AUTHORITY:

This information is required by the New Jersey Department of Environmental Protection (DEP) under the authority of N.J.A.C. 7:26-3A.35 - 36 of the Regulated Medical Waste Rule. DEP expects you to provide this information based on the records you are required to keep as a regulated medical waste transporter.

WHO MUST COMPLETE THIS FORM ?

This report must be completed by transporters, including

generators that self transport their own waste, and owners and operators of transfer facilities engaged in transporting regulated medical waste that is generated, stored, transferred, treated, destroyed, disposed of, or otherwise managed in New Jersey.

This report must be completed by transporters of regulated medical waste that held permits to accept or have accepted, for transport, during the reporting period, regulated medical waste generated in New Jersey or that was generated outside New Jersey and has been disposed of or otherwise managed in New Jersey.

WHAT TYPE OF INFORMATION IS REQUIRED BY THIS REPORT ?

The transporter report form records information on the source and disposition of regulated medical waste handled by a transporter. The form is divided into six sections:

- I. Transporter Identification Information**
- II. Disposition Information**
- III. Generator Identification**
- IV. Second Transporter and Transfer Facility Identification**
- V. Intermediate Handlers and Destination Facility Identification**
- VI. Final Disposal Facility Identification**

WHEN TO COMPLETE THE REPORT ?

Complete the transporter report using the information that can be obtained from the tracking forms and transporter logs. Use only those tracking forms and logs that have certification receipt dates in Box 16 of the tracking form, and that fall within the reporting periods specified above.

INSTRUCTIONS FOR COMPLETING THE FORM

The following item-by-item instructions explain which Sections (I-VI) each type of transporter must complete.

All information should be typed or hand-printed in BLACK ink.

Enter the 5 digit NJDEP Regulated Medical Waste Transporter Identification Number.

Box 4. Certification for Intermediate Transporter.

Transporters that (1) solely accept regulated medical waste from other transporters and (2) deliver such waste only to another transporter for further movement, are considered "intermediate transporters" and need only complete Boxes 1 through 6. If you are an intermediate transporter, mark an "X" in the box corresponding to "Yes" and enter your signature after the box. If you are not an intermediate transporter, mark an "X" in the box corresponding to "No". In both cases, continue on to Box 5.

If your organization has no legal owner (e.g., a local government entity), the individual within your organization who is responsible for the information in this report must sign and date the certification and indicate his or her title or position.

If you are an intermediate transporter during the reporting period in Box 1, you do not need to complete the remaining sections of this report. If, however, you accepted regulated medical waste directly from a generator in New Jersey, or if you delivered such waste to an intermediate handler or destination facility during the reporting period in Box 1, continue with Sections II, III, IV, V and VI and follow the instructions.
