## Permit Descriptions

---

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Coastal Permit: A permit or an authorization issued under this chapter pursuant to CAFRA, the Wetlands Act of 1970, N.J.S.A. 13:9A-1 et seq., or the Waterfront Development Law, N.J.S.A. 12:5-3.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway, floodplain or riparian zone in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules. Highlands Applicability Determinations verifies certain exemptions allowed by the regulations.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
Attn: Adjudicatory Hearing Requests  
Department of Environmental Protection  
PO Box 402  
Trenton, NJ 08625-0402

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**  
**EVENTS OF PUBLIC INTEREST**

**None at this time.**

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO AUTHORIZE**

Notice of the Department's intent to authorize development under a reconsideration of an application of the substantive standards pursuant to N.J.A.C. 7:7-19.2 of the Coastal Zone Management rules and to provide a 30-day comment period as provided in N.J.A.C. 7:7-19.2(i).

Development shall be authorized for:

Richard and Lorey Torrieri  
710 Avalon Blvd.  
Middle Township, Cape May County  
Block: 17, Lot: 80  
File No. 0506-05-0054.1 APL170001

On December 20, 2005, the Department denied a CAFRA Individual Permit application to develop the above referenced property with a single-family dwelling. On May 23, 2011 and following the process for the reconsideration of the application of substantive standards, the Department issued CAFRA and Coastal Wetlands Permit No. 0506-05-0054.1 APL090001 ("Permit"). The Permit authorized the construction of a single-family dwelling, a raised deck, a gabion wall, and the placement of fill for access. On May 22, 2016, the Permit expired. The property remains vacant and the current owner has proposed development of the property in accordance with the expired Permit and corresponding site plan. The Department reassessed the strict application of the Coastal Zone Management rules at N.J.A.C. 7:7-1.1 et seq. and determined that construction of a single-family dwelling may occur in accordance with the amelioration rules at N.J.A.C. 7:7-19.2.

A 30-day public comment period shall commence upon the publication of this notice in the February 7, 2018 DEP Bulletin. Comments may be sent to:

Ryan J. Anderson, Manager  
Division of Land Use Regulation  
Bureau of Coastal Regulation  
NJDEP, Mail Code 501-02A PO Box 420  
Trenton, NJ 08625-0420,  
by e-mail care of [ryan.anderson@dep.nj.gov](mailto:ryan.anderson@dep.nj.gov).  
The office may be reached by telephone: (609) 633-2289

An analysis of the reconsideration of application of substantive standards may be obtained by contacting the above.

## NOTICE OF CAFRA PERMIT APPLICATION PUBLIC HEARING

**TAKE NOTICE THAT THE NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION (NJDEP)** intends to hold a public hearing for the proposed development as described below. The public hearing will be held on Thursday, February 8<sup>th</sup>, 2018 at 6:00 PM in the auditorium of Manchester High School at 101 S. Colonial Drive in Manchester, New Jersey 08759. If the Manchester Township Schools are closed or after school activities are cancelled on February 8<sup>th</sup>, 2018 due to inclement weather, the public hearing will be postponed until Tuesday, February 13<sup>th</sup>, 2018 at 6:00 PM at the same location. Please check the Manchester Township Schools website at <http://www.manchestertwp.org/resources/parents/emergency-closing-info> regarding school closings and cancellation of after school activities.

### IN THE MATTER OF:

Applicant: Hovsons, Inc.

Application File No.: 1518-03-0002.3 CAF170001 & FWW170001

Project Location: Route 70 and Colonial Drive

Block 75.01, Portion of Lot 1

Manchester Township, Ocean County

**PROJECT DESCRIPTION:** The applicant has applied for a CAFRA Individual Permit to construct 4,000 dwelling units with associated recreational amenities, a clubhouse, 40,000 square feet of commercial space, paved access roads from Route 70 and Colonial Drive, parking areas, driveways, landscaping, stormwater management facilities, and other necessary utilities to service the development. The applicant has also applied for a Freshwater Wetlands General Permit 11 for the proposed disturbance of 1,650 square feet (0.038 acres) of freshwater wetlands and 9,350 square feet (0.215 acres) of freshwater wetlands transition area for the construction of two (2) stormwater outfall structures.

The CAFRA Individual Permit and Freshwater Wetlands General Permit 11 application is available for review at the Municipal Township Clerk's office or by appointment at the New Jersey Department of Environmental Protection's Trenton Office. Written comments regarding this proposed development should be sent to: Bureau Section Chief, Bureau of Coastal Regulation, Division of Land Use Regulation, New Jersey Department of Environmental Protection, Mail Code 501-02A, P.O. Box 420, Trenton, New Jersey 08625-0420.

## Waiver Rule Requests

*NOTE: Pursuant to N.J.A.C. 7:1B-2.3(c), this section contains only those waiver rule requests related to rules for which the Department publishes notice of permit decisions in the DEP Bulletin. To access information on all waiver rule requests received by the Department, use the interactive reports on the Department's DataMiner website. Please visit <http://www.nj.gov/dep/waiverrule> and click on the "Search for Waiver Requests and Decisions" button to access these reports.*

<b>Conflict (DEP)</b>	Section	6
	Subsection	b
	Paragraph	
	Subparagraph	

<b>Narrative</b>	<p>The Applicant purchased the subject property, which was previously developed as a single family residence, with the intent of constructing a single family residence and accessory development. The Filled Waters Edge Rule, NJAC 7:7E-3.23, as was applied by NJDEP in its denial of the CAFRA application (File No. 1519-05-0009.1 CAF 120001), precludes residential development of the site and requires the majority of the site to be dedicated to water dependent use. The Applicant requests a Waiver from the Filled Waters Edge Rule under two bases: 1. Unduly Burdensome; and 2. Conflicting Rules. The Applicant did not directly cause or contribute to the circumstances resulting in the waiver request. The Applicant did not demolish the previous residential development at the site and has not filled any portion of the site. The site has been zoned as residential since before CAFRA came into effect. The requested waiver is consistent with the Departments core missions to maintain, protect, and enhance New Jerseys natural resources and to protect the public health, safety, and welfare and the environment. By waiving the water dependent use requirement of the Filled Waters Edge Rule a development that is consistent with the former use of the site and existing use of the surrounding land area could be achieved. The proposed single family dwelling and accessory development are permitted uses in Mantoloking Boroughs Residential Zone R-5A and consistent with the development in that area. The proposed residential development is protective of public health, safety and welfare as it will be served by public water and sanitary sewer; it will not overburden the small, rural type road that provides access to the site and neighboring homes; and it will not cause undue strain to the municipal emergency services. The proposed residential development is protective of New Jerseys natural resources and the environment because it avoids impacts to sensitive submerged vegetation habitat.</p>

	Section	4
	Subsection	a
	Paragraph	
	Subparagraph	

Narrative	
	<p>This Waiver Rule request applies to the Flood Hazard Area Control Act regulation at NJAC 7:13-9.4(a) which states: ... an individual permit is valid for five years from its issuance date and shall not be extended. The applicants want to build a modest home in a residential neighborhood of Berkeley Heights Township. Construction on the small (0.64-acre) lot is constrained by the existence of floodplains and wetlands. Thus, the applicants applied for both a Flood Hazard Area (FHA) approval and a Freshwater Wetland approval at the same time for this project. Both permits, once issued, would be valid for 5 years. NJDEP review of the applications required several rounds of revisions to the site plan. The final FHA permit eventually was issued 2 years ago (File # No. 2001-06-0002.1 FHA 090002; APL10001), and it expires on 5 July 2016 (approximately 3 years from now). However, construction of the project cannot begin until the necessary Wetland permit also has been issued (which reportedly is imminent). There have been no changes to the project or site plan since the FHA permit was approved. Thus this waiver will not change the small but unavoidable environmental impact. The building will be constructed on pilings, its first floor more than 1 foot above the flood hazard area design flood. There will be no disturbance in the floodway and no net fill in the floodplain. Only 0.03 acre of wetland and 0.06 acre of transition area will be disturbed (less than 0.1 acre total), primarily for the proposed driveway. The FHA rules have not changed since the FHA permit was granted for this project. This Waiver simply requests NJDEP to allow the expiration date of the FHA permit to be reset such that it will be valid for five years from the issuance date of the Freshwater Wetland permit, so that both necessary NJDEP approvals (FHA and Wetland) then will have the same 5-year timeframe for beginning and completing construction. More detailed narrative is attached.</p>

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION**  
**DIVISION OF WATER QUALITY**  
**PUBLIC NOTICE**

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin **and** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin **only**.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.
