Laura

Please note the following:

Garbage collection, composting and recycling will be handled by the City of East Orange.
The units will be serviced by public sewer.
The units will be served by municipal water.
The units will contain energy efficient appliances.

Please confirm receipt.

Thanks

Joe Alpert

Subject: application for NEP program

Mr. Alpert,

I am the environmental consultant reviewing your application for NEP funding through NJ DCA- for 7 townhomes in Woodlands at Upsala. (application attached).
In completing environmental review, I need to confirm with you the following:

- What organization will handle garbage collection, composting and recycling for future residents at the site?
- What kind of wastewater/sewer system will service the proposed project? (public sewer? Septic?)
- Will the project be served by municipal or private water utility?
- Are the units to be constructed to meet Energy Star standards? Energy Star or energy efficient appliances?

Your timely response is appreciated so that I can complete the environmental review portion of your funding request. If you have any questions or concerns, please feel free to contact me.

Thank you,
Laura
