Construction Officials, Design Professionals and the General Public

The below link is being provided through a new National Fire Protection Association (NFPA) initiative to offer public access to NFPA codes and standards. After signing in and receiving a validation email, code users will be able to view the NFPA standards referenced in the International Codes Council codes adopted as part of the State's Uniform Construction Code.

Instructions:

1. Click on the link below or a link is also provided on the Division of Codes and Standards webpage at <http://www.nj.gov/dca/divisions/codes/codreg/>

http://www.nfpa.org/itemDetail.asp?categoryID=279&itemID=18123&order_src=C800
2. Click on **"View the list of NFPA's codes and standards"** under the title **"To review NFPA's codes and standards online:"**
3. Click on the NFPA code or standard you wish to view
4. Select the currently referenced edition by clicking on the drop down arrow next to the **"Edition to display"** at the top of the page.
5. Click on **"View the (edition you selected in step 4) edition online"** under the title **"View the document online (read only)"**. After agreeing to the terms, start viewing the document. If you are a first time user, you must enter your email address and a password before you can proceed. In some cases you may need to click on **"Create an account"** and follow the prompts.
6. NFPA will send you an email validation message from verify@nfpa.org. Please make sure that your email provider is not blocking this address as spam.
7. Once you receive the validation email, just click on **"click here"** to validate your email address and start using the free read only edition of this code or standard. If the standard does not open, have someone check your computer for the required program to read the document.

If you have any problems or questions about this service please call 609-984-7609 and someone can help.
