(IN THE MATTER OF CERTAIN AMENDMENTS)
(TO THE ADOPTED AND APPROVED SOLID)
(WASTE MANAGEMENT PLAN OF THE)
(BURLINGTON COUNTY SOLID WASTE)
(MANAGEMENT DISTRICT)

CERTIFICATION OF THE
JUNE 12, 1985 AMENDMENT
TO THE BURLINGTON COUNTY DISTRICT
SOLID WASTE MANAGEMENT PLAN

BY ORDER OF THE COMMISSIONER:

A. Introduction

The New Jersey Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) established a comprehensive system for the management of solid waste in New Jersey. The Act designated all twenty-one (21) of the state's counties and the Hackensack Meadowlands District as Solid Waste Management Districts, and mandated that the Boards of Chosen Freeholders and the Hackensack Meadowlands Development Commission develop comprehensive plans for waste management in their respective districts. On October 27, 1980, the Department approved, with modification, the Burlington County District Solid Waste Management Plan.

The Act requires that all district plans be based on and accompanied by a report detailing the existing waste disposal situation in the district, and a plan which includes the strategy to be followed by the district in meeting the solid waste management needs of the district for the ten-year planning period. The report must detail the current and projected waste generation for the district, inventory and appraise all facilities in the district, and analyze the waste collection and transportation systems which serve the district. The disposal strategy must include the maximum practicable use of resource recovery techniques. In addition to this strategy, the plan must designate sufficient available suitable sites for the disposal of the district's waste for the ten-year period; which sites may be in the district, or if none are available, in another district. (The Act provides procedures for reaching any necessary interdistrict agreements.)

The Act further provides that a district may review its plan at any time, and, if found inadequate, a new plan must be adopted. The Burlington County Board of Chosen Freeholders completed such a review and on June 12, 1985, adopted an amendment to its approved district plan. The amendment corrects inconsistencies in the lots and blocks that comprise the Burlington County Solid Waste Management Facilities Complex which were inadvertently excluded from a previous amendment submitted to the Department for review on November 18, 1982 and subsequently approved on April 18, 1983. The amendment was received by the Department of

Environmental Protection on June 21, 1985 and copies were distributed to various state agencies for review and comment, as required by law. The Department has reviewed this amendment, and has determined that the amendment adopted by the Burlington County Board of Chosen Freeholders on June 12, 1985 is approved as provided in N.J.S.A. 13:1E-24.

B. Findings and Conclusions with Respect to the Burlington County District Solid Waste Management Plan Amendment

Pursuant to N.J.S.A. 13:1E-24a(1), I, Robert E. Hughey, Commissioner of the Department of Environmental Protection, have studied and reviewed the June 12, 1985 amendment to the Burlington County District Solid Waste Management Plan according to the objectives, criteria and standards developed in the Statewide Solid Waste Management Plan and I find and conclude that this plan amendment is approved and is fully consistent with the Statewide Solid Waste Management Plan.

In addition, the Division of Waste Management circulated the plan amendment to sixteen review agencies and solicited their review and recommendations. Pursuant to N.J.S.A. 13:1E-24a(2) and (3), these agencies included various agencies, bureaus and divisions within the Department of Environmental Protection as well as the Board of Public Utilities. Also among these agencies were the Department of Community Affairs, the Office of Recycling, the Department of the Public Advocate, the Department of Health, the Department of Agriculture, the Department of Transportation and the New Jersey Turnpike Authority. None of these agencies submitted substantive comments on the plan amendment.

C. Certification of the Burlington County District Solid Waste Management Plan Amendment

I, Robert E. Hughey, Commissioner of the Department of Environmental Protection, in accordance with N.J.S.A. 13:1E-1 et seq. and N.J.S.A. 13:1E-21, which established specific requirements regarding the contents of the district solid waste management plan, have reviewed the June 12, 1985 amendment to the approved Burlington County District Solid Waste Management Plan and certify to the Burlington County Board of Chosen Freeholders that the June 12, 1985 amendment is approved as further specified below.

On April 18, 1983, I certified amendments to the Burlington County Solid Waste Management Plan that, among other things, included by lot and block the site for the planned Burlington County Solid Waste Management Facilities Complex. Since that date, the county has submitted a preliminary environmental impact study to the Department as part of the permit approval process. In reviewing this document, the Department noted an inconsistency in the lots and blocks comprising the complex site. To resolve this discrepancy, this plan amendment has been submitted. Therefore, the inclusion within the plan of Block 173, Lot 10 in Florence Township and Block 44, Lot 3 in Mansfield Township as part of the Burlington County Solid Waste Management Facilities Complex is approved.

The total property now comprising the Burlington County Solid Waste Management Facilities Complex is:

Mansfield Township:

Block 44, Lots 1,2,3,4,5,5A,5B,5D,5E and 6

Florence Township:

Block 172, Lots 16,16A,17,17A, and 17B

Block 173, Lots 1,3,3A,3B,4,5,6,8,8C and 10

Block 174, Lots 2,3,3A,3B,3C,3D,3E,4,4A and 7

*Block 173
Lot 9, 10*

The construction of any facilities at this site shall be preceded by the obtainment of all necessary permits and approvals under N.J.S.A. 13:1E-1 et seq. and all other applicable laws. Issuance of construction and/or operating permits pursuant to the Solid Waste Management Act is limited to those applicants found by the Department to be fit and competent to manage such facilities.

D. Other Provisions Affecting the Plan Amendment

1. Contracts

Any contract renewal or new contract for solid waste collection or disposal which is inconsistent with the within amendment to the Burlington County District Solid Waste Management Plan and which was executed prior to the approval of this amendment and subsequent to the effective date of the Solid Waste Management Act (July 29, 1977), and which shall further be for a term in excess of one year, shall immediately be renegotiated in order to bring same into conformance with the terms and provisions herein set forth. Any solid waste collection operation or disposal facility registered by the Department of Environmental Protection and operating pursuant to a contract as herein described, shall be deemed to be in violation of this amendment and of the Burlington County District Solid Waste Management Plan if such renegotiation is not completed within ninety (90) days of the effective date of this amendment; provided, however, that any such registrant may, upon application to the Department of Environmental Protection and for good cause shown, obtain an extension of time to complete such renegotiation.

2. Compliance

All solid waste facility operators and collector/haulers registered with the Department of Environmental Protection and operating within Burlington County and affected by the amendment contained herein shall operate in compliance with this amendment and all other approved provisions of the Burlington County District Solid Waste Management Plan. Any facility operator or collector/hauler who fails to comply with the provisions contained herein shall be deemed to be in violation of N.J.S.A. 13:1E-1 et seq., in violation of N.J.A.C. 7:26-1 et seq., and in violation of their registration to operate a solid waste facility or a collection system issued thereunder by the

Department of Environmental Protection and shall be subject to the provisions and penalties of N.J.S.A. 13:1E-9, 10, and 12 and all other applicable laws.

3. Types of Solid Wastes Covered by the District Solid Waste Management Plans

The provisions of the Burlington County District Solid Waste Management Plan shall apply to all solid wastes defined in N.J.S.A. 13:1E-3 and N.J.A.C. 7:26-2.13 and shall not apply to liquid wastes, sewage sludge, septage, and hazardous wastes.

Also, all non-hazardous materials separated at the point of generation for sale or reuse are excluded from the waste flows designated in the Interdistrict and Intradistrict Solid Waste Flow Rules (N.J.A.C. 7:26-6) which are part of the Burlington County District Solid Waste Management Plan.

4. Certification to Proceed with the Implementation of the Plan Amendment

This document shall serve as the Certification of the Commissioner of the Department of Environmental Protection to the Burlington County Board of Chosen Freeholders, as provided for by N.J.S.A. 13:1E-24f., to proceed with the implementation of the amendment contained herein.

5. Definitions

For the purpose of this amendment and unless the context clearly requires a different meaning, the definitions of terms shall be the same as those found at N.J.S.A. 13:1E-3 and N.J.A.C. 7:26-1.4 and -2.13.

6. Effective Date of Amendment

The approved amendment to the Burlington County District Solid Waste Management Plan contained herein shall take effect immediately.

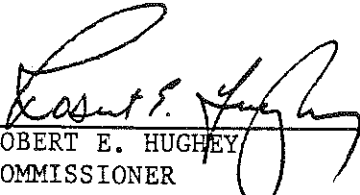

7. Reservation of Authority

Nothing contained herein shall be construed as a limitation on any other action taken by the Department of Environmental Protection pursuant to its authority under the law. The Burlington County District Solid Waste Management Plan, including any amendment made thereto, shall conform with the Statewide Solid Waste Management Plan. The Department has published a Statewide Solid Waste Management Plan with appendices which includes the Department's planning guidelines and rules, regulations, and orders of the Department, including the interdistrict and intradistrict waste flow rules, and also includes the compilation of individual district plans and amendments as they are approved.

E. Certification of the Amendment by the Commissioner of the Department of Environmental Protection

In accordance with the requirements of N.J.S.A. 13:1E-1 et seq., I hereby approve the amendment, as outlined in Section C. of this certification, to the Burlington County District Solid Waste Management Plan, which was adopted by the Burlington County Board of Chosen Freeholders on June 12, 1985.
