(SERVICE LIST ATTACHED)

BY THE BOARD:

On March 19, 2001, United Telephone Company of New Jersey, Inc. (Petitioner or UNJ) filed a petition with the Board of Public Utilities (Board) to add Utilization Reports as an enhancement to Frame Relay service.

The proposed utilization reports feature is a response to customer requests for a service option that can provide traffic utilization reports. Knowledge of current traffic utilization enhances the customer's ability to decide when and if to make changes to their service.

Customer rates will not be affected by the addition of the Utilization Reports feature. Petitioner's proposal will add a service that will assist customers in managing their Frame Relay Service.

The Board therefore FINDS that Petitioner's request should be granted and HEREBY APPROVES Petitioner's request.
