

## Compliance & Enforcement Penalty Trend Data for Fiscal Years 2005 – 2015 & FY16 (ytd)

	FY05	FY06	FY07	FY08	FY09	FY10	FY11	FY12	FY13	FY14	FY15	FY16 (ytd)
Net Assessments	\$10,049,214	\$8,319,854	\$13,454,127	\$10,793,786	\$10,740,069	\$12,040,604	\$6,677,218	\$7,081,104	\$9,147,314	\$11,078,306	\$6,387,659	\$8,232,884
Penalties Collected	\$6,411,994	\$8,139,894	\$11,351,425	\$11,496,330	\$14,274,297	\$8,574,128	\$8,180,259	\$6,786,229	\$7,338,892	\$6,533,272	\$4,373,706	\$5,769,847

### Notes:

- This data reflects only core Compliance & Enforcement programs that historically and consistently reported to the Assistant Commissioner for Compliance and Enforcement: Air, Hazardous Waste, Land Use, Pesticides, Solid Waste, Underground Storage Tanks (UST), Water Quality and Water Supply. This data does not include programs that only began reporting to the Assistant Commissioner for Compliance and Enforcement on July 6, 2015: Discharge Prevention, Toxic Catastrophe Prevention Act, Lab Certification, Pollution Prevention and Right to Know.
- The Penalties Collected is the amount of monies received in a specific fiscal year regardless of when it was assessed. This explains why the Penalties Collected amount may be greater than the Net Assessments amount for a given year. The Net Assessment and Penalties Collected for a given Fiscal Year should not be used as a basis of comparison, because penalties are collected on assessments from current or previous fiscal years.
- FY16 year-to-date numbers were collected on May 23, 2016.
