DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Division of State and Local Operations requests that the Site Remediation variant titles within the Environmental Specialist title series be consolidated into the base titles. The Site Remediation variants are currently assigned to Department of Environmental Protection (DEP). DEP is undergoing a transformation process and this consolidation will provide the agency with some of the flexibility needed to more effectively meet its responsibilities while also providing employees with enhanced career opportunities.

The title actions will be processed as lateral employee movements; appointment type to appointment type, with retention of existing status. There are no changes in class code or salary.

Upon successful completion of the consolidation process, the consolidated variant titles will be inactivated. Any existing eligibility lists for these variant titles shall be processed as follows:

- Promotional and open competitive lists issued from pending announcements for the variant title in which employees with provisional appointments are serving will be certified for one time use only in order to effect permanent appointment(s) and will be declared expired upon disposition of the certification.
- A complete list that has never been used and contains no employees with current provisional appointments for the title and unit scope specified shall be declared expired.
- A complete list which contains employees with current provisional appointments for the title and unit scope specified (with the exception of such employees currently on active military duty) will be processed for one time use and will be declared expired upon the disposition of the certification.
- An incomplete list containing no employees with current provisional appointments for the title and unit scope specified shall be declared expired.
- Any employee currently on active military duty will be afforded all applicable rights under Federal and State law upon their release from active duty and given the opportunity to apply and compete for any announcements for which they would otherwise have been eligible but for their military service.
- Eligibility lists for affected title and unit scopes which have expired will be revived as necessary to address unanticipated situations which may arise.
- An employee's prior held title rights will not be impacted by this action.

Collective negotiation representatives and impacted employees have been notified. Copies of these notices are attached.

LOCAL GOVERNMENT

The Division of State and Local Operations requests a new dual title to be created to address a classification need at the Vineland Municipal Electric Utility (VMEU).

The VMEU currently uses dual titles to perform radio dispatching and other needed functions at the facility. A thorough review of the classification and organizational structure of the VMEU indicates the request is warranted.

Concurrently, an unneeded local title will be inactivated. The VMEU is the only agency using the title to be inactivated, thus, there is no impact on other agencies.

CHEMIST TITLES TITLE CONSOLIDATION INITIATIVE

The Division of State and Local Operations requests the consolidation of various local government Chemist titles with similar functions.

Titles possessing similar duties, responsibilities and experience requirements were identified to determine the practicality and appropriateness of title consolidation. The result of this review indicates four (4) local titles will be consolidated and five (5) State Chemist titles should be made common for use by local government.

This consolidation will provide local jurisdictions with the flexibility needed to more efficiently meet their responsibilities, while also providing employees with enhanced career advancement opportunities.

The definitions, requirements, knowledge, skills and abilities sections of the State Chemist title specifications have been modified to accommodate the proposed title consolidation.

The title actions will be processed as lateral employee movements; appointment type to appointment type, with retention of existing status.

Upon successful completion of the consolidation process, the consolidated titles involved will be inactivated. Any existing eligibility lists for these titles shall be processed as follows:

- Promotional and open competitive lists issued from pending announcements for any affected title in which employees with provisional appointments are serving will be certified for one time use only in order to effect permanent appointment(s) and will be declared expired upon disposition of the certification.
- A complete list that has never been used and contains no employees with current provisional appointments for the title and unit scope specified shall be declared expired.

- A complete list which contains employees with current provisional appointments for the title and unit scope specified (with the exception of such employees currently on active military duty) will be processed for one time use and will be declared expired upon the disposition of the certification.

- B-6** The Division of State and Local Operations request consolidation of 14 local government titles and inactivation of one title within Occupational Group 18 (Occupations in Recreation).

MEMORANDUM

DATE: April 18, 2011
 TO: Civil Service Commission
 FROM: Kenneth Connolly, Director
 State and Local Operations
 SUBJECT: Change in the Classification Plan

LOCAL GOVERNMENT
TITLE CONSOLIDATION INITIATIVE

The Division of State and Local Operations requests the consolidation of various local government titles within Occupational Group 18 (Occupations in Recreation).

Titles possessing similar duties, responsibilities and experience requirements were identified to determine the practicality and appropriateness of title consolidation. The result of this review indicates fourteen (14) local titles may be consolidated.

The identified titles are all in some capacity involved in the operation of a recreational program designed to meet the needs of a community. The core function, providing recreational services, is consistent throughout the series regardless of the area of specialization. Thus, we request consolidation of the specialty areas into the corresponding generic base title at each level.

The definitions, requirements, knowledge, skills and abilities sections of the title specifications have been modified to accommodate the proposed title consolidation. As a result, the proposed title specifications are broader and more general, allowing for greater flexibility across jurisdictions.

The title actions will be processed as lateral employee movements; appointment type to appointment type, with retention of existing status.

Upon successful completion of the consolidation process, the consolidated titles involved will be inactivated. Any existing eligibility lists for these titles shall be processed as follows:

- Promotional and open competitive lists issued from pending announcements for any affected title in which employees with provisional appointments are serving will be certified for one time use only in order to effect permanent appointment(s) and will be declared expired upon disposition of the certification.

- A complete list that has never been used and contains no employees with current provisional appointments for the title and unit scope specified shall be declared expired.
- A complete list which contains employees with current provisional appointments for the title and unit scope specified (with the exception of such employees currently on active military duty) will be processed for one time use and will be declared expired upon the disposition of the certification.
- An incomplete list containing no employees with current provisional appointments for the title and unit scope specified shall be declared expired.
- Any employee currently on active military duty will be afforded all applicable rights under Federal and State law upon their release from active duty and given the opportunity to apply and compete for any announcements for which they would otherwise have been eligible but for their military service.
- Eligibility lists for affected titles and unit scopes which have expired will be revived as necessary to address unanticipated situations which may arise.

In addition, we request the inactivation of one (1) title. The title is presently unencumbered.

Local Appointing Authorities have been given the opportunity to review this proposal and all articulated issues have been reviewed and addressed.
