Section I – General Information

A. Purpose:

The New Jersey Department of Children and Families' (Department) Division of Family and Community Partnerships (FCP) announces the availability of \$75,000 in Race to the Top–Early Learning Challenge (RTT-ELC) funds to establish a statewide network of local County Councils for Young Children (CCYC) in Middlesex County. [Note: CCYCs are being implemented in the other 20 counties in New Jersey.]

New Jersey was awarded the Race to the Top Early Learning Challenge Grant to improve program quality and services coordination for infants, young children and their families to maximize children's learning and development. RTT-ELC funds are issued to New Jersey by the U.S. Departments of Education, and Health and Human Services. At the state level, the NJ Department of Education is the lead administrative agency.

The purpose of the CCYCs is to create an environment where parents/families come together at the local level with providers and other community stakeholders as active partners to identify/discuss the needs, concerns, aspirations and successes regarding issues that affect the health, education and well-being of their children. The CCYC will form strong partnerships and work together to develop mutually-established goals and implement creative strategies that reflect the views/priorities of families. The CCYC will be required to devise a long-range plan for sustainability of the operation of the council.

B. Background:

The Department is charged with serving and safeguarding the most vulnerable children and families in the State and ensuring that service

delivery is directed towards their safety, protection, permanency and well-being.

DCF is one of four core New Jersey state departments that are working collaboratively to align and strengthen services for pregnant women, parents/families, infant and young children. This project is a core component of the RTT-ELC Grant and the work of the County Councils will be linked to New Jersey's state-level early childhood infrastructure that encompasses families, services and communities from pregnancy to age eight. Key aspects of NJ's early childhood infrastructure include:

- New Jersey Early Learning Commission and the associated Interdepartmental Planning Group actively working across departments—DOE, DHS, DOH and DCF—to ensure integration and coordination of state-funded services across sectors; and
- New Jersey Council for Young Children (NJCYC) which brings together public and private partners to provide input and make recommendations that support

This state-level infrastructure supports NJ's overarching goal and early childhood plan to ensure a well-functioning, statewide system of services that is high quality, coordinated and comprehensive for every infant and young child, their families, providers, and communities in NJ.

NJ's RTT-ELC grant incorporates a key strategy—the development of a county level structure that is aligned with the NJCYC and brings together parents/families, community leaders, health care, child care, school districts, family support, and other local partners that care about the well-being of infants and young children. The CCYCs are charged with paying particular attention to children/families in underrepresented and special populations. New Jersey's expectation is that these CCYCs will help us reach our ultimate goal of ensuring that children are ready for school and will sustain their developmental and educational gains.

New Jersey's 2013 Race to the Top Early Learning Challenge application can be found at <http://www.nj.gov/education/ece/rttt/ChallengeApp.pdf>.

New Jersey's expanding network of early learning and development programs fully embrace parents, families and other caregivers as partners in ensuring high quality care for infants and young children.

The County Councils for Young Children will have a direct link to the New Jersey Council for Young Children through the work of the Family and Community Engagement Committee. This committee will solicit input from parents/families to ensure that NJ's families and communities are knowledgeable about the available services/supports that comprise NJ's

comprehensive early childhood system of care. The NJCYC Family and Community Engagement Committee will serve in an advisory capacity to support the development of the CCYC in each county.

Priorities for CCYCs:

- Establish a CCYC in each county that builds working relationships between families with children (prenatal to age 8), child care, preschool, health, home visiting, Head Start, family support, early intervention, and other community service providers, and local stakeholders.
- Implement a shared leadership model that supports parents in leadership roles and brings parents and providers together as partners.
- The CCYC will recruit parents to promote their active participation as a voice for change at the family, community, and state level.
- Include ongoing outreach to engage and retain hard-to-reach parents/caregivers (e.g. fathers, grandparents, immigrants, migrant workers, military service members, etc.)
- Provide parents with an orientation, ongoing mentoring, and leadership training opportunities.
- Provide concrete supports to enable parent/family participation (e.g. childcare, transportation, light meal, and/or other incentive.
- Promote growing parent/family participation over the three-plus years of the project that reflects the cultural diversity of the community.
- Recognize, support and encourage parents as decision makers and leaders and create an engaging and respectful environment that welcomes their presence and input.
- Inform/impact/develop local (and state) policies, services, and/or practices to become more responsive to the needs of families in the county (and NJ)
- Contribute to the development and implementation of high quality early childhood services, including the development of NJ's quality rating improvement system (QRIS), Grow NJ Kids.
- Identify professional development training needs for the local workforce that best supports the proposed policies, priorities, services and/or practices that were developed by the CCYC.

C. Services to be Funded:

The grantee agency for this initiative will provide administrative oversight, local coordination and ongoing support to facilitate the development, planning and operation of the CCYC, including the organizational structure of a Steering Committee, and other committees or workgroups that may be needed to support the work of the CCYC. The lead agency for the CCYC will appoint a project coordinator(s) to work collaboratively

with local stakeholders—parents, families and community organizations—and will oversee the day-to-day work of the CCYC.

At a minimum, the work of the lead agency will include:

- Build strong relationships with parents, families and other community stakeholders in the county.
- Ensure stakeholder investment and participation in CCYC, and/or related workgroups/activities—conduct outreach and make personal visits, when necessary.
- Assess and address parents’ leadership training needs
- Be a knowledgeable resource for parent-child health, family support, and early childhood education, and other cross-sector services that support families from pregnancy to age 8; and facilitate connections.
- Develop and maintain positive working relationships with the county’s Central Intake site; and participate in a joint needs assessment, environmental scan, and strategic planning process
- Establish a project timeline to ensure that key tasks are identified, assigned and addressed/completed. Provide regular status reports, updates and revisions, as needed.
- Review and assess the progress of the CCYC in reaching goals, performance targets, and benchmarks.
- Prepare bi-monthly reports and updates to the CCYC Steering Committee and general members.
- Communicate with the designated state-level contact in the DCF-FCP
- Submit FCP monthly, quarterly and year-end reports, as required
- Prepare quarterly summary reports for the NJCYC
- Communicate with the NJCYC and attend meetings, as needed.
- CCYC Project Coordinator will be required to participate in the Statewide Peer Learning Collaborative when it’s convened.
- DCF will require that grantees seek active participation from other DCF-funded grantees, e.g. HV programs, FSCs, etc., and invite their families to become CCYC members. See DFCEP Community Program Directory located at: <http://nj.gov/dcf/families/dfcp/DFCEPDirectory.pdf>.

Note: Job functions for the project coordinator are included in Exhibit E.

While working with the family and community agencies the lead agency and project coordinator will embrace and implement the Principles of Family Support as demonstrated in The Standards for Prevention Programs: Building Success through Family Support - found online at <http://www.state.nj.us/dcf/documents/about/commissions/njtfcan/StandardsPrevention.pdf>.

The lead agency and staff will also be knowledgeable on the Strengthening Families Protective Factors Framework and must integrate this framework into the work of the local council. The five protective

factors are: 1) Nurturing and Attachment / Social-Emotional Well Being of Children; 2) Knowledge of Parenting and Child Development; 3) Parental Resilience; 4) Social Connections; and 5) Concrete Supports in Times of Need. Research shows that strategies that promote these five factors result in a lower incidence of child abuse and neglect. Information on the protective factors is available at the Center for the Study of Social Policy website -- <http://www.cssp.org/reform/strengthening-families/basic-one-pagers/Strengthening-Families-Protective-Factors.pdf>. Refer to Exhibit C.

All applicants are advised that any software purchased in connection with the proposed project must receive prior approval by the New Jersey Office of Information Technology.

Applicants are also advised that any data collected or maintained through the implementation of the proposed program shall remain the property of DCF.

Organ and Tissue Donation: As defined in section 2 of P.L. 2012, c. 4 (N.J.S.A.52:32-33), contractors are encouraged to notify their employees, through information and materials or through an organ and tissue awareness program, of organ donation options. The information provided to employees shall be prepared in collaboration with the organ procurement organizations designated pursuant to 42 U.S.C. §1320b-8 to serve in this State.

All reviewers, voting and advisory, will complete a conflict of interest form. The Department reserves the right to request that applicants present their proposal in person for final scoring. In the event of a tie in the scoring by the Committee, the bidders that are the subject of the tie will provide a presentation of their proposal to the evaluation committee. The evaluation committee will request specific information and/or specific questions to be answered during a presentation by the provider and a brief time-constrained presentation. The presentation will be scored out of 50 possible points, based on the following criteria and the highest score will be recommended for approval as the winning bidder.

with the Department, and any indication, including solely an allegation, of misrepresentation of information and/or non-compliance with any State of New Jersey contracts, policies and procedures, or State and/or Federal laws and regulations.

All applicants will be notified in writing of the Department's intent to award a contract.

Parent Organizing - parents are equal partners with agency organizers and help to set priorities with the broader community

Table 1 (add as many rows as is needed):

Agency Program/Activity	Target Population	Parent Role	# of Parents

Adapted from *Parent Organizing as a Strategy for Sustainable Policy Change*—Ada Sanchez and Ron White, Peppercorn Foundation. *Grantmakers for Children, Youth & Families*, Issue 6, 2011.

Please provide a brief profile (in narrative and/or table format) of the target county. Include a description of key cities/communities, and sub-populations—parents age, child age categories (birth to age 8), race, ethnicity, immigrant families, migrant families, languages spoken, and other characteristics relevant to your county/community. Utilize local resources and/or the following data sources to complete this section:

- U.S. Census: <http://quickfacts.census.gov>
- NJ Dept. of Health: <http://www4.state.nj.us/dhss-shad/query/result/birth/BirthBirthCnty/Count.html>

From your agency's perspective, and/or from your work with parents and families, where are their gaps in services? Identify a few key priorities for the work of the CCYC—in health, child care, special needs, education, family strengthening/family support, family asset-building, child welfare, etc.?

3) Program Approach (40 Points)

In this section, use the following subsections to describe your plan for development and implementation of the specified CCYC. You may add any other topics that you consider relevant to the project.

a) Council Structure and Development—Including Staffing and Oversight

consultants, and use of volunteers). How will the lead agency's administration facilitate a climate that supports the success of the CCYC and Project Coordinator? Describe the process for management and supervision that will support project coordination and day-to-day responsibilities.

- Exhibit E includes a preliminary job description. Please attach a refined version of this job description (insert it as Appendix 1 in your application) that includes the educational and experiential requirements; and salary range for employment with your agency.
- Attach the resumes for the project manager and any staff being considered for a key position in the proposed project. (insert these as Appendix 2 in your application)

b) Mobilizing for Parent Involvement and Shared Leadership

- Based on your knowledge of the target county/community, use the data in the Community Needs Assessment (Section 2 pages 14 - 15) to describe how the organization will recruit, mobilize and engage parents for community action and parent leadership.
- Provide information on the number of parents/caregivers you hope to recruit during the first year of implementation.
- Provide information on the strategic use of appropriate supports and incentives for ongoing parent participation—such as stipends, transportation, child care, refreshments/meals, etc. during working meetings.
- How will the project recognize the contributions of parents?
- Describe how the proposed program will meet the needs of various and diverse cultures within the target community based on the Law Against Discrimination (N.J.S.A. 10:51 et seq.).

c) Other Partners to Support Parent Involvement & Shared Leadership:

- Describe how the applicant will facilitate and mobilize county-wide organizations and other community partners to be supportive and committed to active parent involvement and shared leadership.
- Identify the local Central Intake lead agency in the target county and, if applicable, Community Health Worker lead agency. - Describe your plan to develop and maintain effective relationships with other existing community-based programs *across early childhood sectors* to facilitate active participation and shared

leadership in CCYC workgroups and key activities, e.g. Family Success Centers (FSC), Head Start/Early Head Start, Child Care Resource and Referral Agency (CCR&R), childcare and preschool providers, Strengthening Families childcare sites, home visiting programs, Parent Linking Program, Fatherhood services, health care providers, Early Intervention Services, Special Child Health, Human Service Advisory Councils, social service agencies, school districts, Family Support Organizations, and others as appropriate for your county.

e) Protective Factors and the Standards for Prevention

Use Exhibit C to provide examples of how your project aligns with and integrates the Protective Factors Framework and the Standards for Prevention Programs. Include this form in your completed proposal as Appendix 6.

The New Jersey Department of Children and Families endorsed Prevent Child Abuse New Jersey's (PCA-NJ) Safe-Child Standards in August 2013 (The "Standards"). The Standards are a preventative tool for implementing policies and procedures for organizations working with youth and children and through their implementation, an organization can minimize the risks of the occurrence of child sexual abuse.

The Standards are available at:

<http://www.state.nj/dcf/SafeChildStandards.pdf>

As an Appendix, provide a brief (no more than 2 pages doubled spaced) Standards description demonstrating ways in which your agency's operations mirror the Standards.

4) Data Collection, CQI and Evaluation (10 Points)

Reflecting on the program information and priorities outlined on pages 4-5 of this RFP, identify at least five preliminary core objectives for implementation of the CCYC in your county. Be sure to specify how you will measure progress in reaching these objectives and in what timeframe.

Describe your plan for monitoring your progress in achieving program objectives and for ensuring continuous quality improvement for the CCYC.

Please note: Awardees will be required to participate in the data collection and evaluation process as determined by DCF for the RTT-ELC Grant.

5) Budget Narrative (10 Points)

The Department will consider the cost efficiency of the proposed budget as it relates to the anticipated level of services (LOS), activities and outcomes. Therefore, applicants must clearly indicate how this funding will be used to meet the project goals and/or requirements. Provide a line item budget and narrative for the proposed project. The narrative must be part of the 25 page proposal. The Budget forms are to be included in the appendices.

The budget should be reasonable and reflect the scope of responsibilities required to accomplish the goals of this project. The budget should also **reflect a 12-month operating schedule** and must include, in separate columns, total funds needed for each line item, the funds requested in this grant, and funds secured from other sources.

All costs associated with the completion of the project must be clearly delineated and the Budget Narrative section must clearly articulate all essential budget items, including a description of miscellaneous expenses or "other" items.

Complete the attached one-page Budget Form (Exhibit D) that reflects program implementation for a 12-month period. The Budget Form also includes a column for Start-up Funds. Attach this completed form to your proposal as Appendix 5.

The grantee is expected to adhere to all applicable State cost principles.
