Subject: Re: Early Notice and Public Review of a Proposed Activity in a 100-Year Floodplain

Hi Sara,

We have reviewed the proposed project ([repairs to Providence Seashore House, LLC](#)) and the project location (35 S. Annapolis Avenue, Atlantic City, NJ). We have determined that there are no ESA-listed species under our jurisdiction present in the action area. Therefore, no section 7 consultation is necessary. We do not intend to offer additional comments on this proposal. Should project plans change or new information become available that changes the basis for this determination, further coordination should be pursued.

If you have any further questions, please contact me.
