

## CONCLUSION

*N.J.A.C.* 4A:4-2.3(b)2 requires applicants to possess all the requirements specified in an announcement for an open competitive examination by the closing date. *N.J.A.C.* 4A:4-2.1(f) provides that an applicant may amend a previously submitted application only prior to the announced closing date. *N.J.A.C.* 4A:1-1.2(c) provides that a rule may be relaxed for good cause in a particular circumstance in order to effectuate the purposes of Title 11A, New Jersey Statutes.

Initially, Agency Services correctly determined that the appellant was not eligible for the subject examination as he did not list any experience on his application prior to March 2018. On appeal, the appointing authority confirms that the appellant performed the required duties starting in May 2014 while serving as a Laborer 1. Therefore, the appellant demonstrated that he possessed the required experience by the March 7, 2019 closing date. However, the importance of submitting a properly completed application that includes all of the necessary information cannot be overstated, since a complete application provides the only reliable barometer by which Agency Services can make the initial determination whether to admit or reject an applicant. Agency Services has no other tool to rely on in order to make this important initial assessment in an expeditious, fair and efficient manner.

Although *N.J.A.C.* 4A:4-2.1(f) proscribes the amendment of an application after the closing date set in the announcement, the circumstances present in this matter provide good cause to permit the appellant to amend his application. Specifically, the examination was cancelled due to a lack of qualified candidates. Further, the Civil Service Commission (Commission) notes that the dual purpose of the Civil Service system is to ensure efficient public service for State and local governments and to provide appointment and advancement opportunities to Civil Service employees based on their merit and abilities. These interests are best served when more, rather than fewer, individuals are presented with employment opportunities. See *Communications Workers of America v. New Jersey Department of Personnel*, 154 N.J. 121 (1998). In this regard, the Commission finds that the appellant has demonstrated that he has the required experience for Water Repairer 2 by the closing date, which, based on the circumstances presented, warrants his admission to the subject examination. Accordingly, good cause is established to relax the provisions of *N.J.A.C.* 4A:4-2.1(f) and admit the appellant.

The Commission cautions the appellant that, in the future, he should ensure that any applications are fully and completely filled out as his failure to do so will be cause for rejection from the selection process. Finally, this determination is limited to the instant matter and does not provide precedent in any other matter.

**ORDER**

Therefore, it is ordered that the appeal be granted, the cancellation of the examination be rescinded and the appellant's application be processed for prospective employment opportunities only.

This is the final administrative determination in this matter. Any further review should be pursued in a judicial forum.
