**Project:** New Jersey Landlord Rental Repair Program (LRRP)

**Re:** Correspondence on application in a Tier 1 Zone for Radon

### **Summary**

After discovering that application SRP0043396R, located at 719 Somerset St, Franklin Township, NJ, is in a Tier 1 Zone for radon, I was encouraged to contact the New Jersey Department of Environmental Protection (NJDEP) Radon Section to determine any regulations or mitigation measures that would need to be discussed. I spoke with Herbert Roy and he indicated that the proposed project must comply with N.J.A.C. 5:23-10.1.
