

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATER QUALITY  
PO BOX 425  
TRENTON, NEW JERSEY 08625-0425

**TREATMENT WORKS APPROVAL FEE SCHEDULE**

The fee schedule for the Treatment Works Approval applications processed by the Department of Environmental Protection has been revised, in accordance with N.J.A.C. 7:1C-1.5. The changes to the permit fees were published in the New Jersey Register on May 5, 2008. **The minimum review fee remains \$850.00.** As before, the below fee formulas base the permit fees on a percentage of the construction costs on the portion of the project for which a Treatment Works Approval is requested. The fee formulas are based upon the following categories:

**CATEGORY I:** *(Projects with a construction cost exceeding \$1,000,000)*

$$\text{FEE} = 4P(\$250,000) + 2P(\$750,000) + P(\text{C.C.} - \$1,000,000)$$

**CATEGORY II:** *(Projects with a construction cost exceeding \$250,000 but less than or equal to \$1,000,000)*

$$\text{FEE} = 4P(\$250,000) + 2P(\text{C.C.} - \$250,000)$$

**CATEGORY III:** *(Projects with a construction cost less than or equal to \$250,000)*

$$\text{FEE} = 4P(\text{C.C.})$$

For all three categories, "C.C." is the construction cost on the portion of the project for which a Treatment Works Approval is requested and as of July 1, 2008, the new value for "P" has been calculated to be equal to .0044. Please note that **\$850.00 is the minimum permit fee.** Please also be aware that the minimum review fee for Treatment Works Approval modifications continues at \$500.00.
