NEW JERSEY DEPARTMENT OF COMMUNITY AFFAIRS

Lead Hazard Reduction Program NOTICE OF FUNDING AVAILABILITY

NAME OF GRANT PROGRAM: Lead Hazard Reduction Program

PURPOSE OF PROGRAM: The New Jersey Department of Community Affairs (DCA) Division of Housing and Community Resources will be administering the Lead Hazard Reduction Program for the benefit of NJ residents primarily in the nine counties most impacted by Superstorm Sandy which are: Atlantic, Bergen, Cape May, Essex, Hudson, Monmouth, Middlesex, Ocean and Union for:

- 1) Lead assessment, lead hazard control and clearance to homes built prior to 1978 impacted by Superstorm Sandy.
- 2) Addressing other environmental hazards such as mold, as well as other ancillary costs to perform lead hazard reduction.

AVAILABLE FUNDING: \$4,750,000

MAXIMUM AMOUNT of AWARD: At this time, there is no cap on maximum award. State will ensure equity in amount of assistance across service areas.

ELIGIBLE APPLICANTS: Non-profit 501c (3) and units of local and county governments with experience in administering lead hazard control and/or weatherization assistance programs.

ELIGIBLE SERVICE AREAS: The nine counties most impacted by Superstorm Sandy which are: Atlantic, Bergen, Cape May, Essex, Hudson, Monmouth, Middlesex, Ocean and Union.

ELIGIBLE PROGRAM PARTICIPANTS: Low to moderate income homeowners of properties or owners of units available to low to moderate income tenants in 1-7 units.

PRIORITY CONSIDERATION: Priority will be given to damaged units, otherwise eligible with a notice of violation, referred by the New Jersey Department of Health.

ELIGIBLE HOUSING:

1. Pre-1978 housing containing lead-based paint where the painted surfaces were damaged by Superstorm Sandy or Properties identified to have lead based paint hazards created as a result of clean-up or repair activities associated with Superstorm Sandy;
2. Properties that are insured to cover loss or damage caused by fire and other hazards normally included under "extended coverage;"
3. Housing located in a federal or state designated flood hazard zone area must carry appropriated flood insurance;
4. Housing units that received Federal Assistance as a result of damage received in a previous disaster must have had continuous flood insurance coverage since the date of that assistance;
5. Properties must be current on real estate taxes, water and sewer;
6. Housing shall not be eligible for renovation funding through any other CDBG-DR Sandy Recovery Program;
7. Housing must be structurally sound, meaning that residential occupancy is permissible under State and Local building and property maintenance codes and an onsite inspection conducted by the Lead Hazard Reduction Program found no conditions which would preclude code-compliant occupancy following lead hazard control work. Lead hazard mitigation would NOT be funded on a home that is not currently habitable.

INELIGIBLE HOUSING COSTS AND OR PROGRAM PARTICIPANTS:

1. Housing which was substantially damaged and or located in a special flood hazard zone. These are properties identified by FEMA as substantially damaged.
2. Costs of repairs that were covered by other funding sources such as FEMA, SBA, homeowners insurance, etc.
3. Property owners who received any flood event related assistance from any federal source for any previous Presidentially declared disaster that did not purchase the required mandatory flood insurance pursuant to the National Flood Insurance Program regulation.

ELIGIBLE ACTIVITIES:

- Assessment of lead based paint hazards in pre 1978 one to seven residential units.
- Remediation or reduction of lead paint hazards in residential units
- DCA may elect to allow other moderate levels of repair to occur in combination with the lead paint, including addressing other environmental hazards such as mold, as well as other ancillary costs to performing the work.
