NJ CRTK Environmental Hazardous Substance (EHS) List in Alphabetical Order

FOOT NOTES

1. Many of the listed chemical categories have a "Category Number" instead of a CAS number. The Category Number is formatted as "N###" where each "#" may be any number from 0 to 9; e.g. "N010 - Antimony Compounds."
2. Be advised that there are seven (7) chemical categories, "Diisocyanates," "Diisononyl Phthalate," "Dioxins and Dioxin-like Compounds," "Hexabromocyclododecane (HBCD)," "Nonylphenol," "Nonylphenol Ethoxylates" and "Polycyclic Aromatic Compounds (PACs)" that are restricted to the chemicals listed under the appropriate heading. If you have 500 pounds or more in combination (or in the case of Dioxins 0.1 gram or more) of any of the listed chemicals in the category, you are to report them under the category heading (that is, do not report the individual chemicals or their CAS numbers).
3. One Diisocyanate Compound, Methylenebis(phenylisocyanate), was once a separately listed substance but is now grouped in the Diisocyanates compound category and is to be reported under the compound heading.
4. Under N.J.A.C. 7:1G, environmental hazardous substances in mixtures such as gasoline or new and used petroleum oil may be reported under the following generic categories:

<u>Substance Name</u>	<u>Substance Number</u>	<u>CAS Number</u>	<u>DOT Number</u>
Diesel Fuel or #2 Heating Oil	2444	68476-34-6	1993
Gasoline	0957	8006-61-9	1203
Kerosene	1091	8008-20-6	1223
Waste Oil	2851		1270

These substances must be reported if they were present at your facility in quantities at or above 10,000 pounds at any one time. Please use the appropriate codes as indicated above.

NJ CRTK Environmental Hazardous Substance (EHS) List in Alphabetical Order

- * = EPCRA Section 302 Extremely Hazardous Substance. The presence of these substances in quantities equal to or in excess of the Threshold Planning Quantity (TPQ) requires certain emergency planning activities. A letter should be sent to both the State Emergency Response Commission (SERC) and the Local Emergency Planning Committee (LEPC) giving the company name and location address (not mailing address, if different from location); an emergency contact person at the facility, with both a work phone number and an after-hours phone number; and the substance(s) present onsite that meet(s) the threshold planning quantities. Notification to the SERC should be sent to:

New Jersey Department of Environmental Protection
Bureau of Local Environmental Management and Right to Know
Attn: 302 Notification
401 East State Street, PO Box 420, Mail Code 22-03C
Trenton, NJ, 08625-0420

For further information, contact the Bureau of Local Environmental Management and Right to Know at (609) 292-6714.

- + = EPCRA Section 302 Extremely Hazardous Substances with a RQ of less than 500 pounds. The reporting thresholds for those chemicals are indicated by the RQ for the particular chemical.
- (S) = Synonym of an EHS found elsewhere on the list.
- # = Report only those materials with the indicated CAS number.
