General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Narrative	A complete explanation of the basis for the waiver request is set forth in the attached letter of Susanne Petcolas dated May 30, 2013. Exelis Inc. (Exelis) seeks to obtain a waiver of N.J.A.C. 7:26A-7.4(b)2 (the NJDEP Regulation) on the grounds that it conflicts with several Federal Regulations and that strict compliance with the NJDEP Regulation would be unduly burdensome. Exelis, a defense contractor subject to United States Department of Defense (DOD) regulations, generates classified information during the implementation of its defense contracts. Due to the nature of its business and customer base, much of the information that Exelis stores electronically implicates national security concerns and, accordingly, is mandated by the DOD to be treated as classified. This classified information, stored on removable hard drives, must be destroyed completely and at the highest classification level (Top Secret) in accordance with DOD regulations. Shredding is the method that is most protective of human health and the environment as well as cost effective and DOD compliant. Under NJDEP regulations, shredding is impermissible without a Class D Recycling permit. Obtaining such a permit is unduly burdensome and would result in excessive cost compared to on-site shredding, which achieves comparable or greater benefits to public health and safety or the environment. First, there is a very real possibility that the Clifton facility could be shut down if Exelis is required to cease shredding. Second, sending the classified hard drives to a licensed facility is not possible because no DOD approved facility exists in New Jersey. Third, becoming a Class D licensed recycling facility in order to continue on-site shredding would come at an exorbitant and unnecessary cost. For all of these reasons as further detailed in the letter, a waiver of the NJDEP Regulation is warranted.

WHEREAS, on January 3, 2013, the Honorable Joseph Martone, ALJ, issued an Initial Decision granting partial summary decision to the DEP finding that Petitioners' application does not meet the criteria for a permit for new dredging under N.J.A.C. 7:7E-4.7; and

WHEREAS, Petitioners and the DEP have conferred and agree to settle this matter in accordance with the following terms;

NOW, THEREFORE, Petitioners and the DEP agree as follows:

8. DEP's issuance of the permit in this matter shall be deemed its final agency action regarding the WFD permit application.

9. Subject to a prior hydrographic survey, Petitioners, their heirs, successors and assigns may dredge

consistent with the permit issued pursuant to Paragraph six (6) above without the need for further NJDEP Division of Land Use Regulation approvals under Waterfront Development Act (AWFD@), N.J.S.A. 12:5-3, New Jersey's Coastal Permit Program Rules, N.J.A.C. 7:7-1.1 et seq., and New Jersey's Coastal Zone Management Rules, N.J.A.C. 7:7E-1.1 et seq.

Petitioners agree that any activities conducted, contrary to the terms and conditions of this Stipulation of Settlement or any permit issued, as determined by DEP, shall be restored by Petitioner in accordance with the terms and conditions of this Stipulation of Settlement or permit issued. Petitioners agree that failure to timely restore the Property shall result in liability and revocation of any permit issued pursuant to this Stipulation.

12. This Stipulation and any permit issued pursuant to Paragraph six (6) above, is a final resolution of any and all claims and/or causes of action, that, at the time of execution of this Stipulation of Settlement, are known, or through reasonable diligence should have been known, to the parties concerning the appeal of the denial of the WFD permit by the DEP.

13. This Stipulation shall be construed as if it were drafted by both parties and both parties waive all statutory and common law presumptions which would serve to have the document construed in favor, or against any party as the drafter hereof.

14. Nothing within this Stipulation of Settlement shall constitute an admission of liability by either party.

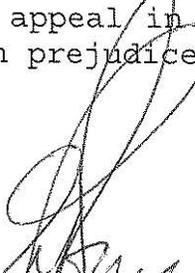

15. Petitioners and DEP hereby waive and release any and all claims of whatsoever nature that were asserted, or could have been asserted in this action for issuance of permits for the Property identified, as well as all claims of whatsoever nature arising out of any alleged inaction or and any and all

implied denials, all claims and potential claims asserted under or that could have been asserted against either of the parties, and against any and all officials and employees of the State of New Jersey relating directly or indirectly to the WFD denial and associated or related actions or inactions; and in further waiver of and in full satisfaction of any and all right to reasonable costs, disbursements, and expenses, including, but not limited to, reasonable appraisal, attorney and engineering fees actually incurred.

16. No modifications or waivers of this Stipulation of Settlement shall be valid except by written amendment duly executed by all of the parties hereto.

17. This Stipulation of Settlement may be executed in any number of counterparts, each of which shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument.

IT IS UNDERSTOOD that the Office of Administrative Law, upon its receipt of notice of withdrawal of the appeal in this matter, may accept it and dismiss the action, with prejudice.
