## REGULATIONS

Regulations in red are new this year.

**A CURRENT AND** valid hunting license (Bow and Arrow, Firearm or All-Around Sportsman) is required to pursue any small game species. See page 24 for *General Hunting Regulations*. The use of dogs, unless specifically stated otherwise, is permitted to pursue any small game species, except wild turkey. Hunting for those species shown on page 57 is prohibited during the statewide Six-day Firearm (deer) Season and on the Wednesday of the Permit Shotgun (deer) Season that immediately follows the Six-day Firearm Season. For exceptions, see *Coyote and Fox* and *Semi-wild and Commercial Preserve Hunting* sections below. **Sunday hunting is prohibited**; see *Raccoon and Opossum*, page 55 plus *Semi-wild and Commercial Shooting Preserves* for exceptions.

**Season Dates and Bag Limits:** The *Small Game Hunting Seasons* table on page 57 lists dates, hunting hours and daily bag limits for all small game species open for hunting.

**General Small Game Hunting Methods:** Properly licensed hunters may hunt small game with shotguns or bow and arrow and limited hunting with small caliber rifles; see air gun and coyote/fox regulations. See also *General Hunting Regulations*, page 24.

**Shotgun:** Unless specifically stated otherwise, shotguns for small game hunting may be single or double barrel, rifled or smoothbore and not larger than 10-gauge or smaller than .410 caliber and capable of holding no more than three shells.

**Shot:** Unless specifically stated otherwise, shot size for small game hunting may be no larger than #4 fine shot.

**Bow and Arrow:** All bows must meet the requirements specified in *General Hunting Regulations*, page 24. **For taking game birds in flight, arrows equipped with an edged head are prohibited. Flu flu arrows are required for taking game birds in flight.**

**Air gun:** Air guns may be used for taking cottontail rabbit, hare and gray squirrel using ammunition not smaller than .177 caliber or larger than .22 caliber. Air gun BBs are not legal for hunting. See also *Air Guns* under *Firearms and Missiles*, page 25.

**Muzzleloading Rifles:** For limited small game rifle hunting, see below for *Coyote and Fox—Special Permit Season, Squirrel—Muzzleloading Rifle Season* and *Woodchuck* for restrictions.

**Wildlife Damage:** Property owners or their agents, and occupants of dwellings that are suffering damage from coyote, fox, opossum, raccoon, skunk, squirrel, weasel or woodchuck may control them by lawful means at any time subject to local ordinances.

**Stealing Traps or Trapped Animals:** It is illegal to take, carry away or unlawfully remove or steal a trap belonging to another person that is set along, by or in public or private property, ditch, stream, pond or water in this state and which has been set for the purpose of catching any of the furbearing animals species for which a legal season is established. It is also illegal to remove, alive or dead, any animal from the trap of another person.

## Coyote and Fox, General and Special Permit Seasons

See chart below for both general and special permit season regulations for coyote and fox. **NOTE: All**

**successful coyote hunters must report any coyote harvested to a Fish and Wildlife Regional Law Enforcement Office within 24 hours. Callers must identify themselves by name, CID# and daytime phone number.**

In addition to the general coyote and fox seasons described in the chart below, properly licensed turkey hunters may legally harvest coyotes if encountered incidental to legal turkey hunting. Turkey hunters shall not actively pursue coyotes or have coyote calls or decoys in possession. Also, properly licensed persons hunting deer during the Six-day Firearm, Permit Muzzleloader or Permit Shotgun deer seasons may kill coyote or fox if the coyote or fox is encountered before the hunter has taken the season bag limit of deer. However, after the hunter has taken a daily bag limit of deer, they must cease hunting immediately. Incidental hunting of coyote or fox while deer hunting may resume the following day (provided the season remains open and the season bag limit of deer has not been reached.) Only applicable projectiles approved for deer hunting may be used to take coyote and fox incidental to deer hunting during the deer seasons described above. See *Firearms, Bow and Ammunition* chart, page 32.

Baiting for coyote/fox is prohibited while hunting elevated in a standing tree or in a structure of any kind within 300 feet of a baited area.

Further, in addition to the general Coyote and Fox seasons plus the incidental harvest of coyote or fox while deer hunting, a Special Permit Coyote and Fox Season runs concurrent with the regular small game coyote and fox season. A Fish and Wildlife-issued permit is required to hunt coyote or fox under the provisions (see below) of the Special

## Northern Bobwhite (Quail)

Northern bobwhite quail are native to the southern half of New Jersey. In recent years, quail populations have declined throughout their range including New Jersey.

### Quail Season Closed

**In an effort to reverse the decline of quail in New Jersey, the statewide quail hunting season is closed except at Peaslee WMA and Greenwood Forest WMA where Fish and Wildlife will provide hunters and falconers the opportunity to hunt for quail.**

See *Small Game Hunting Seasons* chart, page 57 for season dates and bag limits. Exception: This statewide closure does not apply to certain semi-wild and commercial shooting preserves that were permitted to stock quail during the 2009–10 season.

## Pheasant

See *Small Game Hunting Seasons* chart, page 57 for season dates and bag limits. See exceptions below for semi-wild and commercial preserve hunting.

**Pheasant and Quail Stamp Areas:** Anyone aged 16 and over (except 16 year olds whose Youth License remains valid until Dec. 31 in the year they reach 16 years of age) hunting or possessing pheasant or quail on the following designated wildlife management areas shall have in possession a current and valid Pheasant and Quail Stamp (Youth Hunting licenses include pheasant and quail stamp): Assunpink, Berkshire Valley, Millville (Bevan), Black River, Clinton, Colliers Mills, Dix, Flatbrook, Glassboro, Greenwood (including Howardsville), Heislerville, Tuckahoe (MacNamara), Mad Horse, Manahawkin, Manasquan River, Medford, Nantuxent, Peaslee, Pequest, Port Republic,

Rockport, Stafford Forge, Walpack, Whittingham and Winslow. A current and valid Pheasant and Quail Stamp is also required at the Delaware River National Recreation Area.

Wearing a hunter orange **hat** is required for all firearm small game hunters on wildlife management areas stocked with pheasant or quail.

Fish and Wildlife anticipates pheasant and quail releases to be as follows:

New maps showing the specific field locations for every stocked wildlife management area are now available here: [NJFishandWildlife.com/pheasmaps.htm](http://NJFishandWildlife.com/pheasmaps.htm).

Fish and Wildlife reminds sportsmen and sportswomen that the stocking schedule is tentative until approved by the Fish and Game Council in early October. The schedule is subject to pheasant production and may change due to emergency weather conditions. For changes to the stocking schedule due to inclement weather or other necessary adjustments, visit our website at [NJFishandWildlife.com/smggame\\_info.htm](http://NJFishandWildlife.com/smggame_info.htm).

## Rabbit and Hare

The rabbit and hare hunting season will begin the last Saturday in September. The early opening date allows for hunting opportunity when rabbit populations are at their peak. Air guns may be used for taking cottontail rabbit and hare using ammunition not smaller than .177 caliber or larger than .22 caliber. See also *Air Guns* under *Firearms and Missiles*, page 25 and *General Small Game Hunting Methods*, page 54.

See *Small Game Hunting Seasons* chart, page 57 for season dates and bag limits.

## Raccoon and Opossum

See *Small Game Hunting Seasons* chart, page 57 for season dates and bag limits.

**Hours:** Hunting may not begin until one hour after sunset on the opening day of the season. On all other days open during the season, the hours of hunting are one hour after sunset to one hour

before sunrise. Sunday hunting for raccoon and opossum is permitted **only** between the hours of midnight (the *end* of Saturday) and one hour before sunrise (Sunday).

**Hunting methods:** Portable lights are permitted. Fluorescent orange is encouraged but not required on outer clothing while hunting raccoon and opossum. A current and valid rifle permit is required when possessing a .22 caliber rifle while hunting raccoon and opossum. Only .22 caliber shorts are permitted.

**Dog Training:** Dogs may be trained during the month of September and from March 2 to May 1, inclusive. The training hours are one hour after sunset to one hour before sunrise.

## Ruffed Grouse

The state's two ruffed grouse hunting zones are delineated by Rt. 70. North of Rt. 70 the season will begin October 15. South of Rt. 70 the season will begin Nov. 12 to reduce harvest mortality of the remaining populations in the southern zone. The ruffed grouse zones are identical to those for woodcock and will provide for consistent regulations for these species that are often hunted simultaneously. See *Small Game Hunting Seasons* chart, page 57 for season dates and bag limits.

## MOUNTAIN TRAIL WHITETAILS

*Mountain Trail Whitetails Preserve offers the best trophy deer hunting in New Jersey!*

Over the last several years we have noticed heavy deer traffic outside of the preserve, and now maintain several baited stand sites outside of the preserve. We are offering hunters the opportunity to hunt these sites for only \$250 a day.

## REGULATIONS

### Semi-Wild and Commercial Preserve Hunting

Hunting for pheasant, quail and partridge is allowed from Nov. 12 to March 15 on semi-wild and from Sept. 1 through May 1 on commercial shooting preserves (which also allows mallards) that are properly licensed for the taking of such species. These game birds may be hunted on Sunday only on semi-wild or commercial shooting preserve lands.

Youth hunters (in possession of a valid Youth Hunting License and accompanied by a licensed, non-shooting adult) will be permitted to hunt pheasant, quail and partridge on licensed semi-wild preserves on Saturday, Nov. 5—the Youth Upland Bird Hunting Day.

All game taken on semi-wild or commercial preserves must be properly tagged before being transported off the licensed property.

A person may legally hunt on semi-wild or commercial preserves for game birds during deer seasons, but no shot larger than #4 fine may be used. There are no daily bag or seasonal limits for pheasant, quail, partridge or mallards taken on commercial preserves. There are no daily bag limits for pheasant, quail or partridge taken on semi-wild properties. Seasonal harvests on semi-wild properties may not exceed the number of birds to be stocked as indicated on the semi-wild permit application.

### Squirrel, Regular Season

Air guns may be used for taking squirrel using ammunition not smaller than .177 caliber or larger than .22 caliber. See also *Air Guns* under *Firearms and Missiles*, page 25 and *General Small Game Hunting Methods*, page 54. See *Small Game Hunting Seasons* chart, page 57.

Hunting for squirrel in the manner described above is restricted to the areas described.

### Woodchuck

Rifle hunting (of any kind) for woodchuck is prohibited on state wildlife management areas, state parks, state forests or state recreation areas. Farmers and their agents may use shot not larger than #4 buckshot to control woodchuck causing damage. Hours of hunting are sunrise to ½ hour after sunset.
