## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

NOTICE OF INTENT TO SETTLE  
AGREEMENT IN LIEU OF A CAFRA INDIVIDUAL PERMIT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** intends to settle the appeal of DLUR File No. 1505-03-0101.1 (APL080001) that would allow the construction of two (2) single-family dwellings and an internal roadway system to service ten (10) future commercial lots. On September 5, 2008, the Division of Land Use Regulation (Division) issued a CAFRA Individual Permit, a Freshwater Wetlands General Permit No. 6 and a Freshwater Wetlands General Permit No. 10B. In September, 2008, the Permittee requested an adjudicatory hearing to contest specific conditions issued in the permit approval. The Department and the Permittee has reached a tentative agreement on implementation of these conditions. The proposed project site is designated Block(s): 837; 858 Lot(s): 17.01; 46 in Berkeley Township, Ocean County. The site is located within a CAFRA Node Planning Area, within an approved Water Quality Management Plan (208) Area. The applicant is Berk-Lee Acres.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO SETTLE AND TO ISSUE PERMITS  
FRESHWATER WETLANDS PROTECTION ACT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** intends to enter into a settlement with Bi-County Development Corp (Bi-County). Bi-County owns real property designated as Block 3001, Lots 1, 4, 15 and 18 (formerly designated as Block 3102 Lot 1 and part of Lot 3; Block 3101 Lots 3 and 6; Block 3103 Lot 1; and Block 3103 Lot 2, respectively) on the tax maps of the Borough of Oakland, Bergen County, New Jersey (the "Property"). Bi-County intends to develop this property with approximately 200 residential units, including affordable housing to be constructed in accordance with a January 1991 settlement of a Mount Laurel affordable housing lawsuit brought by Bi-County against Oakland Borough. Bi-County's proposed development is illustrated on

plans entitled “NJDEP PERMITTING PLAN FOR BI-COUNTY OAKLAND, BLOCK 3001, LOTS 1, 4, 15, AND 18, TAX MAP SHEET #30, BOROUGH OF OAKLAND, BERGEN COUNTY, NEW JERSEY,” prepared by Maser Consulting P.A., dated May 18, 2012, last revised October 5, 2012 (the “Permitting Plan”). The proposed settlement between the Department and Bi-County provides for the issuance of Freshwater Wetlands General Permits 10B and 11 and a Transition Area Waiver in accordance with the Permitting Plan and a Comprehensive Conservation Plan designed to protect the documented barred owl habitat and Exceptional Value Resource wetlands on the Property. The proposed settlement also would recognize that the Property was placed in an approved sewer service area for Wayne’s Mountain View Wastewater Treatment Facility by virtue of the Department’s February 4, 1991 adoption of the 1990 Oakland WMP, so that the project is consistent with the Northeast WQMP and the Department’s June 3, 2005 inconsistency determination and August 18, 2008 WQMP amendment disapproval are thus rescinded. In addition, because Bi-County has been unable to proceed under a November 12, 2007 Stream Encroachment Permit due to the inconsistency determination being rescinded by this Settlement, the Department would recognize the running of the five-year approval period for the Stream Encroachment Permit as tolled during the pendency of this administrative appeal.

The Settlement Agreement and the approved plans may be viewed upon request by contacting Becky Mazzei, Environmental Specialist 2, Division of Land Use Regulation, P.O. Box 420, Mail Code 501-02A, Trenton, New Jersey 08625-0420 or by telephoning (609) 984-6216.

Written comments regarding this settlement must be addressed to Becky Mazzei, Environmental Specialist 2, Division of Land Use Regulation, P.O. Box 420, Mail Code 501-02A, Trenton, New Jersey 08625-0420, or submitted by email to [Becky.Mazzei@dep.state.nj.us](mailto:Becky.Mazzei@dep.state.nj.us). Comments must be received within thirty (30) days of publication, which is by May 1, 2014.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION  
GREEN ACRES PROGRAM  
NOTICE OF PUBLIC HEARINGS ON PROPOSED CONVEYANCE OF PROPERTY IN THE  
CITY OF MILLVILLE, CUMBERLAND COUNTY**

**Take Notice** that in accordance with *N.J.S.A. 13:1D-51* through *–58*, the State of New Jersey, Department of Environmental Protection (“NJDEP”) will hold two **public hearings** to seek comments on the proposed conveyance of property in the City of Millville, Cumberland County.

The property proposed for conveyance is designated for tax purposes as Block 578, Lot 19 (comprising approximately 81 acres, hereafter “the Property.”) The NJDEP proposes to convey the Property through a direct sale to either the City of Millville (“City”), the Millville Urban Redevelopment Corporation (“MURC”), the Cumberland County Improvement Authority or any other nonprofit or public entity designated by the City. The Property was purchased by the NJDEP from the prior owner, Durand Glass Manufacturing Company, Inc. (“Durand”), in July 2013 for \$335,000. The proposed sale price for the conveyance by the NJDEP to the City or its designee is \$395,000. If the property is conveyed by the NJDEP to the City or its designee, it will be used for commercial/industrial purposes consistent with current zoning.

The Property is located off Gorton Road; the street address of the Property is 1 Gorton Road. It is irregularly shaped, with a maximum depth of about 2700 linear feet and a frontage of about 735 feet. The property is currently administered by the NJDEP’s Division of Fish and Wildlife as part of the 474-acre Menantico Ponds Wildlife Management Area.

A copy of a report analyzing the proposed conveyance is available online at [www.nj.gov/dep/greenacres/notices.html](http://www.nj.gov/dep/greenacres/notices.html). A general location map for the Property is included as Figure 1 of the report. An aerial map of the Property is included as Figure 2 of the report.

The proposed sale price is based on three components: the \$367,000 full fair market value of the Property as of January 2013 (as established by appraisals commissioned by the NJDEP as part of the purchase); approximately

\$13,000 in technical costs incurred by the NJDEP as part of the purchase of the Property and \$15,000 for administrative costs associated with the proposed conveyance.

If the proposed conveyance of the Property is approved and the Property is sold to the City or its designee, the NJDEP intends to apply \$367,000 of the sale proceeds to the purchase of a minimum of 900 acres of land within Block 582, Lot 1 in the City of Millville for addition to the Menantico Ponds Wildlife Management Area. The proposed replacement property is known locally as the Holly Farm property and is located at 3001 Main Street E in the City of Millville. The remainder of the proceeds of the sale (\$28,000) will be returned to the Garden State Preservation Trust Fund (or other appropriate Green Acres bond fund) for use in future open space acquisitions. However, if the Holly Farm purchase cannot be concluded within three years of the actual conveyance of the Property, the NJDEP will identify and purchase other suitable replacement land of at least equal acreage, in fee, within Cumberland County using the \$367,000 sale proceeds.

State House Commission approval is required for this proposal. If approved, the Department anticipates that the earliest the proposed conveyance could occur is mid-August 2014.

The **first public hearing** on the proposed conveyance of the Property will be held on:

Wednesday, May 7, 2014 at 6:30 PM at the  
City of Millville City Hall  
Commission Chambers—4<sup>th</sup> floor  
12 S. High Street  
Millville, New Jersey 08332  
856-825-7000

The hearing record for the first public hearing will close on Wednesday, May 21, 2014. Interested persons may obtain information from Judeth Yeany in the Green Acres Program or John Knoop at the City of Millville at the addresses below and may submit written comments to Ms. Yeany until the close of business on Wednesday, May 21, 2014.

The **second public hearing** will be held on:

Department of Environmental Protection  
Public Hearing Room  
401 E. State Street—1<sup>st</sup> floor
