- 1 Deer may not be checked at this station on Monday, Dec. 4, 2000. Please bring deer to another station for registration.
 - 2 Deer may not be checked at this station on Wednesday, Dec. 13, 2000. Please bring deer to another station for registration.
 - 3 Stations will check deer for the opening day of the 6-Day Firearm Season only (Dec. 4, 2000)
 - 4 The Nacote Creek Office will be open from 8:30 a.m. until 7:00 p.m. from Dec. 11 through Dec. 15, 2000.
- Note: If a station is not listed as open to check deer it may be open for business.

Outdoor Skills Workshop for Women

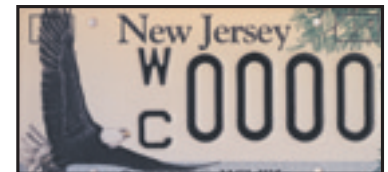

These workshops are for you if you have never tried activities like birding, hunting, fishing, kayaking and more or if you are a beginner who hopes to improve your skills, you have some outdoor experience and would like to expand your abilities, and you are excited to meet other outdoor enthusiasts. While Becoming an Outdoors-Woman workshops are designed primarily for women, anyone over 18 years of age is welcome to participate.

For more information and to be placed on our mailing list, please fill out this coupon and mail to: NJF&W, 220 Blue Anchor Rd., Sicklerville, NJ 08081.

Conserve Wildlife License Plates Support Endangered and NonGame Species

Since 1972 the Endangered and Nongame Species Program (ENSP) works to protect and restore New Jersey's endangered and threatened wildlife. You can help the program through the Income Tax Check-off and/or through the Conserve Wildlife license plate.

These attractive \$50 license plates let everyone know you believe in conservation, and 80% of your tax deductible payment goes directly to the ENSP. Personalized Wildlife Plates are also available for \$100. Previously available by mail only, motorist may now purchase the plates in person at DMV offices regardless of their current expiration date. Plates can also be purchased from car dealers when buying or leasing a new car.

Outstanding Deer Program Recognizes New Jersey's Quality Deer

New Jersey's Outstanding White-tailed Deer Program recognizes the quality of the state's deer resource and the sportsmen and women who hunt them. Initiated in 1964, the Outstanding Deer Program is currently sponsored by the Division, NJ State Federation of Sportsmen's Clubs, United Bowhunters of New Jersey and the Atlantic County Federation of Sportsmen's Clubs. Although recognition is given for the top scoring deer from the last hunting seasons, any deer legally harvested in New Jersey that meets the minimum requirements may be entered for inclusion in the all-time listing. Recognition is given in four categories for the largest deer taken (bucks and does) based on field-dressed weight, and the finest antler development (typical and non-typical), based on the Boone and Crockett Club scoring system. The minimum field-dressed weight for bucks is 200 pounds and must be weighed on a certified scale. The minimum field-dressed weight for does is 135 pounds and Division maintained scales provided to official checking stations may be used to weigh these entries. The minimum eligible typical antler score is 125 0/8 inches, and the minimum eligible non-typical antler score is 135 0/8 inches. Recognition is given in each category by the type of sporting arm used (bow, muzzleloader and shotgun).

Any properly licensed hunter, regardless of residency, is eligible to enter the Outstanding Deer Program. Deer must be taken in accordance with the laws and regulations of the State of New Jersey. Additional rules and requirements are included with official entry forms. Application forms and instructions are available by sending a self-addressed, stamped envelope to: NJ Division of Fish and Wildlife, Outstanding Deer Program, PO Box 400, Trenton, NJ 08625-0400. There is no entry fee. All qualified entries will be added to New Jersey's all-time list.

Through the 1998-99 seasons, the top five counties for 200+ pound bucks were Mercer, Gloucester, Salem, Hunterdon, and Monmouth. The State record weight of 240 pounds is shared by two Mercer County deer (one taken in 1967 by Pat Delre of Hightstown and one taken in 1988 by a Maryland hunter). The top five counties for 135+ pound does are Salem, Gloucester, Mercer, Warren and Somerset. The State record weight for a doe is 179 pounds and was taken in 1992 from Gloucester County by Kenneth E. Wilson, Jr. The top five counties for exceptional typical antler development are Hunterdon, Salem, Monmouth, Mercer and Somerset. New Jersey's number one typical buck was taken from Monmouth County in 1995 by Scott William Borden and scored 189 4/8 inches. The top five counties for outstanding non-typical antler development are Cumberland,

Monmouth, Burlington, Somerset and Salem. New Jersey's number one non-typical buck was taken from Burlington County in 1946 by Norman Taylor and scored 214 3/8 inches.

Following is a list of the top scoring deer and the sportsmen who participated in the 1999 Garden State Deer Classic, held at the Sportsman's Jamboree in Millville, NJ. The Classic showcased the outstanding deer taken during the 1998-99 deer seasons. Ranks listed represent placement on the all-time list within each category.

Category	Hunter/Address	County of Harvest	Score	Current Rank
Typical Firearm	David A. Thomas / Mercerville	Middlesex	164 4/8	4
	Fred Guido / North Haledon	Passaic	150 7/8	26
	Robert Kauer / Wayne	Warren	139 5/8	90
	Saheru-a N. Flagg / South Orange	Hunterdon	139 0/8	95
	Bryan Locuson / Elmer	Salem	139 0/8	95
	Kenneth Clayton / Sea Isle City	Cape May	137 2/8	105
	William Hewa / Smithville	Atlantic	137 0/8	107
	Scott G. Powell / West Deptford	Gloucester	128 5/8	129

	Joseph R. DiAgostino, Jr. /Bridgeton	Cumberland	122 4/8	
	Nicholas Kosar / Barnegat Light	Ocean	122 3/8	
	Danny Sparks / Millville	Cumberland	118 7/8	
	Non-Typical Archery	Ronald G. Green / Port Norris	Cumberland	156 4/8
Vincent P. Shea / Ewing		Warren	154 0/8	15
Typical Muzzleloader	Petter Settineri / Hacketstown	Morris	147 7/8	21
	Bob Eisele, Sr. / Leesburg	Cumberland	135 5/8	35
	Anthony Dzergoski / South River	Middlesex	151 4/8	3
Non-Typical Muzzleloader	Christopher L. Schmidt /Morganville	Monmouth	142 7/8	6
	Steven Calabria / Pequannock	Morris	142 7/8	6
	John Arico / Green Brook	Warren	128 0/8	34

New Jersey Seventeenth Waterfowl Stamp and Print Kicking off the New Jersey Landmark Series with the Hautman Brothers

New Jersey Division of Fish and Wildlife's Waterfowl Stamp Advisory Committee is proud to announce the HABITAT 2000 LANDMARK SERIES to be painted by the three Hautman brothers, the only brothers ever to win the prestigious Federal Duck Stamp Competition. Since 1990, they have won the competition 5 times! The series begins with the 2000/01 design, featuring canvasbacks flying past America's most recognizable New Jersey landmark, the Statue of Liberty, and will be painted by Joe Hautman.

Brother Bob Hautman will paint the second year scene of tundra swans at Sedge Island on Barnegat Bay. The third year will feature Jim Hautman creating a fall scene of wood ducks at the Delaware Water Gap. These three land areas are preserved open space for all to enjoy and cherish!

The Hautman Brothers are fast emerging as America's foremost wildlife artists. All three brothers have received numerous honors and awards, including dominating many states and national duck stamp competitions. At last count, the three brothers have seen their art featured on over 34 state and federal stamps. The talents of the Hautman Brothers as well as their unique family gift were mentioned in the major motion picture "FARGO". They have received national accolades from newspapers such as *USA Today*, *The Washington Post*, *Minneapolis Star Tribune* and *The St. Paul Pioneer Press*, as well as the following magazines: *TIME*, *US News & World Report*, *Sports Illustrated*, *U.S. Art*, *Fur-Fish-Game* and *The North American Hunter*.

This year's artist, Joe Hautman, brought home the Federal Duck Stamp honors in 1992. The eldest Hautman brother, Joe won the South Carolina Duck Stamp award in 1994. He also designed the New Jersey Duck Stamp in 1995, the 1998 Connecticut Duck Stamp and most recently won the contest for the 2000 Minnesota Turkey Stamp.

The seventeenth waterfowl stamp and print will feature New Jersey's, (and maybe America's) most recognized landmark, the Statue of Liberty. This area is the wintering ground host to vast numbers of migrating waterfowl including canvasbacks and it plays a vital role in their survival during migration.

The Statue of Liberty was a gift from the people of France on the 100th birthday of America's freedom. Designed by Augustie Barthold, it was built with the assistance of Gustave Eiffel and is the cornerstone of Liberty State Park. It was officially unveiled on October 28, 1886 by President Grover Cleveland. The Statue of Liberty is open daily (except December 25). To find out more about the environmental and historical education programs offered for all age groups, teacher workshops and other public programs, call (201) 915-3409.

New Jersey, through an act of the State Legislature, began annually requiring waterfowl stamps in 1984. The New Jersey Department of Environmental Protection's Division of Fish and Wildlife administers the program for the purpose of purchasing wetlands for waterfowl habitat. To date, proceeds from the sale of New Jersey's duck stamps and prints have raised over \$3,600,000, all to acquire wetlands for waterfowl habitat and public use. Over 11,400 acres of waterfowl habitat have been purchased or donated.

New this year, the New Jersey Waterfowl Stamp Advisory Committee has added two additional products: a limited edition (500) collectors knife for each year of the series plus a limited edition (500) Habitat 2000 Souvenir stamp card that will feature three (3) artist signed stamps (one for each year of the series).

For more information on how to purchase a print, collector duck stamps or one of the new products, send a legal size SASE to: The Waterfowl Stamp Advisory Committee, NJ Div. of Fish and Wildlife, P.O. Box 400, Trenton, NJ 08625-0400 Or come visit us on the web @ www.state.nj.us/dep/fwg and click on the products section. Remember, the profits from the sale of these items goes towards the preservation of waterfowl habitat in New Jersey!

2000-01 New Jersey Deer Season Dates and Bag Limits by Deer Management Zone

	Fall Bow	Permit Bow	Six-day Firearm "Buck"	Permit Muzzleloader	Permit Shotgun	Winter Bow
A maximum of 1 antlered deer may be taken per SEASON, except during the Six-day Firearm "Buck" season when the bag limit is 2 antlered bucks. Supplemental Tags are valid on day of issuance statewide.						

*Consult the Special Area Hunting Season Information section of the Deer Permit Supplement for further information. **Hunters are limited to 1 antlered deer per season regardless of how many permits are purchased.

ANTLERED deer are defined as deer that possess at least 1 antler that is at least three inches long.

All other deer are considered ANTLERLESS.

Supplemental Tags may be used to take a deer of either sex.

Supplemental Tags are valid on the day of issuance statewide.

During all PERMIT SEASONS, Supplemental Tags are ONLY valid in the Zone for which the special permit was originally issued.

During all NON PERMIT SEASONS (Fall Bow, Six-Day Firearm, and Winter Bow) Only Supplemental Tags which read "valid for taking a 2nd deer" are valid in any deer management Zone.

Supplemental Tags which read, "valid for taking a 3rd deer," (or 4th, or 5th, and higher) are NOT valid during the six-day firearm season and are NOT valid in zones 1, 3, 4, 16, 18, 21, 23, 24, 30, 31, 34, 37, 43, 45, 46, 52, 53, 55 and 65 during the fall bow and winter bow seasons.

Wildlife Management Area (WMA) Regulations

Regulations for use of wildlife management areas are established by the Division of Fish and Wildlife with penalties of not less than \$50 nor more than \$200.

Information on these regulations and permit applications may be obtained by writing to the Division of Fish and Wildlife, PO Box 400, Trenton, NJ 08625-0400.

The Division may revoke any permit or other authorization issued for violation or due cause.

THE FOLLOWING ARE PROHIBITED: SWIMMING, PICNICKING; DUMPING; CUTTING OR DAMAGING VEGETATION; ALCOHOLIC BEVERAGES; FIRES.

Restricted Hours

Wildlife Management Areas are closed from 9 pm until 5 am unless engaged in lawful hunting, fishing or trapping activities.

Motor Vehicles & Other Forms of Conveyances

No person shall operate an unregistered vehicle on any state Wildlife Management Area. All motor vehicles are restricted to established public roads and parking areas.

All motor boats must be properly registered and have all the required safety equipment.

The use of dog sleds and dog carts off road vehicles, ATV's, trailbikes, or snowmobiles is prohibited on all Wildlife Management Areas (WMAs) unless authorized by the Division.

Hunting Regulations

Hunting with firearms is prohibited on November 10, 2000 on those WMAs designated as Pheasant and Quail Stamp areas except in tidal marsh open to an ongoing waterfowl season.

It is legal to possess and use a .22 caliber rifle and .22 caliber rimfire short cartridge on WMAs only for hunting raccoon and opossum and dispatching trapped animals other than muskrat.

Rifles, including muzzleloading rifles, may not be used to hunt woodchucks on WMAs.

Target Practice

Only bow and arrow, shotgun, muzzleloading shotgun, muzzleloading rifle and .22 caliber rifle shooting is allowed in designated hunter training ranges according to posted regulations at the training area.

The following types of ranges are available on designated WMAs statewide: Shotgun Range - for use with clay birds and the patterning in of fine shot; Bow and Arrow Range - approved backstops at various ranges, no broadheads allowed; Muzzleloading Rifle and shotgun Slug Range - for sighting in with shotgun slugs, .22 rifle and muzzleloader; no other firearms allowed.

Field Trials

Field trials may be run on designated WMAs. A permit is required.

Dog Training, Exercising & Hunting

A person may exercise or train dogs in designated dog training areas from May 1 to August 31, inclusive only on the following select WMAs:

1. Assunpink
2. Millville
3. Black River
4. Clinton
5. Colliers Mills
6. Glassboro
7. Hainesville
8. Tuckahoe
9. Manasquan
10. Stafford Forge
11. Whittingham

All dogs must be properly licensed. A person may exercise or train dogs on any WMA from September 1 to April 30. There shall be no exercising or training of dogs on any WMA on November 10, 2000, the Friday before the opening day of the regular small game season.

During any firearm deer season, dog training is permitted only on the above WMAs in the designated dog training areas.

Additional regulations involve the release of game birds for training, the use of pigeons, the use of firearms, frozen game birds, the use of call back pens and the release of foxes, raccoons, rabbits and hares. For more information call 609-292-1599.

Outboard Motors

Only electric motors are allowed on freshwater areas with the exception of Union Lake where an outboard motor, not exceeding 10 hp, may be used. On Prospertown Lake, only manually operated boats and canoes are allowed.

Horseback Riding

Horseback riding is allowed by permit only from the Division of Fish and Wildlife on designated areas. Call 609-259-2132.

Higbee Beach

Higbee Beach WMA is closed to hunting from Sept. 1 to Dec. 11, 2000.

Waterfowl Blinds

No permanent waterfowl blinds, including pit blinds, shall be constructed, hunted from or used in any manner in any of the following WMAs:

1. Assunpink
2. Black River
3. Colliers Mills
4. Hainesville
5. Tuckahoe
6. Manahawkin
7. Stafford Forge
8. Whittingham
9. Beaver Swamp
10. Sedge Island
11. Salem River
12. Prospertown

Any blind used in these designated areas must be portable and shall be completely removed at the end of the day. Blinds remaining in WMAs will be subject to confiscation and properly disposed of by the Division.

Fishing Tournaments

Any club or organization that would like to use Division Wildlife Management Areas for fishing tournaments must secure a permit from the Division. An application must be submitted along with a \$17.00 fee to obtain a use permit for boat launches. Applications will be accepted in January at the Division's Trenton office.

Boat Ramp Maintenance Permit

Any vehicle used to transport or launch a vessel or water conveyance on the following WMAs must have affixed to the lower corner of the driver's side rear window a boat ramp maintenance permit or receipt from a valid hunting, fishing or trapping license. The boat ramp maintenance permit shall be purchased for a fee of \$15.00 from the Division.

1. Round Valley Angler Access
2. Kingwood
3. Assunpink
4. Dennis Creek
5. Tuckahoe
6. Mad Horse Creek
7. Union Lake
8. Menantico Ponds
9. Prospertown Lake

* This zone not likely to be available for the second lottery based on the number of applicants in 1999.

HOW TO USE THIS TABLE: Compare the 2000 permit quota and the number of 1999 first choice permit requests for a zone to calculate your odds of winning a permit in the first lottery.

Hunter Education

To purchase a New Jersey hunting license, state law requires the purchaser to present a Hunter Education course completion card or a previously issued resident license from this or any state. If you would like to hunt but have never hunted in another state or cannot find an old license, you must take a hunter education course. The goal of the hunter education program is to place a safe, responsible, knowledgeable, and involved hunter in the field. The Division graduates thousands of new and potential hunters and trappers each year from its hunter education courses.

Hunter Education courses are offered free and are conducted by a team of 500 New Jersey Division of Fish and Wildlife volunteer instructors. The training, classroom and range rental fees, books, equipment, and ammunition are financed by funds collected through the Federal Aid in Wildlife Restoration Act, commonly called the Pitman-Robertson Act. Each time you purchase shooting sports equipment, an excise tax is paid which is returned to the states through the Pitman-Robertson Act. These federal funds support a wide variety of wildlife conservation projects including hunter education.

Hunter Education courses are conducted in each county; many locations are accessible to people with physical restrictions. The course is offered in a non-competitive and comfortable format and provides information and instruction appreciated by both the novice and experienced outdoors person. Field sessions, where all students are required to "live-fire", are conducted at ranges located at wildlife management areas, gun and archery clubs, and police training sites.

To apply for a bow and arrow, shotgun, rifle/muzzleloader or trapper education course, any person 10 years of age or older (12 for trapping) must complete a course application found at any Division field office or location where hunting licenses are sold. The shotgun course is a prerequisite for taking the rifle/muzzleloader course. Do not delay! For those wishing to hunt in the upcoming fall season, it is best to apply by the summer. Students are scheduled in the order applications are received. Late applicants take the risk of not completing a course prior to the season.

A Tribute To Walt Elliot, Sr

In memory of Walter Elliot, Sr. avid bowhunting enthusiast and Hunter Education instructor. Four decades of new hunters were guided by his knowledge and wisdom.

New Jersey Division of Fish and Wildlife, fellow Hunter Education instructors and bowhunters in the Cumberland County area are thankful for Walt's generous contribution to the sporting tradition.

~ Wayne A. Shelton

Public Deer Hunting Land in New Jersey

New Jersey has more than 750,000 acres of public land available to the deer hunter. The list is arranged by deer management zone for public land open to deer hunting. Generally, only areas with 100 acres or more of upland habitat are listed. State parks and forests that allow hunting may have some sections which are closed to hunting. Some areas allow deer hunting only during certain seasons, require an access fee or have other special regulations. Refer to the Deer Permit Supplement section entitled “**Special Area Hunting Season Information**” or contact the appropriate authority for additional information. **Remember:** hunters *must* have permission to hunt agricultural land even if the land is not posted. Hunters should obtain permission before hunting any private property. Hunters are advised not to purchase a deer permit for a zone in which they have no place to hunt.

INTRODUCING!

The year 2000 Atlantic Brant Banding Project Patch

The 2000 Atlantic Brant Banding Project Patch is the first in a series of five limited edition patches. Each edition will be limited to 5,000 patches. Artist Dave Barnes, a dedicated waterfowl hunter from central Pennsylvania, created the artwork for the year 2000 patch depicting two Atlantic brant flying across a windswept salt marsh.

Atlantic brant are once again widely distributed throughout their breeding range from the high Arctic to their traditional wintering grounds along the Atlantic coast. Yet the Atlantic brant have endured perilous times throughout the 20th century. Loss of wintering habitat and critical shortages in aquatic vegetation reduced their numbers to dangerously low levels over the last one hundred years.

To better understand the Atlantic brant, the US Fish and Wildlife Service and Canadian Wildlife Service, in cooperation with states throughout the Atlantic flyway, have initiated the Atlantic Brant Banding Study. Profits from the Atlantic Brant Band Project patch will provide funding vital to the success of this study.

To order your 2000 Atlantic Brant Project patch, complete the form and send your payment (payable to SRWT) to: SRWT, 412 Gary Ave., Lebanon, PA 17046. Patches are \$5.00 each plus shipping and handling.

Shipping and Handling

TRYING TO FIND YOUR WORLD CLASS TROPHY?
LET TASCOS HELP WITH

WORLD CLASS CHOICES

tasco

tasco

Like the name says, the scopes in this line are engineered to be World Class performers not by chance, but feature by planned feature. Check out their Super-Con™ multi-layered coating on the objective and ocular lenses plus the fully coated optics throughout. Each layer of coating helps to increase light transmitted to the eye by reducing reflection and absorption for the brightest, clearest image possible High performance and low cost.

Golden Antler and Silver Antler scopes have the two most important selling points. Golden Antler scopes offer a high degree of resolution and edge-to-edge sharpness thanks to Tasco's HD-TV (high definition optics with a 30/30 TV reticle). Silver Antler models offer the same outstanding performance but with a round 30/30 reticle. Both are now stronger and more impact-resistant thanks to our new one-piece tube construction.

Tasco ProPoint's championship performance at major competitions around the world, year after year, have shooters thinking ProPoint when they think of precision and accuracy. The ProPoint line, in black matte or stainless, keeps a broad range of marksmen on target with a choice of dot sizes for varied shooting disciplines.

Wildlife Profiles Available

There are limited quantities of New Jersey Wildlife Profiles available for sales at \$23.95. The 112-page book features reproductions of 52 full color wildlife paintings created for the pages of New Jersey Outdoor Magazine by wildlife artist Carol Decker. Wildlife information and distribution maps for 52 New Jersey critters included. This is an excellent reference

for educators, wildlife enthusiasts or libraries.

Published by the Division of Fish and Wildlife, the book can be purchased through the mail or at the Division's Trenton office at 501 East State Street or the Pequest Natural Resource Education Center, Route 46 in Oxford. To receive a copy in the mail, send a check payable to the Division of Fish and Wildlife for \$28.00 (includes postage) to PO Box 400, Trenton, NJ 08625-0400.

The Partnership for Wildlife Volunteerism Platinum Visa® Card

U633

When you carry the Partnership for Wildlife Volunteerism Platinum Visa card, you'll carry more than just another credit card. This is the only Visa card program that helps support important volunteer activities conducted by the New Jersey Division of Fish and Wildlife at no additional cost to you. It's an easy way to show your support, because each time you use your card to make a purchase a contribution will automatically be made to supporting Division programs such as Becoming an Outdoors-Woman and Take a Kid Hunting.
