2011 General Trout Fishing Information

- Opening day of trout season: April 9, 2011 at 8 a.m.
- To fish for trout or salmon, a valid annual New Jersey fishing license and trout stamp are both required for residents at least 16 years and less than 70 years of age plus all non-residents 16 years and older.
- Waters stocked with trout in the spring are listed below (those with no in-season closures) AND on page 18 (those with in-season closures). **Note:** Special regulations may apply on some of these waters, or sections thereof.
- After Opening day, trout stocked waters are open to fishing, including the days they are stocked unless listed with in-season closures (page 18). In-season closures also apply to designated Seasonal Trout Conservation Areas (page 19), and Fly-Fishing Only stretches.
- Ponds, lakes or sections of streams which are stocked with trout are closed to fishing for all species from March 21 to April 9 at 8 a.m. **Exceptions:** Farrington Lake, Lake Hopatcong, Lake Shenandoah, Prospertown Lake and Swartswood Lake are open year round to fishing. However, all trout caught during this period (above) must be released immediately. Seasonal and Year-round Trout Conservation Areas and designated Holdover Trout Lakes (see pages 19–20) are also open to fishing but are catch and release only for trout. Fishing is not permitted on seasonal trout conservation areas from 12:01 a.m. to 8 a.m. on April 9, 2011. Round Valley and Merrill Creek Reservoirs (Trophy Trout Lakes) are open to year-round fishing; trout may be harvested within the regulations as shown on page 20.
- Only one daily creel limit of trout may be in possession. Once the creel limit is reached, an angler may continue to fish provided any additional trout caught are immediately returned to the water unharmed.
- **When fishing from the shoreline, no more than three fishing rods, hand lines or combination thereof may be used.**
- Separate stringers or buckets must be used for each angler's catch.
- Containers in boats may hold only the combined daily creel limit for each legal angler on board.
- Fish and Wildlife reserves the right to suspend stocking when emergency conditions prevail.

Spring Trout Stocked Waters With No In-Season Fishing Closures

After opening day these waters may be fished on the day they are stocked.

Note: The number in parentheses indicates the anticipated number of in-season stockings (from April 9 through May 27). A zero indicates the water will only be stocked pre-season (the three-week period preceding opening day). For details on what's being stocked and when, call the Trout Hotline at (609) 633-6765. This recorded message is updated weekly. (Spring stocking: April–May; Fall stocking: October; Winter stocking: November.) Or visit our Web site at NJFishandWildlife.com where you will also find directions to public-access portions of trout-stocked waters.

WE NEED YOUR COOPERATION!

The New Jersey Division of Fish and Wildlife has stocked brown trout in the lower Manasquan River, Monmouth County. Anglers are asked to report all catches of brown trout that exhibit characteristics of a sea run. These fish tend to develop a more silvery coloration, masking most of the body spots after an extended time in salt water.

Sea Run Brown Trout

The future of this program depends on these fish being reported.

Call Pequest State Fish Hatchery (908) 637-4173 or Lebanon Field Office (908) 236-2118.

Regulations in **red** are new this year.
