

New Jersey Department of Environmental Protection Division of Fish & Wildlife 2008 Spring Trout Allocations and In-Season Stocking Days

This alphabetical listing of trout-stocked waters allows anglers to quickly reference an individual waterbody to obtain the weekly spring trout allocations. For the seven week in-season period, the day of the week that stocking is scheduled is also indicated. This schedule is subject to change and any deviations will be noted on the Division's website (<http://www.njfishandwildlife.com> and on the 24-hour Trout Stocking Hotline [(609) 633-6765]. Anglers should consult the NJ Fish & Wildlife Digest, 2008 Freshwater Fishing Issue, pages 16 - 20, for a complete description of all trout fishing regulations, including special regulations and in-season stocking closures that may apply to individual trout-stocked waters.
