5th Grade Kayak Unit of Study

Students leave school having secured the kayak to the cart.

The walk down Madison Street is only four tenths of a mile.

We cross Canal Road and enter Delaware-Raritan Canal Park.

Remove kayak from cart and store cart inside the kayak.

We carry the kayakers across the locks.

Then assemble the paddles and prepare for the launch.

Safely in the kayak, I can't wait for the send-off.

Finally on the water and paddling on my own.

Paddling the kayak isn't as difficult as I thought.

Ok, so maybe there are some obstacles to this paddling!

Can you believe we actually RAFTED UP?

It is so beautiful and peaceful on the water.

What a wonderful fall day, the colors are awesome.

It's a narrow slip but I made it.

Perhaps I came in a little too fast.

Waiting to be pulled ashore.

These handles make it easy to lift the kayak.

Thank you community volunteers for helping to make our program a success!

A pleasant walk of .4 mile to the Delaware-Raritan Canal Park.
