Hi Sara,

As we had discussed a few weeks back, at the time of the request Lot 21 and Lot 22 did not exist as Lot 1 had not yet been subdivided. Has that since changed? We do not issue determinations and permits for sites which do not "technically" exist as it could be very problematic with tracking.

Thanks,

Jessica,

I noticed that on the attached document it is only referenced about Block 151 and Lot 1. The request included Lots 1, 21, and 22. Is this letter applicable for lots 21 and 22 or will you all need to send a different letter with these numbers on them? Also attached is the request which includes all three lot numbers.

Thank you,

Sara Lasher
