The Summer Research Experience is an active program that involves outdoor activities in the field (on Barnegat Bay, kayaking, hiking, and collecting species). Is the above applicant able to participate in these activities?

Yes No Maybe

If answer is no or maybe, please explain the limiting factor(s): _____

Please provide a brief essay response to the following question: *“Why do you want to participate in our summer research experience? And, what do hope to accomplish?”*
Please attach essay to this application form.

*The summer research experience is only open to students entering 10th or 11th grades during the fall 2013. If you have questions about the summer experience, call (609) 748-4347 or e-mail karen.leskie@dep.state.nj.us.
