

Ashley Lynn Chrzaszcz, who completed a joint internship with AQES' Division of Air Quality and the NJDEP's Office of Economic Analysis in the summer of 2015, is a combined Bachelors and Masters student of Sustainability Sciences at Montclair State University.

Ashley Lynn was selected as the "Most Outstanding Undergraduate in Sustainability Sciences" her junior year. She is now graduating Summa Cum Laude for the Class of 2016, and has been selected as the "Outstanding Student" in Sustainability Sciences. She will have the honor of sitting up on stage during the College of Science and Mathematics Convocation ceremony on May 22nd. Her next steps are to finish her Master's thesis and graduate by May 2017.

Ashley Lynn hopes to return to the NJDEP after getting her Master's degree "after having an incredible internship experience there." For now, she is working as a graduate assistant for the PSE&G Green Teams this summer. Congratulations Ashley Lynn!!!!
