REGISTRATION INSTRUCTIONS

Telephone & Internet Registration

Registration into courses will be exclusively through the Web-based Course Registration Process. **Phone registration will not be accepted.** To register for courses using the Internet, go to the New Jersey State website, www.nj.gov and click away! For those of you who have previously created a myNewJersey account, simply log-in and enter yourself into the courses!

Registration Periods

The registration period begins on **March 8, 2017**, and continues through the semester. You may register for a maximum total of six (6) courses for the spring 2017 semester. In special cases you may register for additional classes over the maximum limit; however, registration will be permitted only on a space available basis and must be approved by the Division of Fire Safety staff at 609-777-3552. Credit will not be issued for repeat courses which have already been completed within your active certification cycle, with the exception of Code Update. The Division of Fire Safety reserves the right to limit the number of enrollments per person. Students registering within 72 hours of a class will be required to log into their myNewJersey account to confirm registration.

Withdraw From a Course - You must contact the Division of Fire Safety by phone to withdraw from a course. Withdrawals are not accepted via the internet. Please contact our office no later than 48 hours prior to the course date at 609-777-3552 between the hours of 9 a.m.- 3 p.m., Monday- Friday. Please provide the course name, date, location and your DFS six digit Fire Service Identification Number (1XXXXX) when withdrawing from a course. For your records, a withdraw notice will be automatically mailed to you. Failure to withdraw or receiving a no show on your record could result in the DFS revoking registration privileges for future classes. Please be courteous to other fire service members who are on course standby lists and have the opportunity to fill your seat in the event that you are unable to attend the class.

Course Confirmation Notice - If you do not receive a reminder within two days of the course date, please call the Division of Fire Safety to verify your registration at 609-777-3552. You may change and/or verify your address at any time on-line through your account personal information screen.

Multiple Dwelling Inspector Information - UCC Fire Inspectors/Officials who also hold a Multiple Dwelling Inspector license may use any ONE of the Code Enforcement courses per three year license cycle for renewal of a multiple dwelling license. Further information may be obtained by calling 609-984-7834. The following course codes qualify for Multiple Dwelling Inspector credit: CE153, CE501, CE537, CE755, CE765, C2T23.

*New Email Requirement

The Division of Fire Safety has modified its computer system to require that each person registering into a course must have a valid, permanent email address on the personal information page of their myNewJersey account. A permanent email address is one which will not be affected by a change in internet service provider, for example yahoo, gmail, aol or msn. Please check your personal information page to ensure a complete email address is displayed. For example johndoe@yahoo.com. Should you attempt to register without an email address on your record, the computer will present an error message which will instruct you to add an email address. **You will be prohibited from enrolling into the courses unless a complete, permanent email address is added to your record.** This new requirement is to ensure that the Division of Fire Safety has valid email addresses for each person registered. This will facilitate communicating to enrolled students should a course delivery be cancelled due to illness of the instructor or weather conditions. Please go to Registration Help and select Videos for a video on how to update your email address. <http://www.keanfiresafety.com/RegistrationHelp/Video.html>.

REGISTRATION INSTRUCTIONS

Web-based Registration - Online access through an individual myNewJersey account is now available at www.nj.gov. Through myNewJersey, you are now able to access and update your personal information, review and print your course enrollment list, review and print your completed course list, obtain a certificate of attendance for any course you have completed, review and print your current certification list and certificates, and review and print your courses completed for certification as well as register for current courses. For your assistance, video tutorials have been created to show you, screen by screen, how myNewJersey functions. To view these videos, from the home screen go to Registration Help and select Videos. <http://www.keanfiresafety.com/RegistrationHelp/Video.html>.

Video tutorials are available on the following topics:

- How to create a myNewJersey account
- How to login to myNewJersey
- How to reset your password
- How to link an already created myNewJersey account
- The registration process
- How to update your email address

For students who have NEVER registered for courses online: From the home screen of www.keanfiresafety.com go to Registration Help and then click on myNewJersey Account Set-Up and Authorization to begin the registration process. <http://www.keanfiresafety.com/RegistrationHelp/NewAccount.html>. It is highly recommended that the video, "How to register for NJ Division of Fire Safety courses" be viewed prior to beginning to register in order to obtain important procedural information. For all other technical support, please call our office at 908-737-3060, Monday - Friday, 10 a.m. to 2 p.m.

For All Students - If you are unable to attend a course, please call 609-777-3552 to cancel as soon as possible so that someone else may use your space. Failure to cancel will be recorded and action may be taken. Do not call the academy where the course is being held to cancel. Credit will not be given for repeating a course within a three-year period, with the exception of Code Update. Although computer records are kept, you should keep a record of the courses you have completed. All courses begin promptly at 8:30 a.m. and conclude at approximately 3:30 p.m., unless otherwise indicated. In order to receive course credit, you must be present prior to the start of class and in the classroom for the entire course. Credit may not be granted if you arrive late, return late from lunch and breaks, leave early, or if you are not in the classroom while the course is in session. The use of electronic devices (i.e. texting, ipad/laptop usage or any other electronic devices) that will disturb the instruction of the course delivery is strictly prohibited. Students who do not adhere to the guidelines will be asked to remove themselves from the classroom and will not receive credit for the enrolled course.

Confirmation of Attendance - Students can receive same-day confirmation of attendance at a course. If you are interested in receiving verification on the day you attend a course, you must bring your confirmation notice with you to class. After the class has concluded, the facilitator will stamp this notice as proof that you attended the course.

Dress Code - The Division of Fire Safety has instituted a dress code for attendance at courses. Appropriate dress includes long pants, shirts with sleeves, and shoes. Sleeveless shirts, shorts, and hats are not permitted at any DFS course, exam or conference. Facility representatives will enforce this dress code, and those who do not comply may be dismissed from the course and/or lose credit.

The Division of Fire Safety reserves the right to cancel a course for any reason related to program delivery. For example, a course may be canceled due to low enrollment.

REQUEST FOR COURSE PROPOSALS

The NJ Division of Fire Safety strives to provide the NJ Fire Service and Code Enforcement officials with access to timely, informative and effective training and education. To stay current with changing demands and requirements placed on all first responders, the Division, in cooperation with Kean University, issues this Request for Course Proposals for upcoming semesters from qualified individuals interested in teaching and training the Fire Service community.

Specifically, the Division of Fire Safety requests proposals for continuing education courses related to training, education and communications issues relevant to fire service personnel throughout New Jersey. New proposals can cover a myriad of topics ranging from management and leadership skills to inspections and instructor specific courses. Current hot topics, including operations as well as fire service health and safety, also will be considered.

The Division encourages potential instructors to submit new ideas, teaching methods and programs as part of this call for proposals. Ultimately, these proposals will be judged on their timeliness, effectiveness, quality and relevance to the fire service. All proposals must include a detailed fee structure for development and execution.

This Request for Course Proposals is detailed and comprehensive. To be reviewed and/or considered for an upcoming teaching assignment, please submit all materials outlined in the Course Proposal checklist attached to this notice. Submissions that do not include all items referenced on the checklist will not be reviewed.

Please email completed materials to:

Mrs. Karen A. Haber
Program Director
kgrant@kean.edu

For more information, contact the Fire Safety Training Program at:
908-737-3060 or via email at firesafety@kean.edu.

EQUAL OPPORTUNITY STATEMENT

NFA and EMI are Equal Opportunity institutions. They do not discriminate on the basis of age, gender, race, color, religious belief, national origin, or disability in their admissions and student-related procedures. Both schools make every effort to ensure equitable representation of minorities and women in their student bodies. Qualified minority and women candidates are encouraged to apply for all courses.

PRIVACY ACT STATEMENT

GENERAL - This information is provided pursuant to Public Law 93-579 (Privacy Act of 1974), Title 5 United States Code (U.S.C.), Section 552a, for individuals applying for admission to NFA Or EMI.

AUTHORITY - Federal Fire Prevention and Control Act of 1974, as amended, Title 15 U.S.C., Sections 2201 et. seq.; Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, Title 42 U.S.C., Sections 5121, et. seq.; Title 44 U.S.C. Section 3101; Executive Orders 12127, 12148, and 9397; Title VI of the Civil Rights Act of 1964; and Section 504 of the Rehabilitation Act of 1973.

PURPOSES: To determine eligibility for participation in NFA and EMI courses. Information such as age, gender, and ancestral heritage are used for statistical purposes only.

USES: Information may be released to: 1) FEMA staff to analyze application and enrollment patterns for specific courses, and to respond to student inquiries; 2) a physician to provide medical assistance to students who become ill or are injured during courses; 3) Members of the Board of Visitors for the purpose of evaluating programmatic statistics; 4) sponsoring states, local officials, or state agencies to update/evaluate statistics of NFA and EMI participants; 5) Members of Congress seeking first party information; and 6) Agency training program contractors and computer centers performing administrative functions.

EFFECTS OF NONDISCLOSURE - Personal information is provided on a voluntary basis. Failure to provide information on this form, however, may result in a delay in processing your application and/or certifying completion of the course.

PAPERWORK BURDEN DISCLOSURE NOTICE

*Public reporting burden for this data collection is estimated to average 6 minutes. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0100) **NOTE: Do not send your completed form to this address.***

MIDDLETOWN TOWNSHIP FIRE DEPARTMENT TRAINING ACADEMY

1 Kings Highway Middletown, NJ 07748

732-615-2270 / 732-671-3303 (Fax)

www.middletownfireacademy.com info@middletownfireacademy.com

The mission of the Middletown Township Fire Department Training Academy is to achieve training excellence through superior educational opportunities in all aspects of emergency services with a minimum of barriers, to all motivated persons at the lowest possible cost to the student and public.

In 1974 the Training Academy began as a modest location with minimal facilities available for training and provided a location for department members to improve their skills. Now, the academy is a State certified Tier 1 academy, services departments from throughout the State and offers a spring and fall semester each year.

The academy staffs forty two state certified instructors to deliver courses and hands on drill ground instruction. The academy features an administration building with two classrooms seating forty students each. The drill ground consists of a four story WHP training tower with three class A burn rooms, a Phoenix Systems Flashover Chamber, Vehicle Burn/Extrication Pad, Drafting Pond, to scale peaked and flat roof props, SCBA confidence course and dozens of custom and commercially available training props.

PEOSH Fire Service Update

Public Employees Occupational Safety and Health

Please join us for a PEOSH Fire Service Update. PEOSH representatives from the New Jersey Department of Labor and Workforce Development (Safety) and NJ Dept. of Health will be providing information on what PEOSH Enforcement is looking for when they inspect Fire Departments. PEOSH will also provide details on their cooperative services including Consultation and Training which can help you comply with their adopted rules. Some topics that will be discussed include:

- NJAC 12:100 SUBCHAPTER 10 STANDARDS FOR FIREFIGHTERS
- TRAINING REQUIREMENTS
- TURNOUT GEAR
- FIRE APPARATUS
- RESPIRATORY PROTECTION
- HAZARD COMMUNICATION
- CONTROL OF HAZARDOUS ENERGY
- BLOODBORNE PATHOGENS
- AND MANY MORE

There will be time for questions and answers following each training session.

PROGRAM PRESENTED BY THE NEW JERSEY DIVISION OF FIRE SAFETY

ADMINISTRATIVE COURSES

COACHING FOR POSITIVE OUTCOMES

CE063

Instructor: Claudia A. Monte, CAM Consulting Group LLC

Goals provide structure and direction. In organizations, they are integral to aligning individual performance with strategic objectives. Personally, they keep us focused and moving forward. Whether we have formal or informal leadership roles, we can help develop the strengths of others so they can acquire the skills and knowledge needed to do their jobs effectively. Coaching, mentoring, and counseling are all part of the process of goal achievement. Participants will leave with a coaching style that motivates people to continually move towards goal achievement.

SATURDAY, MAY 6

OCEAN COUNTY FIRE ACADEMY

WEDNESDAY, MAY 10

BERGEN COUNTY FIRE ACADEMY

COMMUNICATING FOR RESULTS

CE092

Instructor: Claudia A. Monte, CAM Consulting Group LLC

We communicate all the time, but are we achieving the results we want? There are many communication mediums available today – in person, written (correspondence and email), telephone, video and teleconferences, etc. The challenges are several: choosing the appropriate way to share a message; showing sensitivity to others; creating understanding across generations; and focusing on results. The rewards are many when interpersonal dynamics are managed properly and respectfully. Participants will leave feeling more confident in their ability to interact professionally with others.

TUESDAY, MAY 9

MONMOUTH COUNTY FIRE ACADEMY

MONDAY, MAY 15

***KEAN UNIVERSITY - KEAN HALL 127**

*Please read the Kean University directions page 51 for parking and building location information.

COMMUNITY RISK REDUCTION: INTEGRATING OUR EFFORTS

N2N77

Instructor: Lt. Michael O. McLeier, City of Olivet (MI) Fire Department

This course is intended to familiarize fire operations personnel with the concepts of community risk reduction, stressing their importance in today's tough economic times. It is more important than ever for the fire service to seek innovative mitigation strategies to manage call volume and improve firefighter and public safety. This course was created by Vision 20/20, a project of the Institution of Fire Engineers, USA in cooperation with the National Fallen Firefighters Foundation and the National Fire Academy. The goal of this course is to provide national strategies to be utilized at the local level for fire loss prevention.

WEDNESDAY, APRIL 5

PASSAIC COUNTY FIRE ACADEMY

THURSDAY, APRIL 6

OCEAN COUNTY FIRE ACADEMY

ADMINISTRATIVE COURSES

EMOTIONAL INTELLIGENCE - OUR OTHER INTELLIGENCE

CE171

Instructor: Claudia A. Monte, CAM Consulting Group LLC

Why, despite equal intellectual capacity, training, or experience, do some people excel while others with the same abilities don't achieve the same level of success? Emotional Intelligence (EI/EQ) is the critical factor that helps us harness the power of our emotions to achieve personal and professional success. You are not only known by the results you accomplish, but are most remembered by how you did it. Learn how Emotional Intelligence can positively impact your life, your performance, and your relationships.

THURSDAY, MAY 4

ATLANTIC COUNTY FIRE ACADEMY

SATURDAY, MAY 13

MORRIS COUNTY FIRE ACADEMY

ETHICS, VALUES, AND CONFLICT OF INTEREST FOR FIRE SERVICE PERSONNEL

New

CE031

Instructor: Philip J. Sabatelli, Ph.D.

By way of guided discussions and experiential learning exercises, participants will examine and challenge their personal and professional assumptions about ethical choices, dilemmas, and conflicts faced by Fire Service personnel. They will create guidelines for those who may need ethics/values clarification in the discharge of their professional duties. The seminar is suitable for any member of the Fire Service regardless of rank or position.

TUESDAY, APRIL 18

MIDDLESEX COUNTY FIRE ACADEMY

FRIDAY, MAY 12

PASSAIC COUNTY FIRE ACADEMY

FIRE AND LIFE SAFETY EDUCATION THAT YOUR COMMUNITY CAN LIVE WITH

CE167

Instructors: Helge Nordtveit, Captain (ret.), Cranford Fire Department
Joseph Ehrhardt, Firefighter, Nottingham Fire Company

This course is designed for both volunteer and career members of the fire service. It provides an opportunity for local departments to shift focus to fire and life safety education and prevention by using creative programming to include all personnel in the process. Examples of successful low-cost programming will be described and presented as well as networking strategies to enlist cooperation from local government, school districts and influential community groups. Some dynamic class assignments will be included.

FRIDAY, MAY 19

GLOUCESTER COUNTY FIRE ACADEMY

SATURDAY, JUNE 3

SOMERSET COUNTY ESTA

ADMINISTRATIVE COURSES

“FIRE IS”

CE159

Instructors: Andrew Stratton, Captain, Cranford Fire Department
Helge Nordtveit, Captain (ret.), Cranford Fire Department
Joseph Ehrhardt, Firefighter, Nottingham Fire Company

This course will provide fire service personnel with a comprehensive overview of the “Fire Is” fire safety education curriculum. The goal of this program, is not only reaching middle school-aged children as they begin to understand fire, but their parents/guardians and caregivers as well. The curriculum is centered on a home-based learning system employing television, the internet, and public volunteers to put a new face on fire safety. Session attendees will receive copies of the program, letters of endorsement from pilot schools in NJ who have heralded its success; a course curriculum guide; and simplified instruction on how to implement the program without taxing the schools’ current curriculum or teacher workload. The instructor will present the media and public views on how fire safety and the fire service are portrayed in the media to children and their families.

TUESDAY, APRIL 18

BERGEN COUNTY FIRE ACADEMY

WEDNESDAY, MAY 24

CAMDEN COUNTY FIRE ACADEMY

ADMINISTRATIVE COURSES

LEADERSHIP: A SELF ANALYSIS

CE061

Instructor: Michael J. Corbo, Deputy Chief (ret.),
Pleasantville Fire Department Director, Atlantic County Fire Training Center

This course will provide students with the opportunity to look at the leadership qualities they already possess and the qualities they need to develop to become better leaders. We will examine the 11 characteristics that effective leaders possess and the traits that make up each characteristic. Each attendee will work through exercises to determine if they already exhibit any of the 11 characteristics and which traits they need to develop in order to become a more effective leader.

SATURDAY, JUNE 3

MIDDLESEX COUNTY FIRE ACADEMY

LEADERSHIP IN THE REAL WORLD

CE168

Instructor: Robert T. Burns, Battalion Chief (ret.) FDNY

This class will involve a candid discussion of proven leadership principles and demonstrate how they can be applied in today's emergency service work environment. Unlike many leadership programs which only describe the characteristics and traits that leaders should possess, "Leadership in the Real World" combines cutting edge theories with skills and behaviors that students will be able to use "on the job", in their departments, every day. The curriculum will cover the four core concepts required for effective leadership: promote yourself, find your voice, know the tools of the leadership trade, and communicate effectively. The technical knowledge and no-nonsense skills presented in this class will serve as a foundation for effective leadership development.

TUESDAY, APRIL 4

BURLINGTON COUNTY ESTC

SATURDAY, APRIL 8

MORRIS COUNTY FIRE ACADEMY

MOVING FORWARD TOGETHER

CE153

Instructor: Claudia A. Monte, CAM Consulting Group LLC

The challenge of group dynamics is having diverse individuals work together as a team to achieve a common goal. The quality of team relationships directly impacts performance, motivation, retention, and customer satisfaction (internal and external). Lessons learned from the development, growth, and success of the 1980 Olympics USA Gold Medal Hockey Team can be applied in any professional setting. When teamwork exists, amazing goals can be achieved.

WEDNESDAY, MAY 3

BURLINGTON COUNTY ESTC

FRIDAY, MAY 12

PASSAIC COUNTY FIRE ACADEMY

ADMINISTRATIVE COURSES

PRESENTATION SKILLS FOR THE FIRE SERVICE: HOW TO PROVIDE AN EFFECTIVE PRESENTATION

C1C11

Instructor: **Adrian J. Cales, Asset Protection Manager, Public Service Enterprise Group, Detective Sergeant (ret.), Arson Investigations Unit, Bergen County Prosecutor's Office**

Want that new \$900,000 Tower Ladder? Thinking of asking for additional manpower? How best to save those firefighter jobs that the administration always wants to cut? As a fire service leader, it is inevitable that you will be called upon to make a departmental presentation, provide instruction to other fire fighters, or perhaps, you may have to speak in front of a civic group or a group of non-fire service people on a fire service topic. Feel comfortable with that idea? It's all about presentation skills. Knowing what to say is probably not the issue at hand, it's knowing how to say it, and how to present the topic and the material that often is the problem for the speaker. This course will focus on developing those skills.

WEDNESDAY, MAY 3

MIDDLESEX COUNTY FIRE ACADEMY

SATURDAY, MAY 20

CAMDEN COUNTY FIRE ACADEMY

PUBLIC EDUCATION FIRE SAFETY AND PREVENTION PROGRAMS FOR FAMILIES AND SENIORS

CE151

Instructor: **Joseph Vallo, Jersey City Fire Department**

Developing a fire safety and prevention program for families and seniors requires the careful consideration of many factors. Seniors-individuals over 65 years of age make up the fastest growing segment of the population and they have a variety of special needs. The traditional family unit is also changing to a growing diversity and may include multiple generations and even multiple families in one building. Attendees will learn to develop and implement a program focused on the varying needs of these groups. This course will emphasize preparedness, communication and consistency in educating families and the senior community. Information will be given on how to utilize volunteer and professional organizations as well as draw upon internal personnel, equipment and other resources. Attendees will also be provided with tips and drills to use in the field.

ADMINISTRATIVE COURSES

RECOGNIZING AND PREVENTING WORKPLACE HARASSMENT

CE146

Instructor: Robert V. Hill, Sr., Director, Gloucester County College/Fire Academy

What constitutes as harassment? What is acceptable workplace behavior, and what are my rights as a victim or obligations as a supervisor? This timely course seeks to answer these and other critical questions. Through case study review, participation, and the use of assessment tools, the students will obtain a full understanding of employee rights as well as employer obligations, and be able to help prevent claims of harassment.

STRESS FIRST AID FOR FIRE & EMS PERSONNEL

CE172

Instructor: John Dixon, NJ Advocate for the National Fallen Firefighters Foundation

Firefighter Life Safety Initiative #13 states: "Firefighters and their families should have access to counseling and psychological support." Stress First Aid, an important component of fulfilling this Life Safety Initiative, is a set of supportive actions designed to help emergency responders assist each other in reducing the negative impacts of stress. Stress First Aid was designed specifically to support firefighters, EMS, and rescue personnel. This module teaches Stress First Aid at the awareness level, focusing on understanding stress, recognizing how stress manifests in thoughts, words, and actions, and delivering the "Seven C's" of Stress First Aid (Check, Coordinate, Cover, Calm, Connect, Competence, Confidence) to each other. This method of assisting a co-worker undergoing stress is practical, flexible, and can be tailored to the specific need.

THE ART OF NEGOTIATING

CE170

Instructor: Claudia A. Monte, CAM Consulting Group LLC

Negotiation is a part of life. Sometimes it is done formally, but most times it is done informally on the job, at home, or in social situations. Communication, respect, preparation, and focus are the heart and soul of the negotiation process. Successful negotiations allow two parties to resolve their differences and leave feeling like they both won. By effectively managing interpersonal dynamics, a situation can change from one of confrontation to one of cooperation. Participants will leave knowing how to manage differences and achieve success.

ADMINISTRATIVE COURSES

YOUTH FIRESETTER AWARENESS

CE705

Instructors: Helge Nordtveit, Captain (ret.), Cranford Fire Department
Joseph Ehrhardt, Firefighter, Nottingham Fire Company

This course deals with identifying juvenile firesetters and successful intervention and prevention approaches to address the problem. Motivation and legal issues on juvenile firesetting will be discussed. There will be an emphasis on how to establish a community-based program, as well as how to work within the framework of existing programs. The mechanics of how to report statistical information on juvenile firesetters to the Division of Fire Safety also will be provided.

TECHNICAL COURSES

COURAGE TO BE SAFE

C1D79

Instructor: Anthony Correia, National Fallen Firefighters Foundation

This course is a provocative and moving presentation by the National Fallen Firefighters Foundation, through the Everyone Goes Home® Program, that is designed to change the culture of accepting the loss of firefighters as a normal occurrence. Building on the untold story of line of duty death survivors, it reveals how family members must live with the consequences of a firefighter death. This presentation provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that “Everyone Goes Home” at the end of the day. Firefighters must have the courage to face a multitude of risks in order to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved. A different type of courage is required to stay safe in potentially dangerous situations, avoiding needless risks and tragic consequences.

EVERYDAY FIRE INVESTIGATIONS - TIPS & TECHNIQUES FOR MUNICIPAL OFFICIALS

CE789

Instructors: David T. Phelan, Principal Investigator, Special Call LLC
Christopher Weniger, Chief Fire Marshal, Hillsborough Township

Are you or your agency's time, cost, and manpower limited in performing a fire investigation? Do many of your 'small' fires get handled at the scene by officers and firefighters? What does NFPA 921 and NFPA 1033 mean to municipal investigations? The majority of your investigations are not criminal acts and leave you with limited resources to meet the statutory obligation of conducting a fire investigation. Make the most of your resources and efficiently handle your everyday fires from small appliances, motor vehicles, and up. This program will help you streamline the process and avoid the pitfalls of the changing civil litigation and subrogation claim landscape which often accompany 'accidental' fires. Case studies and classroom exercises based on real events will be used to demonstrate various interview and documentation tips which you can apply at your next fire. In addition to receiving DFS continuing education credit, a brief end of class test is provided for attendees who must demonstrate testable continuing education for a fire investigator certification.

FIREGROUND OPERATIONS AT BUILDINGS OF ORDINARY & HEAVY TIMBER CONSTRUCTION: OLD SCHOOL HAZARDS FOR TODAY'S BUILDINGS AND RISKS

New

C2D05

Instructor: **Christopher Naum, SFPE, Chief of Training, Command Institute**

A fundamental building type that has profound operational considerations on the fireground that is commonly found in nearly all jurisdictions and response areas throughout the United States. This program goes beyond the cursory discussions of "main street" unreinforced masonry (URM) and reinforced masonry (RM) construction and occupancies, but expands and explores the complexities of this heritage and legacy construction system and their renovations, adaptive reuse, make-overs and fireground operations. An overview of construction systems, materials and methods, inherent building characteristics, predictability of building performance, operational considerations, strategies and tactics with a focus on operational excellence and firefighter safety. Key Building Anatomy features, design and current architectural and design systems will be explored on this often neglected building system.

HOT ISSUES IN FIRE CODE ENFORCEMENT

CE758

Instructor: Paul T. Dansbach, Fire Official, Borough of Rutherford

The program will present material on means of egress requirements of the NJ Uniform Fire Code and the NJ Uniform Construction Code for special locking devices and door hardware. An understanding of how the installation of special locking devices and door hardware will provide the fire inspector with the understanding of how the devices shall be maintained to ensure the compliance with the requirements of Chapter 10 of the NJ IFC. The ESFR sprinkler systems and residential sprinkler systems are systems which the fire inspector will encounter more frequently during inspections. Understanding the technology and the basic code requirements for these unique systems will ensure the systems are maintained in accordance with the applicable codes and standards. Commercial cooking operations present some inspection challenges to the fire inspector. The course will present the latest code changes and requirements for cookline exhaust systems and fire protection systems, as well as reviewing previous codes and standards to which many of the existing systems have been installed. Inspection principles and a review of common violations will be presented.

PHYSIOLOGICAL AND MENTAL STRESSORS OF FIGHTING FIRES

New

C2T39

Instructor: Anthony Correia, National Fallen Firefighters Foundation

The physiological and mental stressors of fighting fires is of significant concern to all involved. Exposure to fire and its byproducts is even more hazardous than ever before. Understanding the effects of being exposed to fire, smoke and carcinogens will help those involved to be better prepared to reduce these hazards. This program details these stressors as well as the relationship of cardiovascular disease, dehydration, cancer and chemical exposure from smoke and firefighting activities. This course discusses why being fit for duty, providing on scene and after incident rehabilitation services are important to help reduce the impact of these diseases when fighting fires. It will also cover the work of the NJ Healthy Firefighter coalition and provide an overview of the NJ Rehab guideline and how to utilize it for optimum rehab services.

TIPS AND TOOLS FOR EFFECTIVE INSPECTIONS

CE774

Instructor: Patrick W. Bigoss, Camden County College, Coordinator Fire Science Program

This program is intended to expand knowledge for newly appointed or recently re-appointed inspectors. It will also serve as a refresher for inspectors who perform a very limited number of inspections per year. Topics covered include duties and responsibility, interagency cooperation, inspection preplanning, performing the inspection, documenting the inspection and completing the inspection process. The program will also include a review of legal requirements, dos and don'ts and the consequences and remedies for inspectors who deviate from the stated requirements. There will be examples of violations and the proper reference under the IFC 2006. Seasoned inspectors taking the program for CEU requirements may find the program to be a re-statement of what they already know.

WEDNESDAY, MAY 17

Fire Instructor Certification Program

The Fire Service Instructor Safety courses are components of the New Jersey State Fire Service Instructor Credentialing Program and is accredited by Pro Board and IFSAC. Information regarding the requirements for certification for Instructor Level 1, Instructor Level 2, and Special Instructor Certificate for Drill Ground Instructor can be obtained from the New Jersey Division of Fire Safety, Office of Training and Certification at 609-777-3552. Contact your local fire academy to determine additional course offerings. Completion of the Drill Ground Instructor program is a pre-requisite for admittance into the Fire Service Instructor Level 1 Written Examination. It is strongly suggested that individuals first complete the Fire Service Instructor Level 1 course prior to taking the written examination. Turnout gear is not required for the Drill Ground Instructor program or the written examinations. The courses needed for Fire Service Instructor Certification are being offered to those interested in certification as a Fire Service Instructor Level 1 or Level 2. An individual must successfully complete a program of instruction sanctioned by the Division of Fire Safety that meets the requirements of NFPA 1041, Standard for Fire Service Instructor Professional Qualifications, 2012 edition, utilizing the International Fire Service Training Association (IFSTA) publication titled "Fire and Emergency Services Instructor, 8th Edition." This publication is used for both the Level 1 and Level 2 instructional programs. The State written examination will be administered at the end of each sanctioned training program.

DRILL GROUND INSTRUCTOR

DGI01

Instructor: Michael J. Corbo, Deputy Chief (ret.), Pleasantville Fire Department
Director, Atlantic County Fire Training Center

This one-day course is required for anyone wishing to obtain or renew a Drill Ground Instructor Certification issued by the Division of Fire Safety. The intent of this course is to ensure that instructors understand the safety issues and adopted NFPA 1403 Standards inherent in SCBA/Smokehouse and Live Burn firefighting training. The students will be provided with a basic understanding of identifying and correcting unsafe situations as they occur, and will review various safety concerns regarding drill ground instructional activities and student performance criteria. Turnout gear is not required for this course.

Fire Instructor 1 and 2 Certification Programs

New fire instructor certification programs have been adopted which meet the requirements of NFPA 1041, Standard for Fire Service Instructor Professional Qualifications, 2012 edition, utilizing the International Fire Service Training Association (IFSTA) publication titled "Fire and Emergency Services Instructor, 8th edition". Both the Fire Service Instructor Level 1 and 2 programs are contained in this one publication. Students will be required to purchase the referenced textbook prior to attending the programs. Should a student take the programs after obtaining certification they will receive 4.0 CEU's Technical credit toward renewal of their fire instructor certification. The New Jersey Fire Instructor 1 and 2 programs are accredited by Pro Board and IFSAC.

FIRE INSTRUCTOR 1

T1001

Instructor: Michael J. Corbo, Deputy Chief (ret.), Pleasantville Fire Department, Director, Atlantic County Fire Training Center

This program is approved by the Division of Fire Safety to satisfy the instruction criteria for certification as Fire Instructor Level 1. The 40-hour program utilizes the IFSTA textbook referenced above, and is designed to present the student with basic skills to assemble course materials, use instructional aids and evaluation tools, review and adapt lesson plans, present a lesson from a prepared lesson plan, and review the administrative record keeping functions of the instructor. Successful completion of the program grants the student eligibility to take the State Fire Instructor Level 1 written examination. Please contact your county fire academy for additional deliveries of this certification course.

MARCH 21, 23, 25, 28, 30, APRIL 4, 6, 8, 11 ATLANTIC COUNTY FIRE ACADEMY

Hours of instruction: Tuesday & Thursday: 6:00 PM - 10:00 PM, Saturday 8:30 AM - 4:30 PM

Students must contact IFSTA to order the Fire and Emergency Services Instructor, 8th edition publication prior to the first session of the class.

Contact Information:

THURSDAY, MAY 18	7 P.M. TO 10 P.M.	MORRIS COUNTY FIRE ACADEMY
SATURDAY, JUNE 10	9 A.M. TO 12 P.M.	MIDDLESEX COUNTY FIRE ACADEMY

The 100 - question exam evaluates concepts of instruction from IFSTA, 8th Edition Fire & Emergency Services Instructor Textbook. The minimum passing score for Instructor Level 1 Certification Examination is 70% correct.

FIRE SERVICE CERTIFICATION

INSTRUCTOR LEVEL 2 CERTIFICATION EXAMINATION

T2W01

SATURDAY, APRIL 1	9 A.M. TO 12 P.M.	BURLINGTON COUNTY ESTC
THURSDAY, MAY 18	7 P.M. TO 10 P.M.	MORRIS COUNTY FIRE ACADEMY
SATURDAY, JUNE 10	9 A.M. TO 12 P.M.	MIDDLESEX COUNTY FIRE ACADEMY

The 100-question exam evaluates more advanced concepts of instruction from IFSTA, 8th Edition Fire & Emergency Services Instructor Textbook. The minimum passing score for Instructor Level 2 Certification Examination is 70% correct.

FIRE INSPECTOR WRITTEN EXAMINATION

FIW01

The New Jersey Division of Fire Safety announces that a NJ Fire Inspector Written Examination will be presented regionally. Below are listed the exam dates, locations and start times. The written exam has been created to meet the examination requirements contained in the NJ Uniform Fire Code for individuals to obtain a NJ Fire Inspector certification issued by the Division of Fire Safety. This exam will be an 'open book' exam and will permit an individual to bring the referenced Fire Inspector course textbooks/codebooks into the exam room to be referenced throughout the exam. IFSTA Fire Inspection and Code Enforcement - Seventh Edition, NJ Uniform Fire Code, IFC 2006 NJ Edition, IBC 2006 NJ Edition - Chapter 9, 10 and Index or entire book and a solar or battery operated calculator. The exam will present 75 questions. To pass this exam an individual must obtain a minimum passing score of 70% correct. The exam will be 3 hours in length. The examination will not be administered orally to any individual.

SATURDAY, APRIL 1	9 A.M. TO 12 P.M.	BURLINGTON COUNTY ESTC
THURSDAY, MAY 18	7 P.M. TO 10 P.M.	MORRIS COUNTY FIRE ACADEMY
SATURDAY, JUNE 10	9 A.M. TO 12 P.M.	MIDDLESEX COUNTY FIRE ACADEMY

NOTICE

PHOTO IDENTIFICATION AND DFS I.D. NUMBER IS REQUIRED TO TAKE ALL EXAMINATIONS. STUDENTS WILL NOT BE ADMITTED WITHOUT PHOTO IDENTIFICATION. FAXES WILL NOT BE ACCEPTED. NO ELECTRONIC DEVICES, CELL PHONES, OR MOBILE DEVICES WILL BE ALLOWED IN EXAMINATION ROOMS UNLESS NOTED IN COURSE DETAILS ABOVE. ONLY ONE EXAM WILL BE ADMINISTERED PER DAY.

CONTINUING EDUCATION

The NJ Division of Fire Safety requires completion of training programs within a certification cycle to renew a fire instructor certification. Part of the recertification program requires completion of Continuing Education Units (CEUs) courses. The Continuing Education courses are one method to meet the requirements.

25 TO SURVIVE: REDUCING RESIDENTIAL INJURY AND LINE OF DUTY DEATH

New

C2D04

Instructors: **Dan Shaw, Battalion Chief , Fairfax County Fire & Rescue Department**
Doug Mitchell, Lieutenant, Fire Department City of New York

Statistically, the residential building is where the majority of our operational LODD's and civilian casualties occur and where we most frequently fight fire. These facts alone reinforce the need for all firefighters to have a thorough knowledge of the residential building and know how to execute sound fireground strategies and tactics by developing and implementing relevant training. Based on the 'best selling' book from PennWell Publishing, this dynamic and interactive program will address 25 critical firefighting concerns common to these deadly buildings. Not only will the instructors address the 25 most common problems but will also give you 25 tips, drills, and techniques you can implement tomorrow in your firehouse to change the trend.

Instructor: Anthony Correia, National Fallen Firefighters Foundation

This course is a provocative and moving presentation by the National Fallen Firefighters Foundation, through the Everyone Goes Home® Program, that is designed to change the culture of accepting the loss of firefighters as a normal occurrence. Building on the untold story of line of duty death survivors, it reveals how family members must live with the consequences of a firefighter death. This presentation provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that "Everyone Goes Home" at the end of the day. Firefighters must have the courage to face a multitude of risks in order to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved. A different type of courage is required to stay safe in potentially dangerous situations, avoiding needless risks and tragic consequences. Students will be instructed on how to obtain materials and how to follow the NFFF protocols for this class.

TUESDAY, MAY 23

MIDDLESEX COUNTY FIRE ACADEMY

ELEVATOR RESCUE AND EMERGENCIES

CID33

Instructors: Captain Daniel F. Speigel, Fire Chief, City of Wildwood Fire Department
Mark Becica, EMT/Firefighter, Baltimore City, Maryland

Emergency personnel with inadequate training in responding to stalled elevators are exposed to an increases risk of injury and death to both the victims and themselves. Learn how to safely and effectively remove passengers from stalled elevators as well as basic elevator procedures. Topics include nomenclature, safety, how an elevator functions, construction, elevator safety devices, possible equipment needed, initial response steps, lock-out/tag-out procedures, elevator doors use of hoist way door keys / pick tools, poling, firemen service (phase 1/phase 2) and manually lowering a hydraulic elevator. Current UCC and UFC regulations regarding elevators will also be discussed.

OCEAN COUNTY FIRE ACADEMY

FDNY BLACK SUNDAY'S BRONX FIRE

C1D60

Instructor: **FDNY Firefighter Eugene Stolowski, FDNY Rescue 3, Operations Manager, Fire & Family Transport Foundation**

This presentation tells the story of the tragic day that the New York City Fire Department suffered on January 23, 2005 in the Bronx, NY. A total of six Firefighters were trapped above the fire floor in the rear of a tenement. To avoid getting caught in the flash over that was about to occur, the firefighters were forced to bail out windows without the help of ropes and fall five stories to the alley below. Two firefighters were tragically killed with the four others critically injured. Along with another fatal fire in Brooklyn, NY, the day is now known throughout the fire service as the Black Sunday's Bronx Fire. The presentation gives a step by step detailed experience of a fire that went from normal to unimaginable conditions in the blink of an eye. Numerous lessons are shared from this day from two of the firefighters who survived to talk about it. The presentation includes audio of the radio transmissions that day along with video and photos of the building.

MONDAY, MAY 8

BURLINGTON COUNTY ESTC

FIREFIGHTING OPERATIONS IN MEGA-MANSIONS

C1D23

Instructor: **Christopher J. Naum, Chief of Training, Command Institute**

Today's residential homes are being built larger than ever, in all community settings, from rural to suburban and urban contexts. These residential occupancies present many significant risks and operational challenges to commanders and firefighting companies. This program will examine building construction, engineered systems, design configurations and characteristics of common mega-mansions. Predictability of Building Performance, Occupancy Risk, Strategic and Tactical Methodologies and coordinated operational and incident management principles will be presented.

SATURDAY, APRIL 8

MORRIS COUNTY FIRE ACADEMY

IN HONOR OF THE CHARLESTON 9: A STUDY OF CHANGE FOLLOWING TRAGEDY

C2T31

Instructor: **Dr. David Griffin, Captain, Charleston Fire Department (SC)**

In Honor of The Charleston 9: A Study of Change Following Tragedy was developed and is presented by the first due engineer on the scene of June 18, 2007 where nine firefighters perished in a commercial structure fire in Charleston, South Carolina. This course is based off of the best-selling book with the identical name, which includes doctoral research that will help all organizations, whether public, private, for-profit, or non-profit to determine whether organizational change is needed in their respective organization. Students are taken on an emotional ride from the dark days of fighting fire in Charleston, SC, where nine firefighters perished in the line of duty, to today where the organization is now a national model for change. All organizations need to learn the lessons from Charleston to ensure that they do not experience this type of tragic incident. This course utilizes never before seen video footage from June 18, 2007, as well as the radio traffic that coincides.

SATURDAY, JUNE 10

MIDDLESEX COUNTY FIRE ACADEMY

CONTINUING EDUCATION

INSPECTION, TESTING, AND MAINTENANCE OF FIREFIGHTING EQUIPMENT AND APPARATUS

CID90

Instructor: David T. Phelan, NFPA, Certified Fire Prevention Specialist

Whether it be a new purchase or the ongoing ownership of existing apparatus and equipment there are a variety of state agency regulations and industry standards which may not be clearly known or understood by NJ fire departments. Even the most conscientious departments may not be fully aware of how various state and federal regulations govern firefighting equipment. In some cases private or third party contractors are relied upon to 'do the right thing' and the host department doesn't have the knowledge or understanding to gauge if they are getting their money's worth to maintain their equipment and member's safety. This program is will bring together those regulations in a direct manner so any department can effectively gauge its compliance and implement changes without violating previously unknown regulations.

TUESDAY, APRIL 25

PASSAIC COUNTY FIRE ACADEMY

SATURDAY, APRIL 29

CAMDEN COUNTY FIRE ACADEMY

LEADERSHIP SO EVERYONE GOES HOME

CID98

Instructor: John Dixon, NJ Advocate for the National Fallen Firefighters Foundation

A course of the Everyone Goes Home® Program of the National Fallen Firefighters Foundation designed to assist in the reduction of LODDs utilizing a series of case studies. Each study will include what happened, why it happened, what could have avoided it, were safety measures available and used, and how can we prevent this in the future. The benefit of this program is the review of cultural change or adaptive challenge, rather than just enacting a technical fix, which in most cases does not work. A great program for senior fire officers and administrative officers. This is learning from actual incidents!

THURSDAY, MAY 18

MIDDLESEX COUNTY FIRE ACADEMY

*This class is a half day class that begins at 8:30 a.m. and ends approximately 12 p.m.

NATIONAL FALLEN FIREFIGHTERS FOUNDATION

TAKE ACTION TO REDUCE FIREFIGHTER LINE-OF-DUTY DEATHS & INJURIES
EVERYONE GOES HOME® IS A PROGRAM OF THE NATIONAL FALLEN FIREFIGHTERS FOUNDATION

ON AVERAGE
EVERY 4 DAYS
A FIREFIGHTER DIES IN THE LINE OF DUTY

OVER 90
EACH YEAR

MANY OF THESE DEATHS CAN BE **PREVENTED**

NEW GOALS
SO EVERYONE GOES HOME
WWW.EVERYONEGOESHOME.COM

- Have the heart to do the job
- Slow down, stop and obey traffic signals
- Perform a 360 size-up and practice situational awareness
- Be intellectually aggressive
- Make sure Everyone Goes Home

LESSONS LEARNED FROM THE 25 MOST DEADLY FIRES IN FIREFIGHTING HISTORY

C1D93

Instructor: Glenn Corbett, John Jay College, New York City; Technical Editor, Fire Engineering

Hackensack. Iroquois. Vendome. Texas City. Station. Worcester. Each of these single word “descriptors” immediately conjures up images of incidents resulting in disaster for responding firefighters and civilians. In this class, the most important fires in American history are analyzed through a variety of lenses, including building construction, fire behavior, human behavior, and strategy and tactics. Emphasis will be on distilling the lessons from each fire, both from a firefighting and code enforcement perspective.

MONDAY, MARCH 20

MIDDLESEX COUNTY FIRE ACADEMY

WEDNESDAY, JUNE 7

CAMDEN COUNTY FIRE ACADEMY

MARINE FIREFIGHTING AWARENESS (PREVIOUSLY PORT AND VESSEL FIREFIGHTING CONSIDERATIONS AWARENESS)

New

C1D89

Instructor: Forest Herndon Jr., CEO and Senior Trainer of Maritime Emergency Response Educators, LLC

Marine Firefighting is unarguably one of the most challenging of all firefighter disciplines. The incident complexity may vary, but in most cases, success is determined by the responders’ level of preparation, training and general knowledge associated with the marine environment. This course will introduce the participants to key elements needed to operate effectively in the maritime arena, such as problems unique to marine responses, vessel types, ship configurations, communication challenges, specialized safety and tactical considerations to name a few. Knowledge gained will complement existing skill-sets while enabling emergency responders to mount an effective response.

SATURDAY, APRIL 1

MONMOUTH COUNTY FIRE ACADEMY

CONTINUING EDUCATION

PROFESSIONAL DEVELOPMENT OF THE NEXT GENERATION OF HIGH PERFORMING RECRUITS AND OFFICERS (FORMERLY KNOWN AS: MENTORING AND MODELING FOR ORGANIZATIONAL SUCCESS)

C2T32

Instructor: Anthony Correia, National Fallen Firefighters Foundation

Developing the next generation of firefighters and fire officers doesn't come by osmosis. It comes from a structured program and processes that have been proven effective in fire service personnel development. This starts with a structured mentoring program. Whether a new recruit or working to the next grade of leadership, being mentored is crucial to being successful in your quest. Whether on the fireground or in the station, mentoring provides a guided process of how to learn from others who have been there. Mentoring has been identified as an important influence in professional development. The major function of mentoring is to promote individual development that is part of organizational success. Successful mentoring programs require proper understanding, planning, implementation and evaluation. Join the discussion on best practices on developing role model employees. Mentoring is key to developing a new member to becoming asset or lifetime liability to your organization. How to mentor, who mentors and how to interact with the rookie are all key on success or failure.

MERCER COUNTY FIRE ACADEMY

READING THE BUILDING AND OCCUPANCY RISK: BUILDING FACTS

New

C1D86

Instructor: Christopher Naum, SFPE, Chief of Training, Command Institute

Today's buildings and occupancies continue to present unique challenges to command and operating companies during combat structural fire engagement. Building and occupancy profiling, identifying occupancy risk versus occupancy type, construction methods, features, systems and components require new skill sets in reading the building and implementing predictive occupancy profiling for today's professional volunteer firefighters, company and command officers for effective and efficient fireground operations. Incorporating the Buildingsonfire FACTS concept for First-Arriving Construction, Tactics and Safety, this program provides an overview of the methodology and process to increase operational effectiveness and ensure critical building factors are identified, assessment and monitored throughout the incident.

REGULATORY REQUIREMENTS FOR FIRE DEPARTMENTS

C1D75

Instructor: David T. Phelan, NFPA, Certified Fire Prevention Specialist

Are you a newly elected fire officer or chief? Does the vast amount of laws and regulations governing your operations confuse or even concern you? This program is designed to bring those various Federal and State regulations together to raise your awareness and help you achieve compliance. Topics such as NJ-PEOSH, Training, Equipment Maintenance and Personnel will be discussed along with some experiences and lessons learned by agencies who became the subject of injury investigations. The time to begin preparing is before you have a problem and upon completion of this program you will have a better understanding of rules and regulations enforced by other non-fire agencies and how they could impact you and your department.

WEDNESDAY, MAY 3

MONMOUTH COUNTY FIRE ACADEMY

STRESS FIRST AID – TRAIN THE TRAINER

New

C2T37

Instructor: John Dixon, NJ Advocate for the National Fallen Firefighters Foundation

This delivery is not to teach Stress First Aid, but to teach the students how to deliver the program to their department. Students will learn how to teach the following topics.

Firefighter Life Safety Initiative #13 states: "Firefighters and their families should have access to counseling and psychological support." Stress First Aid (SFA), an important component of fulfilling this Life Safety Initiative, is a set of supportive actions designed to help emergency responders assist each other in reducing the negative impacts of stress. SFA was designed specifically to support firefighters, EMS, and rescue personnel. This module teaches SFA at the awareness level, focusing on understanding stress, recognizing how stress manifests in thoughts, words, and actions, and delivering the "Seven C's" of Stress First Aid (Check, Coordinate, Cover, Calm, Connect, Competence, Confidence) to each other. This method of assisting a co-worker undergoing stress is practical, flexible, and can be tailored to the specific need.

Pre-requisite: Completion of the student level Stress First Aid for Fire & EMS Personnel CE172.

TUESDAY, APRIL 11

MIDDLESEX COUNTY FIRE ACADEMY

TEACHING IN THE 21ST CENTURY

New

C1C01

Instructor: Frank Friend, CFPS, EMT, M.S., Edmodo Ambassador

Teaching students has changed throughout the years. Just as we have to stay up with the times in emergency services, instructors, need to do the same. This course will review some tried and true teaching practices, but also incorporate new teaching techniques and technology. Tools like Edmodo, Kahoot, and many others will be demonstrated and practiced. To get the best and most out of this class bring your digital devices (laptop, tablet, etc.). Practical applications using the aforementioned programs will be used during the class. Come learn how to teach in the 21st Century.

TUESDAY, APRIL 4

GLOUCESTER COUNTY FIRE ACADEMY

THE DANGERS LURKING BELOW

C1T95

Instructors: Robert G. Moran, Fire Chief Brewster, MA
John J. Lewis, Lieutenant (ret.) Passaic Fire Department

Fires in a below grade areas create a multitude of dangers for responding firefighters many of which have been directly linked to multiple firefighter fatalities and injuries. Using information generated from recent UL and NIST studies, in-depth reviews of the hazards associated with these incidents and an analysis of the development and implementation of cutting-edge strategic and tactical action plans this program will convey to the attendees the knowledge, skills, and abilities required to address these unique and dangerous incidents in a safe and effective manner.

FRIDAY, JUNE 2

THINKING BEYOND FIRST DUE AT TOWNHOUSE FIRES

New

C1D97

Instructors: Robert G. Moran, Fire Chief, Brewster, MA
John J. Lewis, Lieutenant (ret.) Passaic Fire Department

The increased market for affordable homes throughout New Jersey has led to the increased construction of large scale Townhouse developments in urban and suburban environments. The lightweight materials and pre-engineered methods used in constructing these complexes and other inherent design weaknesses present unique fire suppression challenges. This program will take an in-depth look at these hazards while providing valuable fireground information concerning size up, incident management, pre-planning, and fire suppression strategy and tactics. The instructors will also examine and review the 2000 and 2015 Avalon Complex fires in Edgewater (NJ) in a roundtable type discussion focusing on the lessons learned during each event and the potential impact the 2015 Avalon fire will have on New Jersey fire codes.

SATURDAY, JUNE 3

MORRIS COUNTY FIRE ACADEMY

THINKING LIKE AN INCIDENT COMMANDER

New

C1T97

Instructor: Thomas Dunne, Deputy Chief, New York City Fire Department

What is an incident commander seeing, thinking, and feeling when he supervises a fire operation? How is his view of a fire different and how can his perspective make you a more effective firefighter, chief, or company officer? This interactive course develops key points in preparation, size up, fire ground strategy, command, and communications. Fire videos, fire ground radio transmissions, and hands on student fire simulations are used to develop the ability to perform rapid emergency decisions. The essential tools required to plan, organize, and manage fire strategies and tactics are highlighted. The concepts developed are vital for firefighters of all ranks. A chief, company officer, or firefighter who has the ability to think like an incident commander is better prepared to see the entire "fire picture" and perform safely and effectively at an operation.

SATURDAY, APRIL 29

WEDNESDAY, MAY 24

SOMERSET COUNTY ESTA

TURN PTSD INTO PTG: IT WILL CHANGE YOUR LIFE

New

C2T40

Instructor: Dr. David Griffin, Captain, Charleston Fire Department

PTG, Posttraumatic Growth, is defined as a phenomenon where a person becomes stronger and creates a more meaningful life in the wake of tragedy or trauma. The instructor of this course suffered from PTSD, Posttraumatic Stress Disorder, after his involvement as the first due engineer on June 18, 2007 where 9 firefighters perished in the line of duty in Charleston, South Carolina. He was then able to overcome PTSD, turning the tragedy into PTG. During this course, the signs and symptoms of PTSD will be discussed and the necessary steps to educate firefighters on making the transition from PTSD to PTG will be presented. Attend this class to learn from a responder who experienced a traumatic event, was diagnosed with PTSD, and overcame it with PTG.

FRIDAY, JUNE 9

MONMOUTH COUNTY FIRE ACADEMY

UNDERSTANDING FIRE GROUND BEHAVIOR

New

C2T38

Instructor: Thomas Dunne, Deputy Chief, New York City Fire Department

We've all learned how to fight the fire, but how many of us can accurately predict the behavior of the people affected by the fire? An understanding of their responses can be a great asset for performing a size up, organizing a building evacuation, or managing a catastrophic event. Learn how people typically react to the stress and uncertainty of a fire or other disaster and develop tools for safely managing them. Videos, case studies, and personal fire ground experiences are used to highlight the genetic and social factors that determine human responses to danger. Practical, hands-on tactics designed to facilitate search and evacuation, improve fire alarm response, guide people in smoke conditions, and enhance safe crowd control, are developed. Learn how people think and you will be able to think like a more capable firefighter.

WEDNESDAY, MAY 10

WEDNESDAY, JUNE 7

PASSAIC COUNTY FIRE ACADEMY

YOUTH FIRESETTER AWARENESS COURSES

“FIRE IS”

CE159

Instructors: Andrew Stratton, Captain, Cranford Fire Department
Helge Nordtveit, Captain (ret.), Cranford Fire Department
Joseph Ehrhardt, Firefighter, Nottingham Fire Company

This course will provide fire service personnel with a comprehensive overview of the “Fire Is” fire safety education curriculum. The goal of this program, is not only reaching middle school-aged children as they begin to understand fire, but their parents/guardians and care givers as well. The curriculum is centered on a home-based learning system employing television, the internet, and public volunteers to put a new face on fire safety. Session attendees will receive copies of the program, letters of endorsement from pilot schools in NJ who have heralded its success; a course curriculum guide; and simplified instruction on how to implement the program without taxing the schools’ current curriculum or teacher workload. The instructor will present the media and public views on how fire safety and the fire service are portrayed in the media to children and their families.

ICS REVIEW FOR COMMAND AND GENERAL STAFF FUNCTIONS

C2T35

Instructor: Dennis Kappler, Training and Education Coordinator, Gloucester County ERC

The course will focus on a fundamental review of the Incident Command System, Roles and Responsibilities of the Command and General Staff, Review the Principle 14 Fundamental Features, commonly used ICS Forms/IAP Development, Reporting Relationship's, Unified Command, Objective writing.

THURSDAY, MAY 11

BURLINGTON COUNTY ESTC

NFA-TASK FORCE/STRIKE TEAM LEADER (L984 24-HRS.)

N2N94

Instructor: T. Steve King, Burlington County Emergency Management Coordinator

This National Fire Academy three-day course addresses the roles and responsibilities appropriate to a Task Force/Strike Team Leader operating in concert with a local or state-level All-Hazards Incident Management Team (IMT). These responsibilities fall into two categories: (1) responding to the incident command needs of the incident; and (2) effectively fulfilling the position responsibilities of the Task Force/Strike Team Leader in conjunction with an All-Hazards IMT. This is an all-hazard, instructor-led course that facilitates learning through discussion, lecture, and active participation in multiple exercise scenarios. *Target Audience:* Company Level Officers (any rank) or other IMT staff. *Prerequisites:* All students must have obtained a FEMA SID number prior to the class, and have been issued a Division of Fire Safety IMS Level 1 certification to participate in the program. **The student must complete all three days of instruction and pass the course objectives to receive credit for the program.**

DIRECTIONS TO FIRE ACADEMIES & TRAINING CENTERS

Atlantic County Fire Training Center

(Anthony "Tony" Canale Training Center)

5033 English Creek Avenue, Egg Harbor Township, NJ 08234, 609-407-6743

From GSP southbound and northbound: Take GSP to Atlantic City Expressway, Exit 38 towards Philadelphia. On AC Expressway, take first exit, Exit 9, AC International Airport. Pay toll, go to stop sign at top of hill, make left onto Delilah Road. Go 1 mile to English Creek Avenue (CR 575) make left. Follow for 3.5 miles, Training Center is on the right.

From AC expressway eastbound: Take Exit 9, make right at light after toll onto Delilah Road. Go .5 mile to English Creek Avenue (CR 575) make left. Follow for 3.5 miles, Training Center is on the right.

From AC expressway Westbound: Take Exit 9, AC International Airport. Pay toll, go to stop sign at top of hill, make left onto Delilah Road. Go 1 mile to English Creek Avenue (CR 575) make left. Follow for 3.5 miles, Training Center is on the right.

Bergen County Fire Academy

(Law and Public Safety Institute, Police, Fire & EMS) 281 Campgaw Road, Mahwah, NJ 07430, 201-818-7800

Via Route 4 West: Route 4 West to Route 208 North (bear right at the split). 208 North to the Ewing Ave. exit (first exit in Franklin Lakes). At the end of the ramp turn right onto Ewing Ave. At stoplight, turn left onto Franklin Ave. Go approximately 0.5 mile and turn right onto Pulis Ave. (VFW is on the right at the intersection). Proceed on Pulis Ave. for 1 mile and turn left onto Campgaw Road. Institute is about 1 mile North on the right. Note: If you miss Ewing Avenue, the next exit is Summit Ave. Proceed East on Summit to the first light and turn left onto Franklin Ave. The next light on Franklin is at Pulis Ave. Turn Right onto Pulis Ave. (VFW is on the right at the intersection). Proceed on Pulis Ave. for 1 mile and turn left onto Campgaw Road. Institute is about 1 mile North on the right.

Via Route 17 from the South: Route 17 North to the MacArthur Blvd exit. Turn left at light onto MacArthur go to end. Turn right onto Darlington Ave. and make first left onto Seminary Road. Seminary Road to Campgaw Road. Turn left onto Campgaw Road. The Institute is about 0.5 mile on the left.

Via Route 17 from the North: Route 17 South to Route 202/Ramapo Valley Road. Route 202 (Ramapo Valley Road) South to Darlington Ave. Darlington Ave. North, Bear right at fork onto Campgaw Road. The institute is about 0.75 mile on the left.

Garden State Parkway, North and South: Garden State Parkway to exit 160. Left onto Paramus Road. Travel 0.25 mile, take Rte.4W/208N exit. Follow the directions "Via Route 4 West", above. **Alternate:** Garden State Parkway to exit 163, Oradell Ave., West. Turn right at the end of the ramp onto Oradell Ave. Oradell Ave. West to Route 17 North. Follow the directions "Via Route 17 from the South", above.

From 287 North: Route 287 North to Route 208 South. Route 208 South to Summit Ave. exit. At the end of the ramp turn left onto Summit Ave. Proceed East on Summit to the first light and turn left onto Franklin Ave. The next light on Franklin is at Pulis Ave. Turn Right onto Pulis Ave. (VFW is on the right at the intersection). Proceed on Pulis Ave. for 1 mile and turn left onto Campgaw Road. Institute is about 1 mile North on the right.

From 287 South and the New York State Thruway: Bear left onto Route 17 South. Route 17 South to Route 202/Ramapo Valley Road. **Route 202** (Ramapo Valley Road) South to Darlington Ave. Darlington Ave. North, bear right at fork onto Campgaw Road. The institute is about 0.75 mile on the left.

DIRECTIONS TO FIRE ACADEMIES & TRAINING CENTERS

Burlington County Emergency Services Training Center

53 Academy Drive, Westampton (Mt. Holly), NJ 08060, 609-702-7157 ext. 3900

From NJ Turnpike: Take Exit 5 to traffic light. Turn right onto Route 541. Proceed East 2 miles. Before the second traffic light, turn into jug handle (Woodlane Road/County Facilities) and stay right. Turn right off jug handle onto Woodlane Road, (Route 630). Proceed 1 mile to second traffic light. Turn right at the light. Follow signs for Public Safety Center. Turn left after the Public Safety Center onto Academy Drive. Follow to the end.

From I-295 North or South: Take Exit 45A (Mount Holly/Willingboro). Proceed to third traffic light and turn left onto Irick Road for 0.5 mile. Turn right onto Woodlane Road, (Route 630). Turn left at next light into the complex. Follow signs for Public Safety Center. Turn left after the Public Safety Center onto Academy Drive. Follow to the end.

Camden County Emergency Training Center

420 Woodbury/Turnersville Road, Blackwood, NJ 08012, 856-374-6167

From NJ Turnpike: Take Exit 3 to Route 168 South, (Black Horse Pike). Proceed 5.2 miles through Blackwood. Turn right at the traffic light at Lakeland Road. Follow Lakeland Road 1.0 mile to the end. Turn right onto Woodbury/Turnersville Road. The Fire Academy is 0.4 miles down on the left, across from Health Services Center. **From I-295:** Take Exit 28 to Route 168 South, (Black Horse Pike). Travel 6.1 miles through Runnemede and Blackwood. Turn right at the traffic light at Lakeland Road. Follow Lakeland Road 1.0 mile to the end. Turn right onto Woodbury/Turnersville Road. The Fire Academy is 0.4 miles down on the left, across from the Health Services Center.

Cape May County Fire Academy

175 Crest Haven Road, Cape May Court House, NJ 08210, 609-465-2570

From the GSP: Take Exit 11, turn left at first traffic light. Proceed .5 mile on Crest Haven Road; Fire Academy is on the right.

Cumberland County Fire Training Center

601 Vineland Avenue, Bridgeton, NJ 08302, 856-455-8526

From NJ Turnpike: Take Exit 7 (Route 206). Follow signs to I-295 South. Take I-295 South about 30 miles to Route 42 South. Take Route 42 South about 3 miles to Route 55 South. Take Exit 32B (Route 56 West). See below.

From Route 55: Take Exit 32B, (Route 56 West). Follow Route 56 West 3.3 miles. At the second traffic light, turn left onto Morton Ave., Route 634 South. After exactly 1.0 mile, turn right onto Bridgeton Ave. (Route 666 West). Training Center is 1.5 miles down on the left.

From Route 77 South: To Rosenhayn Ave., Route 659 East. Follow Rosenhayn Avenue to Bridgeton Avenue, Route 666 East. Training Center is on the right just past The Cumberland County Technical Education Center.

DIRECTIONS TO FIRE ACADEMIES & TRAINING CENTERS

Gloucester County Fire Academy

210 County House Road Clarksboro, NJ 08020, 856-423-4127

From I-295 Southbound: Take Exit 18 (Mt. Royal, Clarksboro). At the top of the ramp and at the traffic light, turn left. Proceed over highway and Dunkin Donuts on the right. Proceed through the next traffic light and travel 1.5 miles to the next traffic light. Proceed through the light and immediately bear to the right (County House Road). NOTE: The Mount Royal Fire Company must be on your left. The Fire Academy is about .5 mile on your left.

From I-295 Northbound: Take Exit 18 (Mt. Royal, Clarksboro, Paulsboro). At the top of the ramp and at the traffic light turn right. A Dunkin Donuts will be on your right. Follow directions as stated above.

From the Atlantic City Expressway or Route 322: From the AC Expressway take Exit 38 for Williamstown (RT 536 Sicklerville Road). Follow to large intersection (see Geets Diner on your right). Proceed through the intersection and follow all signs for RT 322 West. Proceed about 15 miles. You will pass over RT 55. Note a large WaWa on your right. Shortly thereafter you will pass through 2 traffic lights. Travel about 1 mile and bear right onto RT 667 Cedar Road. (Sign for Clearview Regional High School). This is just past the Brookside at Harrison housing development. Follow RT667 Cedar Road for 4 miles. At the traffic light for RT 667 and RT 45, the name will change to Cohawkin Road. Continue straight for about another 4 miles. There will be a large cemetery on your left. At the bend in the road turn right onto County House Road. Proceed about 1/2 mile, the Fire Academy building can be seen on your right. It is the closest building to the road.

From Route 55: Exit RT 55 at RT 322 West and follow directions above.

From NJ Turnpike: Exit at Exit 2. At the end of the ramp turn left. Follow RT 322 to the next traffic light (NOTE: Kingsway High School is on your far right.) Turn right onto Kings Highway. Proceed north for about 7 miles. Shortly after passing a Heritage convenience store on your left, you will see a white church on your right. Turn right onto Shady Lane. Proceed to stop sign, (County House Road) turn left. You will see the Fire Academy on your right. The building is the closest to the road.

Hunterdon County Emergency Services Training Center

59 Petticoat Lane, Annandale, NJ 08801, 908-806-5599

From Route 78 West: Take Exit 20A (Annandale Exit) to Route 22 West. Turn right at second traffic light onto Petticoat Lane. Travel 0.9 miles and turn left at sign for "Hunterdon County Emergency Services Training Center." Follow road 0.6 miles to training grounds on right.

From Route 22: Exit at Petticoat Lane and follow directions above.

From Route 287 Northbound: Take Exit 14 to Route 22 West. Proceed on Route 22 West approximately 17 miles and follow directions above. (Signs prior to Mountainview signs - East/West).

From Route 287 Southbound: Exit at Route 78 West and follow directions above.

DIRECTIONS TO FIRE ACADEMIES & TRAINING CENTERS

Kean University

1000 Morris Ave, Union, NJ 07083 (908) 737-0230

Students are permitted to park in white line spaces. Students must print and display a parking permit. A link to the permit is on www.keanfiresafety.com home page with the semester brochure. See the course description for building name and room number. See the campus map for building location <http://www.keanfiresafety.com/kean-campus-map/>

From US Route 22

Eastbound: Drive under Parkway turn right onto exit for Route 82 East. Continue toward Elizabeth. Campus is within 2 miles. Turn right on Green Lane. Make a left at the first traffic light and turn left at the 3 way stop.
