Application Approved  
Application Denied  
Application Withdrawal  
A= Approved  
C = Cancelled  
D= Denied

F = Complete for Filing  
H = Public Hearing Date  
I = Additional Information Requested  
IS = Issued  
L = Legal Appeal of Permit Decision  
M = Permit Modification

P = Permit Decision Date  
R = Complete for Review  
T = Additional Information Received  
W= Withdrawn

## Specific Decision Application Codes

---

O = Other

REG = HMDC/Pinelands Exemption

## Permit Descriptions

---

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway or floodplain in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Flood Hazard Area Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Special Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
Attn: Adjudicatory Hearing Requests

**Notice of Public Comment Period Regarding Site Specific Water Quality Management Plan  
Amendment Applications pursuant to P.L.2011, c.203**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Office of Coastal and Land Use Planning, has received the following Water Quality Management Plan site specific amendment requests pursuant to P.L. 2011, c.203 which was enacted on January 17, 2012. This legislation modifies some aspects of the Water Quality Management Planning Program for a period of two years. P.L. 2011, c.203 directs the Department to accept and process certain site specific amendment proposals despite the absence of a wastewater management plan in compliance with the Water Quality Management Plan rules. Pursuant to the provisions of the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4), notices of amendment proposals and the Department's subsequent final action are to be published in the New Jersey Register (NJR). In accordance with P.L. 2011, c.203, notice of site specific amendments for projects or activities having a wastewater planning flow of less than 20,000 gallons per day (gpd) or being less than 100 acres in size is to be published in the Department of Environmental Protection (DEP) Bulletin.

Notice of site specific amendment proposals for changes in sewer service area designation, which may include new or expanded wastewater treatment facilities, are individually provided below.

An appointment to review the file for any of the proposals may be arranged by calling the Office of Coastal and Land Use Planning at (609) 984-6888. The Department's file is available for inspection between 8:30 a.m. and 4:00 p.m., Monday through Friday at 401 East State Street, Trenton, New Jersey.

Interested person may submit written comments on any of the proposals. When providing comments, specify which proposal the comments are being provided for. All comments must be submitted within 30 days of the date of this public notice to the address cited below. All comments submitted prior to the close of the comment period shall be considered by the Department in reviewing the amendment request.

Interested persons may request that the Department hold a non-adversarial public hearing or extend the public comment period up to 30 additional days for any of the proposals. These requests must state the nature of the issues to be raised at the proposed hearing or state the reasons why the proposed extension is necessary. The requests must be submitted within 30 days of the date of this public notice to the address cited below. If a public hearing is held, the public comment period in this notice shall be extended to close 15 days after the public hearing.

**Written comments should be submitted to:**

Elizabeth Semple, Acting Director  
Land Use Management  
Office of Coastal and Land Use Planning  
Mail Code 401-07C

PO Box 420, 401 East State Street  
Trenton, New Jersey 08625-0420

**Site Specific Amendment Proposals for Changes in Sewer Service Area  
ENVIRONMENTAL PROTECTION  
OFFICE OF COASTAL AND LAND USE PLANNING  
Proposed Amendment to the Tri County Water Quality Management Plan  
Public Notice:**

**Take notice** that the New Jersey Department of Environmental Protection (Department) is seeking public comment on a proposed amendment to the Tri County Water Quality Management (WQM) Plan. This proposed amendment will also modify the current Gloucester County Utilities Authority (GCUA) Wastewater Management Plan (WMP) including the Gloucester County Future Wastewater Service Area (FWSA) Map for that portion of the County within the Tri County WQM Planning Area.

This amendment would provide for the construction of 35 four bedroom residential units to be located on Block 86, Lot 8 in Deptford Township, Gloucester County. The total project area is 44.63 acres. The Kentshire residential development would encompass a total of 17.67 acres. The projected wastewater flow from the proposed residential development, calculated in accordance with N.J.A.C. 7:14A-23.3 is 10,500 gallons per day (gpd) and will be treated by the GCUA Wastewater Treatment Plant (NJ0024686). Potable water for the proposed residential development would be provided for by the Deptford Township Municipal Utility Authority (MUA) WAP070001 which has adequate capacity.

This proposed amendment has been reviewed in accordance with the Water Quality Management Planning rules at N.J.A.C. 7:15 and P.L 2011, c.203. This preliminary notice represents the Department's determination that the proposed amendment is in compliance with the regulatory criteria pursuant to N.J.A.C. 7:15.

In accordance with N.J.A.C. 7:15-5.24, environmentally sensitive areas have been assessed to determine what areas must be excluded from the adopted SSAs. Pursuant to N.J.A.C. 7:15-5.24, environmentally sensitive areas are defined as contiguous areas of 25 acres or larger consisting of habitat for threatened and endangered wildlife species as identified on the Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, Natural Heritage Priority Sites, Category One special water resource protection areas, and wetlands, alone or in combination.

In accordance with N.J.A.C. 7:15-5.24(b)1, to determine areas designated as threatened or endangered wildlife species habitat, the Department utilized the Division of Fish and Wildlife's Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, version 3.1 (Landscape Project), as applicable. Areas identified by the Landscape Project as being suitable habitat for threatened and endangered species are not included in the adopted SSA except as provided under N.J.A.C. 7:15-5.24(e) through (h).

In accordance with N.J.A.C. 7:15-5.24(b)2, areas mapped as Natural Heritage Priority Sites are not included in the adopted SSA, except as provided under N.J.A.C. 7:15-5.24(e) through (h).

In accordance with N.J.A.C. 7:15-5.24(b)3, areas identified as special water resource protection areas along Category One waters and their tributaries are not included in the adopted SSAs, except as provided under N.J.A.C. 7:15-5.24(e) through (h). Pursuant to N.J.A.C. 7:8-5.5(h), a 300-foot buffer is applied to both sides of a stream measured from the top of bank of an intermittent or perennial stream, or centerline if the bank is not defined, and from the defined edge of a lake, pond or reservoir at bank-full flow or level. Category One waters, their tributaries, and all Highlands waters, are afforded a 300-foot buffer. In addition, as required under N.J.A.C. 7:15-5.20(b)3, the adopted FWSA map text indicates that development in riparian zones, or designated river areas, may be subject to special regulation under Federal or State statutes or rules. Riparian zones or buffers are

established along all surface waters, based on the surface water body's classification designated at N.J.A.C. 7:9B, under the following regulations: the Flood Hazard Area Control Act rules (N.J.A.C. 7:13), the Highlands Water Protection and Planning Act rules (N.J.A.C. 7:38), the Stormwater Management rules (N.J.A.C. 7:8), and the WQM Planning rules (N.J.A.C. 7:15). Most development within these riparian zones is regulated by these programs.

In accordance with N.J.A.C. 7:15-5.24(b)4, areas mapped as wetlands pursuant to N.J.S.A. 13:9A-1 and 13:9B-25 are not included in the adopted SSA, except as provided under N.J.A.C. 7:15-5.24(e) through (h).

Pursuant to N.J.A.C. 7:15-5.24(c), certain coastal planning areas, not applicable here, must also be excluded from SSA. Specifically, there are no Coastal Fringe Planning Areas, Coastal Rural Planning Areas, or Coastal Environmentally Sensitive Areas on the project site.

In accordance with N.J.A.C. 7:15-5.24(d)1, areas with Federal 201 grant limitations that prohibit the extension of sewers are excluded from the adopted SSA either where local mapped information exists delineating these areas, or through a narrative description where mapping does not exist, except as provided under N.J.A.C. 7:15-5.24(f)1. Where a narrative approach has been used, it is noted as text on the adopted FWSA map. Pre-existing grant conditions and requirements (from Federal and State grants or loans for sewerage facilities), which provide for restriction of sewer service to environmentally sensitive areas, are unaffected by adoption of these amendments and compliance is required.

In addition to the environmentally sensitive areas with Federal 201 grant limitations that prohibit the extension of sewers identified under N.J.A.C. 7:15-5.24(d)1, there are other special restricted areas, not applicable here, which must also be excluded from SSA pursuant to N.J.A.C. 7:15-5.24(d)2 through 4. Specifically, there are no beaches, coastal high hazard areas, or dunes on the project site.

Approval of this amendment does not eliminate the need for any permits, approvals or certifications required by any Federal, State, County or municipal review agency with jurisdiction over this project/activity.

**This notice** is being given to inform the public that a plan amendment has been proposed for the Tri County WQM Plan. All information relating to the WQM Plan and the proposed amendment is located at the Department, Office of Coastal and Land Use Planning, 401 East State Street, P.O. Box 420, Mail Code 401-07C, 401 East State Street, Trenton, N.J. 08625-0420. The Department's file is available for inspection between 8:30 a.m. and 4:00 p.m., Monday through Friday. An appointment to inspect the documents may be arranged by calling the Office of Coastal and Land Use Planning at (609) 984-6888.

**Interested persons** may submit written comments on the amendment to WQM Program Docket, Office of Coastal and Land Use Planning at the Department address cited above with a copy sent to Mr. Richard Clemson, James Sassano Associates Inc., 41 South Route 73, Hammonton, New Jersey, 08037. All comments must be submitted within 30 days of the date of this published notice. All comments submitted prior to the close of the comment period shall be considered by the Department in reviewing the amendment request.

**Interested persons** may request in writing that the Department hold a non-adversarial public hearing on the amendment or extend the public comment period in this notice up to 30 additional days. These requests must state the nature of the issues to be raised at the proposed hearing or state the reasons why the proposed extension is necessary. These requests must be submitted within 30 days of the date of this notice to WQM Program Docket at the Department address cited above. If a public hearing for the amendment is held, the public comment period in this notice shall be extended to close 15 days after the public hearing.

**ENVIRONMENTAL PROTECTION  
DIVISION OF COASTAL AND LAND USE PLANNING  
Proposed Amendment to the Tri-County Water Quality Management Plan  
Public Notice**

**Take notice** that the New Jersey Department of Environmental Protection (Department) is seeking public comment on a proposed amendment to the Tri-County Water Quality Management (WQM) Plan. This amendment proposal, entitled “Bankbridge Development”, submitted on behalf of Planland, LLC, would expand the sewer service area (SSA) of the Gloucester County Utilities Authority (GCUA) Wastewater Treatment Plant (WTP) to include 135 four-bedroom single family homes on Block 398, Lots 31-33 & 52; and Block 399, Lots 2, 4, 5, 6, 8, & 17-41 in Deptford Township, Gloucester County. The subject property, located on the western side of Route 663/Tanyard Road, and bisected by Woodcreek-Bankbridge Road, totals approximately 170 acres. Portions of the property are already shown to be within GCUA’s existing SSA. Therefore, the SSA would be expanded by approximately 79 acres in order to accommodate the entire development.

This proposal would amend the GCUA Consolidated District Wastewater Management Plan (WMP), adopted December 10, 2008 (see 41 N.J.R. 671(a), January 20, 2009), to include the Bankbridge Development in the GCUA SSA. This application has been reviewed in accordance with the Water Quality Management Planning rules that set the environmental standards to be applied to an amendment at N.J.A.C. 7:15-5.18, N.J.A.C. 7:15-5.24 and N.J.A.C. 7:15-5.25.

Pursuant to P.L. 2011, c. 203, the Department, in consultation with the applicable wastewater management planning agency, may approve the inclusion of land within a SSA notwithstanding that existing treatment works may not currently have the assured capacity to treat wastewater from such land without infrastructure improvements or permit modification. Therefore, amendments to modify a SSA may be approved if such actions are compliant with the applicable sections of the Water Quality Management Planning rule (N.J.A.C. 7:15) regardless of whether capacity has been fully assessed, however, in accordance with N.J.A.C. 7:15-5.25(h)1, the projected wastewater flow of the project has been evaluated. The proposed wastewater flow, as calculated in accordance with N.J.A.C. 7:14A is 40,500 gallons per day (gpd). Though the GCUA Consolidated District WMP, adopted December 10, 2008, identifies the GCUA WTP as being permitted at 24.1 million gallons per day (mgd), currently, the GCUA WTP, discharging under permit number NJ0024686, has a permitted capacity of 27 mgd. The GCUA WTP discharges to the Delaware River, a designated Category 2 (C2), Fresh Water 2, Non-Trout, Saline Estuarine 2 (FW2-NT\SE2) waterway, as classified under the Surface Water Quality Standards, N.J.A.C. 7:9B. The average of the last twelve months of discharge monitoring data show that GCUA WTP has discharged an average daily flow of 17.058 MGD. The additional 0.0405 MGD of wastewater will not cause the wastewater generation potential of the expanded SSA to exceed the 27 mgd permitted capacity of GCUA WTP.

The GCUA WTP provides treatment for the northern portion of Gloucester County known as the Consolidated District. Along with Deptford Township, the Consolidated District includes Clayton Borough, Glassboro Borough, Mantua Township, National Park Borough, Paulsboro Borough, Pitman Borough, Washington Township, Wenonah Borough, West Deptford Township, Westville Borough, Woodbury City, Woodbury Heights Borough, and portions of East Greenwich Township, Elk Township and Monroe Township. As part of the Gloucester County Consolidated District WMP, an environmental constraints/build out analysis was performed for each municipality in order to identify future wastewater needs. Based on the analysis, Deptford Township has a projected need to treat a total residential wastewater flow of 3.76 mgd, which has been included in the build out analysis for the GCUA WTP. This proposed amendment to include the Bankbridge development in the GCUA SSA, which would add 0.0405 mgd of wastewater flow to the GCUA WTP can be accommodated within the Township’s apportioned flow of 3.76 mgd without modification to existing facilities.

As outlined at N.J.A.C. 7:15-5.24, sewer service may only be provided to areas that are not identified as environmentally sensitive areas (ESAs), Coastal Fringe, Coastal Rural and Coastal Environmentally Sensitive Planning Areas, beaches, coastal high hazard areas, and dunes. Pursuant to N.J.A.C. 7:15-5.24, ESAs are defined as contiguous areas of 25 acres or larger consisting of habitat for threatened and endangered species as identified on the Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, Natural Heritage Priority Sites, Category One (C1) special water resource protection areas, and wetlands, alone or in combination. These areas are not included in the proposed SSA.

In accordance with N.J.A.C. 7:15-5.24(b)1, to determine areas designated as threatened or endangered species habitat, the Department utilized the Division of Fish and Wildlife's Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, version 3.1. Areas identified by the Landscape Project as being suitable habitat for threatened and endangered species Ranks 3 (State threatened), 4 (State endangered), and 5 (Federal endangered or threatened) are not to be included in proposed SSAs except as provided under N.J.A.C. 7:15-5.24(e) – (h), or unless a site has undergone a site specific Habitat Suitability Determination prepared in accordance with N.J.A.C. 7:15-5.26 that found the site to be not suitable habitat, or pursuant with N.J.A.C. 7:15-5.24(g)2, the Department determined the ESA is not critical to a population of endangered or threatened species the loss of which would decrease the likelihood of the survival or recovery of the identified species. Review of the project site has determined that no threatened or endangered species habitat exists on site.

In accordance with N.J.A.C. 7:15-5.24(b)2, areas mapped as Natural Heritage Priority Sites are not to be included in proposed SSAs, except as provided under N.J.A.C. 7:15-5.24(e) – (h). Review of the project site has determined that no Natural Heritage Priority Sites exist on site.

A Riparian zone has been identified on the project site. Riparian zones or buffers are established along all surface waters, based on the surface water body's classification designated at N.J.A.C. 7:9B, under the following regulations: the Flood Hazard Area Control Act Rules, the Stormwater Management rules, and the Water Quality Management Planning rules. The required buffer width for the Monongahela Brook, its tributaries, and Monongahela Lake, which are all designated FW2-NT waterbodies, is 50 feet, to be measured from the top-of-bank of the regulated streams and from the normal water limit of the lake. Deptford Township does not have a local ordinance that is in full compliance with the aforementioned regulations. To become compliant, and in accordance with N.J.A.C. 7:15-5.25(h)5i, the Riparian Corridor Analysis has been satisfied by applying the 50 foot buffer to the applicable portions of Monongahela Brook, its tributaries, and Monongahela Lake and removing from the proposed SSA.

In accordance with N.J.A.C. 7:15-5.24(b)4, areas mapped as wetlands pursuant to N.J.S.A. 13:9A-1 and 13:9B-25 are not to be included in proposed SSAs, except as provided under N.J.A.C. 7:15-5.24(e) – (h). In accordance with N.J.A.C. 7:15-5.24(e)2, Letter of Interpretation, L.O.I. # 0802-13-0003.1, was submitted to refute the current Department mapped wetlands delineation, confirming the presence and boundary of an intermediate resource value wetlands, requiring a 50-foot buffer. In compliance with the LOI, the proposed SSA excludes both the mapped wetlands and associated 50-foot buffer.

Pursuant to N.J.A.C. 7:15-5.24(d), areas with Federal 201 grant limitations that prohibit the extension of sewers to serve development in these areas are excluded from proposed SSAs. There are no prohibitions written into the Federal 201 grants awarded to GCUA WTP for sewer extensions.

In accordance with N.J.A.C. 7:15-5.25(h)6, proposed development disturbance is not to be located in areas with steep slopes, defined as any slope greater than 20 percent. There are no steep slopes on the subject site.

In accordance with N.J.A.C. 7:15-5.25(h)3 the water supply need for the proposed project has been evaluated. Water supply for the proposed development will be provided by the Deptford Township Water & Sewer Department which withdraws and treats water from the Upper Potomac-Raritan-Magothy Aquifer. Water use analysis indicates that the 2.604 mgd allocation currently permitted under WAP090001 is sufficient to meet the Township's needs and will not require modification to serve the proposed development.

In accordance with N.J.A.C. 7:15-5.25(h)4, a project or activity's stormwater management is to be evaluated. However, P.L. 2011, c. 203 directs there be a presumption that an engineered subdivision or site plan is not required. Without such information a review and determination of compliance with the Stormwater Management rules (N.J.A.C. 7:8) is not possible. The county and local governments are responsible for review and implementation of the Stormwater Management rules during their review and approval of proposed development. Deptford Township has adopted stormwater management ordinances (No. 7-2006 and 01-2008) which comply with the performance standards of the Stormwater Management Rules at N.J.A.C. 7:8.

Additional issues which may need to be addressed for any new or expanded wastewater treatment facility proposal include, but are not limited to, compliance with stormwater regulations, antidegradation, effluent limitations, water quality analysis, and exact locations and designs of future treatment works. Additionally, sewer service to any particular project is subject to contractual allocations between municipalities, authorities and/or private parties, and is not guaranteed by this amendment.

Approval of this amendment does not eliminate the need for any permits, approvals or certifications required by any Federal, State, County or municipal review agency with jurisdiction over this project/activity.

**This notice** is being given to inform the public that a plan amendment has been proposed for the Tri-County WQM Plan. All information related to the WQM Plan and the proposed amendment is located at the Department, Division of Coastal and Land Use Planning, 401 East State Street, P.O. Box 420, Mail Code 401-07C, 401 East State Street, Trenton, N.J. 08625-0420. The Department's file is available for inspection between 8:30 a.m. and 4:00 p.m., Monday through Friday. An appointment to inspect the documents may be arranged by calling the Division of Coastal and Land Use Planning at (609) 984-6888.

**Interested persons** may submit written comments on the proposed amendment to WQM Program Docket, at the Department address cited above with a copy sent to Mr. Richard Clemson, P.E., James Sassano Associates, Inc., 41 South Route 73, Hammonton, N.J. 08037. All comments must be submitted within 30 days of the date of this public notice. All comments submitted prior to the close of the comment period shall be considered by the Department in reviewing the amendment request.

**Interested persons** may request in writing that the Department hold a non-adversarial public hearing on the amendment or extend the public comment period in this notice up to 30 additional days. These requests must state the nature of the issues to be raised at the proposed hearing or state the reasons why the proposed extension is necessary. These requests must be submitted within 30 days of the date of this notice to WQM Program Docket at the Department address cited above. If a public hearing for the amendment is held, the public comment period in this notice shall be extended to close 15 days after the public hearing.

Date

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO RE-INSTATE PERMIT  
COASTAL GENERAL PERMIT #18**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** intends to re-instate a permit that authorizes the construction of a new bulkhead between two adjacent bulkheads, above the spring high water line and 5' inshore of the mapped coastal wetlands on site under the Coastal Area Facility Review Act (N.J.S.A 13:19 et seq.). The permit was originally abandoned by the applicant on May 2, 2013. The applicant has requested the re-instatement of the bulkhead permit. The project is located at the property known as Lot 4, Block 2202, City of Brigantine, Atlantic County, New Jersey. The project is as shown on the site plan entitled: "PROPERTY SURVEY, BLOCK 2202, LOT 4, BRIGANTINE CITY, ATLANTIC COUNTY, NEW JERSEY", dated June 8, 2010, last revised on November 3, 2010, and prepared by Arthur W. Ponzio Co. & Associates, Inc.

Notice of the final permit decision will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.

IN THE MATTER OF:           Burton W., Judith A. Parker, Hamilton P., Rebecca W., Geoffrey D., and Julia P. Schwartz  
File # 0103-09-0077.1 CAF 100003  
City of Brigantine, Atlantic County, New Jersey  
Block 2202, Lot 4

Comments regarding this project or requests for a copy of the project plan should be sent to: Shorefront Region Section Chief, Division of Land Use Regulation, NJDEP, PO Box 420 501-02A, Trenton, NJ 08625, or the office may be reached by telephone: (609) 633-2289. Comments must be received by NJDEP within 10 days of this publication.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
BUREAU OF COASTAL AND LAND USE COMPLIANCE AND ENFORCEMENT  
NOTICE OF INTENT TO SETTLE A FRESHWATER WETLANDS VIOLATION**

**PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** intends to settle an enforcement action pertaining to the below site and responsible party for violations of the Freshwater Wetlands Protection Act pursuant to N.J.S.A. 13:9B-21.j.

IN THE MATTER OF:           HOLLYBROOK ESTATES  
Enforcement File # 0816-05-0036.1  
Block and Lot [15, 15.01] [15, 15.02]  
South Harrison Twp, Gloucester County

Comments regarding this settlement or requests for a copy of the settlement should be sent to: Dwayne Snead, NJDEP Bureau of Coastal and Land Use Compliance and Enforcement, 401 East Sate Street, Mail Code 401-04C, PO Box 420, Trenton, New Jersey 08625 or via email at [Dwayne.Snead@dep.state.nj.us](mailto:Dwayne.Snead@dep.state.nj.us). Comments must be received by NJDEP within 30 days of this publication to be considered.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF ADMINISTRATIVE COMPLETENESS  
FRESHWATER WETLANDS GENERAL PERMITS AND TRANSITION AREA WAIVER**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has required the Applicant to re-notice the applications listed below due to an administrative error in the original public notices. On August 16, 2013, new corrected notices were mailed to the Public by the Applicant. The Department received proof of these notices on August 19, 2013. As such, the applications are now administratively complete for review.

IN THE MATTER OF:            Hanover 3201 Realty, LLC c/o Mack-Cali Realty Corporation  
   File No. 1400-12-0002.2  
   Activity Nos.: FWW130001, FWW130002, FWW130003 and  
   FWW130004  
   343 Thornall Street  
   Edison, New Jersey  
   Block(s): 3201, Lot(s): 1 and 2

Comments regarding these applications may be sent to Tina Wolff, ES3, Land Use Regulation Program, Mail Code 501-02A, PO Box 420, Trenton, NJ 08625, telephone 609-984-3813. Comments must be received within 30 days of this Bulletin notice.

## Waiver Rule Requests

*NOTE: Pursuant to N.J.A.C. 7:1B-2.3(c), this section contains only those waiver rule requests related to rules for which the Department publishes notice of permit decisions in the DEP Bulletin. To access information on all waiver rule requests received by the Department, use the interactive reports on the Department's DataMiner website. Please visit <http://www.nj.gov/dep/waiverrule> and click on the "Search for Waiver Requests and Decisions" button to access these reports.*

<b>Narrative</b>	<p>Applicant proposes to build a single family residence on a lot that is already cleared, bulkheaded and has been determined to have no wetlands on it. A CAFRA permit was issued for the property (Permit #1530-04-0001.1) was later rescinded upon learning that the lot was not identified in an earlier CAFRA permit allowing the installation of a sewer line servicing the applicant's neighbors and fronting the property in question. (Permit#1530-92-0028.1, 2, 1). An application was then submitted to amend the WQMP so as to allow the lot to attach to the sewer line, but that application was denied upon appeal that denial was affirmed. While the appeal was pending, the DEP initially considered amending the WQMP to allow access from any property on the street to the sewer line, but reconsidered upon Stafford Township's amendment of its zoning ordinances to eliminate the applicant's proposed use, a single family residence, as being allowed in that zone. The applicant has since obtained from Stafford Township a variance allowing construction of a single family residence, subject to DEP's approval of the development otherwise. A lawsuit was thereafter filed against DEP claiming its actions had deprived the applicant of any reasonable use of the property but that litigation was dismissed with direction to the applicant to exhaust all administrative remedies, including refiling an application to amend the WQMP and also filing a request. It is applicant's position that DEP's issuance of the CAFRA permit demonstrated compliance with all environmental concerns other than being able to attach to the sewer line. The subject property is in the middle of a row of developed properties, and as noted above is already cleared, bulkheaded and without wetlands and as such would not impose any environmental detriment by developing with a single family residence.</p>

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz  
Operations Element  
PO Box 028  
Trenton, NJ 08625

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATER QUALITY**

**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

**Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality Management Plan Consistency Determinations**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Coastal and Land Use Planning, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-1 et seq. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

Applications will be reviewed to determine whether the project proposal qualifies for the selected exemption and whether it is consistent with the applicable Water Quality Management Plan. Be advised, however, that the proposal will also be reviewed to determine whether it qualifies for an exemption other than the one specifically applied for.

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at [www.nj.gov/dep/opra](http://www.nj.gov/dep/opra), or call (609) 341-3121.

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

**Written comments should be submitted to:**

Elizabeth Semple, Acting Director  
Land Use Management  
Division of Coastal and Land Use Planning  
Mail Code 401-07C  
PO Box 420, 401 East State Street
