Trenton, New Jersey 08625-0717

- 1. Has the Department changed its policy on allowing supporting attachments to proposal narratives (distinct from the required appendices). For example, if I have supporting charts/graphs depicting past success data or clinical model flowcharts, etc., that are spatially cumbersome to include in a page-limited document, would they be disallowed, or worse, would the proposal be disqualified?**

No, your proposal will not be disqualified. If you are submitting supporting attachments, please put at the end of the Appendices. If you are submitting documents electronically we prefer you place these additional documents in a separate pdf file labeled "Additional documents".
