Subject: RE: NEP0234 - Adjacent Dry Cleaners

Morgan,

Weisbecker Cleaners is not one of the TOXIC sites that was submitted for Compliance review for NEP0234. This means that the site was identified by the NJDEP database as being in compliance. We have confirmed that the Weisbecker Cleaners facility is in compliance at this time. As far as housekeeping issues, unless field personnel have identified staining or discharge from drums at the site then it appears these drums are part of normal operation and/or remedial activities at the site.

Sincerely,
Kimberly McEvoy

Subject: NEP0234 - Adjacent Dry Cleaners

Bill and Kim,

During our site visit for NEP0234, we found that Weisbecker Cleaners (PI#003646) is located directly adjacent to the project site. Our field staff observed some 55-gallon drums and general housekeeping issues. Some pictures are attached.

Is this one of the sites you've cleared? Or do you think further investigation is warranted?

Thank you!

Morgan Raskin
