Open—Afternoon: Any youth hunter with a valid youth hunting license accompanied by a licensed, non-shooting adult (aged 21 or older), will be permitted to hunt on the listed Wildlife Management Areas on Nov. 6, 2004 from 1 p.m. until sunset. No registration required.

Open—all day: Any youth hunter with a valid youth hunting license accompanied by a licensed, non-shooting adult (aged 21 or older), will be permitted to hunt on the listed Wildlife Management Areas on Nov. 6, 2004 from 8 a.m. until sunset. No registration required.

Youth Upland Bird Hunt Day
Saturday, November 6, 2004

Youth hunters with a valid youth license, accompanied by a licensed, non-hunting adult 21 years or older, will be permitted to hunt on licensed semi-wild preserves. Youths can hunt for pheasants, quail, and/or chukars on Saturday, Nov. 6, 2004 from 8 a.m. to sunset. This is a great opportunity for hunters belonging to semi-wild preserves to introduce youth hunters to upland bird hunting without competition from adult hunters.

TAKE A KID HUNTING Pheasant Hunt:
November 6, 2004

A proud hunter with his Youth Pheasant Hunt quarry.

The 2004 Take a Kid Hunting Pheasant Hunt will allow properly licensed hunters with a valid youth license to hunt on one of nine stocked Wildlife Management Areas (WMA) on Saturday morning, Nov. 6, 2004. In a cooperative effort between the Division of Fish and Wildlife and the NJ State Federation of Sportsmen's Clubs, volunteer hunting mentors with trained bird dogs will guide youth hunters on a pheasant hunt. This experience will increase the young hunters' opportunity for harvesting a pheasant in a setting which encourages responsible and safe hunting practices.

All participants must pre-register and be accompanied to the check-in by a parent or guardian. Parents or guardians are welcomed and encouraged to follow the hunters through the fields. All pre-registered hunters will receive an information packet. One session will be offered, starting at 7 a.m.

Only 50 youth hunters will be allowed on each WMA during each session. If the number of applicants exceeds the number of slots available, a random drawing will be held to select participants. To register, please send the application below to: Take a Kid Hunting, NJ Div. of Fish & Wildlife, Northern Region Hunter Education, 26 Rt. 173 W, Hampton, NJ 08827. All entries must be postmarked by Oct. 23, 2004. Information will be mailed around Oct. 29, 2004.

Youth Turkey Hunt Day

Youth hunters with a valid youth license who have obtained a turkey permit may begin their spring turkey season on the special youth turkey hunting day, April 16, 2005. Youth must be accompanied and supervised by an adult 21 years or older who possesses a valid New Jersey hunting license.

Youth Deer Hunt Day

SATURDAY,

NOVEMBER 20, 2004

TAKE A KID HUNTING!

Youth hunters with a valid youth hunting license will be allowed to hunt statewide for one deer on Saturday, Nov. 20, 2004. The youth hunter **MUST** be under the immediate supervision of a person who is at least 21 years old and who has a valid firearm license. For the purposes of this section, direct supervision is defined as both the youth hunter and parent/guardian set up together at the same location, hunting as a unit and not hunting independently of each other. The adult **CANNOT** hunt or possess a firearm or bow. The adult can grunt call or rattle for the youth. In addition to the youth, the adult accompanying the youth should wear the required hunter orange. Youths can hunt with either a shotgun or muzzleloader for one deer of either sex. If the youth is hunting with a muzzleloader, both the youth and the adult must have a

valid rifle permit. Neither the Earn-A-Buck requirement nor Antler Point Restrictions will apply on that day for the youth hunter. This hunt will be an extension of the six-day firearm season so no special season deer permit is required. The youth hunter must tag his/her deer with a homemade transportation tag. The tag must include the youth hunting license number, sex of deer, number of antler points, date, zone, county and township from which the deer was taken, and must say "taken during the 6-day firearm season-youth hunt". The youth hunter will not be given a supplemental tag when the deer is checked. The bag limit for the youth hunt day is only **ONE** deer of either sex. Youth hunters may still harvest two antlered deer during the six day firearm season. This is a great opportunity to introduce youth hunters to deer hunting!

Jeremy Swanson, 14, with an outstanding 14-point deer he shot Nov., 2003 in Burlington County.

Youth Waterfowl Hunting Days

Youth hunters with a valid youth hunting license and accompanied by a non-shooting adult (age 21 or older) will be permitted to hunt for waterfowl from 1/2 hour before sunrise to sunset on the following dates by zone:

North Zone Sept. 25

South Zone Oct. 2

Coastal Zone Oct. 23

Each youth hunter may participate on all three days. See the New Jersey 2004-05 Migratory Bird Regulations for further details including written zone boundary descriptions and species bag limits. Non-toxic shot is required. Federal and state waterfowl stamps are not required on these youth days. Daily bag limits for ducks, Canada geese (South Zone and Coastal Zone), brant, snow geese, coots, moorhens and gallinules will be the same as those allowed during the regular season. In the North Zone, the daily bag limit for Canada geese is eight birds.

Outdoor Skills Workshop for Women

New Jersey's "Becoming an Outdoors-Woman" (BOW) Program is part of a nationwide effort to help women overcome barriers to participation in outdoor recreation by providing opportunities to try new activities. Since it began at the University of Wisconsin in 1991, the program has exploded in popularity. BOW can be found in 44 states and eight Canadian Provinces across North America. New Jersey Division of Fish and Wildlife has been offering BOW workshops since 1995.

Although BOW workshops are designed for women, they offer anyone 18 years old and over opportunities to try new outdoor activities, improve existing skills, and meet other outdoor enthusiasts. The three-day BOW and one-day "Beyond BOW" workshops offer hands-on instruction in hunting, angling, and related outdoor pursuits in a relaxed, non-competitive atmosphere.

All of our instructors have many years of experience afield. They were chosen for their ability to share their knowledge and their belief in encouraging anyone who has an interest to get involved in the outdoors.

To find out more about the BOW program, log on to our Web site at www.njfishandwildlife.com or mail in the coupon below. Those with an e-mail access can sign up to receive the BOW listserv (electronic mail service) announcements. The BOW listserv will send automatic updates about the BOW program and workshop availability. It's simple to subscribe. On the Division's Web site at www.njfishandwildlife.com go to 'Education' on the left side of the homepage. Click on 'Becoming an Outdoors-Woman,' then click 'BOW E-mail list'. Fill out the electronic form and click submit. That's it! A confirmation message will ask you to return an authorization code. Then you'll be set to receive automatic updates about New Jersey Division of Fish and Wildlife's BOW Program.

To be placed on the BOW contact list, complete this coupon and send to: New Jersey Fish & Wildlife, 26 Rt. 173W., Hampton, NJ 08827.

Share Your Skills and Knowledge... Become a Hunter Education Instructor

If you have a passion for hunting with a shotgun or muzzle-loading rifle, archery or recreational shooting, you might have what it takes to teach others how to become responsible hunters.

The New Jersey Department of Environmental Protection's Division of Fish & Wildlife is looking for sportsmen and women willing to serve as instructors in its award-winning Hunter Education program. More than 200 men and women volunteer upwards of 12,000 hours every year as hunter education instructors, passing along the hunting tradition by helping others develop and sharpen skills and knowledge essential to this recreation.

To become an instructor, sportsmen and women must attend a one-day training seminar, and then teach alongside experienced instructors at one of nine training facilities located throughout New Jersey. Hunter education classes are held on weekends, and flexible scheduling allows instructors to teach when it is most convenient for them. Instructors must teach two classes a year to remain active in the program.

The hunter education program has evolved considerably since the 1950s, and in 2001 launched an innovative home study format that has earned several prestigious awards, including the Association for Conservation Information's 2002 first-place award for best new educational program and the 2001 bronze Telly Award. Many states now embracing alternative hunter education formats use New Jersey's program as their framework.

The home study course includes a mandatory one-day field session working with hunter education instructors where students must demonstrate safe firearm and bow handling, complete an instructional field walk and pass a written exam.

For more information or an instructor application, visit www.njfishandwildlife.com or call the hunter education office at (908) 735-6826.

Continue the Tradition

Become an instructor with Fish and Wildlife's Hunter Education Program.

The Division's Hunter Education Unit is looking for New Jersey's best sportsmen and women to become instructors and teach utilizing this exciting new format. A minimum of six weekend days each year are required.

SAFETY ZONE Awareness: Protecting Your Hunting Privilege

New Jersey hunters enjoy many types of hunting, numerous days afield and generous bag limits. But development and other human encroachment on the forests and fields of the Garden State has changed wildlife habitat and land suitable for hunting, such that SAFETY ZONE awareness is even more critical for modern hunters.

What is a SAFETY ZONE?

- The SAFETY ZONE is the area within 450 feet of a building or school playground, even if not occupied.
- The SAFETY ZONE is the place where you, the hunter, cannot carry a loaded firearm or nocked arrow unless you have written permission in hand.
- The SAFETY ZONE was established by legislation in 1946 as an area to place some physical distance, a buffer, between hunters and homeowners.
- The SAFETY ZONE could be land where there is suitable wildlife habitat for adaptable species, like the white-tailed deer, cottontail rabbit and Canada goose.
- The SAFETY ZONE is not a magic shield which can stop a misdirected bullet from entering the area around a home

What can you do to heighten your SAFETY ZONE awareness?

1. Post SAFETY ZONE signs.
2. Talk with landowners.
3. Hunt SMART and remind your hunting partners to Hunt SMART.
4. Know the law.

Remember, failure to hunt safely and responsibly is inexcusable. You must always be a responsible hunter, aware of your surroundings, the target and what may lie beyond the target. The principles of hunter education do not disappear at the completion of a course, but are called into practice every time you hunt.

Take special care hunting on “high visibility” property, habitat where our adaptable wildlife species—especially white-tailed deer—are now flourishing. Here, hunter conduct will be watched closely; the image we portray can have a great impact on the tolerance for our sport. So hunting these special areas carries added responsibility for you, as a hunter, to exercise restraint and make superior judgment decisions.

New Jersey Department of Environmental Protection (DEP) has a new Web-based tool called i-MapNJ.

If you have access to the Web, here is a way to create maps of your favorite Wildlife Management Areas. i-MapNJ also provides a wealth of other environmental information.

This interactive program is updated regularly so most of the latest information is available.

To access i-MapNJ, go to the DEP's Web site at www.state.nj.us/dep. Click the i-MapNJ button in the left column.

If you do not have access to the Web and are interested in a specific Wildlife Management Area, call (609) 984-0547 to request a map.

Public Deer Hunting Land in New Jersey

New Jersey has more than 750,000 acres of public land open to deer hunting. These areas are arranged on the following list according to deer management zones. Generally, only areas with 100 acres or more of upland habitat are listed. For details, refer either to the regulations sets for the zones or to the **Special Area Hunting Season Information** in this Digest. See page 73 for hunting opportunities on national wildlife refuges in New Jersey.

Remember: Hunters must have permission to hunt agricultural land even if the land is not posted. Hunters should obtain permission before hunting any private property. Hunters are advised not to purchase a deer permit for a zone in which they have no place to hunt. See Trespass Law, page 16.
