These two tasks must be performed by your SAGE **Agency Authorized Official** or SAGE **Agency Administrator**.

Refer to the **DCA SAGE User Manual** for instructions on updating your Agency Information and adding Agency Contacts. To download the User Manual, click the hyperlink on the SAGE login page or in Quick Links in your Start Menu.

## Getting Started

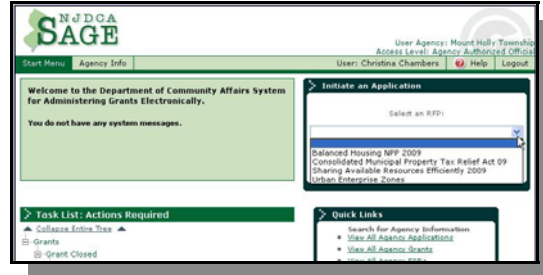

### Initiating a new application

This task must be performed by your SAGE **Agency Authorized Official** or **SAGE Agency Administrator**.

At the **Start Menu**...

In the **Initiate an Application** box...

- Select the appropriate RFP (Grant Program) from the pull down list

- Click **Apply for a New Grant**
- Click **OK** at the confirmation pop up box

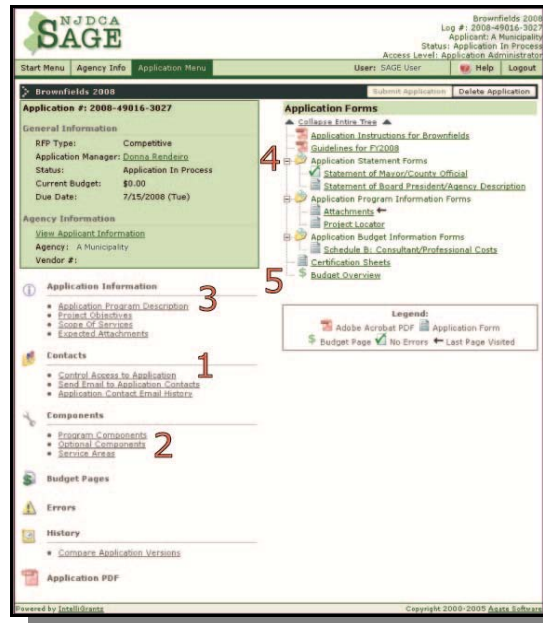

You will be brought to the **Application Menu**

### Completing the Application

Work on the **Application Menu** in this order—

1. Application Contacts
2. Components
3. Application Information
4. Application Forms
5. Budget

After an application is initiated, it will appear on the initiator's **Task List** under **Application In Process**. When additional staff members are added to the application as Main Contacts, the application will appear on their Task Lists, too.

To access the application, click its application number [hyperlink](#).

### 1. Application Contacts

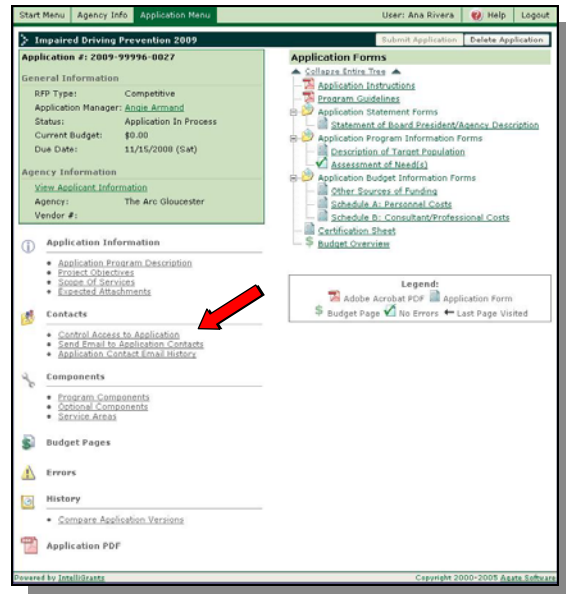

(If the initiator of the application will be the **only** person working on it, proceed to step [2 Components](#).)

If additional staff members and/or consultants will be working on this application, you must add them as **Application Contacts**. Only the Application Contacts and the Agency Authorized Official have access to the application.

#### Adding Staff Members as Application Contacts

If other members of your staff will be working on this application, in the Application Menu under **Contacts**—

- Click **Control Access to Application**

### In the **Assign additional Agency Contacts to application** section—

- Select a **Name** from the pull down list
- In the **Contact Type** field, select whether this person will be a Main Contact or a Staff Member (Main Contacts see the application on their Task Lists).
- Select the appropriate **Level of Access** from the pull down list.
- Click **Grant This User Access**.
- Continue to add staff members (or a consultant, see below), if desired.

If the consulting firm you want to use is not on the list, it means that they are not registered in SAGE. They can apply for SAGE access by clicking [Request SAGE Access](#) at the SAGE login screen. They will receive their SAGE User Name and Password within about two business days.

After the consulting firm has been approved by DCA, go back into **Assign additional Agency Contacts to application** section and **Add** them to the Application Contact list.

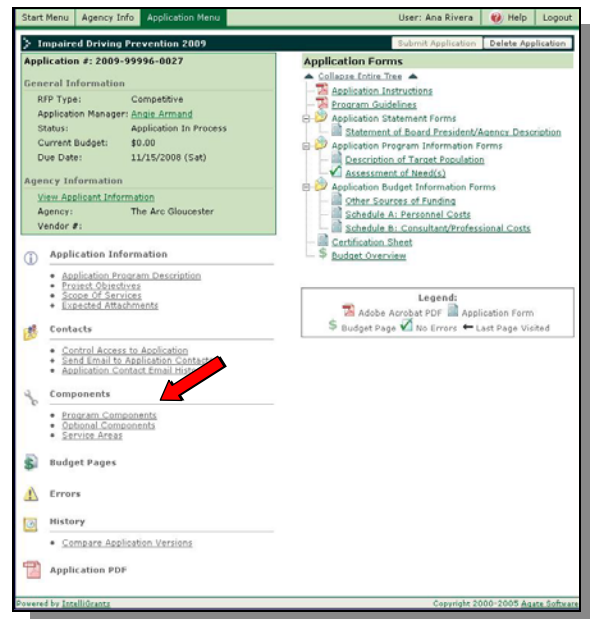

**DO NOT** add outside consultants as Agency Contacts.

## 2. Components

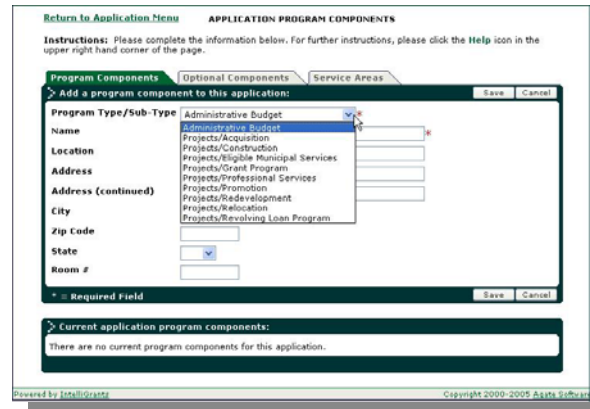

Each year the Small Cities CDBG Program sends out an **RFP** through SAGE. Applicants respond by submitting applications in SAGE to the DCA Small Cities CDBG Program on or before the established deadline. A **Component** is a Program Type; there are three programs or funds that start the application process through SAGE: Housing Rehabilitation, Innovative Development and Public Facilities. The Innovative Development Program and the Emergency Housing Repair Program require the submission of a pre-application, which can be downloaded from the Program's website. The Program will invite applicants to submit full applications if the pre-applications are fundable. Applicants may only submit one application for each program type. However, the Program reserves the right to limit the number of awards made per year in accordance with the Program's Final Plan.

### Program Components

- Click **Program Components** on the left side of the **Application Menu**

- In the **Program Type/Sub-Type** field, select a Component from the drop down list
- In the **Name** field, enter a name for the Component
- For **Location**, specify the municipality (city and county) of the program
- In the **Address** fields, provide the address of the program's day-to-day administrator

If your program has multiple components, repeat the steps above until you have selected and described each component that will be a part of your program.

When finished, select the **Service Areas** tab, or return to the **Application Menu**

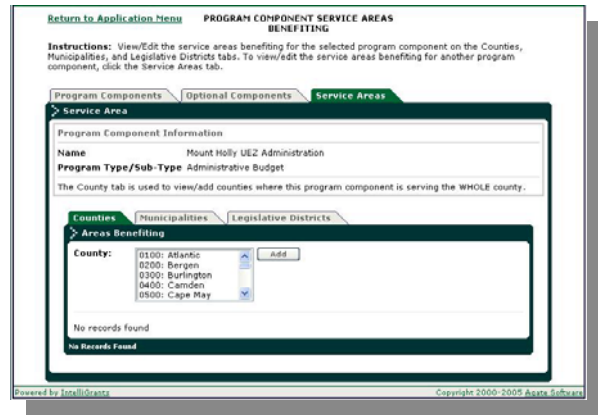

**Service Areas**

In this section, indicate the areas (counties and/or municipalities) that will benefit from *this* program – which may or may not be the area that your agency serves as a whole.

- Click on **Service Areas**

If your program/project has multiple Components, you will get a list of the Components you chose.

Assign a Service Area for **each** Component.

**Counties**

If the Program or Component benefits the **whole county** or counties—

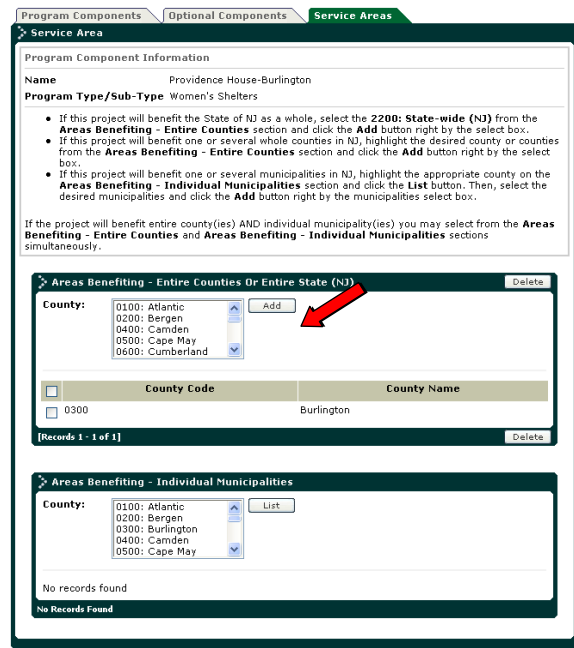

- Use the top box, **Areas Benefiting - Entire Counties Or Entire State (NJ)**
- Select the county or counties\* that will benefit
- Click **Add**.

**State**

If the Program or Component benefits the **entire State of NJ**—

- Use the top box, **Areas Benefiting - Entire Counties Or Entire State (NJ)**
- Scroll down to the bottom of the **Counties** list and select **2200: State Wide (NJ)**
- Click **Add**

\*Use **Ctrl click** to select several counties at the same time

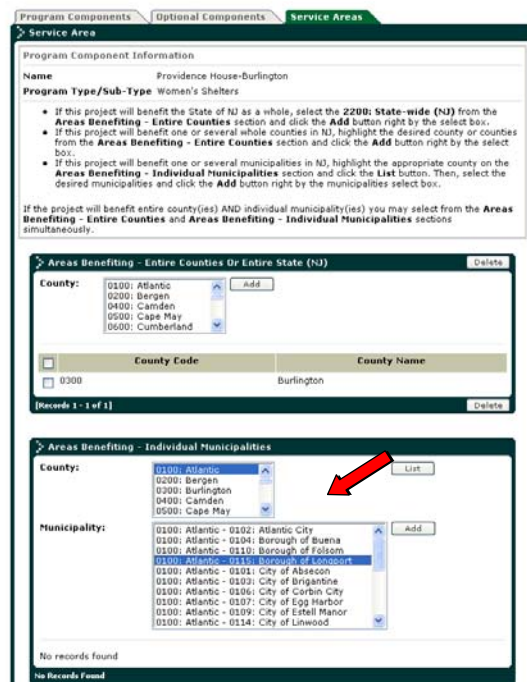

### Municipalities

If the Program or Component will benefit one or more municipalities (not a whole county)—

- Use the bottom box, **Areas Benefiting - Individual Municipalities**
- Select the **County** where the project will be located from the drop-down list and click **List** – a second drop-down list will display all of the municipalities in the selected County
- Select the **municipality** or **municipalities\*** that will benefit from this program
- Click **Add**.

Return to the **Application Menu**

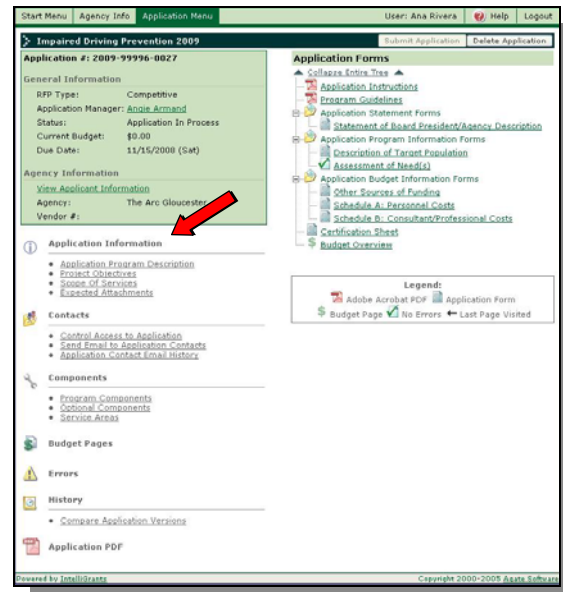

\*Use **Ctrl** click to select several municipalities at the same time

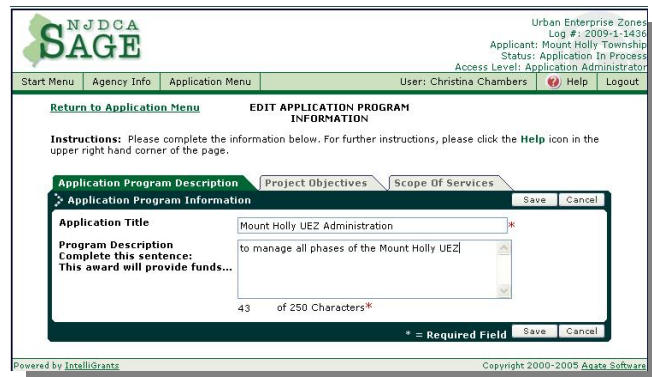

### 3. Application Information

#### Application Program Description

- Under **Application Information**, click on **Application Program Description**

- Click **Edit**
- Enter your **Application Title** – what you are calling the program/project.
- Enter your **Program Description**.
  - Your description should start with either the word “to” or “for” and briefly describe how you will use the funds requested in this application.

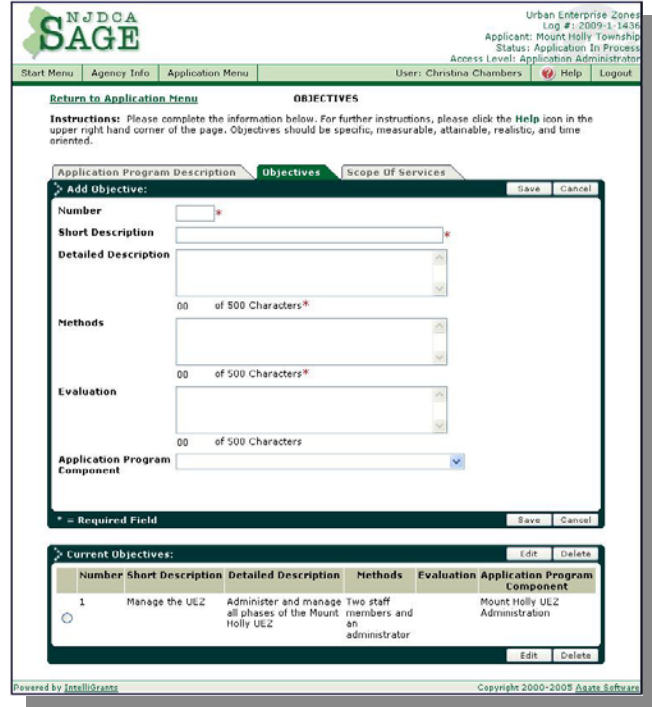

- If this application results in an award, the **Program Description** you enter here will be used in your award letter.
- Your entry in this field should be no longer than a standard sentence.
- **Save**

When finished click the **Objectives** tab or return to the **Application Menu**

**Project Objectives (Do not create more than three)**

An Objective is a distinct, quantifiable element that must be achieved in order to attain the goals of a program or project.

- Click on **Objectives** and enter the appropriate information—
  - **Number** – You may use your own numbering system to group or prioritize your objectives.
  - **Short Description** – Provide an abbreviated version of the objective.
  - **Detailed Description** – Use this field to elaborate on the **Short Description** you entered in the previous field.
  - **Method(s)** – List the methods(s) to be used to attain the objective(s) described in the **Detailed Description** section.

- **Evaluation** – Briefly describe how you will determine the success of the objective.
- **Application Program Component** – Use the drop down menu to select the Program Component that corresponds to this Objective (not necessary if your program has only one Component).
- **Save.**

Your objective will appear under **Current Objectives** at the bottom of the screen. You will get a blank screen to enter a new Objective, if desired. Add as many Objectives as needed. Be sure to **Save** each Objective.

When finished, click the **Scope of Services** tab or return to the **Application Menu**.

**Scope of Services**

A Scope of Services is a description of what will be accomplished if a grant is awarded. **Refer to models in the Appendix.**

- Click on **Scope of Services**
  - Enter your scope of services in the text box; be brief.
  - Click **Save**

When finished, return to the **Application Menu**

### 4. Application Forms

The forms in your application are customized for the Small Cities CDBG Program and the type of program you have chosen. Complete each required application form and **Save**. You may return to the **Application Menu** to select another form (or exit the application) or click the **Next** button (at the upper right of the form) to work on the next form on the list. You do not need to complete the forms in order, and more than one Application Contact can work on the forms.

#### APPLICATION FORMS (upper right side of the application)

Final Plan: The Final Plan for the Administration of the Small Cities CDBG Program is an overview of the Program’s different funds and explains the application requirements and how applications are rated and ranked. Examine this carefully to achieve the highest score and rank.

**Target Population Narrative**

- Describe the population that will benefit from this program; please be brief.

**Census Tracts and Blocks**

You must identify all the Census Tracts and/or Blocks that fall within your Service Area. This section of the application will only appear for public facilities and innovative development type applications.

- Enter the number of the **Census Tract** that is in your Service Area. Use the format “nnnn.nn” (e.g., input Census tract 0450.00)
- Click the radio button for **Entire Tract** if your Service Area covers the entire Tract
- Click the radio button for **Partial Tract** if your Service Area includes one or more **Block Groups** within the Tract, but not the entire Tract
- If you selected **Partial Tract**, enter the **Block Group #** for each block that is within your Service Area
- Click **Save**
- Click **Add** to enter additional Census Tracts and Blocks, if needed
- Enter County Code in the box provided from the US Census (e.g., input 027)

**Matching Funds/Needs & Costs**

**Matching Funds**

Applicants must match a portion of the grant. The size of the match is determined by the Applicant’s Municipal Distress Index (MDI). (Refer to the attached table of Eligible Municipalities and Counties with Municipal Distress Index, MDI) Matching requirements not met in the form of a cash contribution must be consistent with the budgetary guidelines established by the Program. Costs to complete compliance items may be applied towards matching funds. (See Add Budget Detail in Budget Overview Section for details.)

MDI Rank	Matching Share
0 to 100	5%
101 to 200	10%
201 to 300	15%
301 to 400	20%
401 and above	25%

**Documentation of Needs and Costs** (No Form, see also Attachment Section). Each of the following (a. through e.) must be addressed and then mailed or uploaded in the attachment section.

- a. The problem your proposed project will address. How long the problem has existed and how it developed. Be specific.
- b. The extent to which the proposed project provides a long-term solution to the problem you have identified. Indicate the source of operating expenses for new facilities (e.g. senior centers, community centers).
- c. Deficiencies with a certification from a qualified person or persons who is /are not employed in any manner by the applicant. This person must address the specific problem or problems that you have identified and intend to correct with the Small Cities funds requested. Projects that clearly address a severe situation affecting the health or safety of the residents of the service area must provide evidence in this section.

The certification of deficiencies must be included in this section or it will not be given credit. Do not include letters of support from local residents or others with this item.

- d. Document costs with a certification from a person qualified in the field, such as an architect or engineer. The cost estimate must appear on the letterhead of the qualified person's firm and bear an original signature of the person. This documentation must be included in this section.

Since the Davis-Bacon and NJ Prevailing Wage Acts apply to projects assisted with Small Cities funds, whoever provides the cost estimates must certify that prevailing wage rates were used in developing the estimate.

- e. Provide photographs that describe the proposed project.

### **Community Development and Housing Needs Statement**

Applicants must provide a **Community Development and Housing Needs Statement** consisting of three components -- community development needs, housing needs and applicable land use plans. The following must be addressed then mailed or uploaded in the attachment section.

#### Community Development Needs

In preparing this component of the Statement the applicant must address at least the following categories:

- a. Non-residential development (e.g., commercial, major employers, business recruitment strategies)
- b. Parks and recreation facilities and open space areas
- c. Infrastructure (e.g., water supply, wastewater, transportation network)
- d. Public buildings (e.g., senior/community centers, schools, libraries)

If there is no need for improvement in any category, the applicant must provide supporting evidence. Where there are particular needs -- even if they are not addressed through this Small Cities application -- the applicant must describe each need identified, the source of the information provided, the affect on people of low or moderate income, and identify actions taken or proposed to address the need.

#### Housing Needs

In preparing this component of the Statement, the applicant must address at least the following categories: rental housing, manufactured housing, existing owner-occupied housing stock, and impediments to new affordable housing development. If there is no need for action to improve conditions in any one category, the reason for that conclusion must be indicated. Where needs are identified, each must be described, information sources and the affect on people of low or moderate income indicated, and actions taken or proposed to address the need presented. The applicant must also indicate the date of the most recent housing element or comparable study and the applicant's current COAH status.

**Community Development and Housing Needs Statement (continued)**Status of Planning

In this component of the Statement, the applicant must address the status of planning by the applicant and by each participating unit of government (in cases where more than one municipality is included within the scope of the proposed program). Information presented must include the following:

- the date of the most recent master plan adoption or re-evaluation;
- the relationship of local/county plans to higher level plans (e.g., Pinelands Plan, State Development and Redevelopment Plan, county cross-accepted plans, endorsed plans, center designation); and
- the relationship of the proposed project to the plans identified (most important part of this section).

**Grant Management Plan**

The Small Cities Community Development Block Grant Program requires a great deal of administrative oversight. The federal statute and implementing regulations as well as all other applicable laws require careful attention by qualified people selected by the grantee. Because administration is so important in implementing a Small Cities project, the grantee must submit a GRANT MANAGEMENT PLAN to the Department for approval. The GRANT MANAGEMENT PLAN must:

1. Identify one person, either an employee or elected official, as Project Director. The Project Director shall be responsible for overseeing all grant activities and must certify that Monthly Fiscal and Program Progress Reports are accurate.
2. Identify one person as Project Coordinator with overall responsibility for day to day administration of the grant and liaison with the Small Cities Program. The Project Coordinator may be an employee or consultant hired by the Grantee for this purpose, but may not be the Project Director or Chief Financial Officer for that unit of local government (i.e., the grantee).
3. Identify the person serving as Chief Financial Officer for the grantee who will be responsible for fiscal administration of this grant.

**Grant Management Plan (continued)**

4. Persons serving in any of the above administrative positions may not serve in any other official capacity related to this grant.
  5. Identify all other persons having any responsibility for implementing the grant. Such persons may include housing inspectors or cost estimators, engineers, architects, Lead Paint Inspectors, and Labor Standards Compliance Officer (the Project Coordinator normally has responsibility for labor standards compliance, but exceptions are allowed in certain cases).
  6. Identify all administrative tasks required to implement the grant, estimating the time it will take to complete them and specifying which person(s) identified above has direct responsibility for each task.
- 
7. Provide a schedule which indicates when each task is to be undertaken and completed.
  8. Provide names, qualifications, addresses (including e-mail), cell, and telephone/fax numbers of all persons identified above. Where a consultant is involved, all individuals participating in grant activities must be identified.
  9. The Grant Management Plan must be approved by Resolution at an official meeting of the governing body, as well as any changes made in the future. Both the Grant Management Plan and Resolution must be submitted to your DCA Program Manager for approval.

The screenshot shows the NJDCA SAGE application system interface. At the top left is the NJDCA SAGE logo. The top right corner displays: "Small Cities CDBG 2011", "Log #: 2011-02292-0203", "Applicant: New Jersey Department of Community Affairs", "Status: Application In Process", and "Access Level: Application Administrator". Below this is a navigation bar with "Start Menu", "Admin", "RFP Menu", and "Application Menu". The user is identified as "User: George Sample" with "Help", "Notes", and "Logout" options. The main heading is "GRANT MANAGEMENT PLAN" with a "Return to Previous Page" link and a "Check for Errors" button. A text input area is provided with instructions: "Insert your plan in the text box, below. Refer to the [Application Instructions](#) for help completing this form." The character count shows "00 of 5000 Characters\*". Navigation buttons "Back", "Save", "Clear", "Next", and "View PDF" are present. The footer includes "Powered by IntelliGrants" and "Copyright 2000-2005 Acate Software".

**Public Hearing Information**

All applicants must hold at least one public hearing prior to the submission of any application, **even if the application has been submitted before**. The purpose of this hearing is to discuss community development and housing needs and to develop proposed activities for Small Cities funding. If an award is made, a second public hearing will be required to review program performance.

**Public Hearing (continued)**

**The first public hearing must be held at least 20 days before the application is submitted to the Department.**

Each hearing must be held at a time and in a location convenient for actual or potential beneficiaries and with accommodations for the handicapped. If the area includes a significant number of non-English speaking residents, the advertisement and conduct of the hearing must facilitate their participation.

The screenshot displays the NJDCA SAGE application interface. At the top, it shows the NJDCA SAGE logo and user information: Small Cities CDBG 2011, Log #: 2011-02292-0203, Applicant: New Jersey Department of Community Affairs, Status: Application In Process, Access Level: Application Administrator. The navigation menu includes Start Menu, Admin, RFP Menu, Application Menu, User: George Sample, Help, Notes, and Logout. The main heading is 'PUBLIC HEARING INFORMATION' with a 'Check for Errors' button and a note '\* = Required Field'. The form contains the following fields and instructions:

- Date of Notice (Display Ad)**: A text input field.
- Date of Public Hearing**: A text input field.
- List of Hearing Attendees**: A large text area with a character count of '00 of 2000 Characters\*'. Below it is a radio button labeled 'Mail \*' and the instruction 'I will mail the Public Hearing Display Advertisement and Proof of Publication to DCA. (Click below)'.
- Copy of Hearing Minutes (copy and paste)**: A large text area with a character count of '00 of 5000 Characters'.

Navigation buttons at the bottom of the form include Back, Save, Clear, Next, and View PDF. The footer indicates 'Powered by IntelliGrants' and 'Copyright 2000-2005 Acate Software'.

The hearing advertisement must appear at least 7 days prior to the hearing, **as a Display (non-legal) advertisement**, within a paper of general circulation serving the applicant's jurisdiction.

Federal regulations require that such advertisements must include at least the following information:

1. The amount of funds expected to be available for the current fiscal year;
2. The range of activities that may be undertaken with CDBG funds;
3. The estimated amount of the CDBG funds proposed to be used for activities that will meet the national objective of benefit to low and moderate income persons
4. A description of any proposed activities likely to result in the displacement or relocation of people; and
5. The name and address of the local official to whom written statements may be submitted regarding the applicant's proposal.

The Public Hearing Announcement must also inform citizens that comments regarding the application may be submitted to the New Jersey Department of Community Affairs, Small Cities Program, 5<sup>th</sup> Floor, PO Box 811, Trenton, NJ 08625-0811, during the ten days following the hearing. The model hearing notice that must be used is included in the Citizen Participation Plan Handbook on the Program's webpage at <http://www.nj.gov/dca/divisions/dhcr/offices/cdbg.html>.

Copies of the published notice, proof of publication, and hearing minutes must be included as part of the application.

**Applications that do not include evidence of compliance with public hearing requirements will be rejected.**

## Attachments

Click the appropriate radio button for each item, indicating whether you will mail or upload the attachment or that the attachment is not applicable to your organization.

If a resolution is required, and it has not been signed prior to the deadline for submission, a memorandum (indicating the date the resolution will be submitted and signed by the appropriate Official of your agency) must be forwarded to the Small Cities Program.

The screenshot displays the 'ATTACHMENTS' section of the SAGE application. At the top, there is a navigation menu with 'Return to Previous Page' and 'Check for Errors' (with a note that '\*' = Required Field). Below this, a detailed instruction states: 'Click the "Upload" radio button if you are uploading an attachment, the "Mail" radio button if you are mailing the attachment to DCA or the "N/A" radio button if the attachment does not apply to your application. Refer to the Application Instructions for additional information about each attachment.' The main area contains a list of attachment categories, each with three radio buttons: 'Mail', 'N/A', and 'Upload \*'. To the right of each category is a 'Browse...' button. The categories listed are: Service Area and Project Location Map; Income Survey Forms & Evaluation; Certification of Deficiencies; Cost Estimates; Recaptured Funds Statement; Audit Finding section from the most recent audit (do not upload the entire audit); Grant Compliance Items: Citizen Participation Plan and Resolution; Public Hearing Display Advertisement and Proof of Publication; Fair Housing and Civil Rights Resolution and Related Material; Matching Funds Certification; Grant Management Plan; Copies of Professional Services Agreement; Environmental Review Record; Policy and Procedures Manual (HR Only); Cooperative Agreement (ID Only); Readiness to Proceed Documentation: List of income-eligible housing units to be improved including biddable work write-ups (HR Only); and Biddable Plans and Specifications (PF Only). At the bottom, there are 'Back', 'Save', 'Clear', and 'View PDF' buttons.

Service Area and Project Location Maps – Label a map of the project location or target area.

Income Survey Forms & Evaluation – Refer to the Income Survey Forms and Instruction on the Small Cities web page –

Certification of Deficiencies – Refer to Matching Funds/Needs & Cost

Cost Estimates – Refer to Matching Funds/Needs & Cost

Audit Finding – section from the most recent audit (do not upload the entire audit)

Recaptured Funds Statement – 1. list the total amount of program income recaptured from prior Small Cities Program grants (e.g., housing rehabilitation, economic development); 2. describe any activities carried out with recaptured funds; 3. indicate the amount of funds spent on each activity and the balance of funds currently available. Documentation must include a bank or accounting statement certified by the CFO.

## Budget Overview (right side of the application)

### Budget Pages

This is an overview of the budget setup from the left side of the application. The budget pages can be accessed from the right and left sides of the application. Click on the Budget Detail to review the table and make sure that all figures are correct, or enter the information .

Using the following guidelines, prepare a budget for your Small Cities project that includes Small Cities and matching funds. If your project is funded, this information may be used to prepare a grant agreement.

**NOTE:** If an award is made, it may be necessary to explain why consultant and contract service fees exceed guidelines established by the Department. The **maximum** amounts permitted are as follows:

### BUDGET GUIDELINES

#### Public Facilities

- 12% of programmatic costs for engineering or design (including inspection services); and
- 6% of the grant award for a full administrative consultant services agreement (including preparing the Environmental Review Record and other compliance documents and reports to the Department; assuring labor standards compliance; and participating in monitoring visits by the Department). Credit towards matching funds can be granted for compliance items and related administration costs, limits set by the Program, that have been incurred before an award date if the application is funded.

#### Housing Rehabilitation

- \$2,700 per unit of programmatic costs for Case Management and Housing Inspection Services.
- \$14,850 of the grant award for a full administrative consultant services agreement (including preparation of the Environmental Review Record, preparation of the Rehabilitation Policy & Procedures Manual, monthly fiscal and program reporting, satisfy other federal assurances, final performance report, and on-going technical assistance including monitoring visits).

Note: Lead evaluation & clearance fees are considered programmatic costs (at least two proposals shall be obtained).

Credit towards matching funds can be granted for compliance items and related administration costs, limits set by the Program, that have been incurred before an award date if the application is funded.

**Budget Overview (continued)**

The fee schedule is applied as a maximum standard when preparing grant agreement budgets. The assumption is hourly consultant charges are \$150 per hour. Add-ons for consumables, travel, and equipment are not permitted.

## Consultant Fee Schedule:

<b>Administrative</b>	Hours
Citizen Participation (includes resolution, notice & hearing)	5
Rehabilitation Policy & Procedure Manual (includes preparation & resolution)	5
Environmental Review Record & Release (add 12 Hours for floodplain)	20
Housing & Community Development Needs Statement	4
Grant Management Plan	4
Action to further Fair Housing & Civil Rights	4
Quarterly Progress & Fiscal Reporting	24
DCA Monitoring Visits (2)	8
General Administrative Services (including meetings with local officials, recordkeeping & file maintenance)	20
Final Closeout Report	5
<b>Program</b>	Hours
Housing Rehabilitation Case Management	10 (Per Unit)
Housing Inspections	8 (Per Unit)

Hours for specific tasks may be increased if there are compelling reasons to do so. The following are examples of compelling reasons:

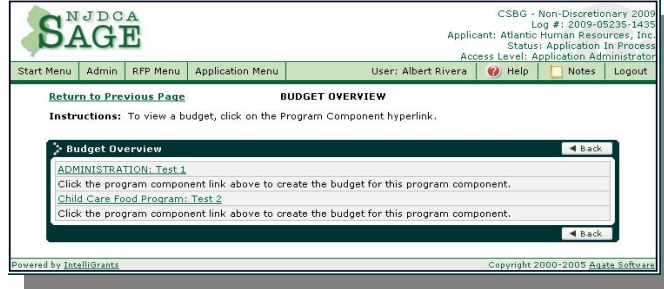

- Environmental Review Record requires unusual compliance activity necessitating additional time to complete;
- The Policy & Procedure Manual must be fully created for a first-time grantee necessitating more consultant staff time.
- Unanticipated additional time must be spent marketing the program to homeowners.

**Budget Overview (continued)**

To create your Project/Program budget in SAGE—

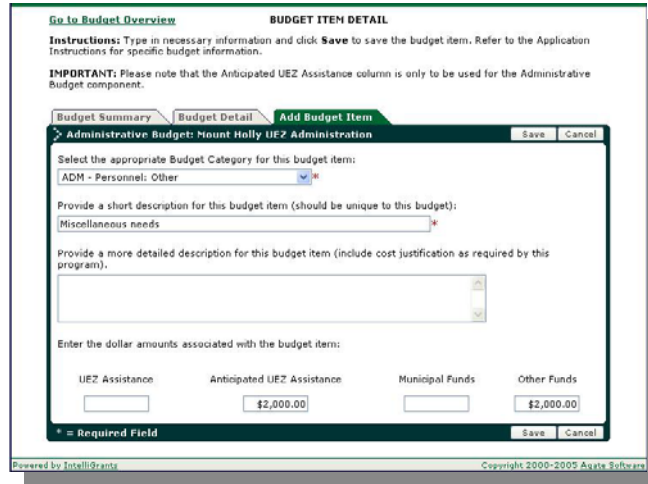

- Click on [Budget Overview](#) at the bottom of the **Application Forms** list.

Each of the **Program Components** you selected will be displayed as a [hyperlink](#) on the **Budget Overview** page.

- Click on the appropriate [Program Component](#) hyperlink; it will take you to the **Budget Detail** page for that component.

- Click the **Add a Budget Item** tab.
- Select a **Budget Category** from the drop down list in the top field.
- Fill in the **Provide a short description for this budget item** field.
- Fill in the **Provide a more detailed description of this budget item** field.
- Enter the amount(s) you are requesting in the appropriate field(s).
- If your program requires matching funds, enter the amount in the field.

- **Save.** Continue adding Budget Items until you have added all the items for this component of your program

If your program has more than one **Program Component**—

- Click [Go to Budget Overview](#) at the top left of the page.
- Select another [Budget Component](#) hyperlink and create its budget, following the instructions above.
- Continue this process until you have created the Budget for each Program Component.

SAGE will create the budget for each component and accumulate the totals into the combined program budget..

## APPENDIX

### Compliance with National Objectives

Applicants must document how each activity for Small Cities assistance addresses at least one of the national objectives of the Housing and Community Development Act of 1974:

- 1.) primarily benefit people of low and moderate-income,
- 2.) prevent or eliminate slums or blight,
- 3.) address an urgent need of recent origin when no other funds are available

If your application is intended to primarily benefit people of low and moderate-income and to eliminate slums or blight, please follow the instructions below and the application instructions in this document. If you are claiming 3, contact the Small Cites CDBG Program at 609-633-6283 for guidance.

### Benefit to Low and Moderate-Income People (Public Facilities and Innovative Development)

The calculation of your project's benefit to low and moderate-income people is a two step process. First the percentage benefit must be calculated for each activity. Then the separate calculations must be combined to obtain a percentage benefit for your Public Facilities project as a whole. Before you start your calculations, take a moment to understand the following standards, definitions, and requirements.

#### Definition of Low and Moderate Income

Low and moderate income people are those having incomes not more than the "moderate-income" level set by the federal government for the HUD assisted Housing Program. This income standard changes from year to year and varies by household size and the metropolitan statistical area. The most recent standard is included in the HUD Income Guidelines for Small Cities Eligible Communities on the Small Cities Program's webpage under General Information.

#### Benefit Requirements

For each activity principally benefiting low and moderate income people the applicant must document that:

- 1.) those served by the activity are presumed to be low and moderate-income (e.g., removing architectural barriers in the public building, developing centers for senior citizens) provide 100 percent benefit to persons of low and moderate-income; or
- 2.) at least 51 percent of the people in an area served by the activity are low and moderate-income.

#### Areawide Documentation (Required only if claiming number 2 above)

To document that the activity primarily benefits people of low and moderate income, the applicant must determine the area that will be served by each activity and submit one or more maps that show clearly:

- a. the extent of the facility service area;
- b. the location of the specific structures and facilities to be assisted with Small Cities CDBG Program funds;
- c. the names of the streets in the facility service area;
- d. a delineation of all structures by use with vacant structures noted; and
- e. the Census tracts and block groups and their boundaries within which part or all of the facility service area is located.

Document each claim for areawide low and moderate-income benefit with the most recent US Census data or with a current income survey of area residents. Surveys must be conducted within 18 months of the application's submission.

**Census:** If the area that will benefit is the entire municipality or a discrete Census area, submit the low and moderate income percentage of the Census area. You may obtain low and moderate-income percentages from the Small Cities program, if you identify the specific Census area(s) in which the proposed activity is to take place. Census data is available on the Small Cities Program's webpage.

**Note:** If the area of benefit is smaller than the smallest Census area, you may still use the Census information rather than conduct a survey IF the area of benefit contains at least 50 percent of the total number of people residing in the complete Census area. **However, Census data covering an area smaller than a block group is not acceptable.**

**Survey:** If the service area cannot be described with Census data, you must conduct an income survey using the Low/Moderate Income Benefit Worksheet and Income Survey Form included in the Instructions for completing an Income Survey on the Small Cities Program's website.

**Note:** The applicant or grantee must show how the percentage of LMI persons was calculated. The percentage of LMI persons must be calculated from the entire population of the service area, and not from the proportion of participants who responded to the survey. If for example, a town in rural America with a population of 640 conducts a census of the entire population to determine the percentage of LMI persons, and gets an 80 percent response rate. Fifty-one percent of 640 is 326, and 80 percent of 640 is 512. Of the 512 respondents, 326 of them should be LMI persons. It is inaccurate to use 51 percent of 512 which is 261. (HUD, Notice CPD-05-06, July 26, 2005)

## Housing Programs

All housing rehabilitation programs must be targeted to people of low and moderate-income, as defined by the US Department of Housing and Urban Development. The HUD Income Guidelines for Small Cities Eligible Communities are posted on the Small Cities Program's webpage under General Information.

## Preventing or Elimination of Slums or Blight

Applicants who claim that their activities meet the national objective of elimination or preventing slums or blight (rather than claiming benefit to low and moderate income people) must document this claim by showing that the activities proposed will be carried out in an "area in need of rehabilitation" or a "redevelopment area" as set forth in the New Jersey Local Redevelopment and Housing Law (NJSA 40A:12A).

## Scope of Services Models

### Housing Rehabilitation

The Grantee shall use up to \$ \_\_\_\_\_ of Community Development Block Grant Funds provided under this grant agreement to implement a program to rehabilitate approximately \_\_\_ units of owner-occupied housing located throughout the Borough/City/Town/Township and to administer the grant agreement. These are eligible activities under the provisions of Section 105 of the Housing and Community Development Act of 1974 as amended. The program will serve approximately \_\_\_ residents of low and moderate income.

The rehabilitation program will benefit approximately \_\_\_ households of low and moderate income. Low and moderate income is defined as the combined household and/or family income that does not exceed the Section 8 Income Limits for the residents of the County of \_\_\_\_\_ as determined by the federal Department of Housing and Urban Development, effective May 14, 2010 and as appended to this grant agreement as Section C, Exhibit II, or as may be subsequently revised by the agency.

**Scope of Services Models** (continued)Public Facilities

The Grantee shall use up to \$ \_\_\_\_\_ of Community Development Block Grant Funds provided under this grant agreement to reconstruct \_\_\_\_\_ and \_\_\_\_\_ Streets, including reconstruction and replacement of drainage, roadway, curbing, sidewalks, water and sewer infrastructure, and to administer the grant.

These are eligible activities under the provisions of Section 105 of the Housing and Community Development Act of 1974 as amended. The program will serve approximately \_\_\_\_\_ residents, of whom \_\_\_\_\_ are people of low and moderate income.

**Submission Requirements**

All public facilities and housing rehabilitation applications must be submitted electronically in SAGE by the deadline. The attachments, certifications and supportive documents that accompany the electronic submission must be submitted in the form of two originals in a loose-leaf or other type of binder (8 ½ by 11 inches). Place dividers between all sections and major documents and label them to correspond with the Table of Contents.

Mail or deliver your 2 originals to:
