulation of Settlement is not approved by the BPU, in other proceedings before the Board, or in other forums or jurisdictions, and should not be construed as a waiver of any rights under law held by any party; nor are the contents of this Stipulation, in total or by specific items, by inference, inclusion, or deletion, in any way to be considered or used by another party as any indication of the position of any party hereto on any issue litigated or to be litigated in other proceedings. All signatories acknowledge that the terms of this Stipulation of Settlement shall not be deemed to be effective until approved in its entirety by the BPU.

15. This Stipulation contains terms, each of which is interdependent with the others and essential in its own right to the signing of this Stipulation. Each term is vital to the agreement as a whole, since the parties expressly and jointly state that they would not have signed the agreement had any term been modified in any way. Each party is entitled to certain procedures in the event that any material modification is made to the terms of this Stipulation. Each signatory party must be given the right to be placed in the position it was before the stipulation was entered. Therefore, if any modification is made by any of the parties, the BPU, any government agency, or court of competent jurisdiction to any of the terms of this Stipulation, it is essential that each party be given the option, before the implementation of any new rate resulting from this action, either to modify its own position to accept the proposed changes, or to resume the proceeding as if no agreement had been reached.

The parties believe these provisions are fair to all concerned and therefore, they are made an integral and essential element of this stipulation. This being the case, all parties expressly agree to support the right of any other party to this Stipulation to enforce all terms and procedures detailed herein.
