RE: Board Staff's Utility Consolidated Billing / Purchase of Receivables Proposal

Dear Secretary Izzo:

In connection with the subject matter before the Board, North American Power ("NAP") submits this letter in support and agreement with the comments submitted by National Energy Marketers ("NEM") and Retail Energy Supply Association ("RESA") in the above captioned proceeding.

NAP believes that New Jersey electric and gas customers would be best served if Board Staff were to recommend that the Board propose a rule establishing a Non-Recourse POR Program as detailed in NEM's and RESA's Petition for Rulemaking. In order to promptly resolve this matter while providing some benefits of competition to customers and TPSs alike, NAP supports the proposal as a significant improvement over the current Utility Consolidated Program / Purchase of Receivables.

Please do not hesitate to contact me should you have any questions or concerns.

Very truly yours,

Michael D'Angelo
