## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE TRUST**  
**NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE FINANCING PROGRAM**  
**NOTICE OF RULE AMENDMENTS**

**“Interim Financing”**

The New Jersey Environmental Infrastructure Trust (Trust) is proposing to amend the rules entitled “Environmental Infrastructure Trust Procedures and Requirements” (N.J.A.C. 7:22-4). N.J.A.C. 7:22, entitled “Financial Assistance Programs for Environmental Infrastructure Facilities”, contains the rules of the Department of Environmental Protection and the Trust governing the financial assistance application and award procedures, as well as other related requirements, for project sponsors to qualify for State monies to finance environmental infrastructure projects. The **proposed amendments to N.J.A.C. 7:22-4** would modify the Trust’s rules by establishing provisions to provide short-term financing to prospective borrowers through an interim Trust loan, to be retired upon the award of long-term financing from the Department and the Trust.

Interim loans would be made available to sponsors for wastewater, stormwater, nonpoint source and drinking water projects which have received the appropriate approvals from the Trust, and which are reachable on the applicable clean water or drinking water priority list given funding availability in the forthcoming funding cycle. It should be recognized that the Trust relies upon the technical reviews by the Department, thus, inherent in the Trust approval process is review and approval by the Department as well. The interim loan option will provide project sponsors with a source of short-term financing from the Trust, and enables projects to move forward more quickly through low-cost, short-term financing. Amendments (P.L. 2001, c. 223) to the Trust’s enabling legislation (N.J.S.A. 58:11B-1 et seq.) were approved last year that authorize the Trust to establish an interim financing program.

The proposal document has been posted on the Trust’s website at <http://www.njeit.org> and is scheduled to be published in the April 1, 2002 *New Jersey Register*. The public hearing concerning this proposal will be held at 10:00 A.M. on Thursday, April 25, 2002 at the NJ Environmental Infrastructure Trust Offices located at 3131 Princeton Pike, Building 6, Suite 201, Lawrenceville, New Jersey. For more information or for a copy of the proposed amendments, please contact Dirk C. Hofman, Executive Director, NJ Environmental Infrastructure Trust at (609) 219-8600.

Treated wastewater is then discharged to a 28,000 s.f. subsurface percolation field below a school athletic field. Residuals are transported off site for disposal. Wastewater from laboratory sinks are stored in tanks for off site disposal.</p>
