General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE APPEAL
CAFRA GENERAL PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION (DEP) intends to settle the pending appeal of CAFRA Permit File #1525-07-0002.1 (CAF 070001) (OAL Docket Number ELUCW 08423-2007s). The settlement will allow a modification to Project Specific Conditions 3 and 4 of the Permit issued on June 26, 2007. The proposed new language is as follows:

(3) Jenkinson's Beach shall continue to allow vertical and horizontal public access to and use of its beach, as provided for in the Stipulation of Settlement executed by the Department on November 28, 2006 ("Stipulation").

(4) As set forth in the Stipulation, Jenkinson's Beach may charge its customary and reasonable fees for access to and use of its beach as long as a single-day fee is available on a daily basis, but may not prevent persons from having free horizontal access to the ocean front lands below the mean high water line ("wet sand"), nor prevent free passage by such persons along a strip of ocean front lands above the mean high water line ("dry sand"). Jenkinson's Beach shall provide the same lifeguard services for such persons as it does for all others using its beach. The Department reserves the right, to the extent permitted by law and upon reasonable notice, to assess the reasonableness of Jenkinson's beach fees following any substantial increase in those fees, any substantial reduction in the basic beach services that were provided to persons paying those beach fees at the time of the signing of the Stipulation of Settlement, or any future law that might affect permissible beach fees. In such event, Jenkinson's shall make associated financial records available to the Department at the Department's request.

Comments regarding this settlement, or requests for copies of stipulation of settlement, may be sent to Helen Owens, Project Manager, Land Use Management, P.O. Box 402, Trenton, NJ 08625-0402, telephone (609) 292-2178 and fax (609) 633-0750. Comments must be received by NJDEP within 10 days of this publication, or by July 4, 2008.

The work will be authorized under the Flood Hazard Area Control Act Rules (N.J.A.C.7: 13-1.1 et seq.). The applicant has submitted revised plans, which are in compliance with the Stormwater Management Rules.
