

New Jersey State Record Freshwater Sport Fish

The New Jersey Division of Fish and Wildlife's Record Fish Program honors anglers who catch the largest of select species of freshwater and saltwater fish. Record size is based on weight alone; there are no line classes. Currently there are 31 freshwater species eligible for entry into the program.

Anglers are reminded that the objective of the Record Fish Program is to increase the awareness of fishing opportunities for species that are regularly sought and routinely found in the freshwaters or off the coast of New Jersey.

Anglers should also be aware that several procedural changes are now in effect for the Record Fish Program. First, there are different applications for freshwater and saltwater species. Second, for freshwater species, it is now mandatory that a freshwater biologist confirm the identification and weight of any potential record fish within three days of it being caught. Anglers must call Fish and Wildlife's Lebanon Fisheries Office at (908) 236-2118 (Hunterdon County), the Hackettstown Hatchery at (908) 852-4950 (Warren County), or the Southern Region Office at (856) 629-4950 (Camden County) to make arrangements. Hours are Monday–Friday, 8:30 a.m. – 4:30 p.m. These offices have a certified scale on site, so an entry can be weighed and identified. Depending on the time and location of your catch, you may elect to have the fish weighed on a local certified scale, but you must still have a freshwater biologist personally confirm the identification and weight at one of the above offices.

Delaware River near Stockton.

Please note that all scale certification requirements still apply, including a valid Certificate of Inspection/Test Report and current Registration Certificate issued by the county Office of Weights and Measures. **Entry deadline:** Applications must now be submitted no later than one month after the date of catch. All other program rules still apply.

For a complete list of state record fish or to print an application with complete program rules, visit the Division of Fish and Wildlife's website at NJFishandWildlife.com/recfish.htm.

Skillful Angler Awards Program

The Skillful Angler Awards Program is designed both to supplement the New Jersey Record Fish Program and to acknowledge that many anglers catch freshwater and marine fish that are not record size, but are still worthy of recognition because the size and weight of the fish sufficiently tested the angler's skill. Open to resident and non-resident anglers. All fish must be caught in New Jersey waters using a hook and line during legally open seasons. It is comprised of three categories: Adult (for anglers age 16 and older), Junior (under age 16) and Catch and Release (based on length). A clear, side-view photo that allows accurate species identification *must* be included with each application.

Take time to compose a good quality (and high resolution) photo to submit with your application. The best photo may be selected for publication in this *Digest* next year! Include your e-mail address on back of the photo so we may contact you for a digital copy of your print.

Anglers qualifying for a Skillful Angler award receive a certificate as a testament to their achievement. Anglers may submit applications for larger fish caught even after receiving a certificate.

At the end of the year, special recognition is given to anglers who catch the largest fish in each species category. The winner of each category is sent a special certificate recognizing his/her accomplishment as the best of New Jersey's Skillful Anglers.

Fish must be measured from the tip of the nose (with mouth closed)

Five year old Austin Hudak landed this 9 1/8-inch bluegill at Muriel Hepner Nature Park in Denville using a live worm on his favorite spincaster.

to the tip of the tail. For catch and release categories, the fish must be measured alongside a ruler. For Adult/Junior categories, fish must be weighed and measured by fishing license agents, tackle shops or authorized Fish and Wildlife fisheries biologists. 

Minimum Requirements for Each Freshwater Species:

Species	Adult Weight (lbs., oz.)	Junior Weight (lbs., oz.)	Catch & Release (inches)
Largemouth Bass	6	4	21
Smallmouth Bass	4	3	19
Striped Bass Hybrid	8	6	24
Striped Bass	30	25	40
Bullhead	2	1 lb., 8 oz.	14
Carp	25	20	35
Channel Catfish	10	8	29
Crappie	2	1 lb., 8 oz.	14
Muskellunge	20	15	40
Yellow Perch	1 lb., 8 oz.	1	13
Chain Pickerel	4	3	24
Northern Pike	10	8	34
American Shad	7	5	24
Brook Trout	3	2	19
Brown Trout	8	5	25
Lake Trout	12	8	31
Rainbow Trout	5	3 lbs., 8 oz.	23
Salmon, Atlantic Landlocked	4	3	20
Sunfish	1	12 oz.	9
Walleye	6	4 lbs., 8 oz.	24

The New Jersey State Record Fish Program requires a separate application and is based on weight alone. Scale certification documentation and a weighmaster's signature are necessary. Other rules apply. Visit Fish and Wildlife's website at NJFishandWildlife.com for a complete list of current state records.

▶▶ Students Invited To Celebrate The 30th Anniversary Of The Pequest State Trout Hatchery By Entering The New Jersey Trout Art Contest!

Students in grades K–12 are invited to celebrate the 30th Anniversary of the Pequest State Trout Hatchery by participating in the NJDEP Division of Fish and Wildlife's 2013 New Jersey Trout Art Contest!

This year's contest is for fish art only (no writing component) and focuses on the three fish species raised at Pequest—brook, brown and rainbow trout. Students should choose one of these trout then, using their artistic skills, draw a scene with the trout selected in a natural habitat where this fish would be found in New Jersey. Artwork should be creative, original and incorporate accurate biological and ecological information regarding the fish's appearance, habits and habitat.

Students can use the New Jersey Division of Fish and Wildlife website as a resource to learn about New Jersey's trout, the Pequest Trout Hatchery and the trout stocking program. Artwork must have a finished size of 8.5 x 11 inches and may be created in acrylic, pencil, watercolor, oil, oil pastel, crayon or ink.

First place winners will be awarded for each grade level. Winners receive a rod and reel plus a certificate, as well as a youth membership to Trout Unlimited. All winners are invited to attend a special luncheon and awards ceremony at the Pequest Trout Hatchery on Opening Day of Trout Season, April 6, 2013. Prior to the luncheon, students will have the opportunity to fish in the Pequest Fishing Education Pond which is stocked with trout from the hatchery.

Artwork will remain on display at the Pequest Natural Resource Education Center for the year following the contest. All entries become the property of the Division of Fish and Wildlife and will not be returned.

Entries must be received by **Friday, March 1, 2013**. For more information, see NJFishandWildlife.com/fishart.htm.

The Fish Art contest is sponsored by the New Jersey chapters of Trout Unlimited.

First place winner Owen Korth is a fourth grader from Bordentown.

June 27–30, 2013

Kids between the ages of 11–14 years can participate in this fun, hands-on program. The program is four days and three nights in the heart of trout country. Activities for participants include fly tying, fly casting, pond seining, river studies and more.

For more information and applications (available in January) visit NJFishandWildlife.com.

▶▶ “HOOK A WINNER” PROGRAM

Once again, the Division of Fish and Wildlife will be jaw-tagging more than 1,000 brook trout for release in New Jersey waters.

If you are a lucky angler who lands one of these fish, send your name, address, fish tag number and location of catch to:

Pequest Trout Hatchery
605 Pequest Road
Oxford, NJ 07863
Attn: Hook a Winner Program

In recognition of your catch, a certificate and award patch will be mailed.

Beat The Fall Rush!

Take Your Hunter Education Class This Spring!

- ▶▶ The best time to take your Hunter Education class is spring! Last year over 6,000 students completed the course but more than 4,000 waited until the fall.

Register for a class this April or May and enjoy the following:

- Smaller class size
- Greater student to teacher ratio
- Shorter lines
- Greater selection of classes
- Good weather

With classes in the fall averaging over 100 students, you may not find a class if you wait. Classes in April and May seldom exceed 50 students.

▶▶ VOLUNTEERS NEEDED TO GET KIDS HOOKED ON FISHING!

New Jersey Division of Fish and Wildlife needs volunteers at the Pequest Trout Hatchery and Natural Resource Education Center to teach youths about fishing.

Teaching experience is helpful—but not required—to become a fishing education instructor. However, enthusiasm, energy and the desire to teach children proper fishing techniques and ethics is a must!

Classes run Monday through Friday from April through October. Interested applicants must become a Wildlife Conservation Corps (WCC) volunteer. Download a WCC application from our website at: NJFishandWildlife.com/wcchome.htm.

Share the pleasures of fishing and pass on a conservation ethic to the next generation. Become a fishing education instructor today!
