

FIELD INSPECTION REPORT

Application ID: SRP0043415
Applicant Name: Tom E. Scarrone
Project Name/Location: 34 North Maryland Avenue, Units 1, 2, 3, 4 and 5
Atlantic City, Atlantic County, New Jersey
Date of Field Inspection: August 3, 2015
Field Inspector: Beth Williams, Tetra Tech

Field Notes Summary:

Ms. Beth Williams, Tetra Tech, visited the proposed project located at 34 North Maryland Avenue in Atlantic City, Atlantic County on August 3, 2015 to note general project site conditions and document such conditions with photographs. Ms. Williams observed only the exterior of the damaged unit from grassy yard or paved areas which surround the multi-family building containing the damaged units. Ms. Williams did not access the interior of the structure during the field inspection. Ms. Williams also took note of properties which surround the project site. No recognized environmental conditions (RECs) were observed on the project site or surrounding properties.

Ms. Williams walked the project site and viewed surrounding properties from publicly accessible areas in an effort to identify large aboveground storage tanks (ASTs) within 1-mile of the project site. Ms. Williams conducted a windshield reconnaissance by vehicle in an effort to identify large ASTs within 1-mile. No large ASTs were identified during the field inspection. In addition, Google Earth aerial imagery within 1-mile of the project site was reviewed. No large ASTs were identified during the Google Earth aerial imagery review.
