## Permit Descriptions

---

**CAFRA** - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

**Federal Consistency Activity:** Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

**Flood Hazard Area:** A Flood Hazard permit or verification is required for disturbances within the floodway or floodplain in areas regulated under the Flood Hazard Area Control Act.

**Freshwater Wetlands:** A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Flood Hazard Area Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

**General Groundwater Petroleum Products Cleanup:** This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

**NJPDES permits:** A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

**Solid Waste Facility:** A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

**Special Highlands Resource:** A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules.

**Tidal Wetlands:** A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

**Treatment Works Approval:** A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**Waterfront Development:** A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

**Coastal Wetlands:** A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs

Comments regarding this settlement or requests for a copy of the settlement should be sent to: David Sumba, NJDEP Bureau of Coastal and Land Use Compliance and Enforcement, 100 North Road, Chester, New Jersey 07930 or via email at [david.sumba@dep.state.nj.us](mailto:david.sumba@dep.state.nj.us). Comments must be received by NJDEP within 30 calendar days of this publication to be considered.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION  
OFFICE OF COASTAL AND LAND USE PLANNING  
REVISION TO THE UPPER DELAWARE WATER QUALITY MANAGEMENT PLAN**

TAKE NOTICE that on \_\_\_\_\_, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A.58:11A-1 et seq, and the Statewide Water Quality Management (WQM) Planning rules, N.J.A.C. 7:15, a revision to the Upper Delaware WQM Plan was adopted by the New Jersey Department of Environmental Protection (Department). This revision modifies the Town of Phillipsburg Wastewater Management Plan (WMP) to identify the relocation of the Phillipsburg Sewage Treatment Plant (STP) (NJPDES Permit No. NJ0024716) facility outfall (Outfall Designation 001A). The current facility outfall discharges into the Lopatcong Creek approximately 800 meters from the confluence with the Delaware River. The revised outfall location (new Outfall Designation 001B) will still discharge into the Lopatcong Creek, but within 85 meters of the confluence with the Delaware River. The relocated outfall location would extend the regulatory mixing zone into the Delaware River and assist in the elimination of the degradation issues for the Lopatcong Creek.

This revision resulted from a request submitted to the Department from Stephanie Cuthbert, Philipsburg Town Sewer Engineer of Remington & Vernick Engineers on behalf of the Town of Philipsburg dated June 24, 2013. The applicant demonstrated that this proposal meets the requirements at N.J.A.C. 7:15-4.2(a) and is therefore deemed consistent with the applicable WQM Plan.

Pursuant to N.J.A.C. 7:15-4.2(a), upgrades or construction of new domestic or industrial treatment works, including upgrades accomplished through construction of new treatment works at the same location, that do not exceed existing flows and do not exceed flows identified in Areawide WQM Plans, are deemed consistent with the WQM Plan and the WQM Planning rules. No increase in the currently permitted flow of the Phillipsburg STP or an exceedance of future projected flow, as identified in the Town of Phillipsburg WMP, will occur as a result of the adoption of this revision.

Consequently, the adopted revision is necessary to update the Phillipsburg WMP in accordance with N.J.A.C. 7:15-3.5 and revises the WMP facility table to recognize the new outfall location, as required prior to issuance to the any Department permits.

	Paragraph	d
	Subparagraph	

<b>Narrative</b>	<p>This amendment is being submitted to supplement and further address the basis for the application for a Waiver of Department Rules under N.J.A.C. 7:1B, which was originally submitted on October 18, 2012 on behalf of Joseph Bello in support of the legalization and expansion of an existing fixed pier and boat lifts to moor personal vessels at the Property. The proposal is detailed on the plan submitted as part of this request and was prepared by Lindstrom, Diessner &amp; Carr, PC, dated 9/11/12, revised as of 3/30/12(Plan). In furtherance of the application and as part of Mr. Bellos good faith efforts to narrow the scope of his application only to the features that are necessary, Mr. Bello would submit a revised plan, showing a reduction in dock construction. The Revised Plan would illustrate the proposed fixed pier and boat lifts as follows: (1) a 30 by 4 wide and a 20 by 6 extension to the existing fixed pier; (2) a 15.8 by 40 boat lift on the east side of the extension; (3) and a 15.8 by 40 boat lift on the west side. As noted, Mr. Bello proposes to eliminate a proposed 2 wide catwalk that was previously shown on the Plan to minimize impact to waters. All materials utilized will be inert or non-polluting materials and non-conforming dock structures will be removed. Background: Mr. Bello purchased the property in July 2008 and attempted to perform due diligence with regards to existing NJDEP Permits and was not fully disclosed at the time of purchase of the active enforcement actions by the prior owners. The neighborhood, including the properties adjacent to Mr. Bellos property contain piers and boat lifts, and Mr. Bellos pier was consistent with the character of the neighborhood (although as noted below the pier at issue is shorter than adjacent piers). Thus, at the time that Mr. Bello purchased the Property, he had no reason to believe that the pier out-shore of the Property was not permitted. Once Mr. Bello was notified of the permittin</p>

<b>Burdensome</b>	
Exceptional Hardship	Y
Excessive Cost	Y
<b>Net Env Benefit</b>	
<b>Public Emergency</b>	

<b>Narrative</b>	<p>Mr. Mortara has owned the subject parcel for several decades. Being aware that the Township of Raritan is and the State of New Jersey is in need of affordable housing, Mr. Mortara decided to construct a four(4) unit affordable housing dwelling. Mr. Mortara has spent a significant amount of funds on fees to obtain approval from NJDEP for the required permits. However, the conditions in the permit have added tremendously to the cost of the project. NJDEP has required the applicant to replace 0.342 acre of wooded riparian buffer at the a 2:1 ratio. Therefore, the applicant will have to plant 0.684 acre of new buffer. The replanting cost will add greatly to the overall project and makes the project less viable for affordable housing. Also, the requirement for compensation cannot be provided because the entire site is wooded. The applicant has limited to area to be cleared to the minimum required to provided ingress egress, construction of the dwelling, driveway and septic system. These areas must remain open and cleared and cannot be replanted.</p>

DIVISION OF REMEDIATION MANAGEMENT AND  
OPERATIONS ELEMENT**

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz  
Operations Element  
PO Box 028  
Trenton, NJ 08625

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATER QUALITY**

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

**Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality Management Plan Consistency Determinations**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Coastal and Land Use Planning, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-1 et seq. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

Applications will be reviewed to determine whether the project proposal qualifies for the selected exemption and whether it is consistent with the applicable Water Quality Management Plan. Be advised, however, that the proposal will also be reviewed to determine whether it qualifies for an exemption other than the one specifically applied for.

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121.

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

**Written comments should be submitted to:**

Elizabeth Semple, Acting Director  
Land Use Management  
Division of Coastal and Land Use Planning
