IMPORTANT TURKEY HUNTING HOUR CHANGES FOR 2014

Beginning in 2014, hunting hours have changed for part of the spring turkey season. For Youth Turkey Hunting Day, hunting periods A, B and C, and the first three Saturdays of hunting period E, the spring hunting hours will remain ½ hour before sunrise until noon daily. For hunting period D and the last Saturday of hunting period E, hunting hours will be ½ hour before sunrise until sunset daily. Youths hunting with a hunting period Y permit on any day of the spring turkey season will follow the hunting hours of that hunting period.

2014 Wild Turkey Season Dates

Spring Season: There are five segments (Hunting Periods) in the Spring Season. Hunters must decide in which period they would like to hunt. Permits are Hunting Area and Hunting Period specific (i.e., 5A, 8E, etc.).

Youth Hunting Period (Y): April 19 (Youth Turkey Hunting Day) to May 23, 2014. This is exclusively applicable to youth hunters aged 10–16 who can still hunt using their youth hunting license. The first permit a youth receives will be designated Period Y.

Hunting Periods	Dates
A.	Monday, April 21–Friday, April 25, 2014
B.	Monday, April 28–Friday, May 2, 2014
C.	Monday, May 5–Friday, May 9, 2014
D.	Monday, May 12–Friday, May 16 and Monday, May 19–Friday, May 23, 2014
E.	Saturdays: April 26, and May 3, 10 and 17, 2014

Fall Turkey Season: There is one Hunting Period for the Fall Season. Permits are Hunting Area specific (i.e., 5N, 8N, etc.).

N.	Saturday, Oct. 25–Saturday, Nov. 1, 2014
----	--

The special statewide Youth Turkey Hunting Day is Saturday, April 19, 2014

- All youth turkey hunters 10 to 16 years of age must possess a valid **spring turkey hunting permit** in addition to their **youth** hunting license
- Must be accompanied by a properly licensed, non-hunting adult age 21 or older who may not shoot on this youth day (See page 2)
- Considered an **extension** of the regular season permit held by the youth
- If youth hunter harvests a turkey on this youth hunting day, the “Y” Period permit is no longer valid for future hunting
- All other spring turkey hunting regulations apply

Youth Turkey Hunting Program

A special youth turkey hunting program is designed to ensure that all applicants 10 to 16 years of age who possess a Youth License will receive their first choice permit request in the first lottery for the Spring and Fall Turkey Seasons. Permits awarded to youth hunters will not be counted as part of the permit quota.

The **first** spring turkey permit issued to a youth (designated Period **Y**) is valid to hunt all weeks A through E for the zone designated. Note that a juvenile hunter (aged 10–13) **MUST** be directly supervised by a properly licensed adult aged 21 or older not only on Youth Turkey Hunting Day, but at ALL times. Youth hunters (aged 14–16) need only be directly supervised by a properly licensed adult aged 21 or older on Youth Turkey Hunting Day.

When licensed adult hunters are only supervising, they need *not* be in possession of a turkey permit for that hunting area and/or week. However, the supervising adult must possess a valid firearm license if the youth is hunting with a shotgun; or a valid bow and arrow license if the youth hunter is hunting with a bow and arrow.

After taking their first spring turkey on their first (i.e., Y) permit, youths are then restricted to hunt only the hunting period and area designated on any additional permits. Youth hunters are not required to use their Hunting Period Y permit before using other permits.

For the purposes of this section, direct supervision is defined as both the juvenile hunter and properly licensed adult set up together at the same location, hunting as a unit and not hunting independently of each other for different birds. The season bag limit for the youth permit is one turkey. All other hunting requirements for the regular Spring Wild Turkey Gobbler Season shall apply. For Fall Season information, see Fall Turkey Season section.

A youth hunter aged 10 to 16, who is an immediate family member of the owner or lessee of a farm (both must reside on the property), may qualify to hunt with a special farmer turkey permit. This special permit, designated for that individual and that particular farm, must be in possession while hunting. Permit is valid for the spring and fall seasons (there is a separate permit for each) and only in those Turkey Hunting Areas where a Spring Gobbler or Fall Turkey Hunting season is allowed. Only one farmer permit per season (spring and fall) will be issued per qualifying individual, however, additional regular spring and fall turkey hunting permits may be purchased.

Spring Gobbler Season Permits

Hunters are limited to filing only one application. This application allows for up to two permits, one in the first lottery and one in the second lottery. For each permit, you will be given the option of inserting three different choices (first preference, second, etc.).

First Lottery:

- Selects applicants from the Spring Season First Lottery.
- Refer to the “2014 Wild Turkey Season Dates” section on the cover for important information on the structure of turkey hunting segments.
- The Youth Turkey Hunting Program is designed to ensure that all applicants aged 10 to 16 (**those still eligible to hunt using their Youth License**) will receive their first choice permit request in the first lottery for the spring season. This permit is guaranteed and will be designated with Period Y. These permits will not be counted as part of any permit quota.
- Those possessing a **Permit to Shoot From a Standing Vehicle** are guaranteed their first lottery permit for the Spring Season only. All additional permits are taken from the available permit quota and are not guaranteed. Individuals possessing a Permit to Shoot from a Standing Vehicle must apply and/or purchase their permits via their home computer or go to a web-based license agent. Verifone© agents cannot handle these requests.

Second Lottery:

- Gives each applicant an opportunity to receive a second permit for the Spring Season.
- Selects applicants **independently** of the first lottery.
- Assigns permits not issued (leftover) from the first lottery to applicants who applied for a permit in the second lottery.
- Youth permit requests for the second lottery will receive the same treatment as all other permit requests. Permits are **not** guaranteed and will be selected independent of the first lottery. A youth’s second permit (or more) will be valid for one hunting period only: A, B, C, D or E.

If you request the same turkey hunting area and period in both the first and the second spring lotteries you may receive two permits for the identical area and period combination. This might happen if you list the same area and hunting period in the first and second lottery. **Permits will not be exchanged if you receive the permits requested on your application.** Consider your requests carefully!

IMPORTANT: If you are awarded two permits in the lottery you must claim them both at the same time. In other words, if you are awarded both, you are obligated to take both. You will not be able to claim only one of them.

Fall Turkey Season Permits

Hunters are limited to filing only one Fall Season application. The license system will allow applicants to apply for one Fall Season Permit.

One Lottery Only:

- The application period for the Fall Season is August 1–31.
- There is one Fall Season hunting segment (designated Period ‘N’) in Turkey Hunting Areas 1–5, 8, 9, 11, 20, 21 and 22.
- The **Youth Turkey Hunting Program** is designed to ensure that all applicants aged 10 to 16 (those still eligible to hunt using their Youth License) will receive their permit request in the Fall Season. This permit is guaranteed. Unlike the spring permit, it need not be designated with period Y (since the season is only a one-week segment). These permits will not be counted as part of the permit quota.

Applying for a Permit

Apply by visiting any participating license agent or simply go online at www.njfishandwildlife.com and click on the link to purchase licenses and permits. You will be prompted to submit the necessary information. The site accepts most major credit cards and electronic checks as payment, using proven security technologies to ensure that your transaction is secure.

An application fee of \$2.00 for each permit applied for will be charged. You must pay the remainder of the fee (\$19 for adults; \$10 youths) when claiming the permit(s). Those who are unsuccessful in the lottery are no longer required to wait for their refund since the only payment made was the non-refundable \$2.00 application fee.

Permits awarded via the lottery system and leftover permits available for over-the counter sale may be purchased at participating license agents or online. If paying via the Internet, applicants will receive their permits by mail (additional shipping charges apply).

Turkey Permits for Disabled Veterans

Legislation provides for the issuance of free hunting licenses, stamps and permits for New Jersey resident disabled veterans.

For the purpose of this program, legislation defines a Disabled Veteran as “. . . any resident of New Jersey who has been honorably discharged or released under honorable circumstances from active service in any branch of the Armed Forces of the United States and who has been declared by the United States Department of Veteran Affairs, or its successor, to have a service-connected disability of any degree . . .”

Obtaining a DV Turkey Permit

If Disabled Veteran status has already been certified by the Division of Fish and Wildlife and an associated DV license has been issued, an individual may apply for free DV turkey permits at any participating license agent. You may also apply online at www.njfishandwildlife.com if Disabled Veteran status has been previously certified by the Division of Fish and Wildlife and a DV license has been issued.

Obtaining DV Status

For those individuals not already certified in the Division of Fish and Wildlife’s electronic system, documentation that one has met the necessary hunter education requirements and is currently receiving benefits for a service-connected disability must be presented to obtain Disabled Veteran status, **SPECIFICALLY** a copy of the DD-214 indicating honorable discharge along with some proof of service-connected disability. Only individuals with DV Status may obtain free DV licenses, stamps and permits. When an individual’s DV status

continued on page 10

Farmer Turkey Permit Instructions

Only the owner or lessee of a farm, who **resides thereon**, or the immediate members of his family 10 years of age or older who also **reside thereon**, may be authorized for one farmer turkey hunting permit for the Spring Gobbler Season and one for the Fall Season.

- Qualified farmers will receive a permit valid for the entire Spring Season (Periods A through E) and the Fall Season providing the Hunting Area the farm is located in is open for both seasons.
- The farmer bag limit is one turkey during the Spring Season and one turkey during the Fall Season.
- A Farmer Turkey Hunting Permit can be used only by the person whose name is on it and valid only for the farm on file.
- All mandatory turkey checking requirements apply.
- A farmer may also apply for *regular* Spring and Fall Turkey Hunting Permits (provided the necessary hunter education requirements are met) in addition to the Farmer Turkey Hunting Permit.

Receiving a Farmer Turkey Permit

The majority of farmers in the Farmer Turkey Permit Program went through the re-inspection process over the last few years. Farmers who were approved should have received their

Conservation Identification Number (CID) as well as notification of approved status and eligibility to claim their permits. As long as these farmers have not changed their status or moved off the farm, they can claim their turkey permits.

New farmers must submit an application to obtain free turkey and deer permits. Applications are available on the Division’s website at www.njfishandwildlife.com/farmer.htm under Farmer Certification for Deer and Turkey Permits. Please print out both pages and use the instruction sheet to fill out the application.

If you do not have a computer with Internet access, applications may also be obtained at County Agriculture Extension agents and Division of Fish and Wildlife offices. **In order to claim your permits on time, please return applications prior to February 22.**

Spring Season permits will be available beginning March 3 and Fall Permits beginning September 8. Permits may be claimed at any license agent as well as online (additional shipping fees apply).

For problems or questions concerning farmer permits, call the Division’s Permit Hotline at 609-292-9192 and you will be directed to someone for assistance.

Mandatory Turkey Check Requirement ✓

All harvested turkeys must be tagged **immediately** with a completed transportation tag. A turkey must be taken by the person who killed it, on the day killed, to the nearest turkey check station where personnel will issue a legal possession tag. See page 7 for a list of official turkey check stations to locate one closest to your hunting area.

NOTE: During Youth Turkey Hunting Day, hunting periods A, B, C and the first three Saturdays of hunting period E, the turkey must be taken to the nearest check station by 3 p.m. During hunting period D and the last Saturday of hunting period E, the turkey must be taken to the nearest check station by 9 p.m. During the Fall Turkey Season, the turkey must be taken to the nearest check station by 7 p.m. In the event a turkey is killed too late to register at a check station, call the nearest Division of Fish and Wildlife Law Enforcement Office (see page 8) and leave a message on the answering machine with your name, phone number, CID number and the Turkey Hunting Area where the bird was taken. The bird must be checked the next day. If it was butchered, bring all remaining parts (beard, head, legs, etc.) to the check station.

Applying for a DV Turkey Permit

(continued from page 3)

is certified and appears in the electronic license system, their DV status does not have to be certified again in the future.

Documentation may be presented at the Division's Central or Southern Region offices, or the Pequest Trout Hatchery and Natural Resource Education Center. You may also mail copies of your information to the New Jersey Division of Fish and Wildlife, Mail Code 501-03, P.O. Box 420, Trenton, NJ 08625-0420, Attn: Disabled Vet Licensing. Certification **CANNOT** be approved at license agents or through the Internet sales site. For more information visit www.njfishandwildlife.com/dvinfo.htm.

Applying for a DV Turkey Permit

- Disabled Veterans who have filed their paperwork with the Division of Fish and Wildlife are already certified in the electronic system. Individuals will **NO LONGER** be sent

Quick Summary:

1. Get Certified 2. Get a DV License 3. Get a Permit

You must first present your documentation at one of the three specified Division offices (or mail copies to Oxford) to obtain DV certification. You may then be issued a DV license provided you have the proper hunter education documentation. You only need to be certified once.

Though you may only be certified at a Division office, any participating license agent may issue a DV license provided you have the necessary hunter education documentation or a previous year's DV license.

Once you are certified and have the DV license, you are eligible for a permit.

*Remember that all DV licenses, stamps and permits are free when you visit a participating license agent, but if you choose to obtain them via the Internet sales site, you will incur a small shipping and handling fee.

applications. Disabled veterans must apply for their turkey permits using the SAME instructions listed here for the general public for the spring and fall lotteries.

- Applicants must first have a Disabled Veteran License to obtain free Disabled Veteran Turkey Permits.
- Qualified individuals are eligible to apply for two free Spring Season permits and one free Fall Season permit in the lottery. After the lottery, qualified individuals will be eligible for multiple free permits, if they are available.
- If applying online, the system will automatically offer a choice for one free DV Spring First and one free DV Spring Second Lottery Turkey Permit on the application.
- If applying at a license agent, you must first indicate that you are a Disabled Veteran and qualify to have your first and second lottery spring turkey permit application free.
- Using Disabled Veteran status does not guarantee a permit for the applicant, nor does it grant preference in the lottery.

Filing an Application and Purchasing Permits

Lottery Applications:

Applicants may apply at license agents or via the Internet. Please make sure you have your Conservation ID number (CID#) or Social Security Number (SSN) on hand along with your date of birth (DOB). You will be charged a non-refundable \$2.00 application fee for each lottery in which you apply.

- Persons whose license privileges are revoked are not eligible to apply.
- Only one application per hunter.
- Each lottery awards only ONE permit.
- You will always be given three choices in each lottery. The second and third choices in each lottery are offered to provide you with additional chances to win the permit of your choice. **IMPORTANT: If you will only accept a permit**

for one area and period, leave the second and third choices blank. You are under no obligation to fill out a second or third choice—those options appear only if you choose to take advantage of them. If your first choice is no longer available when your name is selected in the lottery, the computer will try to fulfill your second choice. If that choice is also sold out, the computer will try to honor your third choice.

For Online Internet Transactions:

- Know your CID# and DOB, or your SSN and DOB.
- Know what you want to apply for or purchase. That means knowing which zone and what period you would like to either apply for or purchase. **IMPORTANT:** If you hesitate too long, the transaction will time out leaving you to start all over again.
- Have payment information ready. Internet transactions can be paid for either by electronic check (e-check) or major credit card.
- You will be given several chances to review the transaction prior to completion. Be sure to take advantage of these opportunities and make adjustments as necessary. Once a transaction has been completed there will be **NO refunds**

or exchanges. The responsibility is solely your own, so take the time and care necessary to ensure that you are purchasing what you want. Once your transaction is complete, you may want to print the confirmation page or note the transaction number for your records.

For Transactions at License Agent Locations:

- Know your CID# and DOB or your SSN and DOB.
- Know what you want to apply for or purchase. Note that it is **NOT** the responsibility of the store proprietor or clerk to know what area your hunting property is located in. Please review the map and zone descriptions at home **BEFORE** arriving at the store. If you are unsure of the area, study a county map and using a pen or highlighter, trace the area based on the descriptions found on the Division’s Web site or in this booklet.
- To expedite your transaction, consider writing your information down on a piece of paper (CID#, DOB, lottery type, first, second and third choices) and handing it to the clerk.
- **NOTE:** An agent using a VeriFone® machine (a special keypad) has the ability to print out a receipt, but may only do so if you **REQUEST** one. Therefore, you should ask

Daylight Saving/Summer Time is in effect for the entire months of April, May and October. *DST ends on 11/2. Times are calculated to reflect Civil Twilight.

NOTE: If longitude/latitude coordinates are known, times may be calculated in the field for a specific area. See www.sunrisesunset.com/mobile. You must have a mobile device with Internet access and be located in an area with cell coverage to utilize this feature.

for a receipt of the transaction. This receipt will list what you applied for as well as your transaction number. Agents using Web-based (computer) systems may or may not have the ability to print a receipt for each customer. **ASK FIRST!** If they cannot print a receipt please have the clerk verbally verify your application choices and provide you with the transaction number for that application. **Write this transaction number down.** Transaction numbers can be helpful in the rare instance a problem occurs with your application.

- Each agent location is different. The owner decides which form of payment will be accepted. Find out ahead of time and have your payment ready when you arrive.

Increasing Your Chances of Being Awarded the Permit(s) of Your Choice:

- Certain Turkey Hunting Areas and/or Area and Period combinations are extremely popular. That means they are traditionally applied for by more hunters than there are permits available (over-subscribed). A table of permit quotas and first choice requests for each area is provided on the map page inside to assist your decision.
- When deciding on your first, second and third choices, consider where and when you plan to hunt. Choose your favorite area and week (period) as a first choice in the FIRST lottery. **Do not list popular areas or weeks as second or third choices in the first lottery and do not list popular areas or weeks for any choices in the second lottery, as they most likely will not be available.** Permits will NOT be exchanged and money will NOT be refunded for unwanted permits. Give your choices some thought, but in all cases make sure that you have a place to hunt BEFORE submitting your application.

Editing Lottery Applications/Changing Your Application:

Regardless of how or where you applied for the lottery, you can look up your information using any computer with Internet access. You can check the status of the application and most importantly, make changes if there is a mistake. Simply go to www.njfishandwildlife.com and access your profile by clicking on the “One Stop” shopping cart in the upper left-hand corner and logging in. Once your profile appears, click on the appropriate button on the bottom of the page. You will ONLY be able to edit your application during the application period. Once that period closes, there is no way to change your application. License Agents and Fish and Wildlife offices DO NOT have the ability to change an application once it has been submitted.

Checking the Status of an Application:

After applying, you may check your permit status at any time. Just go to the licensing Web site at www.nj.wildlifelicense.com and access your profile by providing the system with your CID# and DOB. Once your profile appears, click on the appropriate button at the bottom of the page. **You will be able to tell if the lottery has been completed and if you are selected.** A message of “pending” indicates that the lottery has not finished. During the application period, the system will always state “pending” next

to your submission since the lottery cannot be run until the application period is over.

Notification on Lottery Status:

Once the lottery has been completed you should be notified of your status. During the application process you may or may not be asked if you prefer an email or postcard notification of your status once the lottery has been completed. If applying at a license agent, you may or may not be asked to choose a notification preference. Depending on the type of license issuing machine used, certain agents must use the default method of mailing a postcard. If you check email and provide the system with your address, be sure to check your junk/spam filters so that your email system will accept the notification. Please note that notification emails MAY NOT always reach you even when the email address is correct (i.e., issues with account providers, data storage capacity, etc.).

It is your responsibility to pay attention to the deadlines and dates in this publication. If you are not notified during the award pickup period, follow the previous instructions to check on the status of your application.

Claiming Awarded Permits:

If you are awarded a permit in the lottery, your next step is to CLAIM it. You must have a valid 2014 hunting license to claim your awarded permit(s). Note that when you first applied, only the non-refundable \$2.00 application fee was paid; you must still PAY the actual permit fee. Permits may be claimed by visiting any license agent or online. Permit pickup times are listed on the front cover. If visiting a license agent, make sure you have the proper information (CID# and DOB) and let them know you are there for an AWARD PICKUP. If you choose to claim your permit online, please remember there is an additional convenience fee and that 7–10 business days are needed. **Remember: If you are awarded two permits in the Spring Lottery, you must claim BOTH of them. You will NOT be able to claim just one.**

Purchasing Unclaimed Permits:

Leftover (unclaimed) permits can be purchased at license agents and/or via the Internet. You must have a valid 2014 hunting license to purchase leftover permit(s). Leftover Spring Turkey Permits will be available beginning Monday, March 31, 2014 at 10 a.m. Leftover Fall Turkey Permits will be available beginning Tuesday, September 30, 2014 at 10 a.m. If you decide to use the Internet, you CANNOT print the permits from home. They MUST be mailed and can take 7–10 business days. Also note, if using the Internet you will be given the opportunity to review your transaction and make corrections prior to completion. Once a transaction has been completed there will be **no refunds or exchanges. You are solely responsible for your choices.** When purchasing permits at a license agent, please have your CID# and DOB ready. You may want to write down your permit choices to reduce the risk of errors. Again, it is your responsibility to make sure the correct permits are purchased.
