Hi Pat,  
Do you think we are good to go on this one then? No conditions in the app?

We have no concerns for this project relative to the nearest bald eagle nest.

Kathy

Kathy,

This application is for a project that occurs within a bald eagle nest buffer. This would have gotten a hit for bald eagle if we had included Cumberland County in our screening tool. Attached is a shapefile of the project site (parcel) and some descriptive information about the project.

Bald eagle is the only potential concern for this site. Please correspond with DEP's consultant, Heather Shaw (CC'd here) and copy me for tracking purposes.

Thanks,

Pat

Hi Pat,

Natural Heritage has reported back with T & E presence at 1745 North Avenue, Commercial Township, Cumberland County (PAMS pin is 0602\_213\_27.) This is another EA/CEST project for the HUD funded Community Development Block Grants-Disaster Recovery (CDBG-DR) Program.

Would you please take a look at the site and let us know if you have any guidance or conditions we can use in the application.

The shape file of the parcel, a landscape project map and the NHD report is attached. This site falls in Cumberland county where the bat layer is not available on the HUD tool.

Thanks!

Heather Shaw
