(See Fish & Wildlife Hunting Digest for Additional Hunting Regulations)

MAJOR CHANGES FOR THE 2011-2012 SEASON

- The woodcock season length is increased.
- Brant season will be closed during part of the duck season in all zones.
- There will be a Conservation Order season for light geese from Feb. 16 - Apr. 7, 2012. See page 4 for details.
- Crossbows are legal for hunting migratory game birds.

WHAT DO I NEED TO HUNT MIGRATORY BIRDS IN NEW JERSEY?

Species Hunted	Hunting License	HIP Certification	NJ Stamp Certification	Federal Stamp
Crows	X			
Woodcock, rails, moorhens, snipe	X	X		
Ducks, brant, geese	X	X	X	X

WATERFOWL STAMP – A NJ Waterfowl Stamp Certification and Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp) are required for all waterfowl hunters 16 years of age and older and must be signed in ink across the face of the stamp. New Jersey Stamp Certifications (the state stamp itself no longer exists) are available from license agents and from the “Licenses and Permits” page on the Division’s web site. Federal stamps are available from some US Post Offices and online at <http://www.fws.gov/duckstamps/Stamps.htm>.

HARVEST INFORMATION PROGRAM (HIP)

All hunters must obtain a HIP certification **before** hunting ducks, geese, brant, coot, woodcock, rails, snipe, or gallinules. Migratory bird hunters can get their HIP certification one of three ways:

- Online at the license sales page at:**
<http://www.njfishandwildlife.com/als/websalesintro.htm>
- From a license agent.**
- By calling the toll-free NJ telephone sales line at 888-277-2015.**

All 3 methods allow hunters to go hunting immediately after registering. Online and license agent HIP certifications will cost \$2.00 while telephone HIP certifications will include a shipping/handling fee and cost \$5.13. Internet HIP certifications can be printed on a home computer. Telephone HIP certifications will be received in about 1 week; however, hunters can begin hunting immediately by recording their HIP certification number. HIP certification should be carried in the hunter’s license holder. HIP certifications are valid from Sept. 1 to April 30 each year. Information collected for HIP is confidential and used by the USFWS for conducting migratory bird harvest surveys.

SUMMARY OF FEDERAL REGULATIONS

The following is a synopsis of Federal Regulations that pertain to the hunting of migratory game birds. More information can be found at:

http://njfishandwildlife.com/pdf/waterfowl_federal_regs.pdf or by calling the US Fish and Wildlife Service Law Enforcement Office at 908-787-1321.

No persons shall take migratory game birds:

- By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited. **Baiting** means the direct or indirect placing, exposing, depositing, distributing, or scattering of salt, grain, or other feed that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them. **Baited area** means any area on which salt, grain, or other feed has been placed, exposed, deposited, distributed, or scattered, if that salt, grain, or other feed could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for ten days following the complete removal of all such salt, grain, or other feed.
- With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machinegun, fish hook, poison, drug, explosive, or stupefying substance;
- With a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells.
Exceptions: In New Jersey, shotguns capable of holding no more than 7 shells are permitted during the September Canada goose season and the Light Goose Conservation Order.
- From or by means, aid, or use of a sinkbox or any other type of low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water;
- From or by means, aid, or use of any motor vehicle, motor-driven land conveyance, or aircraft of any kind, except that paraplegics and persons missing one or both legs may take from any stationary motor vehicle or stationary motor-driven land conveyance;
- From or by means of any motorboat or other craft having a motor attached, or any sailboat, unless the motor has been completely shut off and/or the sails furled, and its progress there from has ceased;
- By the use or aid of live birds as decoys; although not limited to, it shall be a violation of this paragraph for any person to take migratory waterfowl on an area where tame or captive live ducks or geese are present unless such birds are and have been for a period of 10 consecutive days prior to such taking, confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory waterfowl;
- By the use or aid of recorded or electrically amplified bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds. **Exceptions: In New Jersey, hunters can use electronic calls during: crow season, September Canada goose season and the Light Goose Conservation Order.**
- By means or aid of any motor driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird;

Tagging requirement No person shall put or leave any migratory game birds at any place (other than at his personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and species of birds, and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

Species identification requirement No person shall transport within the United States any migratory game birds, except doves and band-tailed pigeons, unless the head or one fully feathered wing remains attached to each such bird at all times while being transported from the place where taken until they have arrived at the personal abode of the possessor or a migratory bird preservation facility.

NATIONAL WILDLIFE REFUGES—Some National Wildlife Refuges have portions of their property open for migratory bird hunting. Specific regulations may apply at each refuge. For details contact:

Supawna Meadows NWR—609-463-0994
Wallkill River NWR—973-702-7266
Cape May NWR—609-463-0994

HUNTING HOURS - See page 87 of Fish and Wildlife Digest for sunrise/sunset table.

- Ducks, geese, brant, coots, rails, moorhens, snipe—**1/2 hour before sunrise to sunset.** For example, if sunrise is 6:30 AM and sunset is 5:00 PM, hunting hours for these species are 6:00 AM to 5:00 PM.
- Woodcock—**sunrise to sunset.**
- Crows—**sunrise to 1/2 hour after sunset.**
- September Canada goose and the Spring Light goose Conservation Order **ONLY-1/2 hour before sunrise to 1/2 hour after sunset.**

STATE REGULATIONS

State laws and regulations may be more stringent but not more lenient than those prescribed in the federal code (Title 50).

NONTOXIC SHOT REGULATIONS—In New Jersey, no person may take ducks, geese, brant, coots, rails, snipe, or moorhens while possessing shot other than approved non-toxic shot. Approved nontoxic shot includes steel, bismuth, tungsten-iron, tungsten-polymer, tungsten-matrix, tungsten-nickel-iron (HEVI-SHOT), tungsten-iron-nickel-tin (TINT), tungsten-bronze and tungsten-tin-bismuth shot types. Shot size may not exceed Size T (0.200 inch).

Restrictions:

- MIGRATORY BIRD HUNTING IS NOT PERMITTED ON SUNDAYS IN NJ.**
- Should any open season on migratory game birds, including waterfowl, be set by Federal regulation which would include the date of November 12, 2011, the starting time on such date will be 8:00 A.M. to coincide with the opening of the pheasant season on that date. However, this shall not preclude the hunting of migratory game birds, including waterfowl, on the tidal marshes of the State as regularly prescribed throughout the season by Federal regulations.
- There shall be no open season for hunting any game birds or animals including migratory waterfowl:
 - In or on the shores of the Shark River in Monmouth County.
 - In that portion of the Manasquan River from the ocean inlet upstream to Route 70 bridge.
 - On Herring Island and that portion of Barnegat Bay lying between northern and southern tips of Herring Island easterly to adjacent shoreline of Mantoloking Boro, Ocean County.
 - On Parker Creek and Oceanport Creek, Monmouth County, or the shores thereof, southwest or upstream of the Conrail R.R. bridge.
- Waterfowl hunting on Delaware River is governed by State boundaries and restricted to respective state seasons.
- Permanent blinds may not be constructed on some State Wildlife Management Areas. See page 82 of the 2011-12 NJ Fish and Wildlife Hunting Digest.
- Hunting with firearms is prohibited on November 11, 2011 on those State Wildlife Management Areas designated as Pheasant and Quail Stamp areas except in tidal marsh open to an ongoing waterfowl season. See page 66 of the 2011-12 NJ Fish and Wildlife Digest for these areas.
- Nontoxic shot is required for rail, snipe and moorhen hunting **AT ALL TIMES.**
- Arrows with flu-flu type fletching are required for taking flying game birds.
- Arrows with edged heads are prohibited for taking flying game birds.

2012 SPRING LIGHT GOOSE CONSERVATION ORDER - Feb. 16 - Apr. 7, 2012.

The Division expects the US Fish and Wildlife Service to authorize a spring Conservation Order for light geese. Special regulations apply:

- Electronic calls are permitted.
- Shotguns capable of holding no more than 7 shells (including magazine and chamber) are permitted.
- Shooting hours: 1/2 hour before sunrise to 1/2 hour after sunset.
- A valid hunting license, federal and state duck stamps, HIP certification and NJ Light Goose Conservation Order (CO) Permit (\$2.00) are required.
- The NJ Light Goose CO Permit is available **ONLY** from the Division's web site or by mailing: Light Goose Permit, NJ Division of Fish and Wildlife, Code 501-03, PO Box 420, Trenton, NJ 08625-0420. A request for mailed permits must include: 1) Photocopy of 2012 Hunting or All-Around Sportsmen license which clearly shows the Conservation ID Number and DOB, 2) Check or money order for \$2.00 payable to NJ Division of Fish and Wildlife, 3) Self-addressed, stamped envelope, 4) Daytime telephone number. The light goose permit will not be available until January 2012. As part of the permit process, hunters will be required to report their activity and harvest as requested on the permit. Check the Division's web site in late winter for more details.
